Sunday morning raid nets 1700 pounds of marijuana

Each charge carries a maximum penalty of 4 years in prison. In addition, Rodriguez and his wife were charged with possessing with intent to distribute 25 pounds of marijuana. Preliminary examinations were set for May 9, at 9 a.m., at the Court House in St. Johns.

St Johns to expand off-street parking

The purchases were effected with a view to improving the downtown parking facilities and payment of the downtown businesses. It was agreed with the city commission that the plan will be presented to the voters for re-approval in November of this year. The estimated cost of the two new lots is approximately $40,000 for the 2 lots and the new lots will be available for the downtown businesses.

At Clinton County GOP dinner

Gerald Ford prays Nixons hold on federal spending

Ed Now. The following excerpts are from a speech by Vice President Gerald R. Ford at the GOP dinner April 15 at St. Johns:

"There will be no increase in Federal income taxes, that's a promise, and it will be the quickest I firmly believe the American people can do in the effort to support President Nixon and the House Republican Leader in re-election and win the November election."

"Our current series of conferences on Federal spending is a further example of the discipline that has been exhibited by Republicans in the House and Senate since the President asked them to do that. The President's calorie-counting Diet."

"I have not been able to learn the exact amount of Federal spending, but it is well over $50 billion, and the American people are now closely evaluating the cost of Federal spending."

"I have been closely following President Nixon's efforts to save the American people money by cutting Federal spending."

"I firmly believe the American people can stand up to the President and he will continue to support President Nixon and the House Republican Leader in our efforts to win the November election."

Federal Mogul honors 25-year employees

Federal Mogul Corporation of Auburn, recently honored in its year-end ceremony three employees in St. Johns. The organization annual banquet was held at the Mayflower Hotel in Auburn, to celebrate work anniversaries. Among the honored were R. E. Fuller for 25 years, and L. F. Donahue and Mrs. G. A. Hazzard for 15 years each.

The event was attended by about 300 people, including company president and chief executive officer, Robert B. Morey, and chairman of the board, Rollin E. Rogers.

The original event at the hotel also included a presentation of the 25th anniversary of the St. Johns Federal Mogul Plant. The plant was opened in 1968.

American Legion and Auxiliary
meet in Grayling

Editor of the Auxiliary, reported 19,600,000 was the total amount of money raised by the Auxiliary last year. She stated that the Auxiliary has always been very successful in their fundraising efforts.

The Auxiliary was formed in 1919 to support the American Legion. They have been instrumental in raising funds for the Legion's programs and services ever since.

The Auxiliary's main contribution has been through the sale of poppies. Every year, volunteers sell poppies in front of homes and businesses. The proceeds from the sale of the poppies are donated to the American Legion.

The Auxiliary also sponsors various other events throughout the year, such as teas, fashion shows, and carnivals. These events are held to raise money for the Legion and to support its programs.

The Auxiliary is made up of women from all walks of life who have a strong commitment to the American Legion and its mission. They are dedicated to serving their community and supporting the men and women who serve in the military.

The Auxiliary is an integral part of the American Legion and plays a crucial role in supporting its programs and services. Their hard work and dedication are appreciated by the Legion and the community as a whole.

**Grange celebrates 100 years**

ST JOHNS - Smith Hall was the site April 16 as some 400 Grangers from all over Michigan gathered to celebrate the 100th birthday of the Michigan State Grange.

**Maple Rapids plans**

carnival Saturday, April 28

Final plans are underway for the Maple Rapids PTA carnival to be held at the school beginning April 27. Things are to be set in accordance with state guidelines, but the weather is uncertain. The carnival itself will be 5 p.m. to 10 p.m. with a program to follow. The activities include a chicken dinner at 5 p.m., a raffle at 5:30 p.m., a spook house, a dart game, a fish pond, a movie, and refreshments for the family.

The carnival will feature baked goods, jewelry, popcorn, a hall dance, a speak house, a dart game, a fish pond, a movie, and refreshments for the family.

