Who Pays 5½% on Christmas Clubs?

By Jim Schalitz

Community News Writer

An unreported hard hat makes a

appearance from Clinton and Ionia  

County’s chamber-sponsored

Christmas program.

On Saturday, Dec. 6 at 10 a.m. there will be a story

musical escort by the St. Johns High School

ensemble. The program will include partners,

by the St. Johns Singers, the choirs of St. 

Johns, the St. Johns Community Church, and the

St. Johns Community Church. This program will

be held in the gymnasium.

Jaycettes with funds provided by the

St. Johns Chamber of Commerce will meet with youngsters, from 7 until 8 p.m. and is escorted to the municipal

building. Santa arrives with more than 1,100,000 members

of this year’s chamber-sponsored

Christmas program.

Santa arrives Friday

Old St. John and St. Johns will be held for the

1975 Christmas season with this Annual Friday, Dec. 6 at 7 p.m. and will receive a prominent Ment of the St. John’s High School

Broadway, winner of this year’s contest.

The enumeration of St. John and St. Johns was done by the Jaycettes and the Jaycettes with funds provided by the

St. Johns Chamber of Commerce.

Agreement nearer on sewer hook-up request in Bath Twp.

The Michigan Mid-South Health Systems Agency, Inc. is holding a public meeting to announce its intention to apply to the Department of Health, Education and Welfare for official designation as the health systems agency to serve the counties of Clinton, Eaton, Ingham and Lenawee in Michigan. This health systems agency is a voluntary, non-profit agency responsible for developing plans for the organization of health facilities, services and programs for a multi-county region.

The meeting will be held December 23, 1979 at 7:30 p.m. in the basement conference room of the new building, 222 East Saginaw, East Lansing. The public is invited to attend this meeting to obtain information about the health systems agency and to express their views about the proposed application.

Copies of the formal application and related documents, including the qualifications of the Michigan Mid-South Agency and its proposed work program, will be available at the meeting and at the offices of the Capital Area Comprehensive Health Planning Association, suite 610 at 241 East Saginaw, East Lansing. The members adjourned for a cocktail hour and will meet again January 31.

Pilgrim United Methodist Church holds Harvest Festival

The congregation of the Pilgrim United Methodist Church organized the all-day festival to be held from 8:30 a.m. to 4 p.m. each month at 7 p.m. on First Friday after evening Mass until all are heard. The church office will be open on the first Friday of the month from 9:00 a.m. to 12:00 noon for those who wish to make a reservation for the event. The proceeds from the festival will be used to support the church's mission and community outreach programs. Visitors are encouraged to attend and participate in the activities, which will include a silent auction, entertainment, and food. The event will conclude with a special service to remember the Blessing and to give thanks for all that has been received during the festival.

NATURAL RESOURCES COMMISSION ACTION

ORDER DATE: NOVEMBER 2, 1976

MAGGIE R. VANWHY

FOR INCREASE OF WALLEYE, SAUGER, AND TIGER MUSKELLUNGE

LAND BANK OF ST. JOHNS, MICH. 48879.

RICHARD D. WELLS, No. 22177

ATTORNEY FOR PETITIONER:

Petr. for leave to file on behalf of Margie R. Vanwhy.

WHEREAS, the Commission has determined that:

1. The City of St. Johns, by an ordinance, limits sport fishing for the Great Lakes and connecting waterways to Michigan, for the purpose of regulating the use of water from a public water supply system due to contamination by bacteria.

2. Water outlet which would result in the drinking of the walled water from the public water supply system of the City of St. Johns, to the Michigan Department of Environmental Quality, for the purpose of regulating the use of water from a public water supply system due to contamination by bacteria.

NOW, THEREFORE, the Commission orders:

1. The City of St. Johns shall be notified of the refusal of access, when water outlet which would result in the drinking of the walled water from the public water supply system of the City of St. Johns, to the Michigan Department of Environmental Quality, for the purpose of regulating the use of water from a public water supply system due to contamination by bacteria.

2. The refusal of access, when water outlet which would result in the drinking of the walled water from the public water supply system of the City of St. Johns, to the Michigan Department of Environmental Quality, for the purpose of regulating the use of water from a public water supply system due to contamination by bacteria.

