City approves fire contracts with 6 townships in area

By LOWELL, J. RUSSELL

WACOUSTA — The city of Wacousta has approved five fire service contracts with neighboring townships. These contracts will provide for the provision of fire protection services to the townships covered by the contracts. The contracts will go into effect on January 1, 1968.

Several townships in Wacousta Township, including Districts 1, 2, 3, 4, and 5, have approved the contracts. The contracts will provide for the payment of a fixed fee to the city for the provision of fire protection services. The fixed fee will be based on the population of the township and the number of fire calls answered by the city.

Halloween fun continues

Halloween fun continues in the Wacousta area. The Wacousta Fire District is offering a special package deal for Halloween parties. The package includes a visit from the Wacousta Fire Chief, a special Halloween mystery story, and a special Halloween movie. The package is available for $10 per party, and can be ordered by calling the Wacousta Fire Department at 547-2240.

Rumbaugh's visit New England area

ELISHA—Levi, 35-year-old farmer from New Hampshire on his way to the West

ELISHA—The New England trip of the Rumbaugh family was enjoyed by all. The family, consisting of Mr and Mrs Rumbaugh and their three children, set out on their journey from their home in New Hampshire, eager to explore the sights and sounds of the East Coast. They began their journey by visiting Boston, where they spent several days exploring the city's historic sites. They then traveled to New York City, where they enjoyed the sights of Times Square and Central Park. The family then continued on to Washington D.C., where they visited the White House and the National Mall. They also took a tour of the Capitol Building and the Lincoln Memorial. After that, they headed to Philadelphia, where they visited the Liberty Bell and the Philadelphia Museum of Art. The family then took a trip to Niagara Falls, where they marveled at the beauty of the falls. Finally, they headed back to New Hampshire, where they arrived safe and sound after a wonderful trip. The family was particularly fond of the New England fall foliage and the delicious New England cuisine they enjoyed during their trip.
St. Johns wraps up West Central grid title

Redwings whitewash Orioles in home finale

The West Central Conference football trilogy between St. Johns and Charlotte was decided Saturday night with a 33-0 victory for St. Johns. The victory was especially significant because the Orioles entered the game 4-1, the Redwings 1-4. The win gives Coach Jeff Smith of the St. Johns Redwings his first win this season, and assures him the conference football title. The Redwings now stand at 3-1 in league play and must face both Biglerville and York Saturday night to assure the title.

The Redwings added two touchdowns in the second quarter to give them the victory. The first touchdown was set up with a 13-yard punt by Charlotte's Jack Davis, who had been injured earlier in the game. St. Johns halfback Charles Romig took the punt at his 26, ran around left end and shook several defenders for 40 some yards into St. Johns territory when they got a 13-yard gain on a third down and one. Charlotte's back Sam Sardis, who was trying to tackle Romig, fumbled and St. Johns' halfback Scott Bennett pounced on the ball for his first touchdown in a 33-0 victory.

Vote Tuesday, November 5th

MAYBE IT'S TIME WE ALL DID A LITTLE FLAG-WAVING!

Vox often we have left the patriotism to just a few pithy-minded Americans. Are we leaving the decisions to just a few, too?

It's time we remembered that we all have a stake in this country's destiny. Let's proclaim our new tradition by flying the stars and stripes regularly and getting out and voting on Tuesday, November 5th.

Let's show everyone we believe in the principles upon which this country was founded.

Extra precautions needed for safe, happy Halloween

By LORRAINE SPRAGUE

This is the week for profitable parties, where antidotes against “tricks or treats”-Halloween helping the youngsters to enjoy the trick or treat season. Elgin County is a very small area and unless you go to a larger town, you'll have to make your own costume. Costumes are usually a hit for trick or treaters or for those who are growing in their costume-making skills.

Halloween means no flash lights with the fall and cool weather. Flash lights are necessary for safety in the dark. A light to need a little extra light in the dark.

The WRC held a Thimble Party November 2nd. Cards were in play for marksmanship and travelled a good deal with the family to participate in these activities. It is a collection of antique games and has the Friday dinner hosted by Mrs. Al Eicher and Mrs. Geraldine Workman.

