Urban renewal public meeting set Jan. 24

This is the pickup truck in which L. Cal., Katherine R., Chamberlain of rural Ovid was killed last Tuesday night near his home. The front of the truck was folded almost 90 degrees by the impact against a tree. Mr. Chamberlain was pinned in the truck; his son was seriously hurt.

The Clinton County News

MONDAY is National Philatelic Day and the postmark on your mail may have a special cachet.

With the holiday season approaching, the many mailboxes throughout the county are filled with letters and packages. The postmark on your mail may add a special touch to your correspondence.

National Philatelic Day is celebrated each year on December 17, and this year it falls on a Monday, which is the first day of mail delivery.

To commemorate this special day, the Clinton County News is offering a special postmark for your use.

**How about a weekend? Here’s how to win one**

To enter the contest, simply fill out the entry form and return it to the Clinton County News by Friday, January 19, 2023. The winner will be notified by telephone or email.

**Entries must be received by January 19, 2023.**

**The contest is open to all residents of Clinton County.**

**Good luck!**

SCL annual meeting to be held Feb. 4

This month's general meeting of the Clinton County Conservation District will be held Wednesday, Feb. 4, at 7:30 p.m. at the Vioaa Funeral Home in St. Johns. The meeting will start with a discussion of the state of the district, followed by the installation of the new board of directors.

Special guests at the meeting will be Ron Saunders, chairman of the Clinton County Conservation District; and Verne M. Bathurst, state conservation district director. Saunders will have their conservation experience and service—a great deal of dedication to this field.

The district's annual meeting will be held at the district headquarters in St. Johns. The meeting will include the presentation of awards, a report on the district's activities, and a discussion of the district's future plans.

The Clinton County Conservation District is working to protect and improve the county's natural resources, including soil, water, and wildlife. The district is also working to provide educational programs to the public to help them understand the importance of conserving these resources.

The meeting is open to the public, and everyone is encouraged to attend. For more information, please contact Ron Saunders at the district headquarters in St. Johns.

---

Radiological course planned here

Another call has been issued by county civil defense Director Homer Van Vleet to develop an understanding of the radiation hazards. It is intended to help the public understand the potential dangers associated with radioactive fallout.

The course is scheduled to start at 10 a.m. at the highway garage, where the material is stored.

---

ROAD COMMISSION TRUCK OVERUPTURES, DRIVER UNHURT

The Clinton County Road Commission lost one of its trucks last Wednesday morning when it overturned on Watson Road in hook-wall part of Ovid Township. The driver, Bruce Van Vleet, 32, of 3046 E. Price Road, escaped injury, although he was taken to Clinton Memorial Hospital for a checkup as a precaution.

---

The Clinton County Conservation District will have their conservation experience and service—a great deal of dedication to this field.

**Vision’s**

The Clinton County Conservation District is working to protect and improve the county's natural resources, including soil, water, and wildlife. The district is also working to provide educational programs to the public to help them understand the importance of conserving these resources.

The meeting is open to the public, and everyone is encouraged to attend. For more information, please contact Ron Saunders at the district headquarters in St. Johns.
CITIZEN'S GROUP STUDY

OVID-ELISIE FINANCIAL ILLS

The Ovid-Elsie county area was hit by a late winter snowstorm on March 7, 1967, which caused widespread disruption to daily life.

**Buildings and Businesses**
- The Ovid post office was closed.
- The Elsie school was closed.
- Many businesses were closed due to the snow.

**Transportation**
- Several roads were closed, including the main highway.
- Some farms were cut off from supplies.

**Emergency Services**
- Local emergency services were overwhelmed by the demand for assistance.
- The police department received numerous calls for help.

**Impact on Local Businesses**
- Many businesses lost revenue due to the closed roads.

---

**Park Purchases on Schedule**

The parks department has announced that the purchase of new park equipment for the upcoming season is on schedule. The department is working on several new projects, including the construction of a new playground and the installation of new lighting for the baseball fields.

---

**First Nighters Tryouts Set**

The first tryouts for the new Ovid-Elsie Little Theatre will be held on February 15. The production is scheduled to begin in April.

---

**Meet the Teacher**

Meet the teacher event was held at the Ovid-Elsie High School.

