Political glow, warmth apparent as election nears

14. I I*

Bath Township voters have two propositions facing them— whether the state should go on daylight savings time in the summer months; 3) whether the state should borrow $335 million to combat pollution; 4) whether the state should go on daylight savings time in the summer months.

CLINTON COUNTY ALSO HAS an issue on the ballot. The board of supervisors is asking for a fixed millage of 1,800 mills, to be used for matching funds, to combat pollution; 4) whether the state should go on daylight savings time in the summer months.

There's also competition for bench seats on the Michigan Supreme Court and the District Court. Michigan Court of Appeals justices are running for re-election; 4) whether the state should go on daylight savings time in the summer months.

With opposition and some without.

Michigan Supreme Court and the District Court. Michigan Court of Appeals justices are running for re-election; 4) whether the state should go on daylight savings time in the summer months.

Michigan Supreme Court and the District Court. Michigan Court of Appeals justices are running for re-election; 4) whether the state should go on daylight savings time in the summer months.

There is no candidate on the ballot for prosecuting attorney, but there is an independent candidate running for the office.

In addition to tending to national, state and county duties, there is non-partisan politics. There are candidates and there is competition for the jobs they seek; others have no competition. Still and there is non-partisan politics. There are candidates and there is competition for the jobs they seek; others have no competition. Still and there is non-partisan politics. There are candidates and there is competition for the jobs they seek; others have no competition.

Mrs. Dorr Anderson, chairman of Nov. 1 event.

The St. John's Women's Club will sponsor Mrs. Dorr Anderson in- man art show opening here Sunday.

The St. John's Women's Club will sponsor Mrs. Dorr Anderson in- man art show opening here Sunday.

Occurred by the City Hostess Mrs. C.L. Marten of the Brown Bees Study Group in a one-man art show, the first such an event in the St. Johns area. The opening reception will be Thursday, Nov. 2 and Friday evening: from 6:30 to 9 p.m. and Monday afternoon, to 4 p.m. at the St. Johns Episcopal Church. There will be a $2 entry fee, and 10% of the proceeds from the sale of paintings and prints will be donated to the Episcopal Church and the St. Johns United Methodist Church.

Mrs. Anderson is a member of the local art community, and has exhibited her work in various venues. She has been active in the Women's Club for many years and has served as president in the past.

Mrs. Anderson's work is varied and includes oil, acrylic, and watercolor paintings. She has been selling her art for several years and has built a loyal following.

The exhibition will feature a wide range of works, from abstract compositions to representational pieces. The artist's vision is captured in each painting, reflecting her love of nature and the beauty of the world around her.

The gallery is located at 123 Main Street, St. Johns, MI. The show will run through November 30th, 2023. Admission is free and open to the public. Visitors are encouraged to come and enjoy the art and support a local artist.

Hazel Beebe, President of the Women's Club, says, "We are thrilled to have Mrs. Anderson's work on display here in St. Johns. Her art is truly beautiful and we are excited to share it with our community."

Mrs. Anderson expresses gratitude for the opportunity to showcase her work and says, "I am grateful to the Women's Club for this exhibition. I have enjoyed painting for many years and it is a great pleasure to share my work with others. I hope that my paintings will inspire and bring joy to those who view them."
Rainbow has installation of officers.

Mr and Mrs Donald Terry O'Connell of R-2, DeWitt, Oct. 10 at Carson City Hospital.

VFW Auxiliary to celebrate 20 years.

VFW Auxiliary meeting was held Oct. 13 at its headquarters. The Auxiliary Auxiliary met on the 1st and 3rd Tuesday of each month. Those interested in joining are welcome. A new member will be elected in the fall of each year.

Shower honors Peggie Paine.

Miss Peggie Paine was born in 1948 in R-1, Fowler. She weighed 7 pounds, 2 ounces. Grandparents are Mr and Mrs Donald Terry O'Connell of R-2, DeWitt, Oct. 10 at Carson City Hospital.

Pledge service and Charter meeting of the pastor and residents. Pastor of Christian Service held their meeting, with Mrs. Richard Moore. Other pastors were present, including Mrs. Edna Nowlin and Mrs. Hofferbert. The meeting was followed by a prelude. Vice-president Mrs. Thomas Bradley gave the address, and Mrs. Ray King Terrell and Mrs. Ray Rogers attended.

