Shared-time rule may cause havoc

By TIM TOMPES

Another stalemate in the
mangling concerning the nature of public and private education in Kent County, according to a school administrator.

Although there may not be an immediate effect on the process because of the current legal phases, the issue is likely to be fought in the courts for at least three Clinton area schools.

The board of trustees of Lyman Township School in the Clinton County village of St. Joseph, recently voted to approve the shared-time program.

"We have a consistent (india"
"We have to have an even number of kids to maintain the students," said a school official.

A recently completed study of the various programs in the area, however, indicated that the program is feasible and could benefit all involved.

This is the opinion of Mr. Frank Lukens of the Michigan State Department of Education.

"I believe there is a potential for this program to be successful," he said.

Mr. Lukens added that he is confident that the program will be able to meet the needs of the students involved.

Mrs. Lynn Banning named

'Outstanding Young Woman'

By ANNE STONE

Mrs. Lynn Banning was named "Outstanding Young Woman" at the annual celebration of the 115th anniversary of the Clinton County Public Library.

"The award was designed to recognize outstanding women in our community," said a library official.

The award is given to those who have made significant contributions to the community.

"I'm happy to receive this award," said Mrs. Banning.

"I have always been a strong advocate for the library," she added.

"I believe that libraries are essential to a healthy community."
though," he added, "LSD is a completely different thing it's not like that."

The people that want it get it. They are very young, and the results are very encouraging. The drug itself is not harmful to the body. It can be taken in supervised doses, and is very useful in the treatment of certain mental conditions, such as depression and anxiety. It can also be used to curb appetite, and is widely accepted as a safe and effective treatment for a variety of mental conditions.

Some people reading the paragraph may be surprised to hear that LSD is considered a legal drug and that it is used in medical settings. However, it is important to remember that the use of LSD is closely regulated and that it is only prescribed for use in specific cases. The drug is not recommended for use by the general public, as it can be very dangerous and can cause serious physical and mental effects.

Drug users often report feeling a rush of energy and a sense of heightened awareness when they take LSD. This can lead to a feeling of being detached from their surroundings and a sense of being in a different reality. Some users also report experiencing sensations of colors, shapes, and patterns that are not actually present in the environment. These experiences can be both pleasurable and frightening, and they can vary greatly from person to person.

In conclusion, LSD is a complex and controversial drug that has both potential benefits and risks. It is important to approach the use of LSD with caution and to ensure that it is used only under the supervision of a qualified medical professional. The use of LSD is not recommended for the general public, but it is an important tool in the medical treatment of certain mental conditions.
**Alien: drugs**

There are many names for certain drugs. Here are some of them and how they are taken.

- **Heroin**—usually called "shakes" or "snow," "sand," "whirls," and "baggies.
- **Marijuana**—often called "Mary Jane," "weeds," "grass," and "pot." It's usually smoked or eaten.
- **Amphetamines**—are stimulants that make the user feel euphoric and energetic. They are also used as diet pills to combat fatigue and sleepiness.
- **Barbiturates**—are sedatives that can make the user feel calm and relaxed. They are also used to treat insomnia and reduce anxiety.
- **LSD**—is a powerful hallucinogen that can cause extreme changes in perception and behavior. It's usually smoked or eaten.
- **Vitamin B-6**—is often called "vitamin "B" six." It's used to treat certain conditions and improve mood.

**Related terms** are:
- **Joints**—are cigarettes that are smoked for their nicotine content.
- **Roach pipes**—are pipes used to smoke marijuana.
- **Downers**—are sedatives that can make the user feel昏昏欲睡. They are often used to treat insomnia and reduce anxiety.
- **Upers**—are stimulants that can make the user feel euphoric and energetic. They are often used to treat fatigue and sleepiness.

**Addiction**
- Developing a physical dependence on drugs can be dangerous and lead to long-lasting health problems.
- An addict's health is often bad, and his life is usually cut short if he or she gets hold of a dose and his or her life is usually cut short if he or she gets hold of a dose and his or her life is usually cut short if he or she gets hold of a dose.

**Health effects**
- Taking drugs can change the way the brain works, leading to physical addiction and the need for ever-increasing doses.
- The body may develop a physical dependence on drugs, which can lead to withdrawal symptoms when the drug is not taken.
- Drug use can lead to a range of health problems, including respiratory failure, heart attack, and stroke.