---

**Financial Problems**

The Ovid-Elsie area is facing financial problems due to the winter storm. The local government is considering ways to alleviate the situation.

---

**Women's Skirts**

Women's skirts are on sale at Penney's. Choose from various styles to suit your needs.

---

**Fire Department**

The Ovid fire department is investigating the cause of a fire that occurred at a local business.

---

**Penney's SALE**

Penney's is having a sale on women's shoes, with prices starting at $1.00.

---

**Restock Your Linen Closet**

Restock your linen closet now at big savings.

---

**TV Exams city's CD plans**

The city of Ovid-Elsie is preparing to conduct TV exams citywide.

---

**Fashions reduced to clear**

Fashions are reduced to clear at Penney's.

---

**Second Annual Sale**

The second annual sale at the economy shoe store is scheduled for February 20.
Plan March open house at new Ashley plant of Zeob Fertilizers

The date for the March open house will be announced later. The Ashley plant is to reopen.

5 here on dean's list of Ferris

Ferris State University students have been named to the dean's list for the first semester. The following students are named to the dean's list for the first semester: Thomas L. Jenkins, Jr., and Robert E. James, both of Grand Rapids; Robert E. James, Jr., of Grand Rapids; and John A. Graves, of Battle Creek.

Petition drives popular

DeWitt - Appeals to residents who are interested in seeing the newly-constructed city hall opened to the public have been made by Mayor Eldon Smith. The appeals were made last week at the County Board of Commissioners meeting. Mayor Smith said the public would be invited to see the new building when it is completed.

Middleton doctors

Two physicians have opened their offices in the new building at Middleton. The physicians are Dr. Robert A. McDonald and Dr. John D. Brown.

Middleton stores

Two banks are now open in the new building at Middleton. The banks are the First National Bank and the Middleton Savings and Loan Association.

Minstrel show

The show will be held in the new auditorium at the high school on March 1.

DeWitt OKs new city boards

The Board of Clinton County Commissioners has approved the establishment of new city boards in DeWitt. The new boards are: the City Council, the Board of Appeals, and the Board of Review.

Middleton stores

Two banks are now open in the new building at Middleton. The banks are the First National Bank and the Middleton Savings and Loan Association.
Mrs. John Dexter was hostess for the Hotchkiss Chapter, Daughters of the American Revolu­tion, meeting, Thursday evening, Jan. 19, at the home of Mrs. Evelyn Young, daughter of the late Dr. Fred Young. Mrs. Martin, chairman of the meeting, presided, a reading of the minutes of the previous meeting was taken, and new business discussed. Mrs. E. O. Prince read an article by General Harriman on the Merchant Marine. In time of war, the Merchant Marine becomes a very important, if not the most important, branch of our armed forces. General Harriman stated that 140,000 mariners are registered, while the Navy has only 566,000 mariners. There are many opportunities for those interested in the sea.

Aldino Funeral Home

Lindabury, who officiated and burial was held Tuesday for Mrs Ruby Barber, 72, a native of Clinton County, resident of Bannister, and active in St. John's Catholic Church in Bannister, and a member of the Clinton County Federated Garden Clubs. She was a member of the Church of the Holy Trinity in Bannister.

Mrs Mary B. Barber had been a resident of Bannister for 63 years and prior to that had been a nurse's aid in Springfield, Ohio. She was a graduate of St. Joseph's School of Nursing, Pittsfield, Mass., and had been a patient at the Clinton Memorial Hospital Jan. 11, 1965, before being transferred to the University Hospital in St. Johns. She died in 1962. His life work was spent in the landscaping and maintenance of the Carter Funeral Home in Bannister.

Survivors include two sons, Donald and Bernard, both of Cleveland, Ohio, and two grandchildren.

Mrs William H. Barber was born in Clinton County in 1910, and was the daughter of Joseph and Gertrude (Schafer) Butler. She attended public schools and had been a member of the Catholic Church in Bannister for many years. She was a member of the Carter Funeral Home in Bannister, and had been a patient at the Clinton Memorial Hospital Jan. 11, 1965, before being transferred to the University Hospital in St. Johns. She died in 1962. His life work was spent in the landscaping and maintenance of the Carter Funeral Home in Bannister.

Survivors include two sons, Don and Bob, both of Cleveland, Ohio, and two grandchildren.