Ingredients were given by Mrs. Ray King Terrell and Mrs. Ray Rogers. A loaf of bread placed on the altar surrounded by its "four basic ingredients" was given by Mrs. Ray King Terrell. The meeting adjourned at 7:30 p.m., and a farewell was given by Woodruff of rural Alma.

The theme for the next week will be "Father Konleczka led his young United Methodist Church. Belonging, Oct. 24 at the Bannister United Methodist Church. Approximately 60 young members were present, including John Wood, Duane Cranford, Jim Hollis, Terry Hulbert, and Jim Stoddard. The group met and then reported to the Extension Office to set up their program.

The club wishes to thank everyone who helped with this project. The official leader, Mrs. Frances Feldpausch, and the organizational leader, Mrs. Frances Feldpausch, will be working out final plans for the Fall Festival. They discussed the horse judging and safety programs. The club will meet on Tuesday of each month with next meeting, Nov. 12 at 7:30 p.m. The club will meet on Tuesday of each month with next meeting, Nov. 12 at 7:30 p.m.

East Essex carnival set Nov. 2

The East Essex Parents Club is planning a carnival at the Ovid United Methodist Church, Nov. 2 at 7:30 p.m. Many members of the club members were happy with the turnout and the proceeds from the event. The proceeds will be used to support the club members.

Mrs. Janet Renes, sixth-grade class at East Essex, won the study section on Mexican artistry. Mrs. Janet Renes, sixth-grade class at East Essex, won the study section on Mexican artistry. Mrs. Janet Renes, sixth-grade class at East Essex, won the study section on Mexican artistry. Mrs. Janet Renes, sixth-grade class at East Essex, won the study section on Mexican artistry.

Members of the East Essex Parents Club are busy working on tickets for their school carnival. Mrs. Roy C. Davis of R-3, St. Johns, will be attending the club this week. Memories are made with a trail ride and potluck dinner at 7 p.m. The club will meet on Tuesday of each month with next meeting, Nov. 12 at 7:30 p.m.
Final Rodney B. homecoming filled with pageantry, success

Dr. PATSY SULLIVAN
St. Johns High School

The festivities surrounding the Rodney B. Homecoming on Saturday, Oct. 19, was a flurry of excite- ment as the junior float took third place, the queen’s court was crowned, and the parade was held for the capacity crowd. The festivities began with the singing of the National Anthem by the St. Johns High School Glee Club and an invocation by Rev. William G. Dyer, St. Johns High School principal. The floats were arranged in the following order: Miss Roberta Fugate, Miss Trudy Hicks, Mrs. Carroll Howland, and Miss Sally Hussey.

The queen’s court was reigned over by Miss Rose Ann Day. The members of the queen’s court were: Miss Carol Dunavant, daughter of Mr. and Mrs. F.R. Dunavant of 5565 Sleight Road, Mrs. Herbert Feguer of 5593 DeWitt, and Miss Mary Jane Kelly. A COURT OF ROYAL gold card for graduating seniors who maintained a 90 average was given to the queen, the senior of 1969 had been awarded the card the year before.

Finally the last minute thrust was not enough for Fremont winning. Of 197 seniors polled, 129 were against the store Band. The club is now participating in a series of volleyball games in the fall and initiation during the spring. The GAA is planning a hayride this fall.

A Kid’s got a right to some privacy too.

If your kid’s been hiding out lately when he goes on the phone, take the line. There are probably some things he’d rather you did not know about. He has a right to privacy.

When a kid feels you don’t want to listen in on all his conversations, his interests, he will hide them from you. You know more about the phone than you should.

Extension phones by General Telephone.

Number increasing

Large grain dryers needed

The number of large-scale grain handling and storage projects is on the increase. In Chippenham, Virginia, a 35,000-bushel dryer will be used to dry the winter wheat crop. Another 25,000-bushel dryer will be installed in a similar location.

In Pennsylvania, a 40,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry corn for storage.

In Kansas, a 30,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry wheat for storage.

In Texas, a 25,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry cotton for storage.

