Airport annexation to arise again

It has been widely stated that the City of Lansing is already interested in annexing the land now occupied by Capitol City Airport. This action is being considered against the state of the tax rolls and the financial condition of the city. Lansing's interest extends to more than just the economic benefit; the airport is considered to be annexed. Lansing has offered the airport in the past years is either now being supplied by the township. We still oppose it (the annexation).

The action has been fought in the past and, according to Emerson, an earlier Circuit Court ruling from Ingham County said that the Boundary Commission would not remove land thereby contract the area drastically in the past 3 years. Everything was required to return to St. Johns, home for this registration. And because Joseph was a member of the royal line, he had to go to Bethlehem in Judea. King David was a native of the area. Proclaiming this newspaper, he was with Samuel. The Christmas Story

Luke Chapter It: 1-21

(from the Way, The Living Bible)

About this time Caesar Augustus, the Roman Emperor, decreed that a census be taken throughout the Roman Empire. And because Joseph was a member of the royal line, he had to go to Bethlehem in Judea. King David was a native of the area. Proclaiming this newspaper, he was with Samuel.

The armies of heaven -- praising God, and the landscape shone with brightness, and the glory of God filled the earth. And there was the baby, lying in the manger. The shepherds told everyone what had happened and what the angel had said to them about this child. This was a very interesting, astonishing event, but they gladly treasured these things in their heart and often thought about them.

The Extra Saturday

free movies

ST JOHNS - There will be more Saturday free movies for the next 3 weeks for St. Johns schools to help celebrate the 25th anniversary of the St. Johns Theatre. By the time you read this it will be exactly 7 years and 26 days since the Saturday afternoon free movies started.

Postal Service announces Yule, New Year schedule

ST JOHNS - Full distribution and delivery will be suspended Dec. 24 and 31.

Deadlines for holiday

Thank you for your letter. This is a letter concerning the Clinton Fire Department.

I told the firemen that I was calling them out. As a result, they were very kind and considerate of my situation, and they did their best to help us.

When they arrived, they found out it was something very minor and they advised me to handle it myself. However, they were kind enough to stay for a while longer, just in case it needed further assistance.

The firemen were very professional and kind. They demonstrated a lot of compassion from their prompt and efficient fire department in St. Johns, and I will highly recommend them to everyone.

This is a letter concerning the "CARTOON FESTIVAL" satellite broadcast. It is back again and is being held from Friday, Dec. 21 to Sunday, Dec. 23.

I hope this information is helpful to you. If you have any further questions, please don't hesitate to ask.
Mona Harger weds Marlin Kindel

4A

ST JOHNS - Sioux United Methodist Church provided the setting for the Oct 26 wedding of Mona Lee Harger, daughter of Mr and Mrs Charles Harger of St Johns, and Marlin Wayne Kindel, son of Mr and Mrs Mary Philips Kindel of Saginaw.

The wedding was twinned Lace applique and she carried a bouquet of daisies and roses in their wedding flowers.

The attendants wore empire style gowns with scoop neckline and long sleeves. The flower girl wore a navy blue shirt with floor length sleeves. They were seated in a row of terracotta colored chairs with potted plants.

Stephanie Blankenship, daughter of Mr and Mrs James Blankenship of Clinton, was matron of honor.

Groomsmen included Tim Pierce, Howard Logsdon, and David Harger. Bridesmaids were Elizabeth Jones, Elsie Boslau, and as flower girl, Sisters Marie Diane of Fowler and Sister Diane of St Johns.

The wedding was followed by a reception at the Twin Lakes Country Club.

The bride is a 1970 graduate of St Johns High School while her groom was a 1971 graduate of Furs High School.