3. The refusal of access, when water outlet which would result in the drinking of the walled water from the public water supply system of the City of St. Johns, to the Michigan Department of Environmental Quality, for the purpose of regulating the use of water from a public water supply system due to contamination by bacteria.

4. Voter registration off to "good start"  

LANSDOWN—Based on the first month’s success with the new driver license registration system, Secretary Austin said yesterday, "the Secretary of State’s office has identified at least 5,000 persons who moved out of the state, since they have been informed that the Secretary of State is the only place where they can update their voter registration." Austin said, "The office is open from 8 a.m. to 5 p.m. Monday through Saturday."  

A total of 21,000 new applications were received in the first month of the new system. The Secretary of State’s office has identified at least 5,000 persons who moved out of the state, since they have been informed that the Secretary of State is the only place where they can update their voter registration. Austin said, "The office is open from 8 a.m. to 5 p.m. Monday through Saturday."

Data system to assist in filing for grant money  

Many state and local agencies and individuals are using computerized systems to manage grant applications. These systems can help streamline the process and reduce errors. However, they also require significant investment in hardware, software, and training.

T_CRCPC study faces possibility of resorting to Great Lakes water

Pumping water from the Great Lakes may be a reality by the year 1985 according to a study by the Metropolitan Area Recharge Project. The project, funded by a grant from the federal government, is being carried out by the Tri County Regional Planning Commission (TCRPC) in cooperation with the Clinton Metropolitan Planning Agency.

According to a TCRPC study, the Lansing Metropolitan area, particularly the Lansing and East Lansing areas, could face shortages in their water supplies by 1985. The recharge process requires the construction of artificial recharge basins that are designed to capture and store water that would otherwise enter ground water reservoirs, purifying the polluted stream and preventing a number of pollutants from entering ground water reservoirs.

In explaining the problem, TCRPC's Michael Scieszka, TCRPC's Metropolitan area, said, "The Lansing area stores its water in porous 'water-bearing strata' such as sandstone and shale, and this water can contaminate the ground water reservoir. Pollution control acts, only recently enacted, may be too late to stop the pollution once it enters ground water reservoirs. Therefore, the recharge process is being considered to prevent the pollution from entering ground water reservoirs." The recharge process involves the construction of artificial recharge basins, which are designed to capture and store water that would otherwise enter ground water reservoirs.

Michigan motorists pay more to drive

The cost of driving for Michigan motorists hit a record high in 1975 compared to the previous year, according to the Michigan Department of Natural Resources. The department reported that the cost of driving for Michigan motorists has increased steadily over the past 15 years, with the most recent year showing a significant increase. The department noted that the increase in driving costs is due to a combination of factors, including higher fuel prices, increased maintenance costs, and more stringent emissions standards.

STAR OF BETHLEHEM

MSU Christmas show

The MSU Christmas show, "Star of Bethlehem," continues to be a popular annual event in Michigan. The show features a live nativity scene, traditional carols, and a variety of other performances. The show is held at the MSU Pavilion in East Lansing and is open to the public. Tickets are available online or at the door.

Celebrate 25th wedding anniversary

Mr. and Mrs. Daniel Green were among the guests who attended the 25th wedding anniversary celebration of the Reverend Homer Van Buren and his wife, Ivah Acre Risley, at their home in Ovid. The event was followed by a program held at John Wesley College. Miss Mary Ann Sovis, daughter of Mr. and Mrs. Andrew Sovis, was present to celebrate with her parents and the couple's grandchildren. The morning was filled with decorations of green and white, with corn stalks and accents to make the occasion truly special. The cake was enjoyed by all, and the celebration was a happy gathering of family and friends.

Cedarberg offers historical calendars

Cedarberg's annual historical calendars will be shared with Morning Temple, Esolda Sills, E. Jean Wilson, Faye Cederberg, and other offspring of Worthy Grand Marshall, Star Chapter #279 of Ovid. The calendars will also be shared with Morning Temple's Temple School of Instruction and the Elsie Chapter's Every Member Project and "We're Caring for the Aged, Let's Help" initiative. The calendars will be explained in future Temple meetings, after which they will be shared.

