WHY DO YOUNG ADULTS SHOPLIFT?
Across the country young people, many from middle and upper income families are falling victim. Why do young people commit a criminal act that will probably jeopardize their future? The common answers are: "I DID IT FOR SHORTS," "IT WAS AN IMPULSE!" "IT WAS ONLY A PRACTICE--" "IT WAS JUST A BREEZE!" "IT WAS PART OF AN INITIATION!" In other words they think it's more sport than a crime. But the law makes no provision for a "sport." Shoplifting is stealing and stealing is a criminal act. The shoplifter is a thief not a prankster. Never break the law on a dare - it takes more courage to turn down a dare than to accept it, and your friends know this. In the long run they will respect you for sticking to your beliefs, don't fall for that "chicken" routine.

STORES ARE GETTING TOUGHER!
Because of this growing problem stores are getting tougher with shoplifters and are taking measures to catch them in "sport." Shoplifting is stealing and stealing is a criminal act. The shoplifter is a thief not a prankster. Never break the law on a dare - it takes more courage to turn down a dare than to accept it, and your friends know this. In the long run they will respect you for sticking to your beliefs, don't fall for that "chicken" routine.

COLLEGE ADMISSION CAN BE REJECTED!
A criminal record will keep you out of college or professional school of your choice. A stolen carton of candy kept once arrested, circumstances may demand explanation and cause embarrassment whenever it reappears. A stolen carton of candy kept once arrested, and a criminal record is still a criminal record. One shoplifting conviction can ruin your life. Furthermore, the Juvenile Courts have the power to transfer Juvenile Offenders to Adult Court, where young people are treated like adults. A criminal record can keep you out of the college or professional school of your choice.

'BUT I'M A JUVENILE! I CAN'T BE CHARGED'
Don't you believe it! True, the identity of a Juvenile who commits a crime is not made public, but an arrest is still an arrest, and a criminal record is still a criminal record. One shoplifting conviction can ruin your life. Furthermore, the Juvenile Courts have the power to transfer Juvenile Offenders to Adult Court, where young people are treated like adults. A stolen carton of candy kept once arrested, circumstances may demand explanation and cause embarrassment whenever it reappears.

WEIGH THE PENALTY!
You can be arrested if you steal any property from a store, no matter how little it costs. It is a crime if you steal even a lipstick or candy bar. Punishment for a first offense can be as much as two years in jail or for theft over $50.00, as it says, "Thief." Ignorance of the law is no excuse and no defense against prosecution and conviction. Shoplifting is stealing and stealing is a criminal act. The shoplifter is a thief not a prankster. Never break the law on a dare - it takes more courage to turn down a dare than to accept it, and your friends know this. In the long run they will respect you for sticking to your beliefs, don't fall for that "chicken" routine.

WHAT CAN PARENTS DO ABOUT IT?
1. Be aware that shoplifting can be just the beginning of bigger trouble for your children.
2. Make sure your children understand that shoplifting is stealing and stealing is a criminal act.
3. Supervise any "clothes" swapping.
4. Know where your children are and why they are going shopping.
5. Know how much money your children have and how they spend it.
6. Know “what they are doing when they are not at home, where it is someplace, don’t call them just answer.
7. Talk to them about what is wrong with "shoplifting." Be as open with them as you would do with any other subject.
8. Set the right example.
9. Make sure your children know that shoplifting is stealing and stealing is a criminal act.
10. Be certain that your children know that shoplifting is stealing and stealing is a criminal act.
11. Be alert to a daughter who repeatedly brings into the house, if it isn't his or hers, check on where it came from.
12. Be certain that your children know that shoplifting is stealing and stealing is a criminal act.
13. Be aware that shoplifting can be just the beginning of bigger trouble for your children.
14. Be certain that your children know that shoplifting is stealing and stealing is a criminal act.
15. Be certain that your children know that shoplifting is stealing and stealing is a criminal act.

Mr. Jim Pegg

John Wesley College

Overton, MS 38866

Dear Mr. Pegg,

I am writing to express my interest in enrolling at John Wesley College this fall. I am a high school senior who is currently enrolled in a local school and am considering my options for college.

I have heard about John Wesley College from friends and family members, and I am impressed by the college's strong academic programs and commitment to community engagement. I am particularly interested in the college's diversity initiatives and its focus on providing a supportive and inclusive environment for all students.

I am excited to learn more about the college and its offerings and would appreciate the opportunity to speak with you or one of the admission representatives.

Thank you for your time and consideration.

Sincerely,

St Johns teachers to participate in Frontiers Day

Three St John's High School distance teachers will take part in the Frontiers Day Distance Education project sponsored by the National Telecommunications and Information Administration. While it will be a day of fun and educational enrichment, the purpose of the day is to inspire and motivate students to pursue distance education. By participating in the project, St John's distance teachers will help to make distance education a viable educational option for students. During the day, students will have the opportunity to interact with their teachers through various means, including video conferencing and online chats. The event is scheduled to take place on [specific date], and is expected to attract a large number of participants. The National Telecommunications and Information Administration is committed to promoting the use of distance education and is working to make it more accessible to students. For more information on the event, please contact the St John's distance education department or visit their website.