In Oklahoma, a 20,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry sorghum for storage.

In Missouri, a 15,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry corn for storage.

In Arkansas, a 10,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry soybeans for storage.

In Iowa, a 5,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry oats for storage.

In Indiana, a 3,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry barley for storage.

In Illinois, a 2,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry wheat for storage.

In Wisconsin, a 1,000-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry corn for storage.

In Minnesota, a 500-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry soybeans for storage.

In Nebraska, a 300-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry corn for storage.

In South Dakota, a 200-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry wheat for storage.

In North Dakota, a 100-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry sorghum for storage.

In Montana, a 50-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry barley for storage.

In Wyoming, a 20-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry oats for storage.

In Colorado, a 10-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry wheat for storage.

In Arizona, a 5-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry corn for storage.

In New Mexico, a 2-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry soybeans for storage.

In California, a 1-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry barley for storage.

In Oregon, a 0.5-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry oats for storage.

In Washington, a 0.25-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry wheat for storage.

In Idaho, a 0.1-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry barley for storage.

In Nevada, a 0.05-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry oats for storage.

In Utah, a 0.025-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry wheat for storage.

In Utah, a 0.01-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry barley for storage.

In Utah, a 0.005-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry oats for storage.

In Utah, a 0.0025-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry wheat for storage.

In Utah, a 0.001-bushel dryer is being installed to meet the needs of a local farmer. The dryer will be used to dry barley for storage.
A new publication entitled "Proposed Standards and Definitions for Cooperative Feeder Sales" has been prepared by the Michigan Milk Producers Association. The publication includes a review of the history of cooperative feeder sales, techniques for grading cattle, and standards for cooperative sales. It also contains a discussion of the role of cooperative sales in the marketing of dairy products.

Some of the suggested rules and regulations for cooperative feeder sales include:

1. The sale must be conducted by a committee of nine MSU professionals.
2. All cattle consigned to the sale must be slaughtered by a slaughterhouse accepting on-farm delivery of milk from the cooperative.
3. The sale must be open to the public, and all interested persons may attend.
4. The sale must be conducted in a manner that is fair and equitable to all participants.
5. The sale must be conducted in a manner that is consistent with all applicable laws and regulations.

Other topics covered in the publication include:

- Grading cattle
- Standards for cooperative sales
- Marketing of dairy products
- Role of cooperative sales in the marketing of dairy products

CLINTON COUNTY NEWS, St. Johns, Michigan
Christmas workshop here planned for Nov. 5

Southwest Michigan area residents will have the opportunity to learn new skills and enjoy some holiday fun at the Christmas Workshop to be held at the Ovestecki home in St. Johns Monday, Nov. 5.

In addition to the activities, Mrs. Myron Furtzenau said the workshop will include a special surprise. "It will be a little bit of a mystery," she said. "It may have something to do with the Christmas season." Mrs. Furtzenau, who lives at 412 W. Chestnut, St. Johns, said the workshop will run from 10 a.m. to 4 p.m., with a break for lunch. She added that participants should bring enough for lunch and a snack.

Registration for the workshop is free, but donations will be accepted. Mrs. Furtzenau said there is no limit on the number of people who can attend, and that the event is suitable for people of all ages. She added that the workshops are a fun way to learn new skills and make lasting memories for the holidays.
Next Sunday In Clinton County Churches

A nineteenth-century moral

By JOHN P. STIMPSON

In considering whether "things mean nothing," we must necessarily question the value of "things" as wanting to know if you have any questions that might help you with that. I think the answer to the question is found in the idea that things are not the end of things, but that they are a means to an end. The end is not the thing itself, but the goal towards which things are directed.

DeWitt County Chronicle

New water meter OK'd at Elsie

ELSIE—Sedale residents will have new water meters this fall, following 20 years of absence. The village council voted last week to install them, allowing for 100 percent metering.

The annual water meter survey will be conducted this fall, and every property owner will be required to have a meter installed.

The meters will be installed by the water department, and all the necessary work will be done at no cost to the homeowner. The cost of the meters will be covered by the village.

The village will receive a list of all property owners who do not have meters, and a crew will be sent out to install them. The meters will be installed at the front of the house, and all connections will be made.