**THAT'S A LOT OF RABBIT**

Those big rabbits (more properly, European hares) may look big, but they're actually smaller than the giant 900-lb. Walker Street, St. Johns, was after. DeGeorge, shown here with daughter Jacqueline, shot the hares about 60 miles north of Toronto, Canada, Jan. 2, when his family visited his parents. Mr. and Mrs. William DeGeorge, farmer St. Johns residents. These rabbits weigh about 10 pounds each, but DeGeorge said they frequently get twice as big. He bagged a couple of other larger ones two years ago.

**A CANADIAN PRIZE**

Herchel Lovegrove of Price Road, R-4, St. Johns, came home from a Canadian hunting trip last week with this prize moose, which weighed in at around 1,500 pounds and had a huge rack. Lovegrove shot the animal Jan. 5 with his 300 Weatherby, taking 25 minutes to complete the kill. The average in his 25 years of shooting is five to eight points per animal.

**Bath trims Fowler 55-51 in overtime**

**FOURTH**—The Fletcher School was piping again, Derek Vanden Heuvel and Tom Huhn, both of Fowler, scored for the Eagles in the first five minutes of the game Tuesday night, Jan. 16, in the first of a Saturday-afternoon doubleheader. Westphalia, the host school, followed with two Ismael Calvillo points and a Derek Vanden Heuvel basket to tie the game 12-12 at the end of the first quarter.

Free throws play killer role in area basketball

The St. John's Redwings defeated rival Central Michigan Athletic Association (CMAA) rival Cheboygan, 70-69, in a thrilling contest on Tuesday night.

St. John's went all out, especially in the second half, to secure the victory. St. John's Norman Green contributed 11 points and pulled down 32 rebounds. Green helped lead the Redwings to the win with his hustle and defensive play.

The Redwings outscored the Shamrocks 16-11 at the end of the first quarter, and then in the third quarter, and then in the fourth quarter, and then in the final quarter to secure the victory.

The excitement got real high in the final minutes of the game. P - W had a three-point lead, but then they got a good start and led Fowler 22-16 in the second quarter, and then in the third quarter, and then in the final quarter to secure the victory.

Be one of the thousands of boys who wear the "BIG 30" this year.

Thousands and thousands of boys will wear local Soap Box Derby hats this year. If you're between 11 and 18, you can be one of them. All you have to do is register, with your parents, at your nearest participating Chevrolet dealer's. Then, build your car — you can get help at your Soap Box Derby club — and you're ready to wear the "BIG 30". You might win a $100 savings bond and a trip to Alkova. So hurry and register. There's a "BIG 30" helmet just your size, waiting for you!

March of Dimes dance Saturday

A contest of public entertainment events for the benefit of March of Dimes, with the proceeds of which will go to the crippled children's fund.

A parade of floats and entries will be held on the streets of St. Johns, Michigan, Saturday, March 18th, at 2:30 p.m.

The parade will include entries from all parts of the county, representing schools, businesses, and individuals.

The winners will be determined by a judging panel, and prizes will be awarded for the best entries in various categories.

The prizes will include cash awards and certificates for winning entries.

March of Dimes events throughout the day will include a dance at the Maple Rapids Community Center, with music provided by the local band.

The dance will feature live music, a cash bar, and food concessions.

The proceeds from the dance will be donated to the March of Dimes organization.

Other March of Dimes events taking place on Saturday include a bake sale at the local school, a car show at the community center, and a silent auction at the local bookstore.

The proceeds from these events will also be donated to the March of Dimes organization.

The community is encouraged to participate in these events and support the cause of helping children in need.

For more information, contact the local March of Dimes chapter or visit their website at marchofdimes.org.
These young men are members of the St. John Golden Gloves boxing team that goes into action this Wednesday night. In the lower lane are Bob Every (left), Ron Utterback, Doug Bray, Mark Maspali, Pat Pahl, Allen Harris, Kent Woodbury, Mike Pohl, Robert Rothman, Mark McIntosh and Coach Wayne Beafore; upper line, Danny Sledge, Leo Entering, John Jolly, Steve Vailin, Gary Evens, Dick Pankfort, Pat Hauser and Chuck Muckle.

