Letter responds to two recall statements

Phil Fitzpatrick, St. Johns High School Athletic Director, in a letter to the newspaper last week, responded to the recall statements made by Dale Emerson and John Whitman. Emerson, a member of the DeWitt Township Board, had accused the township of approving improvements to the swimming pool without proper public discussion. Whitman, a Democrat, had claimed that the township had not held a public hearing on the improvements.

Fitzpatrick stated that the improvements to the pool were necessary for safety reasons and that a public hearing was indeed held. He also pointed out that the township had not violated any state laws or regulations in approving the improvements.

CNBRT announces executive changes

The Clinton County News and Broadcasting System (CNBRT) announced executive changes recently. Larry Patrick was promoted to the position of Director of Marketing and Sales, while Shane Small was appointed as the new Director of News and Information.

The changes were effective immediately, and both executives are expected to bring new energy and innovation to their respective departments.

TO THE EDGE

As a family doctor for over 20 years, I have had the opportunity to work with many patients and their families. One of the challenges I face is the need to balance the needs of the individual patient with the demands of the medical system.

The need for mental health services continues to grow in our community. The Clinton County Mental Health Center has been a valuable resource for those in need of mental health services. The center provides a wide range of services, including counseling, therapy, and medication management.

However, the demand for mental health services is greater than the supply. This is particularly true in rural areas like ours, where access to mental health services can be limited.

It is important that we continue to support and fund programs that provide mental health services, such as the Clinton County Mental Health Center. By doing so, we can ensure that everyone in our community has access to the care they need to lead healthy and fulfilling lives.

I encourage everyone to learn more about the importance of mental health and to support initiatives that provide access to mental health services. Together, we can make a difference in the lives of those who are struggling with mental health challenges.

THE HONEST DISCOVERY

For months the sought little man with walking stick and lantern had lumbered through the streets of Athens and he had reached the heart of the city, with a resolve to discover the truth. He had found the location where the great test had been sent by Zeus himself as a test to our curiosity. His name was Diogenes.

The case was closed in DeWitt Twp, Michigan, on the 13th of January, 1923. The cause of death was determined to be a heart attack and the victim was identified as Charles D. DeWitt, 52 years old. The victim had been found near the road with a gun in his hand. The gun was determined to be a .22 caliber. The victim had been shot in the chest.

Jeri Brown Marries Richard Taylor

ST JOHNS — Jeri L. Brown, daughter of Mr and Mrs J. Brown of 106 Baldwin St, St Johns, and Richard L. Taylor, son of Mr and Mrs Richard D. Taylor of 106 Baldwin St, St Johns, were married Saturday afternoon in St Johns, the ceremony being performed by Rev. E. D. C. Unsell. The couple departed on a wedding trip to New York.

The wedding took place at 3 o'clock in the First Baptist Church here at 3 o'clock in the afternoon. The bride and groom were married in the presence of a large and enthusiastic crowd made up of family and friends. The church was decorated with flowers and candles, creating a warm and romantic atmosphere.

The bride wore a gown of white satin with a high neckline, long bishop sleeves with cuffs and a-line skirt. Her veil was decorated with matching lace and a crystal brooch. The groom wore a black tuxedo with a white dress shirt and black tie.

The bride carried a bouquet of yellow roses and baby mums, while the groom carried a boutonniere of yellow daisies. The wedding party included the bride's sisters and brother as well as the groom's family.

After the ceremony, the couple enjoyed a wedding reception at the Bingham Grange for 300 guests. The reception included a three-course dinner, live music, and dancing.

The couple will make their home in St Johns, plans are being made for a honeymoon to northern Michigan, the couple is living in Lansing.

LAWING - The Michigan Higher Education Commission reports that the 1974-75 fiscal year will be a very difficult one for Michigan private colleges. Higher costs, including increased wages, and financial problems, make it difficult for these institutions to provide the kind of education they are traditionally known for. As a result, many colleges and universities have been forced to raise tuition costs. The increased costs will make it more difficult for students to afford college education. 