The Ahrensburger German Orchestra conducted by Karl Heinz Farber will arrive in St. Johns Monday, April 23. Hosted by Walter Cole and the music department of St. Johns High School, the honored group will spend their first evening with various appointed families throughout the St. Johns area. After delivering concerts to the student body and faculty at St. Johns High School Tuesday, the following day will be climaxed by visits to the MSU campus where they'll tour selected ideas and deliver a concert to music faculty members and students. Continuing on their Wednesday tour, the music group will tour the Oldsmobile Plant and the State Capitol building. Upon their return to St. Johns, area residents will be able to see the orchestra perform a public concert at Rodney B. Wilson Junior High School at 8 p.m. Wednesday evening. Terminating their visit to St. Johns, the musicians will leave Thursday morning for Grand Valley State College in Grand Rapids.

April 16, 1973
DOCTOR'S HOUSE OF MRS. HENRY J. SCHAFER WERE THEIR MOTHER, MRS. MYRON SCHAFER, and a Check to Assist. Mrs. Hartman said she was grateful for the emotional support she received, but she added that it was difficult to discuss her problems with others.

Mrs. Hartman said that when she joined the Reach to Recovery program, she was surprised at how much better she felt. She added that "when you have someone to talk to," she felt better. A particular boost for Mrs. Hartman was when she learned that she had a friend who was also going through the same experience.

Mrs. Hartman said that she enjoyed swimming and that it was easy on her. She also appreciated being able to climb the stairs and reach into her closet again. She added that "when you have someone to talk to," you feel better.

DeWitt students hold Fine Arts Festival

DeWitt High School's Fine Arts Festival celebrated its 10th anniversary with a variety of events on April 15.

Nails break windows on stage - The Clinton County Sheriff's Dept. in investigating 7 reports of windows being broken by sleepy young adults.

April 8 incident occurred at 10170 W. Minn., DeWitt.

Head Start program to be extended

CLINTON COUNTY - Designated Head Start programs which have been operating in Clinton County for the last 7 years will soon be converted to full year programs, according to Charles Healstill, acting Director of the Children and Family Services Committee (CAECC).

Effective this fall, there will be 11 full year programs to extend the services of Head Start to children in these areas. The decision to extend the program was made jointly by the CAECC Board of Directors and the Clinton County Head Start program.

Plan is to move facility from summer operation to a full year Head Start, as well as蛭开始头 Start Corps, Operation Maintenance and Head Start program in each county.

The Regional Office of Child Development has strongly recommended this extension of the program because it will benefit the children that are registered in the centers.

The Regional Office of Child Development has strongly recommended this extension of the program because it will benefit the children that are registered in the centers.

YOU AND YOUR CAR

By the Automotive Information Council

NEW LIGHT ON AUTO LIGHTING

Automobile lighting has been around for more than 100 years, but the technology in recent years has greatly improved. It is now possible to see other vehicles and to be seen by other drivers. It is also true that once the road is cleared and safety rules are observed, the chances for an accident are greatly reduced. The improvement of the Truck Safety Equipment Institute (TSEI) programs and the development of modern lighting systems are the result of years of research and development in the auto lighting industry.

The TSEI has always been a leader in the development of safety equipment and technology. They have worked on potential road safety issues, such as the use of potential red-light stoppers. They have also considered rear view mirrors, which can help drivers to see what is behind them.

Lighting is improved in two ways. First, the lights are designed to be brighter and more powerful than ever before. Second, the lights are better designed to fit the shape of the car and be more easily seen by other drivers.

18-year olds can register by mail

Draft eligible young men, now registering by mail, during the last 7 years, have been required to register for military service. Not only have they been registered for military service, they have also had the opportunity to register for public service jobs, such as teaching, nursing, and law enforcement.

Mrs. Sharon Randall, executive secretary, slated the April 15 event to be called "mail registration day." Young men must be at least 18 years old and be registered for the draft to register by mail. They must be registered by April 15 to meet the deadline.

The mailing address for mail registration is:

The Regional Office of Child Development, 1415 S. Meridian St., Lansing, MI 48910.

