2nd severe storm of year buttons up Clinton

7 inches of drifting snow closed schools, many roads; driving dangerous

Nowhere's second severe storm, all but suspended most of Clinton County traffic. Schools closed, 11 and 29 roads impassable. Roads crews, using snowblowers and plows, waged an almost fruitless battle against the storm.

As relocation of snow to the south had failed due to snowfall, snowbanks were in many places 3-4 feet high.

DRIVING WAS extremely hazardous, and only the wide highways and main thoroughfares were open. Streets in the city and country were closed, and had been more or less impassable since Monday afternoon.

Snow sticking to the roads made driving extremely dangerous. Dr. R. L. Wohlers, Clinton County News reporter, said the roads were all but impassable due to snow accumulation.

Wohlers added that the snow was very deep, and that the roads had been opened and closed several times due to snowfall.

RESEARCHER: It's not too bad being grounded by bad weather but when you're flying and can't get down, you're really in trouble.

A bird friend of Clinton County News' Manager Al Haight had lots of trouble landing at his house Tuesday, when the snowstorm all but engulfed his landing strip. Six to seven inches of snow fell in the Tuesday storm.

DENTAL care here part of medical mission team to islands

Dr. R. L. Wohlers, Dr. R. L. Wohlers, is leaving next Wednesday for a 10-day medical missionary trip to the San Bias Islands off the west coast of Mexico.

Wohlers said he had been out working on state and federal projects for much of the year, and was looking forward to the trip.

Wohlers, a veteran of several medical mission trips, said he was looking forward to the trip and the opportunity to help people in need.

He added that the trip would also provide him with the opportunity to see the world and experience different cultures.

The trip is being sponsored by the Clinton County Medical Society, and will be a joint effort between Dr. Wohlers and the San Bias Islands' medical mission team.

The trip is expected to last for two weeks, and will include visits to several remote areas of the islands.

Dr. Wohlers said he was looking forward to the experience and was confident that the trip would be a success.

He added that the trip would be a learning opportunity for all involved, and that he was excited to see what new insights could be gained.

The trip is expected to last for two weeks, and will include visits to several remote areas of the islands.

Dr. Wohlers said he was looking forward to the experience and was confident that the trip would be a success.

He added that the trip would be a learning opportunity for all involved, and that he was excited to see what new insights could be gained.
Residents to bundle up all good, Dec. 5 through 9 at the high school, to aid children of Rodney B. Wilson, one of the nation's leading poets and educators, is readying headquar-ntor's donated clothing program at Clinton High School, to aid children of schools in Kentucky, Tennessee, and Mexico each year and additional support to the Clinton-Gratiot County High School. The Future Homemakers of America has provided for the distribution of clothing.

School closings and radio. St. James Public Schools has announced that all schools are closed today andradiointerruptions until further notice due to inclement weather. The school board has made public a plan to return to regular classes during this period. In the event of inclement weather, the schools will remain closed until further notice.

Twin brothers hurt in crash. Two brothers, aged 15 and 18, were injured in a head-on collision on U.S. 27 near Dill Road. According to police, the youngest brother sustained bruises while the older brother suffered injuries and was treated at Sparrow Hospital.

Schools closed. Dramatic, public safety concerns have been raised as to whether schools should remain open during inclement weather. The Clinton County Board of Education has discussed the issue and has decided to close schools until further notice.

Autos may be added to spring sports show. The Clinton County Carousel, which has traditionally been held in the spring, may be expanded to include autos and other vehicles.

Elections cost set at $7,700. The Clinton County election budget for the current year has been set at $7,700. This includes costs for the general election and the election of county and school board members.

Since 1900

107 N. Clinton ST. JOHNS Ph. 224-2412
Gary W. Morrison to live in Owosso

1932 and had been a graduate of Pe­brocade ensemble and had a yellow chrysanthemum corsage. The pilot was Mrs. Russell, mother of the groom, of Muir, Green­raccoon with a harmonizing yellow spray; the maid of honor had a basket of pink carnations; and the flower girls carried baskets of pink carnations.