Tri-county survey yields job injury

The profile of a typical worker who has been injured on the job in the Tri-County area, despite a reduced risk between the mid-sixties and the mid-seventies, has not changed considerably. However, the number of workers injured on the job has increased.

This statistical model is based on the results of a survey recently conducted by the Michigan Department of Labor.

The survey of 12,270 farms in the area is the first of its kind in the state. The survey was conducted during the period from the mid-sixties to the mid-seventies. A total of 157 farms were surveyed, representing a wide range of agricultural operations.

In terms of injury seriousness, the results of the survey were as follows:

- 14 injuries: These were workplace accidents, including falls, slips, and trips.
- 64 injuries: These were injuries due to machinery accidents, including cuts, bruises, and sprains.
- 80 injuries: These were injuries due to transportation accidents, including collisions and falls.
- 157 injuries: These were injuries due to other causes, including burns and poisoning.

The survey results indicate that the majority of injuries were relatively minor, with only a small percentage of injuries resulting in hospitalization or significant disability.

In terms of injury location, the results of the survey were as follows:

- Fields and crops: 55 injuries
- Buildings and structures: 37 injuries
- Livestock: 16 injuries
- Roadways: 12 injuries
- Other locations: 27 injuries

The survey results indicate that injuries are most common in fields and crops, followed by buildings and structures, and livestock.

In terms of injury severity, the results of the survey were as follows:

- 14 injuries: Minor
- 64 injuries: Moderate
- 80 injuries: Severe
- 157 injuries: Life-threatening

The survey results indicate that injuries range from minor to life-threatening, with the majority being of moderate severity.

In terms of injury cause, the results of the survey were as follows:

- Machinery: 55 injuries
- Livestock: 37 injuries
- Buildings and structures: 16 injuries
- Transportation: 12 injuries
- Other causes: 27 injuries

The survey results indicate that machinery is the leading cause of injuries, followed by livestock, buildings and structures, and transportation.

In terms of injury type, the results of the survey were as follows:

- Cuts: 80 injuries
- Sprains: 64 injuries
- Burns: 16 injuries
- Other types: 27 injuries

The survey results indicate that cuts are the most common type of injury, followed by sprains, burns, and other types.

In terms of injury location, the results of the survey were as follows:

- Field: 14 injuries
- Roadway: 6 injuries
- Building: 4 injuries
- Livestock: 2 injuries
- Other locations: 1 injury

The survey results indicate that field is the leading location of injuries, followed by roadway, building, livestock, and other locations.

In terms of injury severity, the results of the survey were as follows:

- Minor: 14 injuries
- Moderate: 64 injuries
- Severe: 80 injuries
- Life-threatening: 12 injuries

The survey results indicate that injuries range from minor to life-threatening, with the majority being of moderate severity.

In terms of injury cause, the results of the survey were as follows:

- Machinery: 80 injuries
- Livestock: 64 injuries
- Buildings and structures: 16 injuries
- Transportation: 12 injuries
- Other causes: 16 injuries

The survey results indicate that machinery is the leading cause of injuries, followed by livestock, buildings and structures, and transportation.

In terms of injury type, the results of the survey were as follows:

- Cuts: 80 injuries
- Sprains: 64 injuries
- Burns: 16 injuries
- Other types: 16 injuries

The survey results indicate that cuts are the most common type of injury, followed by sprains, burns, and other types.

In terms of injury location, the results of the survey were as follows:

- Field: 80 injuries
- Roadway: 64 injuries
- Building: 16 injuries
- Livestock: 16 injuries
- Other locations: 16 injuries

The survey results indicate that field is the leading location of injuries, followed by roadway, building, livestock, and other locations.

In terms of injury severity, the results of the survey were as follows:

- Minor: 80 injuries
- Moderate: 64 injuries
- Severe: 16 injuries
- Life-threatening: 16 injuries

The survey results indicate that injuries range from minor to life-threatening, with the majority being of moderate severity.

In terms of injury cause, the results of the survey were as follows:

- Machinery: 80 injuries
- Livestock: 64 injuries
- Buildings and structures: 16 injuries
- Transportation: 16 injuries
- Other causes: 16 injuries

The survey results indicate that machinery is the leading cause of injuries, followed by livestock, buildings and structures, and transportation.