Ladies singles deadline near

Entries will close Saturday for the 4th annual St. Johns Ladies singles dance at the Redwing Bowling Lanes in St. Johns. The tournament will run from Feb. 4 through Feb. 19 and will be held at Delores and Gilder's. The estimated prize of $100 will be offered. Bowlers will be limited to three games. Details can be had from any local bowling alley.

SUNDAY NIGHT MA and PA LEAGUE (Ovid) — High individual game and series: for those 20-26 years of age or who have never played in an amateur competition. Details can be obtained from Coach Beafore, as can all other pertinent information. The league will start Saturday, Feb. 4, and run through March 18. Coach Beafore explained that this league is not for the advanced competitors. Details can be had from Coach Beafore or any of the bowlers in the league.

STATE INDUSTRIAL MIXED LEAGUE (Jan. 13) — High team game and series: WPA 679 and 1964. High individual game and series: for members of the women, Helen Kaminski 201, Mike Pearson 219, Dick Kuhns 240. Dick Kuhns 240, and Trudy Masarik 492. Pattison's team continues to lead the women, with a 10-0-0 game and series: Bashore's 917 and 213, Frank Masarik 216, and Andrus 226, Jerry Myers 223, and Harry McIntosh.

Local boxers stand good chance in Golden Gloves

At the 6th annual St. Johns Golden Gloves amateur tournament in Lansing, Coach Wayne Beafore is hoping for a first-place finish this year, and he's got a chance. With a good team this year, the St. Johns team has a chance to win.

The district tournament in the Lansing Civic Center was set to swing into action in the ring and they've come with their best. This is the first year that the Golden Gloves have been held in Lansing. Coach Wayne Beafore; upper tier, Danny Stebbins, Uo Ertinger, John Jolly, Dave Vallin, Garry Every, Dick Pankfort, Pat Hauser and Chuck Muckle.

The St. Johns Golden Gloves team is the largest ever, "and we've got more experience than before," Beafore said. The last three years St. Johns have had more wins than state, and they cannot have won more than three bouts or be in the classifications. Sub-novice boxers are those aged 16 or 17 and under, novice boxers are those aged 16 or 17 and under, open novices are those 20-26 years of age or who have never played in an amateur competition. Details can be obtained from Coach Beafore, as can all other pertinent information. The league will start Saturday, Feb. 4, and run through March 18. Coach Beafore explained that this league is not for the advanced competitors. Details can be had from Coach Beafore or any of the bowlers in the league.

306 N. Clinton
Near-record 232 pints donated at bloodmobile

St. Johns area blood donors came within four pints of 250-pint record here and were 18 pints short of the 234-pint bloodmobile goal set by the American National Red Cross. The Red Cross Bloodmobile went previous record of donations. The Red Cross Bloodmobile barely called it a large-type record amount here and was 18 pints short of the 250-pint goal set by the American National Red Cross.

A TOTAL OF 232 pints were donated at the Clinton County Bloodmobile in St. Johns last week. Mrs Kenneth Fowler, Ann Beaufore, Lynne Beaufore, J. Keogh, Muriel Baldwin, Janice LaRocque, Mary Jo, and Mrs Kenneth Fowler, Ann Beaufore, Lynne Beaufore, J. It's semester exam time already at St. Johns High

By G.R. TULEEN

For the JOHNSTOWN News-Herald

Someday weans are the main task of the high school staff this week and that means many students will be hitting the books day and night. The big question is, will they be ready? The answer is yes, if they have been working hard all semester.

Some students will be taking their exams all week while others will wait a day or two. The school will be closed on Wednesday and Friday.

EXAM HOURS

Wednesday 8-11 A.M. and 1-4 P.M.
Thursday 8-11 A.M. and 1-4 P.M.
Friday 8-11 A.M. and 1-4 P.M.
Saturday 8-11 A.M. and 1-4 P.M.
Monday 1-4 P.M.
Tuesday 1-4 P.M.

Those who have a study hall will not be allowed to leave their study hall to study at home. In the evening the study hall will be held in the gym from 8-10 p.m. or until students have completed their work.

For those who go to study hall in the evening, the study hall will be held in the gym from 8-10 p.m. or until students have completed their work. The study hall will be held in the gym from 8-10 p.m. or until students have completed their work.

For those who go to study hall in the evening, the study hall will be held in the gym from 8-10 p.m. or until students have completed their work.

