**New garbage service possible by April 1**

The Clinton County News learned last week that the county is ready to take on several projects for the betterment of county residents, including the garbage pickup service. The county is ready to take over the service from the city of St. Johns, which is currently providing the service.

**Milk holding persists**

The Michigan Milk Producers Assn. continues to give assurances that milk prices at the farm level will remain at the same level for another week, at least. This is due to the fact that the counties have not yet agreed to a price increase, and the state and federal governments have not yet announced any changes in the milk pricing system.

**4-H Achievement Show under way**

Clinton County's annual 4-H Achievement Show is now under way at the St. Johns High School. The show isscheduled to continue until Saturday, and will be open to the public. The show features various 4-H projects in various categories, such as agriculture, home management, and leadership.

**Clinton County cancer drive kicks in**

The Clinton County Cancer Drive is now under way at the Yellowstone High School. The drive is scheduled to continue until Saturday, and will be open to the public. The drive features various cancer awareness projects, such as campaigns, seminars, and fundraising events.

---

**Sport show shaping up bigger than expected**

The sport show is shaping up to be a big event this year. The show is scheduled to take place at the Yellowstone High School on April 12, and will feature various sports-related events, such as demonstrations, competitions, and exhibitions. The show is expected to draw a large crowd, and will be a great opportunity for sports enthusiasts to come together and enjoy various sports-related events.

Fire badly damages MR home

By ROY TELFORD

MARPLE BURNED — The Marble Village Fire Department was called to the Villas Island home at 3606 Riverside Drive on Tuesday night. Although no fire damage was reported, many problems were caused.

The fire had a good start in a portion of the attic part of the home. Siding was burned from the house except a small section in the front. Some of the siding was burned right part and smoke and waterwise all clothing was lost. Fur

in 1958, Miss Jewett modeled for She studied with Syd Simons at Board of Education. The Joan of the Joan Jewett Modeling Altar Society.

The program will also be open to any teen- age girl and her parents. The teen age daughters of the will be guests of the state.

MISS JEWETT is well-known in the high school, where she was an active member of several clubs. She was president of the French Club and a member of the National Honor Society. She was also a member of the debate team and a member of the cheerleading squad.

While still a student in high school, Miss Jewett attended modeling classes and was soon discovered by a talent scout. She began her career as a model for a local department store and quickly gained attention for her striking appearance.

Before opening her own school she studied in modeling and finishing classes at St. Joseph Catholic Church of St. John's area in 1929. They jetted to Acapulco spending three weeks at the home of Denise and Todd Haviland while her three grandchildren, Janice, who are going to State Rec-ognition, and Cal and Joseph Fitzpatrick, Mr. and Mrs. Gerald Fitzpatrick, Fitzpatrick of DeWitt entertained Mr and Mrs Rossow and family, Mr and Mrs Glendon Fitzpatrick of St. Joseph of St. Joseph Catholic Church in St. Johns, after a short illness. She was a resident of this area of St. Johns and spent all her adult life in St. Johns area. She was married to James plaza who was born March 27, at 1:30 p.m. at the Duplain Church of Christ officiating. Burial was in Mt. Hope Cemetery.

Illy M. (Plaza) Moore was born in the year of 1900. She attended St. John's High School and went on to attend Michigan State University. She was a teacher for 19 years:

"New look" in education at Ovid-Elsie!

The heart of a good educational system is in the school library, for it is here the student turns for sources of information when his own classroom sources are insufficient. The new library at Ovid-Elsie High School is a spacious place with plenty of room to grow. The carpeted floor and acoustical ceiling muffles the sound of movement, and the decor lends itself to study despite its bright, modernistic touches.

FOCUS ON EDUCATION

The two new typing rooms at Ovid-Elsie provide enough space so that students not in the typing classes can make use of the typewriters when they are free. Janie Kratsky (left) and Lilly Beals take advantage of it to type up some papers for another class. This picture was taken in teacher Mary Purdyk's room, though the windows can be seen teacher Charlene Austin's class.

It takes good food to keep young minds alert and ready to be educated, and the cooks at the new Ovid-Elsie High School know how to dish it out. Posing in their spic and span new kitchen are, left to right, Wilma Miller, Loreta Warren, Nila Froehly, Agnes Hrncharik and Irene Mead.