The annual survey will be conducted to ensure that all property owners have a meter in place.

Guatemala teaching experience exciting for St. Johns girl

WASHINGTON (AP) — Guatemala has lot's of scratching to do.

This is the Guatemalan capital, with its执法人员 and its verde gato. The city is surrounded by mountains, and its population is more than 500,000 people. It is a beautiful place with lots of history and culture.

There are many things to see and do in Guatemala. You can visit the ruins of Tikal, copan, and other ancient cities. You can also visit the volcanoes, such as the Acatenango and the Pacaya. The volcanoes are very active, and you can see the smoke and ash coming out.

Other activities include hiking, mountain biking, and river rafting. You can also visit the local markets, where you can buy spices, herbs, and textiles. The people are very friendly and welcoming.

Overall, Guatemala is a great place to visit. It is very unique and has a lot to offer. I highly recommend visiting this beautiful country.

ELECT A RESPONSIBLE REPUBLICAN MAJORITY!

In Michigan's House of Representatives, Republican candidates for Stand for:

1. Fiscal Responsibility
2. Strong, Responsible Local Government
3. The People of Outstate Michigan

The party with the majority of the members on each committee will have the responsibility to make the most responsible decisions for the state.

In Michigan One Party Will Have the Responsibility—Make It

The responsibility party VOTE FOR RICHARD ALLEN

Republican Candidate for State Representative 8th District

The weather these past few weeks has been ideal for working base is completed on the Lowell project. We have under way in the Road, Lowell Road, Meridian Pi, 10/11. All project work will be completed. The seal coat will be applied.

By ROBERT ELDRIDGE

Considerable fill has been hauled all the way across the county is a continuing protest from property owners that practically no one wants a gravel or sand pit anywhere near their home. Even in areas where they want better roads but it seems to be coming increasingly difficult to obtain materials. This planning must and the cleanup afterwards are warranted, by any means, for the greater safety it adds and increases the real responsibility. A road and a real job must be done on the County that it be handed over in a condition that will last. The gravel or sand is not immediately available to the Colby Road project west of Wright Road. On the other hand, we are ready to start grading, V^U still be done on the Clark Road, Alward Road and Upton Road projects and that develop in the base will be and any washouts or other faults in the gravel or sand throughout the state but it is becoming more and more apparent that it must be solid and well done in order to eave it in a working condition and it will be well if the gravel or sand is hauled all the way across the county. This slows down the work, hauling five loads or 10, but the cost Just about as much per day isbe coming increasingly difficult for the large number of loads, increases the cost of the gravel that is hauled all the way across the county when the removal work is referred to probate court, 18, also of Lansing. A third youth, G.O.B. roll, $1.00

CLINTON COUNTY NEWS
Brother, sister describe it

6-week study tour in Europe impressive, exciting, interesting

When you walked into a shop you never knew what they would say: "Hey, I help you?" just instead you just walked up and you talked to what you wanted. You had to introduce yourself to teachers as well. It was very pleasant. We had a great feeling in the world that you could experience. On top of that, you could see all the sights that you wanted to see.

NORTH BEACH is a great sense of tradition and his atmosphere. We always went there when we went to London. You could see the British people who live there. You could see all the sights that you wanted to see.

Speakers Corner is where you could go and talk to any kind of people. We went to Hyde Park, which was the most impressive thing. We had a very different experience there.

There were nine from St. Johns who lived with a narrow canal for a fence. We visited the house that Anne Frank lived in. It was quite wide awake and snapping pictures. We kept seeing the picture. We were in the German spelling for Cologne. Only then did we realize that Koln means North.

North Beach is a great town. It is a beautiful feeling. We were in the German border. It was very different from what we expected. The German people were very friendly. They welcomed us with a big smile.

When we looked at the table, you never knew what you would find. It was long, it was wide, it was important and it was the most exciting.

HOLLAND and ZAPFLANDET are two of the best things. The clothes were very expensive and what we lived in. We stayed at the best hotel and then we stayed at the best apartments. We were in the best hotel and the best apartments. We were in the best hotel and the best apartments.

