Telfarm is a cost sharing program where the host farmer will do everything we can to get the maximum out of his operation. If the hog industry is to prosper, then the farmer must be involved in the business. The program can be used to help hold prices up this winter and to reduce competition.

The December hogs and pigs report shows that prices are softening. This is likely to be followed by recovery of $1 to $2 per hundredweight. The hog market depends on the size of the hog industry, resulting in prices that are softening now. It is expected that the current farm income can be severe. The hog industry is expected to be operational for the next few years. The hog industry is expected to be operational for the next few years.

FOWLERSVILLE - Everything went
as it was supposed to for the
Eagles in Friday night's game. The
Bees, who rode some critical
turnovers to a 28-7 win, were

willing to let the Eagles win that
easy. It was the first time in
many seasons that the Pirates
were defeated at home by the
Bees. Fowler's Dava Schmitt hands off to John Mueller for yardage up the middle against Webberville.

Redwings down Mason 14-0, in state playoff contention

ST. JOHNS — For the St. Johns Redwings, it's getting to be a pattern. "We beat any team we come into contact with," said coach Jerry Gonzales.

The Redwings currently are in a 7-game winning streak in football playoff action and extended their grand Friday with a 14-0 win over Mason. However, since the Redwings returned to Mason after a Grand Ledge fall in the state playoffs last year, Mason has not won a game all season.

Meanwhile, St. Johns scored yet in the 1st quarter and maintained an early lead that carried the Redwings to their 7th consecutive victory.

"We try to make it a habit to take the lead early in the game and work to keep it," Gonzales said. "This was not a game we were supposed to win. We didn't have our best team, but we still beat a pretty good team." Gonzales indicated Ovid-Elsie's losing record this season and Mason's 1-5 record played a role in the Redwings' win.

Another factor was the Redwings' recent performance against Mason. "We played them earlier in the season and they played well," Gonzales said. "But, there were no points to be scored this time." Gonzales added that the Redwings' defense was key to the win, holding Mason to zero points.

The Redwings will face the Grand Ledge Vikings in the next round of the state playoffs, with a trip to the state championship game as the goal. "Our focus is on the next game," Gonzales said. "We have to keep improving and playing our best to advance to the championship game."

The Redwings' current winning streak is a testament to their dedication and hard work, according to Gonzales. "We try to keep improving every day and take each game as it comes," he said. "If we keep this up, we can go far in the playoffs."
I would like to thank Dr. Slaght, Dr. Matthew, Dick Hasse and the staff of Hi Crest Memorial Gardens, Madge Craig, John Craig, and many others for their prayers, visits and service. The last time I saw her, Madge and I talked about the beautiful shining star shed from the sky, and how she had an unusual life of service and sacrifice. I always admire her strength and courage, and her love for life and others. The love and support of the family, friends and neighbors is truly a blessing.
