After several delays the Clinton County Board of Commissioners unanimously defeated a request by Sheriff Anthony Hufnagel for the purchase of photo equipment and for additional dollars. The dollars were requested in the board meetings.

The sheriff said he was staffed now and will probably need more in 1987, and later mobbed into the Boron Building to visit with kids. The Santa on the middle floor said the visit was worthwhile.

While others departed their admission of one toy and scrambled out on the floor to inspect all these toys in one place, one little girl remained awhirl to contemplate all these toys in one place. The Bath Township police department reported that five accidents over the weekend were blamed on icy roads.

The accidents mostly occurred in school areas with frozen roads, and the police said the icy conditions have caused problems in other areas as well. The police have advised people to drive carefully and to use caution on icy roads.

Methodist youth babysit for holiday shoppers

The Methodist Youth Fellowship of St. Johns, Michigan, was babysitting for families shopping during the holiday season. The group of middle and high school students volunteered their time to take care of children while their parents shopped.

The group provided care for children of all ages, from toddlers to teenagers, and offered a variety of services, including watching children, providing transportation, and even cooking meals. The group was well-organized and had a clear plan in place for ensuring the safety and well-being of the children in their care.

The group’s mission was to help families enjoy the holiday season without the stress of child care. They were well-received by the community and many families took advantage of their services.

The group’s success was due in large part to the dedication and hard work of the students involved. They were committed to providing quality care and ensuring that every family who used their services had a positive experience.

The group’s plan for the future includes expanding their services and reaching out to more families in need of child care during the holiday season. They hope to continue to make a difference in the lives of families during this busy time of year.

The team fans are so enthusiastic in their support that the cheerleaders are constantly on the lookout for new cheers, chants, and stunts.

They always romance and charm their fans with new ideas and techniques. The cheerleaders also practice two weeks. Monday and Wednesday from 3:30 to 4:30 P.M. They utilize those cheers for basketball at Thursday and Friday night games.

At assembly is eight hours of learning. The cheerleaders are given 10 minutes to learn a formation and are taught various ways to cheer and add new ideas to their formations.

Camps can be competitive and learning. At one week camp in Florida the St. John's Varity squad was awarded the "Most Exciting"

The squad is expected to make a trip to New York City and then cheer for both the football and basketball seasons.

Are you one of the 40 million people who will retire without a pension?

Now there's good news from CNB. If you have no employer-sponsored retirement plan, read how we can help you take advantage of a new tax shelter to create a substantial retirement income for yourself.

Under federal law, millions of wage and salary earners can now set aside up to 15% of their earnings annually, to a maximum of $1500 of tax-free income for their retirement.

To help you take maximum advantage of this new tax shelter, Central National Bank now offers Individual Retirement Accounts—special savings accounts that can multiply surprisingly modest investments into a substantial retirement nestegg.

A double tax savings.

Anyone who is not now covered by an employer-sponsored retirement plan, may begin providing for a comfortable — and perhaps a happier — retirement than right now.
