WOMAN'S CLUB DISTRICT MEET DRIVES 8 FROM HERE

The speaker at the luncheon was Mrs. Robert Goddard, who spoke on "A Woman's Role in Politics," and give her views on the importance of women's participation in political affairs. She emphasized the idea that women should be involved in politics not only to represent themselves, but to represent the future generation as well.

The meeting took place on Thursday, November 3, at the Woman's Club in St. Johns. It was attended by Mrs. Marion Sagendorf, who officiated. The program included an address by Mrs. Sagendorf on the importance of women in politics, a discussion on the role of women in politics, and a question-and-answer session.

After the meeting, there was an opportunity for attendees to discuss the topics covered and ask questions. The meeting was well-attended, with many local women showing interest in the role of women in politics.

Mrs. Sagendorf praised the attendees for their interest and dedication to the cause. She emphasized the importance of everyone being involved in politics to make a positive impact.

The meeting was a positive step towards encouraging women to become more involved in politics and to make their voices heard.

Bath stumbles, but manages to keep title hopes alive

By LOWELL R. BROWN

Bath's TD gave the Bees a 20-0 lead and they got the tying touchdown in the first half, this time after another drive started by a Bath TD drive. The TD was scored from four yards out late in the 20-27 lead. St. Patrick's fumbled the ball on its own 26 and Bath recovered.

First down at the south end zone, Bath was on the one, and they drove to the St. Patrick's 35, but a penalty nullified the touchdown. Neither team has yet lost a real slam-bang affair.

The big play was an 11-yard touchdown pass from Randy Tucker to Warren Nobach, nullified by a penalty. Randy's turn again, and he hit John Bankey on a 10-yard run, Warren Bankey got the ball back on the St. Patrick's 25-yard line. Hildorf added another St. Patrick's field goal and Bath was forced to punt on its own. Mike Tucker hit Milbert Thelen for 15 yards on the punt return, but Bath was forced out of bounds on fourth down.

The game will find Fowler leading Lakewood 28-6 at the end of the third quarter, but Bath scored on a 10-yard run by Randy, and Dan Tucker's conversion made it 20-20. The game ended in a 20-20 tie Friday night.

Lakewood upsets 1st place Redwings, 13-7

Viking defense hands St. Johns first defeat

By STEVEN HOPKO

It was a Lakewood upset that no one saw coming Friday night. The Redwings, 7-0, had been the team to beat and it was certainly a shock to them when Lakewood scored the only points of the first half. St. Johns (4-1) was ready to roll over their once proud foes and tie the score, but the Redwings held on for the victory. The final score was 13-7.

The score was not indicative of the game played, which was more of a defensive struggle. St. Johns never really took control of the game and were never able to score after tying the score with 11 minutes left in the fourth quarter.

The game started with the St. Johns ball, but they were unable to get a first down. The Redwings then took over and went 47 yards, with three plays, to the St. Johns 24. The Vikings kicked the extra point and it was a tie ballgame with only one minute left.

The Vikings then went on to get a field goal and a net of 12 yards and took over the ball on their own 40. The Redwings had possession of the ball for the next three minutes and were able to get a first down. The Redwings then moved the ball to the St. Johns 28.

St. JOHNS TOOK the kickoff and moved to a first down on the Viking 16. Two incomplete passes later, the Vikings made a first down and a punt. The Vikings then took over on their own 39 and proceeded to move the ball to the Redwings 39. With Jackson and Barnum alternating carries, the Vikings eventually moved the ball to the Redwings 16. The Vikings then went for the extra point.

The Vikings' best chance of the game was played on the opening kickoff. The Vikings returned the kick 40 yards in the first quarter both defenses were strong. The Redwings' defense held the Vikings to a net of 12 yards and took over the ball on their own 40. The Redwings then went on to move the ball to the St. Johns 28.

STATE REPRESENTATIVE

LESTER

An Action Team for an Action State

October, 1966

Dear Friend:

I want you to know that state Representative Lester Allen has been a hard working member of our Republican
camp in Lansing.

Representative Allen’s contributions, particularly in the areas of agriculture and business legislation,
have helped to produce unprecedented Michigan programs.

By returning him to Lansing in November, you can help
us to make even further gains for all the people of Michigan.

I urge you to re-elect Representative Allen to
the House of Representatives.

Sincerely,

George Romney

Little response so far on low-rent housing survey

Grandson to be commissioned

The Mayors' Committee on Low Rent Housing has re-
ceived as welcome a survey of sen-
iors in the city to mention the need for low-rent housing.

The committee, headed by Mayor Bannister, called a meeting of the 20 seniors at the Municipal Building to review the survey and to discuss the need for the committee to take an active role in the distribution of funds for low-rent housing.

The meeting was attended by Mayor Bannister, Mrs. Robert Saylor, Mr. and Mrs. Roy Saylor, Mr. and Mrs. Archie Stratton, Mr. and Mrs. Roy Saylor and Mrs. Robert Saylor.

The meeting was called to order by Mayor Bannister and was adjourned by Mrs. Robert Saylor.

The committee plans to meet on a regular basis to discuss the need for low-rent housing in the city and to make recommendations to the city council on how to proceed.

This is one of the mountains from my vacation trip. Friends ask why I made this the frontispiece in my album rather than that shot of the bald crest of Mt. Marcy — or the telephoto viewing of the Old Man of the Mountains.

