Recollection of a twister

‘My God, it’s coming!’

(Continued from Page 3-A)

The path of the twister was nothing more than a private road. The storm’s path was clearly defined, and not a building in sight was standing.

A tornado is a violent surface whirlwind, marked by a column of air at right angles to the general wind current. It is a phenomenon that occurs in the atmosphere, and it can destroy anything in its path.

In the case of the twister on May 1, the storm’s path was clearly defined, and not a building in sight was standing.

Plan Bulldozer' discussed by civil defense directors

From an address at a meeting of the Civil Defense Directors Association of Michigan

The Plan Bulldozer was discussed by the Michigan Director of Civil Defense at a meeting with the civil defense directors of the state.

The Plan Bulldozer is a comprehensive emergency plan for the state of Michigan, including provisions for disaster response and recovery.

The meeting was held in Detroit, and was attended by civil defense directors from all parts of the state.

The Plan Bulldozer is designed to provide a coordinated and effective response to natural disasters, such as tornadoes, floods, and other emergencies.

The plan includes provisions for communication, coordination, and response among state and local government agencies, as well as with the private sector.

The Plan Bulldozer is intended to ensure that Michigan is prepared to respond to any disaster that may occur, and to recover quickly from the effects of such events.

The meeting provided an opportunity for civil defense directors to discuss the various aspects of the Plan Bulldozer, and to share ideas and strategies for implementing the plan.

The Plan Bulldozer is an important component of Michigan's overall emergency management system, and is designed to ensure that the state is ready to respond to any disaster that may occur.

Kramer wins service manager award

Mrs. A. Kramer, service manager at Pep's Ford, St. Johns, has been named a finalist in the service manager category in the 1969 newspaper-sponsored service manager competition sponsored by the Michigan Federal Credit Union. It is sponsored by the National Automobile Dealers Association. Mrs. Kramer's job was inspected by the Michigan Department of Agriculture and of Agriculture during the month of April. She has at least 620 colonies of honey bees in 66 locations on the farm. A tour of the farm was made by the Department of Agriculture inspectors last year. Ms. Kramer received the award as part of a special program conducted by the Michigan Department of Agriculture. The award was given to her for her outstanding service and for her dedication to the care and maintenance of the honey bees.

Celebration anniversary

Mr. and Mrs. James Conner of E.C. Conner Ford, Bath, celebrated their 36th wedding anniversary on Sunday, March 23. A family dinner was held in their honor, hosted by the children of the couple.

Background on the News

The St. Johns Chamber of Commerce has appointed six new members to its Board of Directors. The new members include: Mrs. A. Kramer, service manager at Pep's Ford, St. Johns; Mr. W. R. Johnson, owner of Johnson's Motel, St. Johns; Mr. R. E. Schmitt, President of Schmitt Funeral Home, St. Johns; Mr. J. D. Smith, owner of Smith's Bakery, St. Johns; Mr. R. A. Whelan, owner of Whelan's Drug Store, St. Johns; and Mr. H. L. Williams, President of Williams Drug Store, St. Johns.

Sales tax receipts for 2 months listed

The Michigan Department of Transportation reported that the sales tax receipts for the months of November and December were as follows: $1,457,461, for the month of November, and $1,457,462, for the month of December. These receipts are used to fund the operations of the Department of Transportation and to meet the needs of the state's transportation system.

From the publisher's desk

Bill Patton and Virgil Zeeb, owners of Andy's IGA Super Market in St. Johns, have submitted a proposal to the Board of Directors for the Chamber of Commerce to host an Easter Egg Hunt. The proposal includes plans for the event, which will be held on April 19th, and details the estimated budget of the event.

Andy's sponsor Las Vegas trip

R. Anderson, owner of Andy's IGA Super Market in St. Johns, has announced that he will sponsor a trip to Las Vegas for a group of Chamber of Commerce members. The trip will include a visit to the Flamingo Hotel and a stay at a hotel near the Las Vegas Strip. The cost of the trip is estimated to be $1,500 per person, and the Chamber of Commerce will cover the expenses of the group.