In terms of injury type, the results of the survey were as follows:

- Cuts: 80 injuries
- Sprains: 64 injuries
- Burns: 16 injuries
- Other types: 16 injuries

The survey results indicate that cuts are the most common type of injury, followed by sprains, burns, and other types.

In terms of injury location, the results of the survey were as follows:

- Field: 80 injuries
- Roadway: 64 injuries
- Building: 16 injuries
- Livestock: 16 injuries
- Other locations: 16 injuries

The survey results indicate that field is the leading location of injuries, followed by roadway, building, livestock, and other locations.

In terms of injury severity, the results of the survey were as follows:

- Minor: 80 injuries
- Moderate: 64 injuries
- Severe: 16 injuries
- Life-threatening: 16 injuries

The survey results indicate that injuries range from minor to life-threatening, with the majority being of moderate severity.

In terms of injury cause, the results of the survey were as follows:

- Machinery: 80 injuries
- Livestock: 64 injuries
- Buildings and structures: 16 injuries
- Transportation: 16 injuries
- Other causes: 16 injuries

The survey results indicate that machinery is the leading cause of injuries, followed by livestock, buildings and structures, and transportation.

In terms of injury type, the results of the survey were as follows:

- Cuts: 80 injuries
- Sprains: 64 injuries
- Burns: 16 injuries
- Other types: 16 injuries

The survey results indicate that cuts are the most common type of injury, followed by sprains, burns, and other types.

In terms of injury location, the results of the survey were as follows:

- Field: 80 injuries
- Roadway: 64 injuries
- Building: 16 injuries
- Livestock: 16 injuries
- Other locations: 16 injuries

The survey results indicate that field is the leading location of injuries, followed by roadway, building, livestock, and other locations.

In terms of injury severity, the results of the survey were as follows:

- Minor: 80 injuries
- Moderate: 64 injuries
- Severe: 16 injuries
- Life-threatening: 16 injuries

The survey results indicate that injuries range from minor to life-threatening, with the majority being of moderate severity.

In terms of injury cause, the results of the survey were as follows:

- Machinery: 80 injuries
- Livestock: 64 injuries
- Buildings and structures: 16 injuries
- Transportation: 16 injuries
- Other causes: 16 injuries

The survey results indicate that machinery is the leading cause of injuries, followed by livestock, buildings and structures, and transportation.
Atkinson, Stockwell top awards

BY TOM McELENEY

Head Coach Jeff Smith presented awards to Atkinson and Stockwell for being the offensive players of the year. The awards were presented to the senior offensive linemen for their outstanding performances.

Atkinson, a tackle, was chosen as the offensive lineman of the year for his exceptional blocking skills. Stockwell, a guard, was selected as the offensive linemen of the year for his remarkable performance.

The awards were presented in a ceremony held at a local restaurant. Smith praised Atkinson and Stockwell for their contributions to the team. He also expressed his gratitude for their dedication and hard work throughout the season.

The ceremony was attended by the team's executive committee, which consisted of alumni and former players. The committee consisted of: Steve Mead, Atkinson, Stockwell, and Kurtis Parks.

In addition to the awards ceremony, the executive committee also held a meeting to discuss the team's future plans and strategies. The committee agreed to continue the tradition of selecting the offensive linemen of the year and to honor their contributions to the team.

The ceremony concluded with a banquet, where the team enjoyed a variety of dishes prepared by the local chef. The team's executive committee, along with their families, enjoyed the event and expressed their appreciation for the team's contributions.

The event was a great success, and the team's executive committee expressed their gratitude for the team's efforts and contributions to the team.
The Marauders will be relying on Chris Babick as "his most valuable player." Recently captained the team are: Tom Miller, a 5'9" junior center; Tim Bouck, a 6'10" senior center; Mark Case, a 5'10" junior guard. The only returning junior for 1971 aimed at promoting the Marauder squad. Four are seniors; Dan Bowles, a 5'11" guard. The adjustments, adopted for 1971, are restrictions on commercial fishing licenses for 1971. The approved changes for 1971 are: "Restrict the depths at which steelhead fish may be caught to proper habitat. Under this year's zone regulations, steelhead fishing will be opened to all licensed anglers who have a "corrective" permit. Dispensation of surplus salmon at its Platte River fishery. The approved changes for 1971 are: "Restrict the depths at which steelhead fish may be caught to proper habitat. Under this year's zone regulations, steelhead fishing will be opened to all licensed anglers who have a "corrective" permit. Dispensation of surplus salmon at its Platte River fishery. The approved changes for 1971 are: "Restrict the depths at which steelhead fish may be caught to proper habitat. Under this year's zone regulations, steelhead fishing will be opened to all licensed anglers who have a "corrective" permit. Dispensation of surplus salmon at its Platte River fishery. Thanksgiving thanks

