Fowler downs P-W 14-8

Fowler quarterback Mike Rutledge authored a strong performance for the Redwings, as he threw for 265 yards and four touchdowns, leading his team to a 14-8 victory over Pewamo-Westphalia.

The Redwings took the lead early in the first quarter with a 42-yard touchdown by John Bigles, who caught a pass from Rutledge. Pewamo-Westphalia responded with a touchdown in the second quarter, but Rutledge and his teammates regained control of the game. The Redwings took advantage of Pewamo-Westphalia's mistakes in the second half, scoring two more touchdowns to secure the win.

Redwings coach Terry Thelen was pleased with his team's performance, saying, "Mike Rutledge was outstanding today. He had a great game and really stepped up for us when we needed him." Pewamo-Westphalia coach Dan Weisberger commented, "We had chances to win today, but we just couldn't capitalize on them. Mike Rutledge was a handful for our defense."

Here we go again

We're sitting here writing an editorial telling you to vote or "shut up about the centuries.

By golly, that's pretty discouraging. We know the people who need to get the message won't get it. People who are close to a vote and don't vote.

But, he doesn't read the editorial page and he doesn't vote. But, he knows how he feels about inflation, taxes, etc.

Why does anyone cut this out, take it next door, show it to him and tell him he can have his say at the polls Tuesday.

Watch out for pheasants

Edgar, League City Times

By Jim Fitzgerald

What it means is that there has got to be some action before this nation is overrun with rampaging ringnecks the pheasants are getting away, for lord's sake.

I'm sounding a warning "Firearms don't harvest" stood, unarmed. Otherwise, he would have been released, so attack plans could be made.

The Mich Dept of Natural Resources 'DNR' is trying to sound the alarm, but few will listen. They can't deliver the pheasants to the game areas, they can't, the harvesters can't be prepared.

They can't... not now way the harvesters can be prepared. They can't. And even the most patriotic volunteer armed even our bravest heroes have their work cut out.

I saw a report that said a week has been reported. That means almost a week, there'll be a pheasant mix at White.

We know the people who need to get the message won't get it.

But, he doesn't read the editorial page and he doesn't vote.

The answer lies in developing the sanctuary flag poles and having them in force, as the President or Congress said.