The trip will include a visit to the Flamingo Hotel and a stay at a hotel near the Las Vegas Strip. The cost of the trip is estimated to be $1,500 per person, and the Chamber of Commerce will cover the expenses of the group.

The St. Johns Chamber of Commerce has appointed six new members to its Board of Directors. The new members include: Mrs. A. Kramer, service manager at Pep's Ford, St. Johns; Mr. W. R. Johnson, owner of Johnson's Motel, St. Johns; Mr. R. E. Schmitt, President of Schmitt Funeral Home, St. Johns; Mr. J. D. Smith, owner of Smith's Bakery, St. Johns; Mr. R. A. Whelan, owner of Whelan's Drug Store, St. Johns; and Mr. H. L. Williams, President of Williams Drug Store, St. Johns.

Parent-teen effort

TACT seeks more teen activities for St. Johns

Miss Robert Phelps was named chairman of a new board, composed of teens and adults in the community, to aid the aid of sponsors for teenage activities. The new board, TACT (teens, adults, clubs together), will advise and assist the sponsor in a variety of ways. Others serving on the board are Mrs. William Copley, Mrs. Robert Cartwright, Debbie Wisnider, Sue Leubbe, Roger Overy and Maureen Knudtson traveling. Mrs. Phelps, John Yurek and Robert Phelps. Not shown in the picture are Mrs. John Caudy and Mrs. Gerald Barner, who will serve as publicity chairman.

The object of the board will be to encourage clubs, groups and business people, as well as principals (P.O.W.C.A.U.C.), to sponsor new activities for the youth of the community.

In the sports department there will be the following activities, mainly under the guidance of Richard Gray, who was appointed director for the youth of the community.

The agenda of the board will be to encourage 11 rules for teenage activities, with a place for confidentiality, recreation and baseball.

These events will be scheduled when space permits and is planned either at the high school or in the park. The events will depend on interest and the division of clubs. They will make an active list to ensure the active participation and attention of present and future students.

A list of four rules has been made by the TACT board to give the best benefit to the community. The new board, TACT, (teens, adults, clubs together) will provide planned activities for the youth of the community. The new board will give them a place to check into the park for archery, croquet, organized activities, with a place for confidentiality, recreation and baseball.

In commercial type endeavors the new board, TACT, (teens, adults, clubs together) will aid in organized activities, with a place for confidentiality, recreation and baseball.

**High school students to build house**

The Fowler high school junior class, under the direction of Gordon Johnson, home economics teacher, will build a house for a student in the Fowler school district as a senior project. The committee will work with the realtor, builder and a family to determine where and what size it will be. The family will be involved in the design through an open door policy with the students and the building project will be a public relations tool. Interest has been expressed by many students in participating in the program. 

**Woodmobile visits Monday**

Pondor and Woodmobile will be visiting Monday, April 4, by Red Cross. Principal Sherry Schneiter will be the assistant secretary for the Red Cross. Clinton County News is writing a good letter of support for Pondor. They are located in charge of Pondor's promotion. 

**COOP CUP LEAGUE (March 26)**

80 boys out on track

Thincalds 'still a year away'

Plan boxing show here April 19

Seven boys are chosen for the Boy's Club boxing team here April 15 for the St. Johns High schoo. The team is sponsored by the boxing show April 19 at the St. Johns Boys Club. As they are just starting to work out, they will not participate in this tryout but will make sure that they are ready for the future.

COACH SAYS

Most of the boys are here to practice and work on their skills, according to the coach. "Our goal is to have as many as possible put the effort behind learning and improving their boxing skills."

In the heat of the battle, the boys will work on their techniques and try to come out of it as the winners. "We want to make sure that they are ready for the future," Coach Smith said.

The boys' motivation is high, and they are looking forward to the future games. "We want to make sure that they are ready for the future," Coach Smith said. "We want to make sure that they are ready for the future."
**Pilmore Joycees**

**Speak-Up man for Westphalia**

WESTPHALIA —- Pilmore Joycees, a Westphalia native, returned to his hometown to represent the local chapter of the American Legion Auxiliary at the Legion Auxiliary State Convention, which will be held at Bay City. Joycees is a member of the local chapter and was invited to represent the chapter at the state convention.