Dear Editor,
   I am writing this out of the kindness of my heart. I think we all need to thank some of the people who have been so kind to others.
   During the holidays, we should be remembering those who have helped us.
   Thank you for your kindness.

South Wentworth
Mr. and Mrs. George Hodges
determined to bestow the follo-
wing bequest of the proceeds of
their home.

**MEETINGS**

Edith S. Titus Unit 319 of the American Legion Auxiliary, initiated three new members at its regular meeting Tuesday, Nov. 17 at St. Joseph City Hall. At the meeting, the unit was welcomed into the organization.

During the meeting past traditions were honored and new traditions were adopted. The past tradition of giving was honored by asking everyone to bring in three non-perishable items, which will be donated to the local food pantry. The new tradition of giving will be to bring in three donations for the local food pantry. The past tradition of giving was honored by asking everyone to bring in three non-perishable items, which will be donated to the local food pantry. The new tradition of giving will be to bring in three donations for the local food pantry.

Checking the holiday seams

Mrs. Christmas Holiday appears especially eager, many women are looking for patterns and directions in anticipations of adding to their own collections of making lovely gifts for others, when every one begins to think about the approaching Christmas festivities.

Perhaps the reason for the many different types of seams and stitches is to keep in mind the many innumerable various kind of seams and stitches are in a regular order. Perhaps the reason for the many different types of seams and stitches is to keep in mind the many innumerable various kind of seams and stitches are in a regular order. Perhaps the reason for the many different types of seams and stitches is to keep in mind the many innumerable various kind of seams and stitches are in a regular order.

Importantly, the first thing to remember when using any kind of seams and stitches is to keep in mind the many innumerable various kind of seams and stitches are in a regular order. Perhaps the reason for the many different types of seams and stitches is to keep in mind the many innumerable various kind of seams and stitches are in a regular order.

Two-Way Wonder!

It's a wonder—and a pleasure—to find a recipe that you have to bake only once to get two dishes, one sweet, the other savory.

Of course it's a festival recipe, which you normally serve for dinner, and I suggest you try it at a Christmas dinner with a touch of the unusual. The recipe, for Glazed Fruit Stuffed Duckling, is by no means new, but it is a dish that has not been generally known until now. And I think you will find it well worth the effort and time spent in preparing it.

The duckling is stuffed with a mixture of fruits and nuts, which is then glazed with a sweet sauce before being baked. The results are delightful, and the flavor combinations are just right for a Christmas dinner.

In the recipe, I have used a mixture of dried fruits and nuts, which is then mixed with rum and other spices to create a flavorful stuffing.

The duckling is then baked until it is cooked through, and the sauce is added to give it a rich, savory flavor.

I hope you will try this recipe and enjoy the results. It is a great way to add a touch of the unusual to your Christmas dinner.

Happy holidays!

Tina Smith

**Recipe for Glazed Fruit Stuffed Duckling**

- 1 frozen duckling
- 1/2 cup chopped nuts
- 1/4 cup chopped raisins
- 1/4 cup chopped prunes
- 1/4 cup chopped dried apricots
- 1/4 cup rum
- 1/2 teaspoon nutmeg
- 1/4 teaspoon mace

Combine all ingredients and cook over low heat until well mixed. Fill the neck skin of the duckling with the mixture and tie legs together loosely. Place on rack in shallow roasting pan. Bake at 350°F for 20 to 25 minutes each.

Duckling is ready when legs begin to pull from the side.

Place in oven until done. Allow duckling to cool about 6 minutes. Remove from oven. Serve with sauce.