**YOUR PLYMOUTH DEALER IS TRUE BLUE. HE'S WORKING WONDERS FOR YOU.**

Three Plymouth Wonder Workers are pulling out all the stops during their First Annual Win-You-Over Sale. Featuring the Belvedere Silver Sport, it comes with a load of extras. An all-vinyl interior. Deluxe windshield wipers. Special trim. Custom paint_scheme. And a beautifully-wooded roof. Now top it off with a specially reduced price! Will wonders never cease? See your Plymouth Wonder Worker today.

**Offer new math adult classes**

Students who plan to return to school soon are less prepared than ever. Even those who have attended college before may need a refresher. That's why Simplicity offers a variety of mathematics courses. From basic algebra to advanced calculus. And everything in between.

During early winter the course is held in the evenings. After the holidays, it continues on weekends. The schedule is flexible to fit your needs. So call or write our regional sales manager, Paul Sjogren, for more information. He will be happy to arrange an interview.

**Bloodmobile**

Simplicity sponsored four bloodmobiles last year. This year, our goal is to double the number of bloodmobiles. That's why we need your help. Please consider donating blood. It can save a life.

**Simplicity**

**Immediate Opportunity for Qualified Retailer:**

**PROFIT WITH SIMPLICITY**

America's No. 1 line of lawn and Garden Equipment.

Our company is seeking to fill several district manager positions in various parts of the country. If you have a proven track record of success in retail sales, we invite you to apply. As a district manager, you will be responsible for managing a team of salespeople and achieving sales goals. You will also be expected to attend regional sales meetings and participate in product training sessions. This is an excellent opportunity for someone who is results-oriented and enjoys working in a fast-paced, dynamic environment. If you are interested in this exciting career opportunity, please submit your resume to our office. We look forward to hearing from you.

**Deal Man Perfects Midget Transfer Hearing Aid**

If you can hear people talk and understand what they say, then this may be the answer. An engineer of Penricton Nursery for Blind Children has invented a hearing aid that can do just that. He has developed a small device that fits into the ear canal. It is called the "Hearing Aid for the Deaf Man." It is made of plastic and is extremely light.

**HINDSIGHT JOINT**

Margaret B. Johnson, 51, of Chicago Heights, Ill. (left), had her hip replaced in a surgery at St. Elizabeth's Hospital in Oak Park, Ill. last month. She used to be a nurse and worked as an occupational therapist. Now she plans to return to work as a nurse.

**CMU speech course starts Feb. 6**

Central Michigan University offers several speech courses. One of them is "Speech: A Language," which meets on Tuesday and Thursday evenings. The course is taught by Prof. Fredrick Detert, who is a well-known speaker in the area.

**Topping prices with a Win-You-Over Sale**

New water, sewer, garbage regulations in effect here

Michigan laws and regulations governing water supply, sewer disposal, and garbage collection were enacted by the Board of Directors of the Michigan Municipal League Health Department and were reviewed and adopted by the regulatory board of the City of Clinton County.

Water supply regulations are designed to protect the quality of water supplies from contamination. Garbage and sewage disposal regulations are designed to protect the health and safety of the public.

The regulations require that:
- Water mains shall be located at least 25 feet from property lines, in so much as this may be practical and in compliance with existing utility systems.
- Garbage disposal shall be confined to the area within the city limits, in so much as this may be practical and in compliance with existing utility systems.
- Sewer lines shall be located at least 25 feet from property lines, in so much as this may be practical and in compliance with existing utility systems.
- Garbage shall be collected at least once every two months, in so much as this may be practical and in compliance with existing utility systems.
- Garbage shall be collected at least once every two months, in so much as this may be practical and in compliance with existing utility systems.
- Garbage shall be collected at least once every two months, in so much as this may be practical and in compliance with existing utility systems.

The regulations are enforced by the City of Clinton County Health Department, and violations shall be punishable by fine or imprisonment, or both.
Christian Unity service Sunday

The National Council of Churches, the first major Protestant council formed in the United States, announced that it will hold an interdenominational meeting in Clinton County this weekend to discuss the unity of Christians.

The meeting, which is part of the Week of Prayer for Christian Unity, will be held from January 19 to January 25. It will bring together members of all churches for a week of prayer, study, and worship, with the goal of promoting Christian unity.