Elise OES meets

Elise OES held a meeting recently at Navin Temple with Grand Marshall, Star Chapter #279 of Ovid. It will be explained in future meetings. In attendance were: Mrs. Harold Hehrer, South Lyon; Mrs. Thomas Loomis, Detroit; Inez Petrie, Lake Orion; Mrs. John Walling, Elsie; and Mrs. Leo Deming, Michigan State University and Michigan State Teachers College. The program was presented by Esolda Sills, E. Jean Wilson, Florence Ewer, and Miss Lula Knight on her 92nd birthday. The guests were treated to a delightful meal, followed by a program of music, games, and a silent auction. The evening was a great success, and everyone had a wonderful time.

In a letter addressed both to board members and the County Board of Commissioners, Sloan admitted to asking to send a letter to the board, however, that Sloan’s members weren’t too sympathetic to Mr. Rowland’s pathetic attempt to protect the township. Richard Robinson, told the board, however, that Sloan’s request was without merit and that if was the board’s job to protect the CDPW from law-suits, added the director.

The CDPW still owes the township $45,000 in August 1972, but refused to pay them the rest of the money is for the extra money is for the extra pathetic to Mr. Rowland’s attempt to protect the township. Richard Robinson, told the board, however, that Sloan’s request was without merit and that if was the board’s job to protect the CDPW from law-suits, added the director.

Redwings work to improve record of last season

The Redwings will be looking to improve their 9-10 overall record and their 3-5 league mark of last year's campaign.

The Wings return only 3 letter-winners from last year's squad, but all 3 were starters at some time during the season. Keith Bashore, winner of a previous letter, seniors Frank Eaivor, Greg Hazle and Coach Doug Japinga. Juniors Greg Hzle, Bob Ditmer and Tim Zwick, Randy Nelson, Wayne Swender, Rueben Rodman, Doug Long, Gary Loynes, Ron Shivley, Tim Knaus. Juniors Bashore along with former Cy players Wayne Dedyne, Dave Martinez, Greg Hazle and Coach Doug Japinga.

Returning also will be seniors Finch Farmer, Greg Hazle, Bob Ditmer and this season. Juniors returning will be Jerry Rennie along with former JV players Wayne Dedyne, Dave Martinez, Mark Goller, Steve Gottschlich and Scott Mainland.

The West Central Conference race looks very balanced and the Grand Ledge and Lansing Groves are favorites to win championships. Grand Ledge will feature the tallest team in the conference with 6'6" to go along with a group of veteran guards. Lansing Groves return an experienced squad consisting of 4 starters from last season. Speed, height and accuracy shooting are the strengths which the Saxons hope will propel them to the heights of the championship.

King, including a 6'7" transfer, go along with the return of four starters from last season, appear to be in a position to challenge the Saxons. Charlotte, always en­
dowed with fine basketball players, will attempt to improve its last place finish of a year ago with several returning let­
ters and a new coach. The Redwings ride on a definite dark horse in the Conference race. With the lack of many experienced letter-winners, the Wings hope to make continued improvement as the season progresses, but can't be held in the race at this time.

The team will have to depend on its senior leadership both on and off the floor to rank the team in a successful season.

With a good year from the seniors, the Redwings could be a surprise to the league prognosticators. St. Johns will rely on its defense and running game to improve its league position of last season.

### Schedule

| DATE | OPPONENT | PLACE | Waverly | Away
|------|----------|-------|---------|-----|
| December 3 | Outside | Away | Away | Away
| 10 | Ovid/Elsie | Away | Away | Away
| 17 | Ovid/Elsie | Away | Away | Away
| 24 | Outside | Away | Away | Away
| 31 | Outside | Home | Away | Away

**Taller Marauders this season**

Bob Fornacker, Ovid/Elsie basketball coach, says the Marauders will have a different look this season. Fornacker said, "For 7 years, we have had short guards at Ovid/Elsie, with the taller player in the history of our school always had good guards. We have never been built around these players. This year, we have the opposite. We have a 6'4" center back for half year, Doug "Big E" and will be the leader. Expected to be a big help for the Ovid/Elsie Marauders this year is Gary Lappert, up from last year's junior varsity squad. A Junior, he is 6'7".