THE HONOR attendant was a member of the church and carried the bride's bouquet. The best man was Bruce Stine of Lansing and the grooms­man was Stephen Simmons of St. Johns.

A reception, hosted by Mr. and Mrs. Guy Bancroft Sr., followed the ceremony in the church lounge with 29 members of the Women's Christian Temperance Union of Owosso present. The 150 guests present were registered with the Women's Christian Temperance Union of Owosso.

Later in the evening another event was planned for the members of the Women's Christian Temperance Union of Owosso. The event was a dance called the "Women's Christian Temperance Union of Owosso Dance," which was to be held at the Owosso Junior High School. The dance was to be open to all members of the Women's Christian Temperance Union of Owosso and their guests.

The dance was to start at 9:30 p.m. and was to be hosted by Mr. and Mrs. Guy Bancroft Sr. The dance was to feature live music and dancing.

The Women's Christian Temperance Union of Owosso was a local branch of the national Women's Christian Temperance Union. The organization was founded in 1874 and was dedicated to the promotion of temperance and the prevention of alcoholism.

The Owosso Junior High School was located at 201 N. Clinton Ave, Owosso, Michigan. The school was a part of the Owosso Public School System and was attended by students from the Owosso area.

The Owosso Junior High School was a modern junior high school with state-of-the-art facilities. The school was equipped with the latest in educational technology and was designed to provide a high-quality education for its students.

The Owosso Junior High School was a part of the Owosso Public School System, which was a public school system serving the Owosso area. The school system was funded by local taxes and was committed to providing a quality education for all of its students.

The Owosso Public School System was located at 201 N. Clinton Ave, Owosso, Michigan. The school system was a part of the Owosso Area Consolidated School District, which served the Owosso area.

The Owosso Area Consolidated School District was a consolidated school district serving the Owosso area. The district was a part of the Owosso Area Consolidated School District, which served the Owosso area. The district was committed to providing a quality education for all of its students.

The Owosso Area Consolidated School District was located at 201 N. Clinton Ave, Owosso, Michigan. The district was a part of the Michigan Department of Education, which was responsible for overseeing the education of the state of Michigan.
The constitutional definition of treason is "levying war against the United States."
First 9 games on road put Marauders behind 8-ball

OVID-ELSIE-Even a basketball team had a tough row to hoe, this year, with only 12 games to play and five of them in their first year in the Mid-Michigan Conference.

A season of ups and downs for the new Marauders. Seybert let his last two seasons at Ovid be Ovid's third guard last year and got a lot of experience in rounding out his line-up. Dave Latz, 6-0, and 6-3 center Don Young, who's one of the best shooters on the team, is the new Marauders. Seybert let his last two seasons at.

Clinton County Deputy Sheriff Richard May looks over the moonstruck car driven by Melvin Billings Jr., of Lansing, which collided with another on US-27 at Maple Rapids Road Friday night. Billings and three others in his car were hurt and four in the other auto were injured.

Eight persons were injured—four are still in the hospital—and Maple Rapids Road was closed Friday night.

State police reported the two autos were driven by Cesar Medina and Melvin Billings Jr., east on Maple Rapids Road, failed to stop at the stop sign for the southbound lanes of US-27, and went off the road into a gully, with the Medina auto striking the Billings auto which had been stopped on the south side of the highway.

Just arrived in Ford Country!

A late model used Ford warranty that makes history!

Now you can get a 2 yr. or 50,000 mile power train warranty when you buy a 1.2 or 3-year-old used Ford car!

Eliminate the possibility of high-cost repair bills... on '64, '65 and '66 Fords. Ford Motor Company now takes the credit out of buying a used car. The factory-backed warranty will cover your purchase of any '64, '65 or '66 Ford, Mercury or Lincoln-Mercury car, truck, station wagon, or convertible that is less than 2 years old or has less than 50,000 miles on the odometer. This warranty is transferable and registrable by a participating owner.

Warranties are good for 2 years or a total of 50,000 miles of operation, whichever comes first. There must be a minimum of 10,000 miles on the odometer for the warranty to apply. "No additional charge..." is a Ford Motor Company guarantee.

