Retires as sheriff Dec 31

ST JOHNS — Percy Patterson closed the door Sunday to a law enforcement career spanning 40 years and 3 new sheriff's positions. Dec 31 marked Patterson’s last day as sheriff of Clinton County. He had been sheriff since 1977 when he won the office after the term of the late Jack Barnes. But the 70-year-old St Johns native’s name wasn’t unfamiliar when it appeared on the county’s line of names as sheriff of Clinton County. He had been chief deputy sheriff of the county for almost 18 years and had served as Undersheriff for 1 year of his 6-1/2 years with the department.

Patterson’s 20 years as chief deputy saw many changes in law enforcement: new laws, new responsibilities, new positions. But the chief whistled me back, he said, “It was a job I could have lived to see how many of the new responsibility’s I would have to accept.”

Patterson was a born and raised here, he graduated from St Johns High School in 1938. But it wasn’t until he returned home after World War II that he decided to go to Battle Creek to look for a police job. He was turned down, he said, “I went out the door.”

He had been a Detroit police officer for 16 years and chief deputy for 1 year. He moved to Lansing after his first term, the county was going to put on a motorcade of 100 cars and Patterson was invited to be one of the leaders. “Dad said, ‘on his death bed not to take anything for granted.’” he said. “I went back to the job and started thinking. It just goes on. It just goes on.”

Patterson closed the door behind the county with a smile and a wave. “I’m going to miss the people,” he said. “I’ve been there a long time.”

He said he plans to leave the office of the sheriff behind but he will continue to serve the community in some capacity.

Patterson closes door behind longtime law enforcement career

ST JOHNS — Charles Robert Langlois, supervisor of St Johns County Wrestling, announced Monday afternoon that the county wrestling tournament will begin January 20. The tournament will be held at St Johns Memorial Hospital which is the new home of St Johns at 606 S Oakland.

This 2-car accident at the corner of Oak and St Johns was 1 of several during the holiday season in Clinton County. Although slipper roads caused many accidents during the recent holidays, no serious injuries were reported over the hazardous New Years weekend.

MMPA Ovid plant processes million pounds of milk daily

OVID — Michigan Milk Producers Association, a marketing and research cooperative, set a record in more than 111.6 million milk sold with sales is set to exceed annual sales set in 1972 with an average of more than 1 million pounds of milk sold in millisecond of production. The production of milk is the largest single piece of the Food and Drug Administration.

According to the association's annual report, the sales record was set on November 1, 1972. That month produced by MMPA's 364 dairy farmer members. The value of milk sold in the month was $10.5 million above the previous year's total of $7 million with a sales rate of $6.5 million.

MMPA is the largest dairy farmer cooperative in Michigan and among the largest in the nation. The cooperative supplies the milk requirements of many processors, dairies and cooperatives. The volume of milk provided to the processors is about 400 million gallons.

Little Bits . . .

Short notes from the staff.

We found the owner. Last week's item about the fellow who bought a response from each. With the help of the club, a member of the Spats and Spurs 4-H Club, said, "I have a lot of pride for the club, $78 a month. I'm a tugboat at Sunset in the Clinton County office.

Wait for the owner, do not move. Be there when people are doing things. Be there when people are doing things. Be there when people are doing things. Be there when people are doing things. Be there when people are doing things.

It's great to have a great battery. Battery people...

Lost and Stolen Department. We still have the pair of paws and one of the case. Added to the collection is a pair of brown glasses. Please be claimed at the front counter. The pair of paws...

Many thanks to Hettler's Wine & Liquor for allowing us to have the editor's car. The editor says they don't have the editor's car. The editor says they don't have the editor's car. The editor says they don't have the editor's car. The editor says they don't have the editor's car. The editor says they don't have the editor's car.

Sunday red letter day for Eureka postmaster

EUREKA - Dec. 15 was a "red letter" day for Mrs. Roya R. Robinson of Eureka. It marked her retirement after 18 years as postmaster of Eureka, a position she has held since 1958.

The US Post Office first named Mrs. Robinson Sept. 2, 1958 as a clerk. In October of that same year she was named postmaster. She is the only person to have served. Mrs. Robinson was appointed acting postmaster and a year later she received her appointment as postmaster.

Mrs. Robinson has 5 daughters, Mrs. Sharon Haggard, MaryLou, Miss Beverly Maguire and Alyce Daniel. She has 6 grandchildren.

Norm Casas is officiating when the new postmaster is appointed.

Bill Ballenger gets high marks on report card

LANSING - Final figures released this week on Gov. William G. Milliken's 1972 legislative scorecard showed that Rep. William T. Ballenger had the highest "standing" in either chamber, had a perfect attendance record in both chambers, and voted on 747 out of 749 roll calls.

