Building permits down report shows

ST JOHNS – Are people looking for less to build homes? The zoning adminis­
tration's report to Clinton County Board of Commissioners shows that Clinton County residents are. Building permits for family dwellings for the 20 year­­long period from 1974 to 1973 was 346 in 1973, However, total for the 1974 year are down 33% from 1973. A residents are. Minarik, zoning administrator, said.

Minarik said building permits have been issued to the villages of St Johns and North Augusta for the year 1974. Under the new code of governmental approval has been obtained but the government's own building code or allow the county to continue to get by with what they have instead of doing something about residential development. He said the main factor for the 70% in building permits for the year 1973.

ST JOHNS – Clinton County Board of Commissioners gave tentative approval to the zoning administration's proposed project to preserve the historic building of St Johns. The action was taken March 4 after the board received a letter from St Johns County Parks and Recreation Commission requesting approval.

The land in question is owned by Lincoln and Griswold families. It is located west of US-27 and south of M-143. The land is to be used as a park for recreation.

ST JOHNS – Park purchase gets tentative approval

The land to be purchased is owned by Lincoln and Griswold families. It is located west of US-27 and south of M-143. The land is to be used as a park for recreation.

Windbreaks have variety of uses

By U.S. Soil Conservation Service

Traditionally, windbreaks have been considered to reduce wind erosion of soil, to control dust blowing and wind velocity, or to enhance the natural beauty of a property. A windbreak is a series of trees or shrubs which are established each year for that purpose. In fact, most of the trees and shrubs used in windbreaks are adapted to those reasons, some of which now are being adopted for reasons secondary to the original windbreak purpose. For example, the landscaping of individual properties, streets, and highways may now be a part of the windbreak purpose. Some people grow windbreaks as a method of preventing or controlling erosion, while others plant windbreaks on farms to reduce the dust blowing from their fields. It is the purpose of this article to briefly discuss windbreaks as they are used in the various states, but emphasis should also be placed on the use of windbreaks for other purposes.

Allen is member of committee investigating livestock poisoning

March 12, 1975

By Walter Russell

The recent death of a hog near Ithaca, Michigan, prompts the formation of a committee to investigate the matter. The hog died of unknown causes, but it is suspected that the death may have been caused by a chemical or pesticide.

Edinger Chevrolet is a dealership that sells new and used Chevrolet vehicles. They offer a wide range of models and services, including financing and repair.

Letters to the Editor

Dear Reader:

I have a few comments on the recent article about windbreaks. The article mentioned that windbreaks can be used to reduce dust blowing and wind velocity. While this is true, windbreaks can also be used for other purposes, such as providing shade and improving the aesthetics of a property.

Sincerely,

[Name]

Letters to the Editor

Dear Editor:

I agree with the article about the benefits of windbreaks. However, I would like to point out that windbreaks can also be used to provide shade and improve the aesthetics of a property.

Sincerely,

[Name]

JOHN DEERE SNOWMOBILES
The following 4-H clubs have participated in the friendly rivalry between the three schools: Waldron Elementary School, the Double M 4-H club, and the St Johns High School 4-H club. The three schools have been practicing modeling and told the public about what they had learned.

Railway abandonments in the U.S. are the result of the 1970s, when freight traffic declined. The following were railway abandonments in 1974: N.H. 200 BU. SPREADER, GRAVITY BOX & WAGON, J.C. 45, GLEANER A w/cab SKQ M.F. 35 SP, GLEANER L, GLEANER E. The Senior Miss 4-H members voted to donate 200 bu. of corn to the city of St Johns, which will be used to make corn武士 堆 with town officials. Other items discussed included pollution control, and the Michigan State College of Technology continues to be a top six receiving a rosette for next winter. There is no charge to attend, so bring your friends. Since the project is done by 4-H clubs, the public is invited to attend, so bring your friends. The public is invited to attend, so bring your friends.

These exhibits will be released at 5:00 p.m. also. The public is invited to attend, so bring your friends. Since the project is done by 4-H clubs, the public is invited to attend, so bring your friends. The public is invited to attend, so bring your friends. BEE’S DO NOT change the Speedometer

For the miles driven on business, there can also be a deduction showing when maintenance and repair were done. If a car is bought in 1974 and used, the deduction is for the miles driven for business and personal use, up to 200 miles a month. The deduction is based on the difference from the regular gasoline tax paid.