400 students win debate awards

Four "World Class High School" students have been awarded Certification of Participation by the Clinton Daily Press for having performed exceptional feats in the academic world.

The four students are: Edward C. Patterson, Fowler; Terri L. Schmitt, Fowler; Kenneth L. Dove, Eureka; and Joanne M. Schmitt, Fowler.

The students were presented with their awards at the annual "World Class High School" awards ceremony, held on May 15 at the Clinton County Administration Building.

The awards recognize students who have excelled in their studies and who have made outstanding contributions to their schools and communities.

The recipients are:

Edward C. Patterson - Fowler
Terri L. Schmitt - Fowler
Kenneth L. Dove - Eureka
Joanne M. Schmitt - Fowler

The awards are sponsored by the Clinton Daily Press and the Clinton County School District.

THE END
Concerned over apathy

A recent story and pictures ran in the County News regarding the conditions at Bath's Couzens School. When we asked Superior Courer Reporter Roger Paugh if he had received any response to the story, he replied that not a single inquiry had been made about the school conditions.

What apathy has greeted Carlson's previous invi- tations to view conditions at the school?

Carlson reports that the split days schools are working out better than expected due to cooperation of teachers and students, but certainly this must impose undue hardships on many families and their children. And, Bath High School was overcrowded before it had to double as a junior and senior high school.

We recommend that every parent affected by the closing of Couzens during the summer, and the move of Bath children to the high school, arrange to tour the building. Carlson said he is willing to open the building for any parent who wishes to see it.

While we realize school building programs mean increased taxes, it seems to us that it is only reasonable to put a price tag on the safety of school children.

We believe the old town building, repaired or as a new one built, the money will have to come from Bath residents. We believe the Browns and the Couzens students are necessary to making an intelligent decision on the matter.

L-JK

Small towns are alive and well

With all the talk of the crumbling urban problems that face our cities, we feel no one is going to change the fact that there is a series of vast "ungovernable" cities, with most of us living over the roar of subways and in the shadow of clanging trains.

"Cities" are to have campers make reservations for a spot before they arrive. The park of campers will have appointed a "camp supervisor" to ensure that campers follow the rules and supervise the camps.

...PUNS ARE FUN: A successful executive is one who can answer three questions about the space age, (1)"What is a megabit?" (2)"Why are they worried about it?" (3)"How will we use it when we get it?"

"It If Fitz ...

"The Young Storefront Reporters"

By Jim Fitzgerald

View from the Senate

By SBN, WILLIAM S. BALLENDER

Letters almost a quarter of a million campers were expected to fill Michigan's 1,800 campgrounds during Michigan's 10-day camp- ing season. Campers from all over the Nation will sun themselves in Michigan's campgrounds.

The Michigan Department of Natural Resources has added 20 new campsites to the existing 200 campsites. "Campers" are invited to come and see for themselves a spot before they travel back.

Last week, the State Senate passed a resolution not expected to be modified by the House. The resolution was to set up a commission to study the problem of campsites. The Senate approved the resolution with a vote of 36-0, and is expected to be heard by January 17. The commission is to be made up of experts in the camping field who are experienced in the camping industry. The members of the commission have been selected from the 4-H heifers for the state fair and the 4-H boys and girls who are interested in camping.

The use of the campsites will be studied. The commission will also make recommendations to the State Senate on the best way to use the campsites. The commission will be funded by the state of Michigan.

Ballenger pushes for changes

State Senator William J. Ballenger, R-St. Johns, is sponsoring another farm policy bill that would result in the tax assessment of agricultural land at its present economic value, thus providing agriculture property owners with a greater benefit on income and property taxes paid.

Ballenger notes that his bill, Senate Bill 438, is designed to preserve agriculture land from the present ad valorem taxation policy is to turn the land, such as sub-divided and sold as residential or commercial, for another purpose.

Ballenger states that he recommends the bill for passage, saying that the farm property tax structure was already created by ultra-modern production by again trying to aggravate an already serious situation in food production, "The present ad valorem tax law of 1862 is used for another purpose and a new tax to pay fellow workers on their land, such as sub-divided and sold as residential or commercial, for another purpose.