With electronics as important in career fields these days, it is no surprise that an electronics lab is a part of the new Ovid-Elsie High School. Separate electrical control boards are built into the wall on several sides of the room. Instructor Steve Hoshal (third from left) goes over its operations with students in his class.

PART OF THE CHEMISTRY of a chemistry lab is having clean equipment to
work with. It took several days of hard work and effort on the part of the
behaviorist and test tubes, and Dave Bernett (left), Tom Purves and Dave En­
sign did their share of the "dishwashing" for instructor Jim Arnold. There
is another laboratory on the far side of the windows in the background.

Practicing for the 1967"O­
Mr and Mrs Jack Schineman—Mr and Mrs Frank McHenry, Olive's 4-H Projects Club—Mr and Mrs Gary Sheaffer, Brenda and Sheaffer and Rhonda.

The senior miss project girls will model their garments on Saturday morning, April 1, at the livestock pavilion on the county fairgrounds. There will be a 4-H Show Case as the senior misses complete their projects. The senior miss project girls are exhibiting their accomplishments in the following categories: garment, household, baking, and horticulture.

A spring fashion show will be presented at the state 4-H horse show. The contestant must be an active state 4-H member for at least one year. Many of them have learned from the experience and the willingness of the evaluator but some one who is interested in the purposes and goals of the club. The new evaluation procedure used this year was an interview on Saturday morning, April 1, at the livestock pavilion on the county fairgrounds.

A LOOK INTO THE PAST

BARBERING IN ST. JOHNS 58 YEARS AGO
CCH photographers hazard a guess that flash powder was used to illuminate this interior picture of the Wilson Barber Shop in 1909. It was located on the spot now occupied by the Clinton National Bank and Trust Co. The barbers are the late O. A. Wilson on the left and his father, Oren E. Wilson at the second chair. The picture was contributed by Art Wilson of 303 S. Clinton, the grandson and great-grandson of the two barbers.

THE MAIL GOES THROUGH
Our DeWitt correspondent, Mrs. Vernon F. Ackerman, contributed this picture showing mail carriers at DeWitt in some past age; she can't remember when the picture was taken. Fred Hazel, second from right, was postmaster and was Mrs. Ackerman's grandfather. The other men were identified as carrier Lew Drake, Charlie Reynolds and Carl Van Fleet in group at left, and Lavi Sibley at right.

METHODOIST SUNDAY SCHOOL CLASS IN 1909
Art Wilson of 303 S. Clinton Avenue brought in this picture, one of hundreds he said were collected by his late grandfather, O. A. Wilson. This is the Methodist Church Sunday School class of 1909 at St. Johns. This is the Methodist Church Sunday School class of 1909 at St. Johns. Two of the pictures carried only this partial identification, "Top row from left to right, Charlie Sibley, Bill Hesper..."

OLD SHERIFF'S RESIDENCE AND JAIL
This is another in a series of old pictures contributed by Mrs. R. J. Tench at 704 Central Avenue, St. Johns. The picture shows the old sheriff's residence and jail. The partly-enclosed part was used as the jail. It was erected in 1919. The building was used until about 1920 when the jail and sheriff's residence were sold to the present owner. The house was located on the northeast corner of McConnell street and Clinton Avenue, where the present school parking lot is located.

Road Commission Weekly Report

Budget and financial statements for the year may be inspected and will be reviewed. Discussion will be held on such other township matters as may properly be considered at the Annual Meeting. Copies of the Budget are also available for inspection at the office of each of the undersigned Township Clerks.
Why should I switch my savings now?

Is there a better time for you to begin earning an effective rate of 5.5%? We pay that on our 3 year, 10 month savings certificates. That's because we compound your interest 10 times every year. These certificates are issued in any denomination, and they mature in just 3 years, 10 months. You may select a date of deposit to day of withdrawal. The effective rate—no other bank ever need your money for any reason. It is always available on 90-day notice, and we still pay you 5% from day of deposit to day of withdrawal. You can't do that anywhere else.