The WRC has many members that are involved with UNICEF and other worthwhile organizations. It helps the community and the world.

THE CHURCH FOR ALL

... ALL FOR THE CHURCH

The Church has never claimed that religion is a cure for frazzled nerves. But a man's Christian faith helps him face its truths.

The Church is the greatest factor in the education of the young. If you want to help them become good citizens, help them to learn about the Church. They are: (l) For democracy nor civilization can.

To Protect themselves against auto insurance premiums in cases of accidents, many people now believe in the Church. They are: (l) For religion is a cure for frazzled nerves. But a man's Christian faith helps him face its truths.

However, there is a great deal of misunderstanding and confusion among people about the Church. These are some of the principal points to consider:

1. THE CHURCH IS NOT JUST A PLACE WHERE PEOPLE GO TO CHURCH ON SUNDAY!

2. THE CHURCH IS NOT JUST A PLACE WHERE PEOPLE GO TO CHURCH ON SUNDAY!

Think on these things!

By JUSTIN SHEPARD

I have known men who were false on account of their own words. I have known them who have been false on account of the work of their hands. I have known them who have been false on account of their own efforts. I have known them who have been false on account of the work of their hands. I have known them who have been false on account of their own efforts. They have been false on account of their own words. They have been false on account of their own work. They have been false on account of their own efforts. They have been false on account of their own words. They have been false on account of their own work. They have been false on account of their own efforts. They have been false on account of their own words. They have been false on account of their own work. They have been false on account of their own efforts. They have been false on account of their own words. They have been false on account of their own work. They have been false on account of their own efforts.

Their exertions everything was set a going, and people are not seeing how they've been neglected, and even discredited! While grateful, or they would almost worship them! It's shameful to carry them into worlds which were never created and make them see miracles which were never wrought. With an "if" you could do wonders. If is a fine word; when a man jumps on its back it will bite. The leanest pigs squeak the most. It is not the hen which cackles most that lays the most eggs. Saying and doing are necessary to each other. We must try to state the truth, the whole truth, and nothing but the truth. If we begin calling 11 inches a foot we shall go on till we call one foot four-and-twenty. Once think on things that are honest.

Don't be afraid to warm to an electric blanket up

by Helen Kraech

Editor's Note: This month's column is by Helen Kraech. That's because in the editorial process, the editor became aware of an error in the title of the previous column. The correct title for the last column is "Don't be afraid to warm to an electric blanket up," not "Is it a good idea to warm to an electric blanket?"

"If so, you can use it to warm your washer, your dryer, and your iron. If not, you can use it to warm your water or your hands. In either case, you can use it to warm your electric blanket."

The main points of the column are:
- Use it to warm your washer, dryer, and iron.
- Use it to warm your water or hands.
- Use it to warm your electric blanket.

**CLINTON COUNTY NEWS, St. Johns, Michigan**

**Letters to the Editor...**

The 1967-68 school year was again a period of growth for the St. Johns Public schools. The enrollment increased from 3466 students in 1966-67 to 3467 for 1967-68. This represented a gain of 183 students, which resulted in much overcrowding.

During the year construction on four new Elementary schools was completed allowing them to be occupied as of the opening of school in September. In November 1967 a Bond Election to raise $696,900 to complete the furnishing of these schools was defeated by a 2-1 ratio. On March 30, 1968, an election was held to increase the voted operating millage for one year from 4.5 mills to 12.8 mills. The election failed by 66 votes. On June 10th the above proposal was carried.

For the year of 1967-68 the schools were operated with a tax levy of 6.5 mills allocated, 4.8 mills voted and 7 mills was levied for retirement of debt. This resulted in a total tax rate for schools of 19.7 mills, one of the lowest rates in Michigan.

The 1968-69 year started with an operating deficit of $32,285 and ended with a deficit of $87,532 for an in-year operating deficit of $55,247.

**ST. JOHNS PUBLIC SCHOOLS OF CLINTON AND GRATIOT COUNTIES, MICHIGAN**

**Time change**

"It's time to go to school while it's still dark!"

E'en Eastern Standard time again,

With darkness most to noon again,

Is needed to forego again,

'N cast vour lot;

'N cast vour lot;

They play it roughl

First class n' prime!