The Senate Bill 438 was introduced in the 83rd District on February 15, 1978.

The Ballenger idea will have to be completed by Feb 15 in time, the regular session of the legislature which must have a tax to pay fellow workers on their land, such as sub-divided and sold as residential or commercial, for another purpose.

The Senate Bill 438 is designed to provide a 15% increase in the farm property tax structure which must have a tax to pay fellow workers on their land, such as sub-divided and sold as residential or commercial, for another purpose.

The Senate Bill 438 will be presented to the legislature for the regular session of the legislature which must have a tax to pay fellow workers on their land, such as sub-divided and sold as residential or commercial, for another purpose.

The Ballenger idea will have to be completed by Feb 15 in time, the regular session of the legislature which must have a tax to pay fellow workers on their land, such as sub-divided and sold as residential or commercial, for another purpose.

Approved: Dale E. Johnston

Lessing - Two of this year’s most important public meetings were held in the United States. The first, the meeting of the national Bar Association, was held in Chicago, and the second, the meeting of the National Farmers Union, was held in Chicago.

The Lessing and the Farmers Union bills are designed to preserve agricultural land and the 12th century tax law of 1862. The 12th century tax law of 1862 is used for another purpose and a new tax to pay fellow workers on their land, such as sub-divided and sold as residential or commercial, for another purpose.

Oviedo Calvary Baptist Church

Oviedo, Florida, has a long-time connection to Africa as there are many Oviedo graduates of church work schools who have gone to serve in missions. There are many other churches in Florida to visit Oviedo Calvary Baptist Church for a special meeting this month.

Rev. deBeer enrolled in the Union Bible Institute near Durban, South Africa, and they spent 5 years there, coming from Durban. He stayed at a European and African church for 3 years, where he received his ministry in South Africa. When he was 19, he began his training in Europe and Africa. He lived there for 3 years, and then went to the Republic of South Africa to visit the mission. He returned to the US for either work or study.

Magagula (Left) and deBeer in Front Of Church's Missionary Map

Mr. Charles Wood. They will give a report on their trip to Korea, Japan, and the Philippines. They will also report on other missions in the area.

The program was on the topic of "The Church in America and the World Today." The following topics were covered:

3. "The Church in Africa," with a presentation by Mr. Magagula, a missionary in Africa.

More information will be available at the meeting on April 18th.

Elise Methodist women meet

Elise The April meeting of the women of the Elise Methodist Church was held Wednesday evening at the home of Mr. and Mrs. Raymond Wilson. Mrs. Diana Wilson presided over the business meeting. Mrs. Wilson presented refreshments to those attending the meeting.

Mrs. Howard E. Sprague served as chairman, Mrs. Charles Wood as secretary, and Mrs. Erma Wood as treasurer. The program for the evening included a report on the work of the missionary society, a courtesy call on Mr. Magagula, and a brief history of the Elise Methodist Church.

The next regular meeting of the women will be held on May 1st at 9:30 am. Following the program, the members will enjoy refreshments served by Mrs. Raymond Wilson.

Mr. and Mrs. Raymond Wilson have returned from a trip to Hawaii. They spent 2 weeks in Honolulu, Hawaii, and presented the traditional flower leis. Some of the highlights they enjoyed included Schofields Barracks, Hickam Air Force Base and Kaimuki Christian Church.

On their return trip home, they stopped in Kauai at Princeville, and then went on to Hilo and Kona. They also Paul Johnson at Viola, Calif., Mr. and Mrs. Ray Buck at Honolulu, and Mrs. Paul Johnson at Kona.

The members are invited to attend the meeting on May 1st to hear about their trip and their experiences.

A regular meeting of the Clinton County Zoning Commission will be held on Thursday, April 19th, at 6:30 pm in the Courthouse, St. Johns, Michigan.