**Why should I switch my savings now?**

Mrs. Dale C. Levey was given a birthday gift by her husband Mr. Mitchell. A check made out to Harry's Furniture, was presented to Harry's Furniture by Miss Starlet Mitchell, daughter of Mr. and Mrs. Al Mitchell, residents of downtown Lansing. The check was for $10,000. The Mitchell's have just received their first check from the Mitchell Foundation.

8 postcard mailings from county attended conference

Michigan State University, East Lansing, April 7-8

A Michigan State University conference on the new curriculum is expected to attract over 800 teachers and educational administrators.

THE SCIENCE Improvement Foundation, a corporation that is supported by the National Science Foundation, is sponsoring the conference.

The conference will focus on the development and evaluation of new science programs and on the implementation of the new science curriculum.

The conference will feature keynote speakers, panel discussions, and workshops on a variety of topics, including the development of new science programs, the implementation of the new science curriculum, and the evaluation of the effectiveness of new science programs.

In addition, the conference will include a series of workshops on specific topics, such as the development of new science programs, the implementation of the new science curriculum, and the evaluation of the effectiveness of new science programs.

The conference will also include a series of workshops on specific topics, such as the development of new science programs, the implementation of the new science curriculum, and the evaluation of the effectiveness of new science programs.

The conference will also include a series of workshops on specific topics, such as the development of new science programs, the implementation of the new science curriculum, and the evaluation of the effectiveness of new science programs.

The conference will also include a series of workshops on specific topics, such as the development of new science programs, the implementation of the new science curriculum, and the evaluation of the effectiveness of new science programs.

The conference will also include a series of workshops on specific topics, such as the development of new science programs, the implementation of the new science curriculum, and the evaluation of the effectiveness of new science programs.

High school class meets

Two high school class of the Church of Christ held last week's meetings. On Monday, it was the Church of Christ on the campus, with Mr. and Mrs. Donald Johnson leading the service. On Tuesday, the class conducted the worship service led by Mr. and Mrs. Donald Johnson, who had the party along with Mrs. Amanda Lott. Mr. and Mrs. David Hott, joined in the service. Mr. and Mrs. Donald Johnson welcomed everyone to the service and led the meeting in prayer.

Memorial services told

Memorial services were held in honor of Mr. and Mrs. Edward Miller, who died in an automobile accident on March 7.

Easter services well attended

Easter services at the Church of Christ found the attendance, and the services were well attended.

Hobby Club meets

Hobby Club met Wednesday at the home of Mrs. James Burnham. The evening was spent by the club in an art show and working on various art projects.

April meeting will be held April 19 at the home of Dennis Schubert, and Mrs. James Burnham. The meeting will be held at 7 p.m.

questions about Clinton County

Service Personnel

Why can't I go directly to a nursing home under medicare? My doctor says I need hospitalization for an extended period of time. Will medicare start paying for custodial care in a nursing home? A. Yes, if you are admitted to a nursing home under medicare for treatment of a condition that requires hospitalization. And you must be transferred from the hospital to the nursing home for this treatment. It is required that you be transferred only if you meet the hospital's criteria for continued skilled nursing care or treatment. If you are transferred before this period, there will be a 14-day observation period, during which medicare will cover the nursing home care for any therapies or treatments that are provided. After this period, medicare will no longer cover custodial care, which is care that is not provided to treat or prevent illness but rather for a person who is unable to care for himself.

Our Star Salesman!

Riding will tell you so. "Money Building" made this deal for a deal that makes all-inclusive on your one-two-three-four-five-six parking space. In between that second, there's a earthly feeling that you're in a car that really goes. (You're not even sure if you're in a car.)

News About Clinton County

Our Star Salesman, Mike Underwood, son of Mr. and Mrs. Russell Underwood of St. Johns, recently graduated from St. Johns High School and will enter Bob Jones University in Greenville, S.C. in the fall.

George A. Ferrigan, of 321 W. Jefferson St., has been admitted to St. John's Hospital and will be treated for an eye-opening experience. Worth several thousand words.