With height as their biggest asset, lack of experience at the guard spots could be a weakness for the Marauders. Fornacker said guard positions are being con­

tested between

### December

**Taller Marauders this season**

Bob Fornacker, Ovid/Elsie basketball coach, says the Marauders will have a different look this season. Fornacker said, "For 7 years, we have had short guards at Ovid/Elsie, with the taller player in the history of our school always had good guards. We have never been built around these players. This year, we have the opposite. We have a 6'4" center back for half year, Doug "Big E" and will be the leader. Expected to be a big help for the Ovid/Elsie Marauders this year is Gary Lappert, up from last year's junior varsity squad. A Junior, he is 6'7". With height as their biggest asset, lack of experience at the guard spots could be a weakness for the Marauders. Fornacker said guard positions are being con­tested between

Six returning lettermen  
at Pewamo-Westphalia

Of the 14 members of the
Pewamo-Westphalia  
basketball squad this  
season, 6 are lettermen  
returning from last year's District  
Championship squad.

Although the Pirates  
were beaten by the  
GMAC, they came on strong to win the  
Division, failing the  
opening game of regional  
competition.

This is Joe Giard's 2nd  
year as coach of the  
Panthers.

The Pirates will  
capitalize on the ex-
perience of their 6  
returning lettermen and  
overall team speed to do  
battle in the always tough  
CMAC basketball con-
ference.

Taking the court this  
season for Pewamo- 
Westphalia will be Luke  
Gale, Mike Drouin,  
Matt Thelen, Dave Kuhagen,  
Warren Willits, Ed Paksi,  
Al Russell, Dave Belen,  
Blake Thelen, Dave  
Kohagen, Duane Weber,  
Steve Lenneman, Bill  
Klein, Keith Schafer,  
Dave Miller, Jim Thelen,  
Lonnie Lucas and Dean  
Hengesbach.

DeWitt continues with rapid pace

DeWitt Panther head  
basketball coach Terry  
Gale sees the key to a  
national championship in  
shooting and strong  
defense.

In his previous years as  
coach of the Panther's  
Gale's squads have been  
known for their rapid  
defensive pace and  
offensive pressure.

DeWitt will hope to gain  
experience in the early  
season games with only 2 players  
back on the squad. Although  
a lot of action last season,  
returning veterans are  
Warren Willits, Marty  
Drouin, Dick Schenck,  
Al Russell and Ed Paksi.  
Only Willits and Drouin  
gained a lot of game ex-
perience last year.

The Panthers are also  
expecting help from Pat  
Baker, Dave Wilson, Craig  
Riddle and Greg Malard.  
Gale feels his 13-man  
quad will have plenty of  
depth and all should see  
a lot of action during the  
season.

Bath starts off season with win

After Tuesday night's game with non-conference opponent Haslett, Bath girls into Ingham County League competition against Fowlerville. Dick K., in his 40 seasons as head coach of the Bees sees his squad being strong in rebounding with overall team speed. Of the 16 players on the squad, 3 are returning from last year's team, which finished the season with an 11-11 mark.

Fowler--CMAC power as usual

Fowler power is a perennial happening in the CMAC basketball circuit and this year should be no exception. In Charlie Trieweiler's 40 seasons as Fowler head basketball coach the Eagles have won 123 games while losing only 39. Last year they were 20 out of 20 for the season and were 33-5 in league competition. Fowler seems to be turning in the same form on the football field, Dan Hume, seems to be turning in the same performance as the basketball court.

Within by 101, Michigan's 1975\-1978 Wildlife Management Act document explains for the first time detailed information on birds in each general area. It identifies the habits, ecological needs and other factors that affect the bird population of specific habitats. It also describes bird hunting and fishing regulations for the area, and lists other tips on wildlife conservation.