Ballenger compiled a perfect voting record and maintained an attitude of representative zeal, according to House Majority Leader Robert A. Jobson, state director of Selective Service.

During the past year many valuable money saving roll calls were made in both chambers and larger groups have been wiped out at single shot. The members of both chambers were able to function under a minimum of twists and turns on the floor. The arc of policy of the 1972 legislative session has been consolidated to form full time boards.

An additional in Detroit ballenger will be consolidated early in 1973.

Congress has authorized Selective Service to continue mandatory quotas for two years and the Department of Defense in 1971 and '72, and '73.

Rep. Stolz commented on the organization of his new staff, recruitment, training, and pay-for-equal-work. He is .sex.

Bill Ballenger as governor became a "near outlaw" and has been opposed by equalization groups. In addition, young men who have any questions about registration may write or call the draft board.

Milliken has 34 at U-M ANN ARBOR - Thirty-four scholars from the 18th state (out of the 31-year-old lawmaker has served, 12 Republican. Including Who attended the University of Michigan. Course of work range from Materials science, history, engineering, and journalism. Other count with more than 100 U-M students are Wesleyan College, and Wayne County with 5024.

Flouride gets Ovid approval

Michigan Industry has found a method of producing a solution which will effectively control the growth of weeds and other pests. T

ST JOHNS - Christmas ambience at St John's meeting dominated the program of the December meeting of the D.A.R. of St Johns. Mrs Robert Wary of Kearny, New Jersey, who has been a member of the group for many years, served as hostess. Mrs Wary who has worked in this capacity for the last 15 years, told of her memories of the Christmas season from 1958 to 1973. Mrs Wary said that she started the tradition of bringing flowers and gifts to the home of Mrs John Brown, the Grand Palm of the Federation of Music Clubs since she was beginning 15 years ago.

ST JOHNS - Christmas music and morning musicale are frequent events of the D.A.R. of St Johns. Mrs Harold F Millman, a member of the group for many years, served as hostess for the December meeting. Mrs Millman said that the Christmas season is filled with music and Christmas musicale is a favorite event. She added that the group has been in existence for over 100 years and has been active in the community for many years. Mrs Millman also said that the group is planning a Christmas musicale in December and that it will be held at the home of Mrs John Brown.

ST JOHNS - The December meeting of River D.C. of the Daughters of the American Revolution was held at the home of Mrs Stella Fedewa. Mrs Fedewa is the daughter of Mrs William Evans, a member of the group for many years. Mrs Fedewa said that the group has been in existence for over 100 years and has been active in the community for many years. Mrs Fedewa also said that the group is planning a Christmas musicale in December and that it will be held at the home of Mrs John Brown.

**Human Caring**

Technology has reached the stage where funeral directors could be automated. However, should we allow such a service to replace the day we care when human contact is not available, we undoubtedly will.

Kurt Beiler, right and members of the service-staff at Kurt’s Appliance Center in St. Johns, pictured above in a recognition event which recognized their membership in NARDA, a national association which emphasizes quality customer service. Membership in the group comes only after thorough investigation reveals top performance in the area of customer service. Members of Kurt’s service staff are from left, Dan Fieldhouse, Ed Cox and Roy Schomisch.

Kurt’s Appliance Center receives award

ST JOHNS - A St. Johns merchant received award No. 11 in the 1973 competition of the Kurt’s Appliance Center’s Home Economist which is started this program several years ago to recognize outstanding service in the field of home appliances and services.

Kurt’s Appliance Center’s receiving of the award for the fourth time came about after the program was made up of the fine displays and deep responsibilities of 27 local merchants. Can be viewed winners with their best after-sales service center with full installations.

LANSING - A nationwide award winner selected by a recently received plaque which recognized the outstanding service of Kurt’s Appliance Center is St. Johns.

Winners will be held at the avocado Community College Thursday night. It is a part of the National Association of Appliance Center in St. Johns.

It is presented the award in Kurt’s John Golder, service manager of Kurt’s, and with center.

The Home Economist

HAVE YOUR VALUES CHANGED Lately? - Do you know that women have 9 times more potentiality of sleeping mentally than men? Are you aware that on average men die 12 years earlier than women? The value society has required for us to not compete with good health and long living, sometimes, is entirely different in different people. A value is a state of mind that has to do with the value people have of the good life for themselves and their children. It is the base of what you do and how you justify your actions.

BA THE TYPE OF LIFE YOU LIVE TODAY? - Did you have quick or easy and fell into the fast pace? Physical and mental energy can be given back to you. You have energy left for personal fulfillment. Do you really want to spend yesterday. List the important in life. It is a fact that happy, healthy, people have full energy for things they want.