Injury, fouls hurt Redwings

Doug Woodhams pops in 2 for St Johns, but missed the rest of the 1st half after being injured.

OKEMOS -- The expected battle between Holt and St Johns never came to be as the Redwings derailed in a game that saw Doug Woodhams in action for only a few minutes.

Woodhams, who has been the Redwing scoring spark plug all season, was injured in the 1st quarter and didn't see action again until the 3rd quarter. Woodhams went to the bench after being cut over his right eye, an injury that eventually required 4 stitches.

At the end of the 1st quarter Eaton Rapids took a 1-point, 26-25 lead into the locker room. Just prior to that, Eaton Rapids had gone ahead by 5 points and went into a stall. That tactic failed, however, as St Johns broke the stall and came within 1 before half-time.

Foul trouble plagued the Redwings in the 3rd quarter. Woodhams, back in the game, wound up with 4 fouls before the end of the 3rd quarter and Mark Wawsczyk had his 4th foul called early in the quarter.

The Greyhounds, who were unable to stop Holt Saturday night, were unable to stop Redwings' '74 bid.

Mark Wawsczyk scraps for an elusive basketball against Eaton Rapids.

The Pop gets loose for 2 Redwing points.

John Wesley College announces plans for performing arts center

John Wesley College is proceeding with plans for a multi-purpose building which will be used primarily as a center for the performing arts.

Our biggest hope," commented Dr Kenneth S. Armstrong, president of the College, "is that the public will see the value in our performing arts center. It will be a beautiful addition to the College and will be a source of pride for our students and the community."

The building will be constructed on the west side of the Owosso campus, near the library and the chapel. The building will house a 350-seat auditorium, with a large stage and a dressing room for performers. There will be classrooms and a visual-audio laboratory for students interested in the performing arts.

The project is currently in the planning stages, and fundraising efforts are underway to complete the project. The College is seeking donations from alumni, friends, and the community to help finance the project.

The performing arts center will provide a venue for concerts, lectures, and other cultural events. It will also be used by the College for educational purposes, including classes and projects.

Pity the poor parents who might have 2 or more high school athletes participating in different weekend. I started off losing my car in a parking ramp in Muskegon and then had to drive around wonder where it all comes from and what we're going to do with it. I'm going to do my bit to conserve fuel this spring and summer. I'm going to run my lawn mower only on days whose names don't end in "r". We now hear there may be a shortage of sugar. The Tigers haven't lost the pennant yet. Whether Air Force, Army, or Navy, we gain most by pulling with friends, but too many crooks spoil the gravy. But vigilance still needs to be in our plan for complete remodeling. I would appreciate your comments and suggestions. I have added a column to the “Between the Lines” page where you can express your thoughts. In fact, that's how my wife banked the $8-ball into the side pocket. She asked for my opinion. Powell reports fuel oil and gas price complaints.

North Bengal
On Tuesday, Feb 12 Mrs Martha Jack of Pewamo, daughter of Mr. and Mrs. Elmer Jack of Pewamo, visited with Mr. and Mrs. Fred Pfau, Mr. and Mrs. Grant Pfau and Mr. and Mrs. Willard Pfau of the Leader and the Leader Dog for the Blind.

Powell reports fuel oil and gas price complaints.

"As the cost of crude oil increased, we had a chance to ask questions. There was talk about tomorrow's families or what Forts on farm or with soil. There are also problems such as housing, food and the environment.

"We've heard about oil and gas prices making it difficult for people to heat their homes. The price for fuel oil and gas has increased, and there have been complaints from those affected by these prices. The government has been trying to implement policies to control these prices, but it has been difficult to find a solution that satisfies everyone.

Louise Talley, 4-H leader Dog for the Blind. The Talley family was visiting with the Leader Dog for the Blind.

A county 4-H leader Dog for the Blind.

The 4-H leader Dog for the Blind is a very special dog who helps individuals with vision impairments. These dogs are trained to assist people in various tasks, such as opening doors, finding objects, and navigating their surroundings.

The leader dog is very important in helping people who are visually impaired. They are specially trained to recognize obstacles and guide their owner to their destination. This is especially important for people who live in areas with busy streets or who need to navigate in unfamiliar places.

"The leader dog has been a wonderful addition to our family. It has helped my son navigate his surroundings and has given him the confidence to go out and explore the world. I am very grateful for the support of the Leader Dog for the Blind program.

The leader dog is not only a helper, but also a companion. It provides a sense of security and companionship for people who are visually impaired.

The leader dog program is very important in helping people who are visually impaired. It is a wonderful way for people to help others and make a difference in their community.

Soil must be considered in septic systems. By James Stacey, Soil Scientist. A common soil problem is that some soil systems fail to function properly or if the soil is not well-consolidated, the system may fail. Many times the soil can be improved by superimposing the soil condition or by the addition of a special soil conditioner. When considering the soil, it is important to consider the following soil conditions that may affect the success of the soil system: (1) slight to moderate compaction, (2) moderate to severe compaction, and (3) severe compaction. If the soil is moderately compacted, the soil may still be able to support the septic tank. If the soil is severely compacted, the soil may not be able to support the septic tank.