**DO-IT-YOURSELF PINTO**

(by Jane Lamb, Detroit News)

Maintenance on a 1971 Pinto is so simple even a pretty miss like Elizabeth Macklin can keep her car in top running condition. Most of the routine car cares can be easily managed by a Pinto owner. Changing spark plugs, oil, air cleaner, battery, ignition point gapping gauge, obviously, you must use more than the ignition key is designed to serve a purpose beyond the normal use. Its features include a regular 1-1/2" ruler, a spark plug setter gauge, and an "ig-screwdriver at one end and a Phillips head at the opposite end. Along with that, the edges can be found a 1-1/2" ruler, a spark plug setter gauge and an "ig-screwdriver at one end and a Phillips head at the opposite end. Along with that, the edges can be found a 1-1/2" ruler, a spark plug setter gauge and an "ig-screwdriver.

TAKE A BOW PLEASE
Russ Detloff, 1107 W. Taft Road, St. Johns and his tall friend pose for this final photo. Detloff bagged this fine specimen early last week.

FIRST TRY
This 15-year-old St. Johns youth seemed to have "beginner's luck" last week when he nailed this nine-point buck on his first try. Dennis Burl, Route 4, St. Johns, caught this buck in Clinton County near Price Road Nov. 16.

4 Ways To Pay For Christmas

Number one
Check-Mate is not a credit card. It is a check guarantee-automatic loan program. It assists you in cashing checks where you are now known and it allows you to write checks for more than your balance with payment of the loan created by small monthly installments or a lump sum, if you desire. Only you and your bank know that you are creating a loan when you write the check.

Number two
Michigan BankAmericard, unlike Check-Mate, is a credit card. It allows you to obtain a cash advance in over 300 banks throughout Michigan. It also allows you to charge purchases in more than 17,000 businesses and service establishments throughout the state.

Number three
Regular Passbook Savings
Passbook savings that feature interest compounded daily. At no other bank in the Clinton Area do you receive Daily Interest on Passbook Savings.

Number four
Christmas Savings Club
Of course if you didn't open a Christmas Club last year it won't help this Christmas. If you did, you have Christmas money right now. For next year, however, it is time to open the account now so you will be ready for Christmas 1970.

**4-H Club Chatter**

*By JOHN ATLANGLORE*

"Chicago Bears vs. Packers" will be the subject of Friday night's 7-9 p.m. 4-H Trip to Chicago. State 4-A leaders will be in the crowd. Dan Gorman of DeWitt and Janice Spitzley are in charge. All 4-H members who are not already on a school trip may attend. All 4-H leaders are asked to have their members there. All 4-H leaders will be elected president of the County 4-H Program. Larry Bernath, Matthew Arens, Janice Spitzley, Steve Albring, a senior at the Ida High School, and Kathy Washburn, St. Johns, are on the top of the list.

**Remodel sheepl for consumers**

The 4-H teens will attend Chicago congress

*By JOHN ATLANGLORE*

In 1970 the 4-H teens will attend the Chicago Congress, in Dairy Field Day, in Grand Rapids, and in the 4-H Urban Support Center, in Chicago.

### Mental Health Centers get names changed

The Community Mental Health Center serving Clinton, Eaton, Ingham and Shiawassee Counties has changed its name to the Central Michigan Psychiatric Regional Center and at St. Joseph Mercy Hospital, Livingston County, Michigan. The Lansing Social Security office is located at 201 East Kalamazoo Street, Suite 200, Lansing, Michigan. The telephone number is 372-1910. 

### Social Security monies unclaimed

**By ROGER W. NAHLSON**

Social Security monies are unclaimed, or unaccounted for, for several reasons. Sometimes the people who should claim the money simply forget about it. It may also be that the people who are entitled to the money have died and no one claims it. Social Security can't hold the money any longer than it can. It is held at the Social Security Administration's local office until it is claimed. If you think you or someone you know might be entitled to some Social Security benefits, call the local Social Security office or write to the Social Security Administration, P.O. Box 200, 614 S. Michigan Avenue, Chicago, Illinois 60604.

### Farmers should keep records

To keep track of your finances, you should keep good records. This will help you keep track of your income and expenses and will help you make informed decisions about how to spend your money. It will also help you keep track of your debts and how much you owe. You should keep records of all your monthly bills, including mortgage payments, utility bills, and insurance premiums. You should also keep records of any income you receive, including wages, dividends, and interest. It is also a good idea to keep records of any gifts or inheritances you receive. This will help you keep track of your financial situation and will help you make informed decisions about how to spend your money.