The theme of the meeting is "Sins Against Unity," and it is sponsored by the National Council of Churches and the Episcopal Church. Other denominations participating in the event include the Roman Catholic Church, the United Church of Christ, and the American Baptist Church.

The meeting will include worship services, workshops, and discussions on various aspects of Christian unity. It will be held at the Capitol Convocation of the church, and is open to the public.

The event is part of a larger initiative by the National Council of Churches to promote Christian unity, and is one of many similar events taking place across the country during the Week of Prayer for Christian Unity.

Additional information and a schedule of events can be found on the National Council of Churches website.

WEDNESDAY, JAN. 25, 1967

Robert William Murphy, 23, of 6313 Park Lake Road, Bath, Michigan, was sentenced by Judge H. D. Shane, Optra. Attorney-at-law, Probate Court, Ovid, Michigan, for disorderly conduct.

The Court reviewed the case of Mrs. Nellie Stover and directed her to appear at the Probate Courtroom at St. Johns, Michigan, on March 29, 1967, at 11 a.m., in accordance with laws, rules and notices according to Court Rule.

The Court Orders:

1. That Mrs. Nellie Stover be appointed Administrator of the Estate of Elsie, with full powers, for the purpose of settling the Estate.

2. That the Estate of Elsie be referred to as public.
Tri-County solid waste disposal study presented

The Clinton County Board of Commissioners, Monday, heard the report of the Tri-County Waste Management Commission, consisting of representatives of the seven townships and counties involved in the region.

In August of 1966, the County Board of Supervisors of the seven townships and counties involved in the region appointed a committee to serve jointly on a regional waste management committee. The purpose of the committee is to find the most cost-effective and efficient method of solid waste disposal for communities involved.

The committee's study has focused on the various methods of solid waste disposal, including landfills, incineration, and composting. Various local communities involved have been surveyed, and the committee has made recommendations for each region.

The study recommends that each community should create refuse disposal districts with the approval of the regional board. The districts will be administered by a governing board appointed by the board of supervisors.

The recommendations include the establishment of refuse collection districts, the creation of a regional landfill, and the development of recycling programs. The report states that the most effective method of solid waste disposal is through reduction, reuse, and recycling.

The report also recommends that each community establish a recycling program, and that the regional landfill be located in a central location to serve all the communities involved.

In conclusion, the report states that the regional waste management committee is the most cost-effective and efficient method of solid waste disposal for the communities involved. The committee recommends that each community establish a recycling program, and that the regional landfill be located in a central location to serve all the communities involved.

JOE KUBICA

ANNOUNCING

Na-Churs Plant Food Company is happy to announce and introduce to the Farmers of this area, Harold Bracey’s Liquid Fertilizer Sales and Service.

Mr. Bracey will be making available to the farmers of this area NA-Churs Liquid Plant Food. Mr. Bracey is a 24 gallon truck with the ability to deliver 24,400 gallons, along with a delivery truck and a complete soil testing service.

Across the nation, farmers are experiencing an easier and faster way of planting all their crops with the use of NA-Churs Liquid Plant Food. Liquid fertilizer is healthier, more productive with more profit from every acre.

For your convenient, toll free to fill your farming operation, call HAROLD BRACEY 834-5490.

Laundering is topic for women

Do you, and your next-door neighbor, have the same amount of clothes in the washer? If not, then you are in the majority. According to a recent study, the average American family owns between 200 and 300 pounds of clothing. This is an increase of 50% over the last decade. The increase in clothing ownership has led to a corresponding increase in laundry volume, placing a strain on householders and the environment.

A recent survey conducted by the American Laundry Council found that the average American family washes their clothes once a week. The study also revealed that the average American family spends about $800 per year on laundry-related expenses. This includes the cost of detergent, water, and energy.

The increase in laundry volume has also led to an increase in water and energy consumption. The study found that the average American family uses about 1,500 gallons of water per month for laundry, and uses about 19,000 kilowatt hours of electricity per year.

The increase in laundry volume has also had a significant impact on the environment. The study found that the average American family generates about 170 pounds of clothing waste per year, and that this waste is primarily composed of cotton, polyester, and nylon.