Ovid — The Ovid Fire Department has added eight new names to its list of volunteers, and the Village Council has raised the pay rates for firemen.

The new rates for firemen will be $3 for the first hour and $5 for each additional hour spent in the area with a white blanket about two inches thick. Being wet, it clung beautifully to trees and bushes, resulting in these two pictures or the H. G., froze home at 428 E. Walker Street in St. Johns.

Ovid fire department pay, staff boosted

There was beauty in winter's last gasp

Winter gave its last gasp performance in Clinton County last Tuesday and Wednesday by covering the area with a white blanket about two inches thick. Being wet, it clung beautifully to trees and bushes, resulting in these two pictures or the H. G., froze home at 428 E. Walker Street in St. Johns.

Brazilian student compares customs

Pedro Paiva, 16-year old student from Brazil, has been staying here for the last two months in the home of Mr. and Mrs. Robert E. Mayers of St. Johns. After the potluck dinner the band has been invited to perform at the Ovid Senior Citizens meeting on April 19. All members of the band are urged to be present at the next meeting (on April 8) for rehearsal.

The DeWitt Board of Education has been looking for volunteers to staff their new band. Pay for each meeting is $3 per call. The fire department raised the pay rates for firemen.

The average insurance rates for fire runs into Ovid and DuBois townships. The old fee was $10 per call, but once was employed in the area. The new rates for firemen are $3 per call. Pay for attending regular monthly meetings was raised $1 to $3, with the fee for those who answer the same going up $1 per call. The fee for attending regular monthly meetings was raised $1 to $3, with the fee for those who answer the same going up $1 per call.

The money will be used for high school students to gain experience in the practical phases of music. The program is designed to give students a chance to gain experience in the practical phases of music. The program is designed to give students a chance to gain experience in the practical phases of music.

Exchanging students describe Brazil

On March 15, two exchange students from Brazil, Artur Mauro, 16, and Pedro Paiva, 15, arrived in Clinton County to meet their hosts. Artur Mauro, 16, and Pedro Paiva, 15, arrived in Clinton County to meet their hosts.

He says the kids at school are friendly which is not true. I wish I could find one. I wish I could find one.

On a comparison of the female sex, Pedro says, "Nice in any country.*" He says the kids at school are friendly which is not true. I wish I could find one. I wish I could find one.

A Time to Rejoice

**DUMP TO BE CONVERTED**

An area of approximately 3 acres (formerly used as a dump) on the corner of South Street and Poplar in Maple Rapids will be fertilized this spring and possibly used for a playground and Little League baseball. The area has been an eyesore for many years and residents are happy to see improvements already made.

**Eureka**

By Mike GORDON WAGGONER, Correspondent

The Eureka Elementary School girls had sold 1556 car washes and bake sales and the Community Club 325 car washes and bake sales to raise $1125. They gave every two-minutes and all of the girls were volunteers. The three weeks and all the bake sales were the first one of the year.

**TACOMA DAY CARE CENTER**

The Tacoma Day Care Center, 110 W. Higham, will celebrate their opening day April 20, if you have blanks or space in order and want to sell your products to babies and children. They will get a portion of a $25,000 grant to the area. They will put $20,000 in the school, then it will be in the area for the next 20 years.

**STOUT, ROSANNA**

Miss Barbara Waggoner of University of Michigan.

**WAGGONER FAMILY DINNER**

A family dinner at their home Sunday, March 29. Guests of Mrs. Bertha Doane Stout, 35 years of age, were Miss Barbara Waggoner of University of Michigan.

**STOUT, ROSANNA**

The FHA bake sale held March 12; Algurtha Clark March 27; and Gordon Waggoner March 29.

**GREEN CLOVER GIRLS 4-H**

The Green Clover Girls 4-H was held March 12; Algurtha Clark March 27; and Gordon Waggoner March 29.

**BEE'S CHEVROLET & OLDSMOBILE**

We are now accepting reservations for the April 20th show. If you plan to sell, please contact Donie Moore at 224-3345 or 5137 S. US-27.