The text of the Zoning Ordinance as proposed to be amended may be examined at the office of the Clinton County Zoning Commission, 201 North Main Street, St. Johns, Michigan between the hours of 8:00 am and 4:00 pm. Amendments to the text of the Clinton County Zoning Ordinance as proposed to be amended may be examined at the office of the Clinton County Zoning Commission, 201 North Main Street, St. Johns, Michigan.

Fertilizer shortage foreseen

Fertilizer shortage foreseen. Farmers should order their supply as early in the spring as possible. Until recent months, the price of phosphatic rock phosphate had been above only a few dollars a ton, but now it is selling at about \$12 per ton. The price of farm fertilizer, both rock and animal manure, has been rising throughout the year.

When selecting, a plant specialist stresses the importance of selecting a fertilizer that the Soil Conservation Service and other organizations consider "good." The proper drainage on a field will not help in the field of drainage, whether the pastel is a brown or a red, and if pastel is a good water source or a dry field.

Soil conservation specialists say that the proper drainage on a field will be more effective than using fertilizers of the pastel type. The pastel type will not be the best choice for a field that is already well drained.

Several DuPont representatives say that they have been working with a fertilizer that will be most effective for the pastel type. This fertilizer contains both an energy source and a fertilizer that is known as a "super nutrient." This fertilizer will be more effective than the pastel type of fertilizer.

Weber's farm where they decided not to use pastel type fertilizer. The pastel type of fertilizer is known as a "super nutrient." This fertilizer will be more effective than the pastel type of fertilizer.

The pastel type of fertilizer is known as a "super nutrient." This fertilizer will be more effective than the pastel type of fertilizer.
### Commodity loans mature April 30

The Prime Support Loan Program is working for both the consumer and the agricultural service. The program allows producers to get cash from theircrop by furnishing to CCC. Members, who sign the program, and the banks are currently having pressures more than 500. These current market conditions will be well up to the maximum limit of crop insurance. Mortgaging their crop and then placing the loan amount on their crops does not mean that producers can be expected to maintain their financial stability. It will also require that the crops be held in the same market for the same term of duration. It will be the decision of the producer himself to make the necessary arrangements for mortgaging their crop and then placing the loan amount in the same market for the same term of duration.

Mortgaging their crop will not necessarily mean that they will be held in the same market. But the producer himself will have the necessary arrangements for mortgaging their crop and then placing the loan amount in the same market for the same term of duration.

### Farm Tips

**Soil test now**

By William Ladner

Economist, Agriculture Agent

**Fertilizers**

Use a stalk sheller or disk to shell corn. Volunteer corn may be a temptation any tillage operator but it is more than most other tillage operators prefer. By William Lasher, Extension Agriculture Agent

**Spring disking does not**

(1) Wait until the soil is relatively moist. (2) Spring disking does not work the soil when wet. (3) Wait until the soil is at least 90 per cent dry. (4) Disking brings the soil to the surface and exposes it to the sun and to the wind. This can work more acres per day. Spring disking does not; spring disking does not

**Recommendations**

(1) Wait until the soil is relatively moist. (2) Spring disking does not work the soil when wet. (3) Wait until the soil is at least 90 per cent dry. (4) Disking brings the soil to the surface and exposes it to the sun and to the wind. This can work more acres per day. Spring disking does not; spring disking does not

Consumer Power battles rate increase denial

The Michigan Public Service Commission on April 18, 1973, granted Consumers Power Company's request for a rate increase. The company sought $142 million in additional revenues, but the commission allowed only $86.4 million.

**Summary of the Decision**

- **Company Requested:** $142 million in additional revenues
- **Commission Granted:** $86.4 million
- **Reason:** The commission determined that a $142 million increase would not be justified given the company's financial状况和 competitors.
- **Impact:** The decision affects Consumers Power's ability to recover costs and earn a reasonable rate of return on its investment.

This ruling is significant as it sets a precedent for future rate case decisions and reflects consumer advocates' efforts to ensure fair and just rates.
Next Sunday in Clinton County churches

All churches in Clinton County are invited to send their weekly announcements to The Clinton County News. They must reach us by 10 am. Wednesday to insure publication in the current week's issue.
