Kroger freezes prices: area shoppers react

ST JOHNS - Last week Kroger Food Stores announced a nationwide anti-inflation program that is to go into effect Dec. 4. Kroger, one of the nation's largest food retailers, is freezing the prices of butter, dry beans and frozen foods at current levels. "It will provide relief and some new value for our customers," said Robert Gemmill, St. Johns Kroger Manager.

"Kroger is implementing the program in response to the inflationary trends," said "We believe the program will help to stabilize the cost of living." Kroger said that the program will be in effect for 90 days.

Following are comments by shoppers in the local Kroger store:

"I've been here for years. It's the only store I go to," said the manager. "I think that Kroger is doing the right thing."

"I agree," said a customer. "I don't see how the prices can go up any more."

"I'm going to buy all my groceries here," said another customer. "I don't want to pay more than I have to."

DeWitt Twp

Paddles, pedals, hooves and hikers may be in future for DeWitt Twp

By Deborah LaPar

Discussions that were held at the recent DeWitt Township Board of Trustees meeting indicated that paddles, pedals, hooves and hikers may be in their future. The transportation plan being developed includes bicycle lanes, pedestrian walkways, horseback riding trails and river bank areas.

The transportation plan also designates the Looking Glass River to run through the Township. The plan also designates the Township to be a part of the county's trail system.

The transportation plan will provide for the construction of bicycle lanes, pedestrian walkways and horseback riding trails. The plan also provides for the maintenance of existing trails and the development of new trails.

Help wanted: dragon slayers

These are trying times which have been, are and will be stretch- ing the faith of the American people. As the financial shoals threaten the ship of state, as well as the ships of business and industry, farmers and families, there is considerable worry and fear.

Unfortunately hysteria is the general mood of the country as everyone turns their minds to the problems that threaten us all.

One of America’s favorite pastimes when we find ourselves in trouble is to rail at government bureaucracy. But there are stronger indications that the growth in government, in numbers of employees and in size of budget, is one of the prime causes of our current economic woes. We find ourselves lost in but also one of the prime causes for the psychological confusion which is eating at the basic faith of the average American in his or her representative government.

In a special study a couple of weeks ago done by U.S. News & World Report indications were well presented which outlined the problems brought on by a burgeoning bureaucracy.

One of the many millions around our collective necks is the continuing trend toward ever-increasing government payroll and ever diminishing service from those on government payrolls.

Consider these facts:

One worker is in these United States occupies a government job. There are many who have studied the pattern and have reached the conclusion that the workers of the country may be the 14.5 million bureaucrats who are on the public payroll.

As staggering as the costs of wages and fringes for government employees are, a real end to the situation is that the government can choose how to control this giant industry called government, and industry that doesn’t have to show a profit but is in 100 percent drag on the economy.

What are the chances of getting government to reform bureaucracy?

As newly elected in 1942 when discussing waste in the defense department, the argument against cutting government waste was to ask a whale to fly.

One more reason to reduce the system's size and bring some order out of chaos..." he told a government committee.

The Clinton County Zoning Commission will hold a regular meeting Tuesday, December 13, 1974 at 5 p.m. in the Village Hall. A public hearing will be held at that time for the purpose of accepting or rejecting the following:

1967 Chevrolet Ton Pick-up, tide tool cabinet, with 350 cu. ft. gas tank.

A bill extending the time for filing a bill of sale for a vehicle purchased by a non-resident was passed.

A test of the voters on Monday, December 2, 1973, will have a slight effect on the characteristics of several months. An engineering study done over the last week has shown that the careful coordination of city and county needs to be done so as to best serve the public.

The time has come to call a moratorium on the creation of traveling nearly 200 million miles a year.

Three years ago, the Clinton County Zoning Commission had accepted the recommendation of the 14.5 million bureaucrats who are on the public payroll.

Winter enrollment reaches record

By JOHN AYLWARD

The Clinton County 4-H club has reached its enrollment high with 740 members. This is an increase of 170 members over the 1973 enrollment. The increase is due to the good programs and the strong leadership by the 4-H members. The club has three divisions: meats, dairy, and horticulture.

The New Hope 4-H club is one of the outstanding clubs in the county. They have 80 members and are very active in all activities. The club has won many awards and is considered one of the best in the state.

The new 4-H club in the county is the Delphos 4-H club with 5 members. They have just started and are working hard to become a successful club.

The Clinton and Shiawassee County 4-H leaders throughout the county have elected Don Seiler as their new president. He will be in charge of the 4-H programs and will work closely with the county leaders to ensure that the 4-H program is successful.

The 4-H leaders have also elected a new executive committee to help with the decision-making process. The new members are: Ann Smith, Robin Davis, and John Johnson.

Mrs Gerald Carroll hosts Elsie WLC

by June Keys

By popular demand Elsie WLC - the second monthly meeting of the Woman's Literary Club was held at the home of Mrs Gerald Carroll, 250 W. Higham.

President Mrs Laura W. Riley opened the business meeting by welcoming the 36 members in attendance and introducing a new member, Mary Ann Keeler. The club's new building was briefly discussed by Mrs Riley, who said the club was in need of more space.

Reports were given by Mrs Maudie Blix, vice president; Mrs Phyllis B. McFarland, secretary, who read the minutes from the last meeting; and Mrs Gladys Ford, treasurer, who presented the club's financial report.

The club discussed plans for the upcoming Bicentennial, which will be celebrated in 1976.

Leonard Mailand studies in Austria, France, Germany

The club also discussed the possibility of organizing a trip to Austria, France, and Germany for members interested in studying the region.

The meeting ended with a vote of appreciation to Mrs Gerald Carroll for her hospitality.

Gerald Mailand was elected as the club's new secretary and treasurer.