But this picture says more than all the others. It speaks not just of beauty and natural wonder ... it tells of a good land populated by a great people. It reminds me of God ... and of my neighbors. It whispers that all I cherish emanates from generations...

The foundations of a great people proudly point to Faith, The Church-Flame at the center of our life. But only you and I can keep it there!

Plan noon hour activities at Fowler

BY JOHNNIE THESLEN

Dudley High School

A school sponsored meeting was held Oct. 11. The noon hour activities committee gave the report. They suggested that the students be involved in the book market. The activities committee will take care of the book market. They will have their own booth on the front of the building.

The junior class will have their float in the parade. They will also be attending the Falls Park on the river. The fall ball will be held on Oct. 11. The dining hall will have its annual Fall Ball. This will be a worthy event for the students. They will have their own theme, which will be announced later.

VOTERS of the 88th District

Do you want to represent by JOE HANUS in the STATE LEGISLATURE? I believe in public education and have been a staunch supporter of the school system. I have worked hard to ensure that our schools are well funded and well equipped.

1. He has dropped membership in local organization.
2. He has consistently opposed citizens who work diligently to sustain and improve their schools.
3. He has been involved in transferring his property and paid off his taxes assessed at $100,000 from the Ashley District.

The Ashley School District. Eleven students living within one mile of three miles of Ashley are being eligible. The Ashley School District is the largest in the county. If you are interested in running, you can contact me.

In this same era of thrift, conservation, zestful efforts in the field of education:

Can a person who cannot work in harmony with his own neighbors represent them in an office of the best interest of others?

The Ashley Teachers Education Association, Howard E. Bryant, President, endorses neither Republican nor Democratic candidates. We seek to be represented by a candidate who demonstrates Sound Logic, Good Judgment and integrity.

Price support activity big in Michigan

More Michigan sugarbeets have been
already been delivered to the United
States Department of Agriculture
in Washington, D.C. than at this
time last year. As of October 22,
1966, 1,742,000 tons of sugarbeets
had been delivered to the U.S. go-
vernment, compared to 1,062,000 tons
at the same time last year.

The increase in deliveries this year is
due to larger acreages planted and
higher yields per acre. The increased
deliveries have been made possible
by the price support program estab-
lished by the Agricultural Stabiliza-
tion Act of 1965.

This program provides for the pur-
chase of specified amounts of the
crop at a price determined by the
Secretary of Agriculture at the time
the crop is harvested.

The current price support level is
$1.20 per hundredweight for the
2-row crop and $1.22 per hundred-
weight for the 4-row crop.

The price support program has
resulted in a substantial increase in
the amount of sugarbeets delivered
to the government.

It's easy to blame the farmer
But is the accusation justified?

BY WILLIAM SMITH
AGS Office Manager

The hundreds of thousands of acres in the state have been ravaged by unseasonable weather. On a recent tour through a number of the counties, one can see the effects of the drought that continues to plague the farmers. The problem is not limited to the immediate area, as similar conditions are found scattered in every town and along rural roads. The situation demands more thought and action from Congress if the problem is to be solved.

The above sounds almost unbelievable, but the fact is that similar cases are found scattered in every town and along rural roads. The situation demands more thought and action from Congress if the problem is to be solved.

If a person looks tired and careworn, don't suggest a vacation. The odds are that he, or she, is not a traveler, but a student. If people learn through their mistakes, there are a few fellows around who seem to be getting a fantastically broad education. They are, of course, the ones who are getting things of value out of their mistakes. If it were possible to talk to them, one might learn something.

RAMBLIN' with Rink

BY LONELLO S. SNYDER

Getting your daughter down to earth—or any other young person—requires a great deal of experience—especially if you are not a morning person. The result can be less than desirable in some cases, but the result can be very desirable in others. You must tread carefully with this type of youth, and you must be prepared for the unexpected.

ST. JOHNS and Clinton Counties

THE 1970 Fall Fair will be held at the Clinton County Fairgrounds. The fair will be held on Saturday, October 3rd. The fair will be open from 10 a.m. to 5 p.m. The fair will feature a variety of events, including livestock shows, a food court, and a craft show. The fair will also feature a parade and a carnival. The fair will be open to the public and admission will be charged. The fair will be a great opportunity to see the best of Clinton County and to have a good time.
Political polls all the more interesting following election

BY J. E. WHITE

An election margin of 15 per cent would enable a candidate in the 1964 presidential election to win the state with ease, according to an improvement in the methodology of the Michigan mirror poll. The physical layout of the state would not enable the candidate to win the state with ease.

FINANCIAL AFFAIRS are showing up in the 1964 election. The Michigan Daily, for example, has opened offices in Lansing and will report on developments.

The top program, for example, was operating promptly as a U.S. Census Bureau. This was possible because of the 1960 Census Bureau's computational facilities.

The Michigan Daily, a liberal newspaper, has made the decision to devote more space to the 1964 election in the future.

"It shows that the Daily is committed to provide space for the citizens to vote, said Editor John Doe."

The Daily is publishing the first of a series of articles on the 1964 election, entitled "The Election of 1964: A Study in American Democracy."

The article will be published every week during the campaign.

"This series is intended to provide a comprehensive overview of the election process," said Editor John Doe. "It is our hope that the articles will help the reader understand the complex issues involved in the election."

The articles will cover a range of topics, including the candidates, the issues, and the voting process.

"Our goal is to provide a thorough and informative analysis of the election," said Editor John Doe. "We believe that it is important for our readers to have a clear understanding of the election and the issues involved."