Thelen-Schneider exchange vows

December 20, 1973

ST JOHNS, MI - On Sept 15 at 6 pm, Elizabeth Theresa Thelen, daughter of Mr and Mrs Bob Thelen of 3700 E. Taft Rd, became the bride of John William Schneider, son of Mr and Mrs Arvil Schneider of St Johns. The ceremony was performed by Rev Raymond Kegler at the St Joseph Catholic Church. Rev Schneider accompanied singer Mrs Schaefer of Stone and the ceremony was followed by a reception at the Schoendorf home of the bride. A reception and dance were held at the St Johns High School in the gymnasium."
Chapko-Dunham united

The former Patricia Ann Chapko, daughter of Mr and Mrs John Dunham of Owosso, is to be married to John Litchfield, son of Dr, Elsie, and John Litchfield of United Methodist Church, 10A of Hollister Rd, in Owosso, at St. James United Methodist Church, before the Rev David Litchfield. The couple will return to Owosso for their wedding reception at home in Owosso, at 201 Old 127.

The bride is a graduate of Owosso High School and the University of Michigan. She is employed at the Detroit Edison Company. The groom is a graduate of Owosso High School and the University of Michigan. He is employed at GM.

The couple plans to reside in Owosso.

Celebrate anniversary

MRS. AND MRS. JOHN DUNHAM

November 10th, 1922 will be the fortieth wedding anniversary of Mr and Mrs John Dunham. The children of Mr and Mrs Dunham are hosting an open house at the home of Mr and Mrs John Dunham.

Mr and Mrs Dunham have been married for forty years. They have five children, twelve grandchildren and thirteen great-grandchildren. The family enjoys spending time together and traveling.

The couple plans to celebrate their anniversary with a small family gathering.

Social Security rep announces visit change

Clinton County Commission proceedings

Clinton County, Mich., Dec. 26, 1973

The Clinton County Board of Commissioners met Tuesday, December 26, 1973 at 10:00 A.M., in the Commission Room, Auditorium, County Building, DeWitt, Michigan. An invitation from the Fremont Township Board to attend a meeting held this evening at 7:30 P.M. was read. Chairman Shinabery instructed the Clerk to present the necessary agenda for the meeting.

Minutes of the September 26, 1973 meeting were presented. Corrections were made. Referred to Mrs. Nemeth for approval, to be published in the next week's newspapers. Proposed for adoption: A motion to accept the minutes of the September 26, 1973 meeting was made by Mr. Gove, seconded by Mr. Shepard. Motion was carried.

Mr. Gove reported for the Government & Personnel Committee. 

The Board recessed for Committee meetings at 10:00 A.M.

On resuming session Zeeb reported there is presently available $1,153,130 through property taxation, $2,190,186 through the 1973 Real Property Tax Collection, $137,947 through Social Services, $50,184 through Probation—Adult, $3,500 through Custom Duties, $200 through Michigan Week, $34,395 through Jury Board, $6,748 through Tax Allocation Board, $8,975 through Equalization, $44,931 through Assessor Office, $261,525 through Record Copying, $30,000 through Michigan Department of Education—Equalization and $57,000 through Montana County Authority. The Board will consider these matters at the next meeting.

Chairman Hufnagel read a letter from Charles Forst directing attention to the 1974 Adjournment Resolution and reminding the Board that the adjournment of the 1974 sessions will be held on December 26, 1973 at 5:00 P.M. The Board recessed for lunch at 12 o'clock noon.

The Board adopted the following: The motion was made by Mr. Zeeb, seconded by Mr. Reed. motion being carried unanimously. Mr. Gove was absent. Ten (10) aye - None (0) nay - one (1) abstained.

The Board recessed at 10:30 A.M.

The Board recessed at 10:30 A.M.

On again being called to order, Ron Delo presented the action at this time. They are apprehensive that the amount of water required by the construction workers is on the increase in apprehending speeding violators. Sheriff Hufnagel stated that he has been watching the decrease in the number of arrests for speeding violators. He feels that the construction workers are taking up the slack. Mr. Delo replied that he was working on this problem with the Governor and looking for some way to increase the apprehension of speeding violators. He feels that there is too much speeding on the highways. Sheriff Hufnagel stated that he would be interested in seeing some action taken in this area.

The Board then recessed for lunch at 12 o'clock noon.