Government officials have indicated that they are concerned about the rising costs of higher education. They have proposed various solutions, including increased federal funding and efforts to increase private sector contributions. However, it is uncertain whether these proposals will be sufficient to address the financial challenges facing private colleges.

In the absence of adequate funding, colleges and universities are forced to make difficult decisions about how to allocate their resources. Some institutions have implemented tuition hikes, while others have reduced course offerings or curtail extracurricular activities. These actions may have short-term benefits, but they may also have long-term consequences. It is important for students to be aware of the financial challenges facing their institutions and to support efforts that aim to address these issues.
The chart shows our assets grew nearly 5 1/2 million dollars in 1973. Now it's onward and upward for 1974. Who is responsible for our progress? You, you, and you, together. We are proud to be a member of this community. We look forward to a new year and new progress.

Pickney wins in overtime to hand Bath first defeat

Bath's Bob's were outmatched in the opening game Friday night, starting in Pickney's starring trio of John Rhoen, John Paul and Tom Masters, each with 5 points, for a total of 15 points in the highgan County league game. On the other hand, the Bath squad was led in scoring by the three fingers, all with 5 points.

Trailing 9 to the half, Bath cut the deficit to 14-13. Ten points later, Pickney had a 23-19 lead.

However, Bath rallied in the third period and took the lead, 33-32, at the end.

Finally, Pickney held on to win, 44-42.

The victory was St. John's 5th straight over Bath, giving them a 6-1 season record.

Earlier maturity date for CCC wheat loans

The maturity dates on 145,000 CCC wheat loans have been extended by the U.S. Department of Agriculture to the following dates:

- 1912: May 1
- 1922: June 1
- 1932: July 1
- 1942: August 1
- 1952: September 1
- 1962: October 1
- 1972: November 1
- 1982: December 1

This extension aims to provide farmers with a longer period to sell their wheat, thereby reducing the risk of future price declines.

The 111th Michigan Legislature adjourned on Monday, February 18, 1974 for its 30-day recess and has staggered workload review and consideration of the legislative proposals presented by Governor Milliken during his State of the State message on Thursday, January 17, 1974. While new issues are quite likely to be before the 112th Legislature, these will not be the same as those presented by Governor Milliken. The legislative agenda may very well include matters as diverse as school financing, open housing, public relations, business or personal liberty, or veterans' issues. In the legislative calendar, all of these matters will be considered, rebuffed, or upheld by special legislative action. The Surgeon General's report to the Senate in regard to the smoking habit and the estimated number of deaths annually as a result of lung disease will round out the hearings on the tobacco leaf. **88th DISTRICT REPORT BY STANLEY POWELL**

**STATE REPRESENTATIVE**

In the longest portion of the State of the State Address, Governor Milliken mentioned the need for a balanced budget even in view of the expected - and the proposed - $107 million in tax relief for Michigan taxpayers. Outlining proposals for an additional $107 million in new tax relief, the Governor noted that it would amount to nearly a 24 months.

The Governor's tax proposals for 30 days or 2,000 miles. And 15%

BEE'S Warranty...does all this, and more. BEE's Warranty gives a break on the income tax of those with incomes below $2,000.

The Governor's proposals are aimed at giving farmers a break on this bill to give farmers a break on the income tax of those with incomes below $2,000. In this bill, the Governor proposed that the tax be reduced by a sliding scale from 75% to 50% of the current tax payment. It is an unfortunate incident...but it is an unfortunate incident...that the Governor had to propose these measures.

There is a very special group of young men in our community...

THE JAYCEES!

January 13 to 19 is National Jaycee Week—a time to honor the young men of the Junior Chamber of Commerce who are devoting their time and talents towards building a better community and a better America. Aged 21 to 35, these young men represent most all walks of life and have been serving communities throughout the nation since 1915.