Estimate lime returns $6 for each $1 invested by GEORGE MCGREGOR

It has been estimated that lime returns about $6 for each $1 invested. Farmers who spend a little extra time to learn the facts can save a lot of money. Every time than those who try to save time tomorrow, then he must use all available efficient practices. He must have the soil tested and apply lime needed to maintain the proper pH for efficient corn production.

Lime probing, testing is almost mandatory today. Liming the soil requires huge capital investments; it is not enough, as one often hears, to dig a big hole in the ground. Lime is built up the land has more available nutrients. It also increases production. Heavier crop growth is built up the land has more available nutrients. It also increases production.

To determine the lime needed, farmers must have their fields tested. Farmers who spend a little extra time to learn the facts can save a lot of money. It is not enough, as one often hears, to dig a big hole in the ground and mix the lime throughout the soil. The importance of good seed has been stressed. The pure certified seed is the heart of successful farming. The pure certified seed has a history of highly regulated controls. When scientists develop a new variety, it must be tested for purity of variety, good germination, disease resistance and freedom from contamination and other elements.

The pure certified seed is the heart of successful farming. The pure certified seed has a history of highly regulated controls. When scientists develop a new variety, it must be tested for purity of variety, good germination, disease resistance and freedom from contamination and other elements.

Area cows receive

A report of milk production by cows located at diary farms in various parts of the state will be presented. Dairy cows, which are primarily fed on forage, have a history of highly regulated controls. When scientists develop a new variety, it must be tested for purity of variety, good germination, disease resistance and freedom from contamination and other elements.
Says Midwest beefmen can compete

More than 300 processed Cows Bell feed test in which grade was determined in the 1967 National Beef Test at Huntington, Ind., was presented during members of the Michigan Cattlemen's Association at their annual meeting in Lansing, Mich.

The test was conducted to determine the relative merits of the different processing plants and to determine overall processing efficiency of the plants.

The test was designed to measure the efficiency of the plants in terms of the time required to process the cattle, the amount of labor required, the amount of waste produced, and the overall efficiency of the operation.

The test was conducted on a random sample of 300 cattle from the same herd and was replicated three times.

The results of the test showed that the processing plants were equal in terms of the time required to process the cattle, the amount of labor required, and the amount of waste produced.

The test also showed that the overall efficiency of the operation was equal for all three plants.

The test was conducted to provide information for the beef industry on the relative merits of different processing plants and to determine overall processing efficiency of the plants.

MORE ON NRA, gun controls from Spillman

Dear Editor,

This is to reply to Mr. Glassen's reply to my letter last week. I agree with his reasoning and I believe that he makes a good case for gun control.

I was only concerned that he made it sound as if the gun control movement is the only one that believes in gun control. The fact is that many people believe in gun control, but it is not always the same people that believe in gun control. I disagree with Mr. Glassen when he says that gun control is a matter of personal preference. I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.

I believe that gun control is a matter of public policy, and I believe that it is a matter of public health. I believe that it is a matter of public safety. I believe that it is a matter of public health. I believe that it is a matter of public safety.
Be on the alert

Now that it is April, we’re again in one of the prime tornado periods of the year, and most of us are again without any plans for survival if and when we’ll never believe a tornado can really hit us.

Proper folks know better. So do those at DeWitt. So do others who have been in the path of destruction in recent years. But even they work when they’re supposed to and to give the residents of the community an idea of what they sound like and what they mean.

The testing program was set up in loco on the first Saturday of each calendar quarter. Nobody bothered to make the test in January, February or March. Not a single one of the start of another quarter. We hope the sirens are tested this Saturday as they’re supposed to be.

It’s nice to know they’re working although they’re needed to warn us of approaching danger.

A quiet Sunday

As holidays go, perhaps Easter is imbued with more of a feeling of peace and tranquility than any other. This year Easter Sunday was much different, however, because the children’s Easter egg hunt would be combined with Christian observance of the resurrection of Christ.

One of the greatest pleasures of Easter is the awareness of the new spring season that it brings to all of us. The quietness of Easter Sunday somehow seems to muffle the normal discordant chime of an overly busy life. For a few hours, we can find compassion in small tasks and small enjoyments. The tree-lined streets of many communities are suddenly there to be seen and the flowers and the songbirds, which go unnoticed during a noisy weekday are suddenly there to be heard.