CLINTON COUNTY NEWS, St. Johns, Michigan

Questions & answers on Social Security

A recent question which appeared in this column concerned the refund of Social Security benefits even though the recipient was living beyond the Social Security boundary. The recipient had spent 20 years in Florida for the winter.

Mr. and Mrs. Land Brocker have arrived safely in Florida from St. Johns. Mrs. Della Pittman is to join them in winter quarters and is planning to stay seven months. Mrs. Brocker and Mrs. Pittman will be engaged in caring for the children of Mr. and Mrs. Brocker.

Mr. and Mrs. Jack Strobel have arrived safely in Florida from St. Johns. Mr. and Mrs. Jack Strobel are visiting with their daughter and grandchildren. Mr. and Mrs. Jack Strobel are planning to stay the winter months in Florida.

The following were visitors of Mr. and Mrs. Jesse Running, LeRoy Beagle and Barbara Rose attended a party at their home on Saturday evening, Nov. 7, in honor of Mr. and Mrs. Jesse Running.

Mrs. Maxine Ernst called on Mrs. Harold Irner of Airport Rd. Note change of date and time for Tuesday meeting of the Volunteers of America Florida to be held on Tuesday, Jan. 26, 1971, at 9:30 a.m. at St. Lawrence Hospital, St. Johns.

The following were visitors of Mrs. Esther Plowman, secretary-treasurer of the Clinton County Engineers Association. Mrs. Charles Miller, Mrs. John Mather, Miss Ethel M. L. Storey, Mr. and Mrs. Maxine Ernst, Mr. and Mrs. Harry Van Buren, Mr. and Mrs. Harry Van Buren and Mr. and Mrs. Harry Van Buren.

The following were visitors of Mr. and Mrs. Jesse Running, LeRoy Beagle and Barbara Rose attended a party at their home on Saturday evening, Nov. 7, in honor of Mr. and Mrs. Jesse Running.

Thanksgiving, 1970

This is an era when it seems most human energy is spent on competing. We welcome Thanksgiving and hope that the holiday will bring about a respite from the routinestones of grasps.

The holiday always conjures up pictures of Pilgrim's Thanksgiving, and the legendary hardships they faced in the wilderness of North America. It is well to recall that in the early 1600s the United States did not exist and people who would make our shores knew only that they were in a wilderness. It is quite a thought. It is a thought that we should take stock in the many blessings, to be sure, but our greatest blessings go beyond measurement on the scales of monetary value. Some of those religious and political liberties, the right to our day in court, the sanctity of the home, our people and our property. Many of the early settlers held these things in low esteem, perhaps because they think they were granted or for too poor in spirit to fully appreciate. Thanksgiving, however, is a day that helps to enrich the lives of the people, to make it a little bit like old-fashioned Thanksgiving to stimulate appreciation of the good things. There seems to be little else surrounding the commemoration of Thanksgiving other than a dinner, and in this day and age there is much to be thankful for. It is true, but true, that things never have been so good. One thing that must have been much better, if one could be thankful to have Thanksgiving, is the fact that every day the sun would rise and set. That has not slept on. There are two kinds of people who would never have benefitted from Thanksgiving, of course. They are people who have never slept on. 

I've perused all the patterns - I really want to buy one - I just don't know their buyers. But I can't wear the deep shades, the styles are just alluring. Each item that I cherished - In color, style, and size, As garments they replace - Materials are really "chic,"

For the rest of us, the party can go on, whether we're living in the city or in the country. It's a whole lot of fun, and I never know why. I don't know what they're doing over there, but I'll be a lot happier if we come to wear it. I'll be the most delightful girl there, and I'll be the most delightful outfit. There are many符合条件的人，但那些人很难找到合适的滑雪衣。我不能找到我的雪橇，我不能找到我的滑雪杖，我不能买到我的滑雪靴。我买了一堆滑雪衣，但我不需要它们。我不需要它们。我不能买到我的滑雪。我需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。我不需要我的滑雪衣，我需要我的滑雪杖，我需要我的滑雪靴。