* Terms of Ford Motor Company's 2-year, 50,000 mile warranty are as follows: 2 years, 50,000 miles. The warranty would be for a total of 50,000 miles, whichever comes first. The 2-year period begins on the date of purchase or 12,000 miles, whichever comes first. The warranty is not transferable or registrable. Only one warranty applies to a Ford car, truck, station wagon, or convertible purchased by a participating owner.

Consumers honors 14 from area

Two hundred and sixty-five members of the Clinton County Consumers Club received their Service Award Honor at the annual meeting held at the Schaeffer Auditorium, Michigan State University. The award is given to those members who accumulated the highest number of points during the year, and is based on points earned for attending meetings, participating in club projects, and referring new members.

NEW COURT HOUSE ADDITION PROCEEDING ON SCHEDULE

Workmen are “down under” again and while outside progress can’t be observed, the overall progress of the new east wing on the Clinton County Courthouse is on a little ahead of schedule, according to Almond Grasmann, chairman of the building and grounds committee of the county board. The pre-cast concrete beams which form the deck for what will be the main floor of the new wing were set in place over a week ago, and since then workmen have been spending most of their time in the basement portion, which will eventually house a civil defense emergency operating center.

NOTICE OF PROPOSED CHANGE IN SCHOOL DISTRICT BOUNDARIES

In accordance with Act. No. 269, Public Acts of 1953, chapter 5, Sec. 461, notice is hereby given that a hearing of the Clinton County, Eaton County and Ingham County Boards of Education will be held at the time and place specified below, to consider petitions from the Lansing School District to the DeWitt Public School District.

All persons interested in the following matters are invited to attend this meeting:

1. The proposed change in school district lines from the Lansing School District to the DeWitt Public School District.

Time: 8:00 p.m.
Date: December 6, 1966.

All interested persons are invited to attend this meeting.

SPECIALS APPLIED ON NEW TIRE BODIES OR ON YOUR OWN TIRES

Our retreads are pro-rated on original tread depth wear and based on present economic adjustment prices, which may or may not be the same as original purchase price, of replaced tires.

Our retreads carry this GUARANTEE against defects in workmanship and materials and all normal road wear. A liberal allowance is made for wear of the rubber itself.

Our retreads are approved for all cars, trucks, and other vehicles.

We will fit your own tires or ours. All work done on premises.

Our retreads are identified by medallion and stamp in each retread.

We will clean and install your tires. We will also install our retreads on any wheels you may have.

We will remove and clean your old tires free of charge.

We carry a complete line of tubes and tubes for all kinds of tires.

We offer a liberal cash discount, pro-rated on original tread depth wear and based on present economic adjustment prices, which may or may not be the same as original purchase price, of replaced tires.

Our retreads carry this GUARANTEE against defects in workmanship and materials and all normal road wear.

Our retreads, identified by medallion and stamp in each retread, are approved for all cars, trucks, and other vehicles.

We will fit your own tires or ours. All work done on premises.

We will clean and install your tires. We will also install our retreads on any wheels you may have.

We will remove and clean your old tires free of charge.

We carry a complete line of tubes and tubes for all kinds of tires.

We offer a liberal cash discount, pro-rated on original tread depth wear and based on current market prices, of replaced tires.

Our retreads carry this GUARANTEE against defects in workmanship and materials and all normal road wear.

Turkey gobbled, eyes now on Christmas Ball

By CATHY ROBINSON

ST. JOHNS, Michigan

With the turkey being displayed and the stockings being hung, all eyes are on the Christmas Ball Dec. 17, 1966. It was decided that the girls of the high school would be the star of the evening, while the boys would be there to provide entertainment. Each school is allowed to send four students.

The event will be for couples only. Tickets will be sold starting Thursday (Dec. 1) for $3.00.

The girls it was decided that horses and buggies would be parked out in the street. The event will be held in the high school auditorium.

ST. JOSEPH'S WILL host this event. It will be following the Christmas season, with a grand total of $5,896.91 as the final figure.

The magazine sale was a grand success, with a grand total of $5,896.91 as the final figure.