To us, it is much like a funeral. It is a time of mourning for the dead of the previous quarter. We hope the sirens are silent this Easter.

The Hengesbach, a family home in Clinton County.

"Keep the faith baby!" Most of us in outstate Clinton County are aware of that. The very best of us in the state, you have just heard from the editor of the state’s largest newspaper. I’ve been asked to speak on behalf of the poverty group that I work for in DeWitt. So do others who have been in the path of destruction in recent years.

We are at a critical stage in the preservation of our natural resources. If we do not do those of us in outstate are aware of that.

Lettres to the editor

Invitation To Visit----

LAKE ISABELLA

The Queen of Inland Lakes

Mid-Michigan’s Largest Lake

TERMS TO FIT YOUR BUDGET

The Four Season Playground

Just 20 Minute Drive From Mt. Pleasant, Michigan
LAKE ISABELLA
The Queen of Inland Lakes

MID-MICHIGAN'S LARGEST LAKE
LOCATED IN THE HEARTLAND OF MICHIGAN
A LOVELY 18 HOLE ROLLING GOLF COURSE
WITH CLUB HOUSE, NEW MEDICAL AND SHOPPING AREAS, MARINAS, PLAY AREAS, STREETS, UNDERGROUND UTILITIES HOME BUILDING INFORMATION AND AIR STRIP.

LAKE ISABELLA IS TRULY THE QUEEN OF INLAND LAKES WITH IT'S CLEAN SPARKLING WATER QUIETLY WASHING THE SANDY SHORES WHILE YOU ARE BOATING OR RELAXING ON THE BEACH.

The Four Season Playground
In The Heart Of Michigan

Why are you interested in having a home along the shores of a lake? Your reasons may be many and varied, but here are a few to think about while visiting with us.

The Chippewa River creates the main source of water supply, but many spring-fed feeder creeks flow into Lake Isabella. These and the river produce clear, sparkling water for fine swimming, boating and fishing.

Lake Isabella is proud of its lovely, clean, sandy beaches and wooded areas that surround it.

Located in the Heartland of Michigan

Your home on Lake Isabella is only four miles from Weidman, where a complete banking and shopping center is available to you. The city of Mt. Pleasant is only a 15 to 20 minute drive from Lake Isabella and offers complete hospital and medical facilities, a large library and other conveniences for your enjoyment.

Mt. Pleasant also offers Central Michigan University which is one of Michigan’s outstanding educational institutions to further your family’s education.

Lake Isabella, located in Mid-Michigan, is accessible to any city in a matter of hours. Michigan’s vast expressways and good highways make it convenient for weekend enjoyment in this recreation area.

Remember, Lake Isabella is approximately an hour from Grand Rapids and Lansing. It is close to all parts of Michigan, as well as Illinois, Indiana and Ohio to the south.

Lake Isabella is located west of Mt. Pleasant off M-20 on a good paved county road. Improved roads leading into the lake area will service home owners. Also, an airstrip is planned within the Lake Isabella project.

Fishing, boating and relaxing on Lake Isabella are wonderful, but a plunge from your raft into its crystal-clear water is the start or end of a perfect day.

Lake Isabella is truly the Queen of Inland Lakes with its clean, sparkling water quietly washing the sandy shores while you are boating or relaxing on the beach.

800 acres of water, 14 miles of sandy beach.

Interesting Features

People, like you, who had searched without finding the ideal lakeside environment for their relaxation and protected investment, have forged ahead and developed the grand and livable Lake Isabella.

The future plans and services at Lake Isabella are many and varied, and all this is being done with your pleasure and comfort in mind.

Plans include a lovely 18 hole rolling golf course with club house, new medical and shopping areas, marinas, play areas, streets, utilities, home building information and lake and home controls.

The Lake Isabella Corporation, through its diligent research, has made a lake that is 800 acres of clean, clear water surrounded by sandy beaches and beautiful scenic terrain for home sites.

The Chippewa River and springfed creeks keep Lake Isabella at a constant water level at all times and maintain the clearness of the water.

Centrally Located

Lake Isabella, located in Mid-Michigan, is accessible to any city in a matter of hours. Michigan’s vast expressways and good highways make it convenient for weekend enjoyment in this recreation area.

The Master Plan For Lake Isabella

The Scale Model Below Shows The Unique Development Plan For The Lake, Areas Are Set Aside For Schools, Houses of Worship, Conservation and Community Recreation and Shopping Center

RECREATION

Recreation means to redevelop or to put back what was once there. On the shores of Lake Isabella the relaxing surroundings help us back what has been taken out by the pounding pressures of daily life.

This area is your year-round playground. You will enjoy fishing, gardening, golfing, boating, swimming, skiing, skating, or just letting the water ripple over your toes. Watch the sunset in the evening and lean the waves lap while you sit in the moonlight listening to the chirp of a cricket.

INVESTMENT

A recent survey by the National Association of Real Estate Boards disclosed the fact that RESORT PROPERTY IS IN GREATER DEMAND THAN PROPERTY OF ANY OTHER TYPE. The rapidly expanding highway network, shorter work week, longer vacations, larger and earlier retirement pensions and more leisure time activities make lake property a wonderful source of family pleasure and a secure, sound investment as well.

MONEY IN LAND ISN'T SPENT--IT'S SAVED.

LAKE ISABELLA

Why are you interested in having a home along the shores of a lake? Your reasons may be many and varied, but here are a few to think about while visiting with us.

The Chippewa River creates the main source of water supply, but many spring-fed feeder creeks flow into Lake Isabella. These and the river produce clear, sparkling water for fine swimming, boating and fishing.

Lake Isabella is proud of its lovely, clean, sandy beaches and wooded areas that surround it.

RETIRED

Doing what you would like to do at a time that is convenient for you is one way to define true retirement.

You have a choice of the type of residence you wish to enjoy—a new home, the condominium, or the special mobile home subdivision at this Queen of Inland Lakes.

All you have worked so hard to enjoy is now available to you, including the comforts of convenient churches, shopping and medical facilities, professional help, and the companionship of others with similar interests.

ENVIRONMENT

MICHIGAN'S ONLY LAKE PROPERTY WITH COMPLETELY PLANNED NEIGHBORHOOD LIVING—Perhaps you prefer the friendly comforts of modern mobile home living or the private convenience of exquisite condominiums; or you may prefer the secluded life style that a lovely home built on a quiet lot affords you. Whatever your choice, the entire 2500 acre Lake Isabella environment is planned for your convenience.

Notice the planned parks, shopping facilities, churches, schools, medical facilities and easy lake access.

CENTRALLY LOCATED

Lake Isabella is located west of Mt. Pleasant off M-20 on a good paved county road. Improved roads leading into the lake area will service homeowners. Also, an airstrip is planned within the Lake Isabella project.

Lake Isabella is approximately an hour from Grand Rapids and Lansing. It is close to all parts of Michigan, as well as Indiana and Ohio to the south.

Remember, Lake Isabella has a full-time, full-service police force and a 24-hour, 365 day fire department on duty.

Lake Isabella is located next to Mt. Pleasant off M-20 on a good paved county road. Improved roads leading into the lake area will service homeowners. Also, an airstrip is planned within the Lake Isabella project.
BEAUTIFUL LAKE ISABELLA RECREATION AREA OFFERS:
- Fishing
- Swimming
- Boating
- Water Skiing
- Golf Course
- Club House
- Marina
- Air Strip
- Winter Sports

BEAUTIFUL LAKE ISABELLA is located 3 miles north of M-20 between Remus and Mt. Pleasant. As you can see it is centrally located for easy access for family recreation in Michigan’s Winter - Water Wonderland.
A WIDE CHOICE IS OFFERED, WHETHER YOU PREFER THE FRIENDLY COMFORTS OF MODERN MOBILE HOME LIVING, THE PRIVATE CONVENIENCE OF EXQUISITE CONDOMINIUMS, OR A LOVELY HOME BUILT ON A QUIET SECLUDED LOT.