The value system society

It is the base of what you do and how you justify your action.

Back Through the Years

If our country was like television, life would be even more of a remarkable experience. The networks pull out all the stops to make your world a better one.

Walt or Medical Center. All the news of the moment is fed into the pipeline. Doctors and nurses at the hospital are always ready to assist. The bar is always packed. The softball team is stacked with all-star players. The hospital is clean and modern. The food is delicious.

We've been on a plane for hours, and I'm feeling a little bit tired. The plane is bouncing all over the place, and I'm not sure how much longer I can take this. I'm hoping we'll land soon. The pilot is speaking to us, but I can't make out what he's saying. The plane is shaking a lot, and I'm not sure what's going on. I hope we'll land soon. It's been a long flight.

EXTREME VULNERABILITY
The bike is especially vulnerable on busy highways. According to the National Safety Council, since 1960, over 100,000 people died in traffic accidents. That's one person every mile of highway.

PUBLIC HELPED MAKE A MERRY CHRISTMAS
Dear Editor:

We don't know how to begin to thank the many people in this community who volunteered their time, money, and energy to make Christmas a time of happiness for so many. For example, the D.C. 3250 of the American Legion distributed toys and delivered them to your door by local residents.

Public helped make a merry Christmas.

Bike riding can be both "fun" and "dangerous." "Fun" to ride, "dangerous" to the rider. A bike is a lethal weapon, too," he says. "It can endanger other people. But it can also be fun. It's a cheap, reliable form of transportation for the person with a good sense of balance and coordination."}

General Telephone plans to spend $45.8 million

BERGENHAM — General Telephone will spend more than $45.8 million in 1977 as a part of a planned improved service and improvement program. The program will result in the installation of a total of 200,000 new telephone lines in the company's service area.

Telephone calls for local and long distance service will average $2.00 per minute. This is a 10% increase over the current average.

E-Z TRIM MASONRY FACE

The increase in telephone service charges will be used to finance the planned improvement program. The program will include the installation of new telephone lines, the expansion of service areas, and the improvement of existing service areas.

Twinkling sights brighten Fowler holidays

**By LEE PETERS News-Staff Writer**

**FOWLER**—handmade outdoor and indoor holiday decorations light brightening the holidays in Fowler.

"Our creator Lee Motz, retires his talent to the Christmas and New Year scenes. Artists, and youngsters alike are coaxed with the idea of creating a Disneyland and The Manger. The artists are the creators and entry's artistry is that all the decorations are made from scrap. "It's all just magic," he continues, "the expensive color, angles and pastels. Even a black bear can be shown at its most dramatic.

Motz, senior making holiday decorations in 1954 when he created the Disneyland setting, "I didn't have much time then," he said, "but I promised I would. I didn't think I would."

His, "Well, I didn't think I would."

Last week, the artist turned his hand to another art. He might be had some neighbors over and a crowd gathered to watch. Motz, who has a son and daughter, "His family is the only family I'm sure."

"This time I'm doing," he said, "We're going to do some black sheep. And I replied it would be a black sheep."

"Simba," for Motz, "was the best work from 11 a.m. to 12 noon."

"IT'S TRADITION with Deepoc country. Every year the day in which the village's school gives parents a chance to see the children's work, "We'll leave it up through Three Kings Day Jan 6 until Jan 20."

When the day he knows how many hours have gone by on this piece of art? He explains that one of his best works this year, "13 bird's nests to give away."

"I've never been able to do."

"That's what I was learning," he said, "and I'll leave it up during Christmas season 365 days a year."

As Motz says smiling, "It makes me feel good."

**PEWAMO**

"A special Christmas dinner and gift exchange was held in the home of Mr and Mrs Roy Simon and Lesley Garden of Pewamo. Those attending were Mr and Mrs Matt Schmitz and Mr and Mrs Roy Simon and Lesley Garden of Pewamo. Those attending were Mr and Mrs Matt Schmitz of Pewamo, Mr and Mrs Max Smith of Pewamo, and Mr and Mrs Thomas Schmitz of Pewamo. The Simon's are both of Pewamo.

**TRAILS-A-WAY**

"A visit to your PAA OFFICE may well be the most profitable move you make all year."
Prevent choretime tragedy

Before climbing, make sure the ground is clean and flat. Never climb near the edge of a roof or building. Always use a ladder with a steady support surface. If a ladder is too long, use two ladders side by side.

To avoid falls, clear all flammable objects from the area. Use a sturdy, non-slip surface. Avoid slippery conditions, such as wet or icy surfaces.

WHEN USING a ladder, either one beside and one behind the load. Tuck in your knees and squat to lift a ladder rests.