Scouting News

Held at 7:30 p.m. in Lansing, Thursday, March 30th, the Clinton County Council meeting will begin with a tour of the new Bean unit. The Bean unit, located in Tipton, Ind., has a 750-gallon water tank and the high-pressure fog system for use in rural areas. The unit was started in 1961, and is based on the theory and maintenance of high-pressure fog at the fire truck plant in Tipton. In 1966, the new Bean unit has a 750-gallon water tank and the high-pressure fog system for use in rural areas with a limited water supply. After purchasing the new rig, Westphalia Township had two fire trucks and firemen.
He stands alone, looking about too small for the burden of those tasks. You watch him, and you wonder what he is thinking. But you know that if you were in his lot, held only up with a little alms and a psalm — "Oh, nothing!"

"Nothing!" is so often a child's answer to the deeper questions. Perhaps a child knows instinctively that he must hope to put into clear words all the places, the confusions, the joy, causes and wonders which come with growing up. And "nothing!" can become — to you — the most astonishing word in the world.

What can you do about it? You can love him, and you can help him in every way you know. You can help him to be given a chance to go to school with you, and to Church school. Here he will find some of the best answers of all to that long list of questions that will become longer, still, as time goes up.

ELECTION LAW, ACT 116, P. A. 1954

SECTION 720. On the day of any election, the polls shall be opened at 7 o'clock a.m. and to remain open until 8 o'clock p.m. of said day of election.

**THE POLLS** of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

DONALD CLARK, City Clerk

49-2
Coaches, directors, and staff were on hand to greet the nearly 600 students as they arrived for their day of activities. The students were divided into groups and were led to different stations where they worked on various projects. The atmosphere was lively and energetic, with music playing in the background and the sound of children laughing and chatting filling the air.

One group of students, led by their coach, was working on a craft project that involved creating hand puppets. They were using materials such as construction paper, scissors, and glue to create the puppets. Another group was working on a science experiment that involved mixing different chemicals and observing the results. The scientists were taking careful notes and recording their observations.

The day was capped off with a special treat, a picnic lunch. The students were seated on blankets on the grass, enjoying sandwiches, chips, and fruit. It was a perfect way to end the day's activities and create lasting memories.

Overall, the day was a great success, and the students had a lot of fun. The staff was pleased with how well everything went, and they were looking forward to another successful day of activities in the future.

**WIN S HALLMARK CONTEST**

Jordy Deller, granddaughter of Henry W. Deller, 81, has been named first place winner in an essay contest. Her critique on Hallmark's Hall of Fame television program, "Age Unglaublich," in Illinois was adjudged the winner in Park Ridge. Several books will be donated to the Park Ridge Public Library in the name of contest. Jordy and her parents, the Ralphs Dellers were former residents of St. Johns.

**North Bengal**

By Mrs. Wm. Krieck

Mr. and Mrs. Wm. Krieck had dinner guests in Mr. and Mrs. William Krieck were celebrated 35th anniversary of Mr. and Mrs. Louis Hagenbuch of North Bengal and Charles Sherrill of St. Johns, P.Y. The celebration included the wedding of the couple, Mr. and Mrs. Leo L. C. Pas, and son.

**Buster dinner guests of Mr. and Mrs. Schubert were friends of both families. Mr. and Mrs. Schubert were celebrating their 50th wedding anniversary with their friends. The couple were guests of Mr. and Mrs. John Farmer of North Bengal and Mr. and Mrs. John Farmer of North Bengal.

Mobil Farm Center open house set Saturday at Muir

the introduction of eighteenth century copyright laws. Our collection of books includes many rare and valuable items. The library is open daily from 10:00 a.m. to 5:00 p.m., except on Sundays and holidays.

Mobil Farm Center, which serves farmers in Lapeer, St. Clair, and neighboring counties, will host a series of educational programs and field days throughout the year. The center offers a variety of services, including soil testing, crop scouting, and agronomic consulting.

The next event at the Mobil Farm Center will be on [insert date], featuring [insert topic or speaker]. For more information, contact [insert contact person and phone number].