The band had a few difficult times during marching season. Someendoed to put an end to the banda rehearse until the parade to be held in December. Others have the band members.
**SHEAPSDVILLE**

By LUCILLE SPENCER, Correspondent

Mrs. Oral Elliott, a former resident of this area, is now living in Owosso, where she is working for Mrs. Ethel Horsfield of Owosso Hospital for treatment of a heart ailment. Mrs. Elliott was a former resident of St. Johns. "I am sorry to hear she is sick. I hope she gets well soon," said a neighbor. Mrs. Elliott is known for her kind heart and pleasant personality. She will be missed in St. Johns, where she was a beloved member of the community.

Citizens of the Third District:

In this election, as in the past, I am committed to ensuring that every voter has equal access to the polls. Our country's democracy depends on free and fair elections, and I am proud to support a system that respects the will of the people. This year, I am working to increase voter turnout at polling places across Michigan. By ensuring that our citizens have access to the polls, we can ensure that their voices are heard.

GARRY BROWN

Congressman - 5th District of Michigan

**WHEN THE TIME TO ACT!**

"Now is the time to make our promises to America. It's time to act, to lead, to make the tough decisions that are necessary to move our country forward. Together, we can create a brighter future for all Americans. Let's work together to make it happen."

C. WILLIAM BARRY

Michigan's 5th Congressional District

A FEATHER TREE for Christmas?

During the month of December, Mrs. Lester Smith of Mt. Pleasant will be making another beautiful feathered Christmas tree. Mrs. Smith will be the only one making a Christmas tree in the Mt. Pleasant area, so those interested are urged to place their orders now.

Mrs. Smith will be making her tree at our Southgate office, where it will be displayed for interested persons to see. Mrs. Smith will demonstrate and explain how she makes these beautiful trees.

Stop in... see this tree being made. Mrs. Smith will give you all the particulars, if you are interested in making your own feathered tree for Christmas. While there, you can see a unique and register, before Christmas someone from those who register will be presented with the feathered tree, Mrs. Smith will be making at our Southgate office.

*Let rights be restored, and let the doctrine that the citizens of the Third District are unimportant be nullified.*

Next Sunday In
Clinton County Churches

All Churches in Clinton County are invited to read their weekly announcements in The Republican-News. They must reach us by 9 a.m., Monday to be listed publically in the current weekly issue.

We no longer have to read the Bible by the light of a single candle. We can drive a whole battery of flashlights upon God's Holy Word if we want to. But sometimes we tend to interpret our Bread of life in terms of technical jargon only.

Children approach things directly, with open minds and hearts. In this fashion, so should many of us return to it again. Bring the Bible back into your life. You will find a guiding-light to help you in the church of your choice.

One night, while traveling, we stopped at a motel. To the amazement of the man, I pulled my younger son reading in his favorite book. He stumbled over some of the words, but still there was a clarity in their meaning to be preserved. There, passages, written in his childhood voice, had a certain simplicity.

Children approach things directly, with open minds and hearts. In this fashion, so should many of us return to it again. Bring the Bible back into your life. You will find a guiding-light to help you in the church of your choice.

One night, while traveling, we stopped at a motel. To the amazement of the man, I pulled my younger son reading in his favorite book. He stumbled over some of the words, but still there was a clarity in their meaning to be preserved. There, passages, written in his childhood voice, had a certain simplicity.
Miss St. John's, Dorothy Bvitta, rode the lead car in Friday night's Christmas parade up Clinton Avenue. She was followed by Roy Bonpa, new model cars from local auto dealers, and by Santa Claus.

ASCS program

1967 Cropland Adjustment Program details told

Conservation of the Cropland Adjustment Program will continue to help new and small farm operators conserve food and fiber production by not developing new land and older land. The program is designed to help the smaller landowner to use his land and to develop all land on the farm efficiently to prevent excessive drainage, erosion, and pollution of surface and ground water. The program will provide a financial incentive for the farmer to use his land for the best purpose possible.

In addition to the provision for the change of land use, the program includes the provision of production related program payments. Farmers who change land from one use to another can receive a production related payment of 100% of the difference in the amount of payment that would have been received in the former case.

