County Commission turns down permit request for landfill

The Clinton County Soil Conservation District has denied a proposed application for a special permit for a landfill in the township.

The application was made by the owner of the Edgecomb Grocery Store and the bar-restaurant at 420 Main Street in Duplain Township. The manager of the store, Mr. John Aylsworth, said that the purpose of the application was to establish a landfill on an adjacent lot for the disposal of solid waste.

The application was denied by the Clinton County Soil Conservation District, which is responsible for regulating landfills in the county. The decision was made after a public hearing was held on the application.

SANTA CLAUS gets around

With the rest of us doing our best to close Christmas shopping or collecting holiday decorations, there was a busy boy, wearing red and white, who brought a little extra cheer to the area.

The Jaycees located a place for Santa to call on the night of Christmas Eve. He set up his office in a house that had been burned out of their home by fire.

The Jaycees helped the family move into their new temporary home. They also provided the family with a limited number of Christmas presents.

Elsie gets new look in 1974

By Ronie Karter

The efforts of Elsie leaders, businesses, and community members to improve their community has been widely recognized and appreciated. A new weekly newspaper, "The Maple River News," was awarded the 1974 Excellence in Journalism award.

The newspaper was established in 1972 by Elsie residents Harvey Evans and John Sloat. It was the result of a community effort to provide a voice for the small town and its residents.

The newspaper was dedicated to "Community Pride and Progress," and its editors were committed to covering local news and events.

The newspaper has been a valuable resource for the community, providing news, events, and information about the town.

The "Maple River News" is now in its 50th year of publication and continues to serve the Elsie community.

The editors of the newspaper are proud to be part of the Elsie community and look forward to continuing to provide news and information for years to come.

4. A change in the procedure for initiating gas service.
5. A change in the procedure for disconnecting gas service.
6. A change in the procedure for inspecting service lines.

These changes are intended to reflect the Company's current policies and practices, and to provide for a more efficient and fair treatment of its customers.

The public hearing will be held on January 21, 1975, at 9:30 AM, in the Commission's hearing room, in Lansing, Michigan.

All persons interested are invited to attend the hearing and to present their views.