Ina Morrison, 60, died March 10 at her home. She was a member of the St. Johns United Methodist Church. Mrs. Morrison was born in 1915 in St. Johns, the daughter of John and Anna Morrison.

Minnie Holden
Minnie Holden, 84, of Maple City, died March 10 at her home. She was a member of the Maple City United Methodist Church. Mrs. Holden was born in 1900 in Maple City, the daughter of John and Anna Holden.

USDA decrease interest rates

A substantial decrease is the interest rate for farm support loans which have been guaranteed by the Secretary of Agriculture. Effective April 1, the interest rate for the Farm Credit Corporation will be 6%, down from 7%. This is the same as the rate charged by the Community Credit Corporations. The Farm Credit Corporation, which is a division of the Farm Credit Administration, provides financial assistance to farmers with cash flow problems.

Report from the Past State Fair

Francis R. Spaniola

Jerry's Bargain Store
Sacred Heart overpowers Fowler Eagles 84-59

IT'S PLEASANT to see Fowler's Bob Turner, St. Johns' leading scorer and the Michigan AAU All-American from last season, giving the Eagles from district competition by laying it on the line in the third quarter. The Vikings, who had battled to within 77 points at the half, faltered in the third quarter and were defeated 122-59 by the defending state Class B champions.

The Vikings had led the game at the half, 37-17, before the Eagles made a comeback in the third quarter. The Vikings outscored the Eagles in the third quarter, 32-21, to take the lead into the final quarter.

The Vikings also had a 10-point lead in the 3rd quarter, only to see it squandered as the Eagles pulled away from an early 20-18 lead in the 1st quarter. The Vikings triumphed over Rockford, while the Eagles eliminated the Pirates from regional tournament competition.

Okemos falls to Lakewood in St Johns regional

The Vikings came into St Johns gym looking for its 1st regional win. While Fowler was fighting back with a 9, 20-11, lead at 4 quarters, they were eliminated from the regional by Lakewood, a 48-46 winner against the Pirates. The Vikings, who had been fighting to stay in the game, scored 50 points, while Lakewood sank 8 of 14 fielders. The Vikings outscored the Pirates in the 4th quarter, 28-14, to take the lead by 1 point with 3 seconds left in the game.

Okemos, victor in the district championship game, was defeated in the regional by Lakewood. The Vikings led 20-16, while Fowler was down by 9, 20-11, and.was eliminated with a 2 point, 14-12, loss. The Pirates scored only 9 points, while the Huskies of Breckenridge led 28 for 50 from the field. The Vikings continued to keep Pewamo-Westphalia away from the bucket, forcing turnovers that ultimately cost the game for the Pirates. The Vikings won the game on a go-ahead 3-point shot by Doug Pleasant's combination of Doug Bunting at forward and Dave Bunting at center.

Breckenridge eliminates Pirates

The small Breckenridge squad beat the huge game of the Pirates as it was of the Breckenridge upset. The small Breckenridge squad beat the huge game of the Pirates as it was of the Breckenridge upset. The small Breckenridge squad beat the huge game of the Pirates as it was of the Breckenridge upset.

The Breckenridge team was led by a 105 MM Howitzers and a complete arsenal of weapons to include the 105 MM Howitzers and a complete arsenal of weapons to include the 105 MM Howitzers and a complete arsenal of weapons to include the 105 MM Howitzers and a complete arsenal of weapons.
Congratulations

REDWING

SWIM TEAM

"Your season was great!"

The Redwing swimming team had 25 conference medal winners and nine swimmers representing St. Johns at the state meet. Brian Stork ranked 8th in the state diving. Paul Butler ranked 12th in the state in the 100-yard breaststroke.

1975 good year for Redwing swimmers

Two St. Johns swimmers, representing the Redwings in the state championships, were high points on their squad. Walter Man in the 100-yard breaststroke and Paul Butler won the 100-pound breaststroke in the 100-pound breaststroke at the state championships.

In the season, the Redwing swimmers set an outstanding 22-1 record.

Their only loss was to division champion, where they finished in second place.

In the final meet, St. Johns won the Redwings in the state tournament by an unprecedented margin.

The Redwings were selected as the overall winners of the swimming season.

SWIMMER OF THE YEAR:

Roger Warner and Bryan Smith were co-captains of the swimming team.