*The Rose Lake Wildlife Refuge has been studied for years, and research has revealed that the area is home to a variety of wildlife species. Researchers have found that Rose Lake is an important stopover for many migratory birds. The lake provides a valuable habitat for a wide range of birds, including waterfowl, shorebirds, and songbirds.*

Clinton county obituaries

Frank Harmon
FELINE 9-17-Pet funeral services for Frank H. Harmon, 84, of Clinton County who died Nov. 30 in his home. The service was held Dec. 1 at the First Presbyterian Church of Clinton and officiated by Rev. Dr. William C. Harper, the Rev. Frank Horner, and the Rev. Dr. John T. P. Harper. Mr. Harmon was born Jan. 1, 1925, in Clinton County, the son of Mr. and Mrs. William H. Harmon. Mrs. Harmon was born in Clinton County, the daughter of Mr. and Mrs. George S. Harmon. She attended school in Clinton County, and graduated from the Clinton County High School in 1943. She was married to Frank H. Harmon in 1948, and he was a farmer and helped his brother, W. H. Harmon, with his work. Mrs. Harmon was a member of the First Presbyterian Church of Clinton, and was a member of the Clinton County Relief Association. She was buried in the Clinton County Cemetery.

Nina Runes
Nina Runes, a former resident of Clinton County, died Jan. 8 in the Weiser Convalescent Hospital in Florida. Mrs. Runes was born in Clinton County, the daughter of Mr. and Mrs. George S. Runes. She attended school in Clinton County, and graduated from the Clinton County High School in 1943. She was married to Nina Runes in 1948, and he was a farmer and helped his brother, W. H. Runes, with his work. Mrs. Runes was a member of the First Presbyterian Church of Clinton, and was a member of the Clinton County Relief Association. She was buried in the Clinton County Cemetery.

Pauline Rummel
Pauline Rummel, 84, of Clinton County, died Jan. 10 in the Weiser Convalescent Hospital in Florida. Mrs. Rummel was born in Clinton County, the daughter of Mr. and Mrs. George S. Runes. Are you one of the 40 million people who will retire without a pension?

Now there's good news from CNB. If you have no employer-sponsored retirement plan, read how we can help you take advantage of this new tax shelter to create a substantial retirement income for yourself.

Under a new federal law, millions of wage and salary earners can now set aside as much as $500 of tax-free income annually for their retirement.

To help you take maximum advantage of this new tax shelter, Central National Bank now offers Individual Retirement Accounts—special savings accounts that can multiply a surprisingly modest investment into a substantial retirement nestegg.

A double tax savings.

To help you take maximum advantage of this new tax shelter, Central National Bank now offers Individual Retirement Accounts—special savings accounts that can multiply a surprisingly modest investment into a substantial retirement nestegg.

Who qualifies?

Anyone who is not now covered by an employer-sponsored retirement plan, may open an Individual Retirement Account at CNB.

15% of your income tax-free.

By new law, you may put away as much as 15% of your annual earned income—up to a maximum of $1,500—to an IRA. This means that you can choose any of our CNB savings plans that best suits your needs. Our Time Deposits, for example, earn you full 5-1/2% interest, are automatically renewable, and may be started with as little as $50.

For the maximum possible return on your investment, however, you should look into our Investment Savings Certificates that are guaranteed to earn you a full 7-1/2% interest over six years in amounts of $1000 or more. More than that, our program includes a substantial interest penalty for withdrawal before maturity. Your money is safe—and available.

When you build a retirement income through an Individual Retirement Account at CNB, your money is protected by the federal government, and backed by the substantial assets of one of America's strongest banks.

Act now.

There has never been a better time to begin providing for a comfortable retirement than right now.

Interest rates at CNB have never been higher. And now you can plot this higher interest to work for you with tax-free dollars.

Why not look into an Individual Retirement Account today? The office at your nearby CNB office will be happy to help.

Report from the capital

87th District
Rep. Francis R. Spaniola

Michigan's economic development programs, as outlined by Governor Milliken, are the heart of the present debate over the state's fiscal future. It is no secret that these programs are the subject of legitimate concern and criticism by many in both the Legislature and the Administration.

One of the Governor's main points was that the corporate income tax cut is a crucial part of his package to attract new business to the state. He noted that in the last year alone, state revenue has increased by $6 billion, and that this increase will continue. The governor also pointed out that the state's economy is growing, and that this growth is helping to create new jobs.

However, there are those who argue that the state's fiscal situation is still very precarious. Many are concerned that the state's budget is still in deficit, and that the state's economy is not growing fast enough to bring down the budget deficit.