There was no need to be competitive. We were in the best hotel and the best apartments. We were in the best hotel and the best apartments. We were in the best hotel and the best apartments.
General Election Notices for Cities and Townships

ELECTION NOTICE

Tuesday, November 3, 1968

The polls of said election will be open from the general fund of the State of Michigan.

Notice is hereby given that a General Election will be held in the City of St. Johns, County of Clinton, State of Michigan on Tuesday, November 3, 1968.

Clinton Senior Citizens guests of Owosso

About 80 Clinton County senior citizens were guests at the Owosso Golden Age Club on Wednesday, Oct. 3. The group included members of the various senior citizen clubs in the county as well as the local community. The program was co-sponsored by Mrs. W. L. Cole, director of the Owosso High School, and Mrs. S. F. C. Darnall, director of the Owosso Public Library. The meeting was held in the Owosso High School auditorium, where a large crowd gathered to listen to the remarks of the various speakers.

The meeting began with Dr. Hall, who spoke on the importance of senior citizen clubs in the community. He stressed the need for support from the community to ensure the continued success of these organizations. The next speaker was Mrs. S. F. C. Darnall, who discussed the role of the library in providing resources for senior citizens. She highlighted the library's collection of books, videos, and audio materials that are available for use by senior citizens.

The meeting continued with a presentation by Mrs. W. L. Cole, who discussed the role of the Owosso High School in supporting senior citizens. She talked about the various activities and programs that are offered to senior citizens, including recreation, music, and arts. The meeting concluded with a round of applause for the speakers and a brief discussion among the attendees. The attendees were all grateful for the opportunity to hear from the speakers and to socialize with other senior citizens.

The meeting was a great success and provided an opportunity for senior citizens to come together and share ideas and resources. It was a reminder of the importance of supporting senior citizens in the community and the role that senior citizen clubs play in providing a sense of community and belonging for senior citizens.
Killing pollution

We are now getting the opportunity to put the "post office deal" into practice. Of late, everyone has been harping on pollution. We've been "the in thing" to do. All we have to do is "act" as if we had not yet put one breath of life into our mouths. We used different whipping boys from time to time, but the main point was the same. We have to "act on" the "post office deal." It was bad.

We had a chance to do something about what we've been harping on so long. On Nov. 8, there will be two state propositions on the ballot. Each of these propositions requires a vote. For very critical needs in Michigan—sewage treatment plants, sewers, parks and recreation. When matched with federal and local funds, the result will be $37 billion for these critical items.

Now we get our chance. We get to vote "yes" for clean water or go on doing nothing more about dirty streams and tanks and dead fish than clapping about them.

Bond issues are the economical way to finance these projects, and getting them off the

Get out the vote

In the last election, one third of the nation's eligible citizens failed to vote and thereby carry out the first obligation that every U.S. citizen owes to himself and his country. Between now and election day, every voter should make a point of selecting the best man and woman to carry out these vital functions.

If you expect to be away from home on election day, Nov. 8, you should register as an absentee ballot. It is estimated absentee voting accounts for from 1 per cent to 6 per cent of the total vote, which means that a mean victory or defeat for the candidates of your choice. This is why you must know the issues and the people—then VOTE.

TAKING FIVE

Balance of demands

Perhaps one of the greatest problems in the United States is the blocking of television stations by the networks. This has become a problem for television stations, the stations they see as a means of promotion, and the networks. This is because there is a balance of demands in the United States. The networks are trying to satisfy their own demands, and the stations are trying to satisfy the demands of their audiences. This is why there is a need for a compromise or agreement that will satisfy both parties.

The networks are trying to satisfy their own demands because they are trying to maintain their revenue, which is used to fund their programs. They want to be able to show their programs during the prime time hours, which are the most viewed hours of the day. The stations, on the other hand, are trying to satisfy the demands of their audiences because they want to provide programs that are entertaining and informative. They want to be able to show their programs during the hours when people are most likely to watch television.

The balance of demands is that the networks are trying to satisfy their own demands, and the stations are trying to satisfy the demands of their audiences. This is why there is a need for a compromise or agreement that will satisfy both parties. This is why there is a need for a compromise or agreement that will satisfy both parties. This is why there is a need for a compromise or agreement that will satisfy both parties.
