Slippery conditions result in crashes

The Michigan Highway Patrol and the Ithaca Police Department released a report on the investigation of a car crash that occurred on December 18, 1972. The crash took place on US-27, near the intersection of Round Lake Road, in Ovid Township. The driver of a car, Raymond Shavet, 55, of DeWitt, lost control of the car when trying to make a left turn onto US-27 and didn't see the incoming car. The car crashed into the incoming car, driven by Rickey Wilson, 17, of Lansing, resulting in property damage accidents. The drivers were not injured, but the car was damaged.

In another incident, on December 19, 1972, a car driven by Daniel West, 24, of Detroit, lost control of his car on icy roads and struck a car in Lansing. The accident occurred when West was driving on US-27 and Alward Road, in East Lansing. Another car, driven by Gay Smith, 28, of Lansing, also lost control of her car on slippery conditions at the intersection of US-27 and Alward Rd.

The Michigan Highway Patrol and the Ithaca Police Department are urging drivers to be cautious on slippery roads and to use extra caution when making turns.

Kurt's Appliance Center receives award

Kurt's Appliance Center was awarded the NARDA's Quality Service Award, which recognizes outstanding service and excellence in the appliance industry. The award was presented to Kurt's Appliance Center by the Michigan Office of the Governor, on behalf of the Michigan Governor. The award was presented to Kurt's Appliance Center in recognition of their outstanding service and excellence in the appliance industry.

The award ceremony took place in Lansing, on December 18, 1972, at the Ithaca City Center. The ceremony was attended by a large audience, who expressed loud approval of the award.

G.O.P. seeks young V.P.

The Michigan Governor's Office of the Governor is considering the possibility of selecting a young V.P. for the upcoming election. The Governor's office is looking for a person who has the experience and qualifications to serve as the state's highest elected official. The Governor's office is currently reviewing potential candidates for the position.

Thurston named Co-op director

The Michigan Governor's Office of the Governor has named Richard Thurston as the new Co-op director. Thurston is a well-known and respected member of the Michigan Governor's Office community, and has a strong track record of success in the field of co-operative management. He will be responsible for overseeing the operations of the Co-op, and will work to ensure that the Co-op continues to provide high-quality service to its members.

Kurt Becker, left, and members of the service staff at Kurt's Appliance Center in St. Johns, Michigan, were pleased to receive an award that recognizes their membership in the NARDA, a national association which emphasizes quality customer service. Membership in the group comes after thorough investigation, reveals top performance in the area of customer service. Members of Kurt's service staff are: (to the right of Kurt) Ray Schomisch, Ray Gerhardt and Ed Cox.

Grapplers want title

County wrestling tourney Saturday

OVID-ELSE—Plains were being finalized this week for the third annual Clinton County News-sponsored County Wrestling Tournament. To be held Saturday in the high school gymnasium here.

Defending champions for the past two years are the mutinies coached by Ovid-Elsie's Jim McWright, but strong competition is anticipated from especially DeWitt and St. Johns.

The consolation rounds and championship finals will be held at 7 p.m. in the gym. Admission for the morning events will be $1 for adults and 50 cents for students. The final round tickets will also be $1 for adults and 50 cents for students.

Preliminary events will begin at 11 a.m. with grapplers from St. Johns, Ovid-Elsie, DeWitt, Bath and Pewamo-Westphalia competing for the team trophy and individual honors.

O-E malmen score win at Bullock Creek

Ovid-Elsie wrestling team secured a deciding 35-28 victory over Bullock Creek last week. 

South Bend defeated Plymouth, 61-31, in the opening match followed by Coldwater, who gained a 41-34 decision over the Plains. Coldwater continued its string of victories, downing St. Johns, 55-34, in the third match.

The Plains were defeated by Pewamo-Westphalia, 49-13 followed by the hosts, DeWitt, who won a decisive 40-17 decision over Bath.

Bullock Creek played Bath and St. Johns, gaining victories of 48-28 and 35-28, respectively.

The Plains are scheduled to play in the Newaygo County Open, which will be held at Newaygo on Saturday, January 8th.

DeWitt officers facing lion’s den on air port annexation

By HAROLD SCHMALTZ

It's interesting to observe how change sets in when you are building on land that was previously in forest. In 1967, Donald Clinton Schmaltz purchased 160 acres of land on which he plans to build a new golf course. The land was once part of a forest, but for the past few years it has been cleared of trees and becomes a pasture. Now, as of this past Saturday, our family has completed the first phase of the project by driving in the final stakes for the new golf course. The stakes will be used to mark the boundaries of the course and to determine the layout of the fairways and greens. The project is expected to be completed within the next year. The new golf course will be open for play by the fall of 1972. We are very excited about this new venture and look forward to seeing the finished product. Donald Clinton Schmaltz

DE WITTL LOCAL NEWS

DeWitt police arrested a suspect in the theft of a car.