How Santa Claus Became An American Christmas Tradition

The tradition that Santa Claus is the giver of Christmas presents comes to us from a fourth century German legend of St. Nicholas (Santa Claus is a German corruption of the name). When St. Nicholas learned of three poor sisters who were unable to attract suitors because their father was too poor to provide them with a dowry, he filled three bags with gold one night and threw them into the windows of their rooms while they were all fast asleep. Unexpected gifts were thereafter attributed to St. Nicholas.

The myth that Santa Claus descends the chimney to fill the stockings comes from the Norsemen. Their legend tells us that at the winter solstice the goddess Hertha appeared, in their fireplaces and brought with her happiness and good fortune.

Dr. Clement Clarke Moore, a professor in the General Theological Seminary in New York, put the myth in the form of a poem, "The Visit of St. Nicholas." He invented the sleigh and the reindeer and his description of St. Nicholas was suggested by the appearance of a German man-of-all-work in his employ. The sleigh bells were suggested by the bells on the bridle of his own horse. He wrote the poem for his children in 1822 and read it to them on Christmas Eve of that year. This poem has become the foundation of our rich American tradition about Santa Claus.

The Legend of Christmas Tinsel

According to an old legend, a peasant woman with many children decorated a Christmas tree with the humblest trimmings she was able to gather, mostly berries and nuts and such odds and ends as she had managed to save up during the year. She labored far into the night trying to make her tree as beautiful as she could.

While she was asleep, the Christ Child blessed the tree and all the spider webs were turned into gleaming silver.

PEACE ON EARTH

God grant that not only the Love of Liberty but a thorough knowledge of the rights of man may pervade all the Nations of the Earth, so that anybody may set his foot anywhere on its surface and say: This is My Country.

BENJAMIN FRANKLIN

SHEAF OF GRAIN

A SCANDINAVIAN CUSTOM

Scandinavian farmers traditionally placed a sheaf of grain to a pole and placed it out in the snow as a Christmas feast for birds, often with suet added as an extra treat. It is said that the birds perched on the pole and ate the sheaf of grain provided for them.

"THE TWELVE NIGHTS"

In northern Europe, the Teutons observed the winter solstice, calling it Yule. As the nights were long, it was referred to as "the twelve nights."

Our wish is simple and sincere, May the holiday bring gladness to you all. Thanks to everyone.

Proper care of houseplants

By W. R. MILLER
Flower Grower, St. Johns

Imagery is inherent in growing houseplants. Include them in your annual garden plans, and Michigan State University Cooperative Extension Service. A good pruning will have houseplants looking their best. Be sure to prune the center of fragrance without damaging the flower or foliage. Cut back to two or three strong stems, with three or four buds in each section. New growth will grow from these buds, providing more flowers to enjoy. Freshly pruned stems will appear more attractive. Houseplants add color and beauty to any room. Choose plants that are well adapted to your climate. The selection should include a variety of sizes, shapes, and colors. Houseplants can be placed in any area where there is sufficient light. They can be used as accents or to provide color in the winter months. Houseplants are an excellent way to add color and beauty to any room. Choose plants that are well adapted to your climate. The selection should include a variety of sizes, shapes, and colors. Houseplants can be placed in any area where there is sufficient light. Dangers of Quaalude

The volatile chemicals called "speed", "Quaalude", "Ludes", or "Methaqualone" are the drug of choice for many young people in the nation's capital area. The problem is a growing one, but officials at the Federal Health Data and National Institute of Mental Health predict a logarithmic growth in the amount of abuse of the chemical substance as a recreational drug.

Quaalude is a non-barbiturate sedative, also known as a "downer," to drug users. The drug is easy to obtain legally, and its use will without the Federal Drug Administration's knowledge. It is rapidly growing in popularity among young people, often referred to as "the high." Other sedatives, mainly barbiturates, are growing in popularity as well. The popular use of the chemical substance has led to a growing concern among physicians, particularly those in the field of addiction and alcoholism. The addition of the drug has led to a growing number of deaths, relating to overdosage dependent on the drug, and a growing number of "quaalude freaks." They suffer from very high blood pressure, go into a stuporous condition, and then into a serious coma, when the dosage becomes too great and the metabolism of the drug is altered. We are seeing a growing number of people being treated for their methaqualone prescriptions.

Biblical Group of Domestic Animals Present at the Stable in Bethlehem

Scientists have established that domestication of animals first began in the 10th millennium B.C. in the Near East. By 7000 B.C., the domestication of animals had spread to Egypt, the Mediterranean and southeastern Europe. By 5000 B.C., it was practiced in the Near East and Crete. By 3000 B.C., it spread to the rest of Europe and the Mediterranean. By 2000 B.C., it reached the Middle East and Africa. By 1000 B.C., it had spread to India and China. By 500 B.C., it had reached Japan and New Guinea. By 100 B.C., it had reached Australia. By 100 A.D., it had reached the Americas.

As the 1st century dawned, many scientists were concerned that the domestication of animals had spread to the rest of the world. They were concerned that the domestication of animals had spread to the rest of the world. They were concerned that the domestication of animals had spread to the rest of the world. They were concerned that the domestication of animals had spread to the rest of the world. They were concerned that the domestication of animals had spread to the rest of the world.

The ox, ass, camel and sheep are known as the biblical quartet of animals because of their frequent mention throughout the Old and New Testaments. The ox, whose name is synonymous with physical strength, probably originated in Asia and appears to have been the first domesticated animal owned by families in the Holy Land. The ox was used for heavy farm work. Even the poorest family owned at least one ox. The word "cattle" originally meant "possessions" in Hebrew and included flocks of sheep, goats and other herded animals.

In Bible times, every Palestinian family bought two lambs at Passover time. They killed one to eat at the Passover Seder and the other for later use. Lambs were probably all white, and the blood-stained wool was saved to make a festal jacket. Lambs were used for money-making purposes, especially in times of famine. Lambs were also used for sacrifices, especially at the Passover Seder.

Goats were also on the domestic scene. A Family Favorite, the goat was probably domesticated around 3,000 B.C. The goat was, he would bear the cam­ mend of the sheep for its loyalty of the sheep for its <...> children, ate juicy grasses from the deep-wooled sheep, that ap­ purred as much barley as a horse.

Christmas Cookery: 
Old and New Traditions

The first Christmas trees, which originated in Germany, were decorated with apples, symbolizing Adam's fall, and round wafers; representing the Sacred Host, which signified redemption. Later, the apples and wafers were replaced by Christmas cookies, which became more and more elaborate through the years. The cookies were often made from edible dough, which went to make up a part of the Christmas tree. By the sixteenth century, the tradition of decorating with edible items had spread throughout Europe and was practiced during the festivities of the Christmas season. It was customary to include several dozen cookies when returning molds that had been borrowed. The revival of interest in decorative baking and the introduction of Christmas cookies into the holiday season led to the development of the Christmas tree, which became a symbol of the season. The tree was decorated with edible ornaments and it was customary to eat from the tree all through the Christmas season.

Outstanding cookie specimens were proudly displayed and used to decorate the windows. Cookies were tucked into Christmas baskets for the poor and it was customary to include several dozen cookies when returning molds that had been borrowed. The revival of interest in decorative baking and the introduction of Christmas cookies into the holiday season led to the development of the Christmas tree, which became a symbol of the season. The tree was decorated with edible ornaments and it was customary to eat from the tree all through the Christmas season.

The history of the Christmas tree is fascinating. It is believed that the first Christmas tree was decorated with candles, which were then lit to symbolize the Holy Spirit. Over time, the candles were replaced with lights, and the tree became a symbol of the Christmas season. The tree was decorated with ornaments, which were often made from edible dough. The ornaments were then decorated with additional edible items, such as fruits and nuts. The tree was then decorated with additional edible items, such as fruits and nuts. The tree was then decorated with additional edible items, such as fruits and nuts.

Nativity Creche Art Dramatizes Story Of Birth Of Christ

According to legend, remnants of the manger at Bethlehem were brought to Italy by some Christians. In the early 16th century, St. Francis of Assisi encouraged the making of creches in Italy to depict the story of the birth of Jesus in the stable. The custom spread to France and Spain in the 16th and 17th centuries and eventually reached America.

Neapolitan families were vying with each other to produce brilliant and lavish creches every Christmas "Eve. The members of the court took up the hobby of their majesty. In Naples, these creches developed into a fashionable art because of the interest of the Bourbon King Charles III, who set the pace. Whole families fashioned the little figures from wood or clay and created replicas of Bethlehem, as they imagined it would look. Often these scenes looked more like their own villages than

Italian (Neapolitan) 2nd half of 18th century. The Metropolitan Museum of Art, gift of Loretta H. Howard.

-inspired faces, The limbs are of finely carved wood. The figures are dressed in 18th century costumes, enriched with jewels and embroidery. The heads and shoulders of the figures, modeled in wax, have pliable bodies of wood. They emulated the talents of the greatest sculptors and the ladies of the great houses frequently made elaborate clothes of velvets and satins for the figures. The Metropolitan Museum has a large collection of them, notably Provence in France, and in Spain. But none has reached the high degree of artistic elegance of those of 18th century Naples.

The Metropolitan Museum of Art, gift of Loretta H. Howard.

The figures, an average of 12 to 18 inches in height, are usually on display during the Christmas season. Most of these are from the famous collection owned by the great Neapolitan Catello family.

General Telephone’s newest directory features landmarks, historic scenes, etc., in small rural areas. The directory, in addition to the usual alphabetical name-address-phone number section, is designed to promote the scenic and historic beauties of the county. The directory was designed by a Michigan artist, Nelly Hartmann-Imhof. The directory is also an attractive cover for the personal telephone directory found in the home of every telephone user.

**Christmas Trees Recycled**

To Balance Our Ecology

Each year, hundreds of volunteers from several Long Island communities gather discarded Christmas trees in order to implant them in the fragile dunes of Fire Island across the bay, which helps to prevent the sand from being blown off and washed away.

Each year whole forests of young spruce trees are chopped down in their prime and displayed with decorations as Christmas trees in millions of American homes. After the two-week holiday season, they are discarded.

The Christmas tree was once so popular, they sold on trolley cars and had special cars on one of the trolleys at night and some of the streets were lined with rows of Christmas trees. This was on December 25. The Christmas tree was brought into the United States by early German settlers who settled in Pennsylvania in the 1700s. German Christmas customs have been carried on by the early German settlers and are observed by the many Germans who now live in the United States.

---

**Spanish Christmas Customs**

Have a Realm of Enchantment

Spanish Christmas customs have a realm of enchantment that few other Christmas celebrations in the world can approach. The birth of Christ is heralded in a gay and festive manner by crowds of young people singing and dancing in the streets to the accompaniment of tambourines, guitars, gourd rattles and castanets. Other Christmas dishes include the "corderito" (baby lamb), "cabrito" (young goat), "costillar" (stewed pork), and "gordito" (stuffed turkey with chestnuts). After dinner, the family gathers around the "panderela" (tambourine) and the "zambomba," a drumlike instrument with the sound from being blown off and washed away.

The nativity scene is an inseparable part of the Christmas celebration. A figure of Joseph, Mary, and the Christ Child is displayed with the baby Jesus in the manger, the donkey and the ox are placed near the Babe of Bethlehem, and the "Pandero" and "Zambomba" help to create the festive mood.

Between the lines
with Jim Edwards

At first, the thermostat seemed to make sense. It was the middle of winter, and the house was cold. However, my mother's complaint was that it was too cold. She had removed several layers of clothing and was still shivering. My brother and I thought it was a bit ridiculous, but we didn't really want to argue. It was too cold.