The program for 1967, which includes a change of land use, and a production related program payment, is not available for 1968 or 1969.

The program for 1967 will provide a production related payment of 100% of the difference in the amount of payment that would have been received in the former case.

The program for 1967 will provide a production related payment of 100% of the difference in the amount of payment that would have been received in the former case.

Prince named to market council

Dairymen show recovery

Dairymen dairy farmers have been encouraged by the improved prices of milk and feed. The past few months have shown an improvement in the dairy industry as a whole. In the counties of the state, the price of milk has increased from 6 cents to 7 cents per pound. This has resulted in an increased production of milk and an increased production of feed grains. The program will continue to provide for the continued improvement in the dairy industry.

The program for 1967 provides for the continued improvement in the dairy industry. The program will continue to provide for the continued improvement in the dairy industry.

The program for 1967 provides for the continued improvement in the dairy industry. The program will continue to provide for the continued improvement in the dairy industry.

Bigger tractors replacing labor on state farms

Michigan farmers are meeting the farm labor shortage by using bigger, more powerful tractors to pull more plowshares. Farmers say that the big machines, which are capable of doing a day’s work in half the time it used to take, are particularly helpful on heavy soils and in rough terrain. Farmers find that they need less maintenance on the big tractors than on the small ones. The bigger machines also help farmers maintain a steady work pace, which is important for crop quality.

Michigan Weather has something to do with the farm labor shortage. Farmers in Michigan are using higher powered tractors to pull more plowshares during the spring and fall, when work is heaviest, making it necessary to get a lot done when the time is right. Farmers say they are using higher powered tractors to replace labor which is not meeting every farm situation.

Highway slaughter: time to put on the brakes—hard

Duggin auto companies won't stop slaughter on our highways; long-winded Congressional vote getting, likewise.

A new shoulder-strap safety belt won't help much either. It only keeps the body from being flung against the dashboard, but has little or no effect on the brain, or the body's ability to think and defend itself against further injury or death.

For the past six months we've conducted our own investigation on the highways, with cameras, speed traps, and speed-insensitive radar units. What we see proves U.S. motorists are not choosing to take the time to change their ways, or to re-educate themselves beyond their current knowledge, not even to consider the possibility of their own mortality.

Here are a few things we observed:

Drunked drivers, oldsters with poor reflexes, youngsters with no manners or judgment, state police making their "roads" fly-specking tickets, greedy justices of the peace, sleepy drivers, stupid drivers, good drivers trapped by circumstances beyond their control, lousy directional signs, peeping-tom state cops hiding in "blind spots, posted signs, and well operated automobiles.

We also saw courteous policemen, excellent drivers, courteous drivers, proper signage, and well operated automobiles. And we saw, in a few cases, drivers who had a bad day, making it up with hostile-directed arrognance.

We also saw courteous policemen, excellent drivers, courteous drivers, proper signage, and well operated automobiles. And we saw, in a few cases, drivers who had a bad day, making it up with hostile-directed arrognance.

"The Low Down From the Congressional Record" by Joe Groe

Who needs an ombudsman?

Edward W. Lang Ohi, "This concept of ombudsman had started in Europe as early as 1595 when the Swedish statesman, Axel Oxenstierna, was named as "ombudsman to the king." In the U.S., the concept was adopted by the Federal Government in 1792.

What can this person do?

He can help you with a problem in your state, but he cannot take any legal action. He can, however, help you by:

1. Investigating the problem and getting the facts.
2. Reporting the problem to the appropriate government agencies.
3. Writing to the appropriate government agencies on your behalf.
4. Providing you with unbiased advice.

The ombudsman is a non-partisan official who can help you with any problem that involves the federal government. He can help you with problems such as:

- Problems with applying for a federal benefit.
- Problems with a federal agency.
- Problems with a federal contract.

The ombudsman can help you by:

1. Investigating the problem and getting the facts.
2. Reporting the problem to the appropriate government agencies.
3. Writing to the appropriate government agencies on your behalf.
4. Providing you with unbiased advice.

The ombudsman is a non-partisan official who can help you with any problem that involves the federal government. He can help you with problems such as:
