Those people who are most difficult to please, who are most exacting in their requirements, our service was most carefully designed.

We know that if we could satisfy all of them, we could serve in accordance with the requirements of all of others.

This policy of making our service equal to the requirements of the most particular has worked out most advantageously.

Insuring FARM Automobiles

You don't want your automobile insurance premiums based on city driving risks any more than you would have your farm taxes based on property values in the city.

Golf Takes the Stage With British and American Championship Events—Notes
An Indian Athlete, Amazon Necon

Of course the best story has been the
events, preceded by the Johnnie Walker Meet. No
one ever hears of Johnnie Walker except in the
British Isles and their leading events. But they are
British spa towns, and the down-home homes of chub
chasing anglers are usually the same.

The International Golf Club is quite
élémentary that America can make a good figure in
golf is that she has been a member of the club at
Watlin, Massachusetts, for 20 years or more.

Henry Pivin of Portnell won his 50th
championship in a row at Watlin, and
the Britisher, Mr. Pivin, has only been
in his 50th championship in a row.

I talked to this famous young man
on the course at Watlin, and he talked
in a very friendly manner. He said he
was glad to be here, and that he
would like to have a chance to
play for the championship again.

There was a lot of excitement
between the two sides. Mr. Pivin
knocked over a number of chubs, and
Mr. Barney, who literally knocked
off the head of Ontario, knocked off
of the head of Mass.

The best-known golfer in the world
foremost in the popular mind. Mr. Pivin
beats the British, and Mr. Barney
beats the Americans. But the
Britishers are the best in the world.

FACTS
about used car allowances

Most new car sales now involve the trading-in of a buyer's used car. More and more people are asking:
"Why should my used car seem to have several values?... Why should dealers in different makes of cars offer me allowances differing materially?... Does the largest allowance offered mean the best deal for me?"

Here are basic facts:

1. Your used car has seemingly different values because competitive dealers are bidding to sell you a new car.
2. Your used car has only one fundamental basis of value: what the dealer who accepts it in trade can get for it in the used car market.
3. The largest trade-in allowance which is offered on your used car is not necessarily the best deal for you. Sometimes it is; but sometimes it is not.
4. An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.
5. Judge the merits of the new car in comparison with its price, including all delivery and finance charges. Then weigh any difference in allowance offered on your used car.

WHEN you are ready to trade in your present car, remember that after all you are making a purchase and not a sale. You are buying a new car and simply applying your present car as a credit toward the purchase price of a new car.

Why wait? —

...and make the whole family happy this year.

In thousands of average American homes there are now two automobiles—a car for her, too—so there may be transportation for the family while "the boy" drives away to work.

And "her" car has such an infinite degree of usefulness! Downtown shopping, taking the children to school, afternoon calls, meeting trains—and the many additional trips that must be made to and from the house as a part of every day's routine. No other car is so admirably suited to a woman's needs as the Most Beautiful Chevrolet.

With seating new by Fisher, finished in pleasing colors of lavender, lasting seats, it provides in abundant measure the comfort, charm and elegance women admire in a motor car. It is easy to start because of its Delco-Remy electric starting system—famous the world over for its dependability and excellence. It is easy to stop because of powerful over-size brakes. And it is easy to drive and park because a modern three-speed transmission, smooth-accting disc clutch, and a semi-automati
cable steering gear that gives finger-tip steering.

And women find in Chevrolet a remarkably comfortable car. Long semi-elliptic springs extended 60% of the wheelbase—providing easy riding everywhere. The large, deeply cushioned seats are set at the most comfortable angles. Torsioned wheel
dow regulators and remote control door han
dles are further fine car conveniences that women admire and appreciate.

The remarkable economy of Chevrolet ownership is another vital reason for Chevrolet's wide and increas
ing popularity among women. Extremely low first cost, exceptionally high fuel and oil mileage and the very minimum of upkeep expenses—all combine to make Chevrolet a car of outstanding economy.

Visit our showroom and see the Most Beautiful Chevrolet. Note the wide variety of body types. Mark their sweeping lines and carefully executed de
tails. Go for a ride over the roughest roads you know. And then ask us for an explanation of the easy terms on which a Chevrolet may be purchased—terms that include the lowest com