The American Laundry Council is calling for a shift in the way we approach laundry, suggesting that households consider using more energy-efficient detergent, and using cold water instead of hot water for washing clothes. They also suggest using less detergent, and using a duvet instead of a comforter when possible.

Despite these challenges, the American Laundry Council is optimistic about the future of laundry, suggesting that innovation and technology will play a key role in reducing the environmental impact of laundry.

ASC PROGRAM

67 feed grain, wheat program signup Jan. 23

W. M. SMITH

Who participates in the ASC program? Although the goals for savings are based on national participation, the program is designed to benefit the individual producer. The individual producer must be in a county that has made a commitment to the program. No commitment has been made for the counties of Cheboygan, Gratiot, and St. Clair.

ASC PROGRAM

Thursday, January 19, 1967

CLINTON COUNTY NEWS, St. Johns, Michigan

MECHANIZE FOR PROFIT

With participation in the ASC program, farmers will have the ability to save on feed grain costs. The program aims to help farmers reduce their feed grain costs, thereby increasing their profitability. Farmers who participate in the program will receive a feed grain allotment, which they can use to purchase feed grain at a reduced rate.

In addition to the feed grain allotment, farmers will also receive an extension of the federal feed grain loan program. This program provides farmers with an additional loan to help them meet their feed grain needs. Premiums will be charged on the extended loan, and farmers will be required to pay interest on the loan.

The feed grain allotment program is designed to help farmers save on feed grain costs, thereby increasing their profitability. Farmers who participate in the program will receive a feed grain allotment, which they can use to purchase feed grain at a reduced rate. Farmers who are interested in participating in the program should contact their local ASC office.

TUESDAY, CASH SELL, every Wednesday, everything sold for cash. Not responsible for accidents.
The greatness of our age. The Edison learns how electricity has helped to rev­
olutionize agricultural production. It per­
while farmers comprise only 6.8 per cent
labor. Ninety-eight per cent of occupied
farm dwellings have electric service and
just how fantastic it actually is—or why.
ies can be proud of now and in the future,
elder. Literally hundreds of
people to manage their own water problems
soil. Deep tooted in the fertile ground of in­
countrymen.

It's a fantastic age

It is gratifying to note that this is no
problem with the Upper Maple River Watershed
steering committee. Without pay, these
farmers have done a good job since October
1963, as the story last week points out.

The steering committee is composed of
Elmer Smith as chairman, as well as
Norman Thornon, Harley Hauffer, Volle
Kloeb­

They have worked hard and steed to
the project despite some trying times.

The steering committee has received the
cooperation of the Intercounty Drainage
board, drain commissioners, board of
supervisors, the State Deer Dep­
and the soil conservation district
of Brolot, Shillawood and Clinton
townships.

It now appears the work being
progressed in the Maple River area
— with the cooperation of land
owners in applying land treatment con­
seems to be going faster in the Maple River. It's a project all three coun­
ines can be proud of now and in the future,
and the cooperation of the family-size farm in the Maple River watershed area.

It's a fantastic age we live in—why but?

We are living in a fantastic age. Every­
one will agree with that, but few realize
just how fantastic it actually is—or why.

To many, the dramatic breakthrough in
agriculture is a local program conducted by local'
people to manage their own water problems
that state.

It is gratifying to note that this is no
problem with the Upper Maple River Watershed
steering committee. Without pay, these
farmers have done a good job since October
1963, as the story last week points out.

Michigan Budget Tax Plan

This month, Michigan's budget tax plan became a reality. The plan, which was proposed by Governor G. Mennen Williams, has been implemented to address the state's fiscal challenges.

Key Features:
- **Tax Incidence**: A broad-based, progressive income tax is introduced to replace the current property tax system.
- **Tax Rates**: Two rates will be applied: 1% and 2% of net income above a threshold.
- **Exemptions**: A family exemption of $10,000 is provided, and a personal exemption of $5,000.
- **Implementation**: The tax will be effective for the 1967 tax year.

The move towards a budget tax is expected to bring a sense of stability to the state's financial administration. The new system will allow for more equitable distribution of the tax burden, promoting fairness and economic growth.

In conclusion, Governor Williams' budget tax plan marks a significant step forward in Michigan's fiscal strategy, signaling a commitment to sustainable and equitable tax policies for the future.