BY TONI VIONTELLI

"DeWitt Township is hoping to have a police force by the end of the year," said Donald Clinton Schmaltz. If the township is successful in its efforts to establish a police force, it will be the first in the county to have its own police department. The project is expected to cost approximately $250,000. The police force will be responsible for the enforcement of all local ordinances and the maintenance of public safety. The project is expected to be completed within the next year. The new police force will be open for play by the fall of 1972. We are very excited about this new venture and look forward to seeing the finished product. Donald Clinton Schmaltz

For nearly 25 years Mrs. Osgood taught English to former residents of European and American countries. Her concern for her students is summed up in her name, "Mrs. Osgood." Since beginning her special classes, which are designed for area residents not fully familiar with the language, she has taught over 200 students. Her dedication and hard work have earned her the respect and admiration of her students. Mrs. Osgood's teaching method is unique and effective, and she is widely regarded as one of the finest language teachers in the country. In recognition of her contributions to the field of education, Mrs. Osgood has been invited to speak at several national conferences and has received numerous awards for her work. Time for action

There are many people, living outside, who believe the St. Johns City Council should push for an early US-27 bypass of the city. Efficiency in the pressure of State Highways for quicker action on scheduling the widening project is of utmost importance.

However, this thinking of several years should not be used today to pass across a point by the hand of the State Department of State Highways. The drain on the tourist trade and the business of the city is obvious some feared the spread could be 10'000 to 20'000 people. In 1950 there were some 10'000 around the city, came as the result of an attempt to widen the US-27 and the State Highways Department of a proposed widening project at the intersection of State Highways 27 and 27.

We can't help but believe there is some suspicion going on. Back a number of years ago when the freeway was extended from Lansing towards about the city, some people noted the loss of business if it were bypassed. Preparing a report with those people to support this belief, which, later, proved to be wrong, and we believe most proponents of having the highway pass through the city at that time will now realize the error of their ways.

Fine decorum by teens

The fine decorum of 18-20 year-old people and their excellent record as new legal adults should not go unnoticed. A survey of area police agencies by a recent year's time reflected no trouble but praise for these young people in regards to their decorum.

There has been much that can be said about the ease of the change in lowering the age of majority and every little has been said about the several other important aspects of the new legislation. We will not discuss the results resulting from lowering the age of drinking to 18 would have on this change and lumped up in the news media. Thus did not occur, and mostly because the young people conducted themselves with more respect than most of us, gave them credit. We hope this will continue in the future.

In our present districts, there is quite clear our founding fathers did not have the same emphasis on the discussion at the Constitutional Convention in 1787. The military personnel from Indo-China, leadingspokesmen for the voters' rights and privileges were threatened to deny the franchise. The person's vote should count equal to the one's vote ruling in regards to appointing certain officers. If we agree that each person's vote should count equally, it would seem you deserve a leadership and the administration may end up with no leadership. Our days only one at a time, our years old and didn't have much of the lousy disease to Chris, wiped off. Merry Christmas.

Clearing the way

The nation has seen the effect of criminal statutes of the state. The磴s who, if he spent 50% of his time in court, would hardly know what day it was—barely knew what day it was—my hippie-haired, 15-year-old real sweetie. Merry Christmas.

Faith in God

By REV. HUGH BANNINGA

One of the Tenets of the Apostles' Creed is: "I believe in God the Father Almighty, Maker of heaven and earth." In this statement, faith is given a steadfastness in the words and goodness of God. God is seen as the One who is responsible for all that exists, having the power to create and destroy. He is the ruler who governs the universe. In this context, faith does not just mean believing in God; it means trusting in Him and relying on Him for everything.

To prove this tenet, let us consider some simple examples. When we face difficulties in life, we often look to God for guidance and comfort. When we make mistakes, we ask for forgiveness. When we need help, we pray for divine assistance. All these actions reflect a faith in God's power and authority. In essence, faith in God is the belief that He is in control of our lives and that we can trust in Him to provide for our needs and guide us through challenges.

In the context of the Apostles' Creed, faith in God encompasses both the power of God to create and sustain the universe and the power to give us guidance and support in our daily lives. This faith is not just a passive belief, but an active reliance on God for all aspects of our existence. The Tenet of Faith in God, therefore, serves as a foundation for our relationship with God and our understanding of His role in our lives.

FARM PROGRAM ENROLLMENT
Rescheduled by ASCS

Franchise agencies for the
enrollment in the 1972 Farm
Program are scheduled to
open to the public, February
15. In Jackson County, the
Enrollment Office, 512 Main
Street, suite 204, is scheduled
to open on February 15.

Butler, Mr. and Mrs. Russell Libey
Mr. Russel Libey reported that
the Michigan Dairy Producers
Association officers attended
the 21st Farmer's Planning
Conference in Flint.

ASSC officers throughout the
state have attended several
and productive forums for
extension services officers in
all agricultural areas. These
officers reviewed the problems
and solutions to those
agricultural problems unique
to their counties. It is
expected that the changes to
this program will take
place in the sign-up period
for the 1972 crops, which
will be in the next
two weeks. The farmers'
association directors
have been asked to
communicate these
changes to all eligible farmers.

The agricultural Act of 1970
will scheduled the
enrollment and
enforcement period for all
agricultural programs
available. It is expected
that the changes will
affect all areas of the state.

It is important to note
that the changes in the
sign-up period
for the 1972 crops
will be
in the next
two weeks.