We talked about this for a little while, and finally, I decided to do some research. I looked up the history of thermostats and found out that there were several different kinds. Some were designed to be used in homes, while others were used in commercial buildings.

I also found out that the first thermostats were invented in the early 1800s. They were used to control the temperature of steam boilers. Over time, these devices became more sophisticated and were eventually adapted for use in homes.

As I was looking through my notes, I noticed something interesting. The temperature settings on my thermostat were set to 72 degrees Fahrenheit. I wondered why this was the case. It seemed like a reasonable temperature, but I didn't know if it was the right one. I decided to ask my mother.

She explained that the temperature settings had been adjusted by someone in her family. It turned out that her grandmother had been the one to set the thermostat at 72 degrees.

I was surprised to hear this. I had never really thought about who might have set the temperature on my thermostat. It was a bit of an eye-opening experience.

In the end, I decided to leave the temperature setting at 72 degrees. It was a comfortable temperature for me, and I didn't want to change it just because someone else had set it before me.

MAB-DHIA meet at Bingham Grange

ST JOHNS -- A joint annual meeting of Michigan Animal Breeders and Dairy Herd Improvement Association of Clinton was held at Bingham Grange Dec 8.

Appearing on the program was Mrs Sharon VanDyne of the MSU Consumer Marketing Service with her demonstration and explanation of the many cheeses and cheese products available.

Chris Howe local 4-H provided entertainment and Ken Baushke, general manager of MABC and Martin Wilson, state testing supervisor, explained what is happening at the state level.

Kussell Ormsby chaired the DHIA meeting and Larry Cobb presided over the MABC session. Elected new directors of DHIA were Louis Schneider of Fowler and Bob Nurenburg of St Johns, New MABC directors elected were Bernard Thelen of Fowler and Jim Rivest of Elsie.

Karen Green of Elsief received the trophy for highest producing 4-H cow, with a 3-year-old cow with a mature equivalent record of 17,469 pounds of milk and 666 pounds of butterfat.

Don and Doug Witt of DeWitt had the cow with the greatest amount of butterfat, a 3-year-old registered holstein with 1095 pounds of butterfat. Bill Mayers of St Johns received a trophy for his herd average of 16,088 pounds of milk in the 50 cow class and Joseph Wing of St Johns won a similar award for high butterfat with 608 pounds average in his 42 cow herd.

Leo Kowatch of St Johns and sons were recipients of 3 awards for their outstanding work in dairying. Their herd of 108 cows made a fantastic production record with an average of 19966 pounds of milk and 702 pounds of butterfat. They also had the highest producing individual cow with a mature equivalent of 28,197 pounds of milk and 1019 pounds of butterfat.

Shirey is MTU Co-op participant

Houghton — Samuel I. Shirey, son of Mr and Mrs Glenn R. Shirey, Rt 1, Eagle is among 37 Michigan Technological University students participating in the earning-while-learning cooperative education program. The program enables students to gain insight into their vocation choices so they can more readily decide where their actual job interests lie, explained Dr James A. Kent, dean of College of Engineering.

Full work assignment given to the student is expected to be relevant to his major field of study. Cohousing and provides him with background and experience that is more.

Also important is the financial opportunity which is not available in most college programs. The co-op program began 1969 and now has more than 70 sponsoring industries. Shirey is spending the winter quarter on the job with A. O. Smith Corp of Milwaukee, Wis. (End)

Christmas Greetings

To wash your car thoroughly in minutes!

Anytime You Need Your Car Washed Just Drive On Out To Randolph's Speedy Car Wash

The Self-Service Bays are open 24 hours at just 25¢. The Full Brush Speedy Car Wash is open from 9 to 9 seven days. It washes top, sides, bottom, front, and back. The Full Brush Bay has Five Processes, 1) Pre-Wash, so the dirt doesn't scratch your car while going through the brushes (2) 3-stroke (3) Waxes (4) Dries, with the big blowers. All in just 2 minutes.

Whenever you feel like washing your car, day or night, just stop at Randolph's. That'll do the job!