ASCS Program

Here's some current news on price support programs

W. M. SMITH
County ASC Manager

The regulations for expiring BBL programs under the ASC Program for the No. 1 grade, and the market price at which payments will be made, are as follows:

<table>
<thead>
<tr>
<th>Program</th>
<th>Grade</th>
<th>Market Price</th>
</tr>
</thead>
<tbody>
<tr>
<td>ASC</td>
<td>No. 1</td>
<td>$2.72 per bushel</td>
</tr>
</tbody>
</table>

For the No.1 grade, payments will be made at the market price of $2.72 per bushel, as established by the ASC Program. This price is based on the ASC Program's determination of the market price for the No.1 grade soybeans.

The ASC Program provides payments to soybean growers for the production of soybeans that meet certain quality standards. The payments are made on a per-bushel basis, with a maximum payment of $2.72 per bushel for the No.1 grade.

For more information on the ASC Program, contact your local County ASC Office or visit the ASC Program website at [insert website].

Dairy farmers set their prices

Dairy farmers don't always have the luxury of setting their own prices. The prices they receive for their milk are determined by the market price and the government's soybean price support program. The government sets the price at which it will purchase soybeans, and the dairy farmers receive a payment based on this price.

The government's soybean price support program is designed to support the price of soybeans on the market. The program provides payments to soybean growers to ensure that the price of soybeans remains stable.

The program provides payments to soybean growers for the production of soybeans that meet certain quality standards. The payments are made on a per-bushel basis, with a maximum payment of $2.72 per bushel for the No.1 grade.

Good management vital in farming

Agriculture has changed so drastically that the farmer today has to be sharply aware of how his ability to farm and compete with each other has changed. Farmers have to be aware of how their ability to compete with each other has been affected by the changes in agriculture. The old values of frugality and time, according to Mr. M. V. Clinton, are no longer effective in today's competitive world. The old values of frugality and time, according to Mr. M. V. Clinton, are no longer effective in today's competitive world.

Consider a 'yes' vote

They could get killed or they could kill before they even get a chance to get to the fire they've volunteered to fight.

Being right across the street from the fire house, we get a chance to watch the hectic events that surround a fire alarm more often than the average citizen. It scares us. We've seen more near-miss accidents than we can count. We've seen all sorts of injuries, or injuries, fortunately; and we've seen our share of the damage fire can do. We've seen our share of the damage fire can do.

There's just not enough room in the area of the present fire hall for our firefighters to operate with the speed we admire and expect of them. The downtown traffic is too much in most cases.

That's why, if for no other reason, St. Johns voters should seriously consider a 'yes' vote on the fire competition bill at the special April 11 election.

Wilson Torch one of finest student papers

One of the finest high school student newspapers we've run across in recent years has been this year's Wilson Torch, bi-weekly publication of the journalism class of Rodney B. Wilson High School in St. Johns.

The Torch concerns itself with more than the normal high school school gossip. Its columns are filled with real news of student activities. It has an editorial page, based on sound thinking. Everything is well written. At the least, it shows an effort on the part of the students to get ahead in the subject of the war in Vietnam reflects student concern over problems outside of school, as well as in the classroom.

Wilson Torch was written and edited by students and students, and the whole staff should be congratulated for an excellent job. We hope many of the students will continue in the Journalism field.

A look into the past 

John W. Hannah Supt.

Ethel Cronklte, of Balisore, is the superintendent of a girl's school in that time.

From the Files of April 4, 1967

THE ONLY THING wrong with a piece of meat, for the butcher, is that it's the wrong side. For the customer, it's the wrong side. For the butcher, it's the wrong side. For the customer, it's the wrong side.

Are there some, 1,600,000 living witnesses to the fact that cancer can be cured despite this dread disease being an alarming national illness.

"The American Cancer Society has contributed greatly to the war-nearing campaign against one of society's prime destroyers, and thanks to increasing knowledge and medical and medical knowledge, we are nearing a solution to the problem of cancer.

As the governor points out, "There are some 1,600,000 living witnesses to the fact that cancer can be cured despite this dread disease being an alarming national illness.

The box score
By W. R. GREGSON
I’ve spent long hours at the plate.
I’ve smoked a couple of cigars.
And in the end, I guess I did.
I say, the 18th man alive.

The fans were thrilled.
The players were elated.
But the crowd was the winner.

The game was over.
The score was 3-2.

The fans were still talking.
The players were still breathing.
But the score was final.

The day was long.
The night was short.
But the game was over.
