"If It Fits ..."

By Jim Fitzgerald

As time passes, the stories may fade but the memories of those who lived through such events remain. This column will spotlight significant events that have occurred in our community in the past.

The past two years, Clinton city council members unanimously approved the city's budget without incident. But what a dream house should really be is a house with doors that never stick or get caught by the wind.

I'm no expert on architecture, but what a dream house should really be is a house with doors that never stick or get caught by the wind.

-Has doors that never stick or get caught by the wind.

"If it fits, it sticks," is the catchphrase of many a homeowner, but what a dream house should really be is a house with doors that never stick or get caught by the wind.

-Has doors that never stick or get caught by the wind.

-The kitchen is the heart of the home. But what a dream house should really be is a house with doors that never stick or get caught by the wind.

-Stores that feature windows that you open before you go out.

-Should have a mailbox with an automatic delivery system.

-Furniture that is comfortable and reflects your personal style.

-Kitchen floors that are easy to clean and maintain.

-Bedrooms that are spacious and have plenty of closet space.

-Excellent insulation that reduces energy costs.

-Master bedroom that is separate from the other bedrooms.

-Outside doors that are secure and easy to open.

-Inside doors that are functional and attractive.

-Ceiling fans that are easy to use and effective.

-Storage space for all your belongings.

-Modern fixtures that are easy to use and maintain.

-Additional rooms that can be used for various purposes.

-On-the-spot financing options that meet your needs.

-The post-two years, Clinton city council members unanimously approved the city's budget without incident. But what a dream house should really be is a house with doors that never stick or get caught by the wind.

---they may be unmeasurable in the soil before putting them. -Steve apply fertilizer to dry soil could damage the roots. When fertilizing, a good time to fertilize is in the spring and summer when the soil has water available in the root zone. -Organic fertilizers tend to slow the action of the fertilizer, while synthetic fertilizers act faster. -Properly managing a garden is among the seven steps toward a successful garden. -Sister Georgina Signor assists Science Foundation

Sister Georgina Signor, S.S.L., Cornelian Curate (1820), of the Diocese of Lansing, was a member of the Northern Lansing Area 4-H Club. She later served on the Board of Directors for the Northern Lansing Area 4-H Club and was a member of the 4-H Council. She was a strong advocate for 4-H and dedicated her life to the betterment of youth. She passed away in 2013. She was known for her gentle soul and her unwavering support of 4-H and its values.

Kincad District
The Kincad District is a 4-H district in Michigan. It is one of the 11 districts in the state. The district is named after John Kincad, a lumberman who lived in the area in the late 19th century. The district includes 4-H clubs in 12 counties: Allegan, Kent, Newaygo, Oceana, Osceola, Muskegon, Lake, Wexford, Mason, Montcalm, Ionia, and Montcalm.

Kimberly District
The Kimberly District is another 4-H district in Michigan. It is one of the 11 districts in the state. The district is named after William Kimberly, who was a prominent businessman and politician in the area in the 19th century. The district includes 4-H clubs in 10 counties: Genesee, Ingham, Eaton, Hillsdale, Lenawee, Monroe, Washtenaw, Oakland, Livingston, and Wayne.

Clint County 4-H
