$400,000 issue, operation millage due for De Witt vote

DeWitt — A $400,000 bond issue and renewal of operating millage will be on the DeWitt School Board's ballot next week, in order to maintain the regular school board's adequate working margin.

The $400,000 bond issue would be used in addition to the $5.4 million bond issue, which passed in November. In addition, for the first time in many years, DeWitt will seek renewal of its present millage, 11.00 mills, for a period of one year.

The President of the Village Board, Mr. John W. Blake, said that the millage would be raised by one mill in 1967. He also said that the millage would be necessary to maintain DeWitt's present level of services.

---

Clayton County News

Clayton County News is going to celebrate Michigan Week in a big way — with the biggest school board vote ever, as a result of the

$400,000 bond issue and renewal of operating millage for the next two years.

The vote will be held Tuesday, May 21, at 7 p.m. in the DeWitt High School auditorium.

The president of the Village Board, Mr. John W. Blake, said that the millage would be raised by one mill in 1967. He also said that the millage would be necessary to maintain DeWitt's present level of services.

Area watershed gets
$30,600 federal boost

The Soil Conservation Service of the Department of Agriculture has approved $30,600 in federal funds for assistance in carrying out the Clinton-Waterford Drainage District project in the Townships of Le Roy and Ovid.

This was the announcement made recently by Mayor H. M. Smith, chairman of the Board of Directors of the Clinton-Waterford Drainage District, as the major project for the three-year term.

The district, which serves three counties, is designed to provide needed protection against flood and water erosion in the area. The project includes about 7,200 acres of improved land, and the work is scheduled for completion in four years.

Mr. Smith said that the district has been working for the past two years on the drainage project, and that the federal funds will be used to complete the third year of the work.

He added that the district is planning to apply for additional federal funds to complete the fourth year of the project.

Mr. Smith further stated that the district is planning to apply for additional federal funds to complete the fourth year of the project.
Garbage rate hike approved

The city and individual customers will see a slight increase in their garbage collection fees this year. Officials of the city's garbage collection service approved the rate hike at their meeting last Tuesday evening.

The hike, which is the first in three years, will increase the average fee from $1.20 per week per 500 cubic feet of garbage to $1.30 per week per 500 cubic feet. Customers with more than 500 cubic feet of garbage will pay an additional $0.20 per week per 100 cubic feet in excess of 500 cubic feet.

Williams "stamping out" in St. Johns

Former Michigan Gov. G. Mead will announce a campaign for the Michigan Senate in St. Johns today for a seat now held by the late John G. H. St. Johns.

He will make the announcement at the St. Johns Democratic Club meeting. St. Johns is one of the most important areas in the state, Williams said.

Other New Reports

The city of St. Johns has approved a plan allowing the first place qualifier in the state to be used for the St. Johns City Commission meet- ing.

The meeting is scheduled for May 12 at 7 p.m. at the city park.

BURLINGTON - The State Board of Education has approved a request for pens, pencils, and erasers to be used in the Burlington Community College.

The board’s action is in response to a request from the Burlington Community College for funds to purchase these items for its students.

The board’s action follows a meeting last week in which it was reported that the college had been granted a grant of $2,000 from the state to purchase these items.

State board OKs P-W, St. Johns annexation to community college

The proposal was made by the State Board of Education, which oversees the state’s community colleges.

The board approved the proposal after hearing testimony from a number of community college presidents and students.

The board also approved the creation of a new community college district, which will encompass the areas of Burlington, St. Johns, and the surrounding communities.

The new district will be known as the Burlington-St. Johns Community College District.

The district has been created to address the needs of the growing population in the area, which includes a large number of rural residents.

The new district will be governed by a board of trustees, which will be responsible for making decisions about the college’s programs and budget.

News sponsoring traffic safety poster contest

Don't delay in getting your life safety poster contest entry to the Clinton County News before 12:01 a.m. on May 12, it is the deadline for the contest. The contest is to be sponsored by the Clinton County Health Department. This newspaper will be forwarding to the county health department the three best entries of the contest.

Don't allow frills to get in the way of your safety message. The contest is called to the attention of all interested persons as a way of getting the public to think of traffic safety in a serious manner. That was the purpose of the contest.

An entry may be either in the form of a drawing, a letter, a story or a cartoon. The entries will be judged on the basis of their originality, importance to the traffic safety message and the ability of the student to carry a message.

The contest is a part of the county health department's traffic safety program and is designed to encourage the students to think of traffic safety in a serious manner.

Don't delay in getting your entry in. The contest is open to all interested persons. The deadline for the contest is May 12.

Fowler Jaycees President Carl Koopmans and Francis Schafer hold awards which the Fowler chapter received Saturday at the state Jaycees convention in Lansing.

Fowler Jaycees win 2 top state awards

BOZEMAN — The Fowler Jaycees received two top awards at last week's state Jaycees convention in Bozeman. Both awards were presented at the convention.

The awards were presented by the state board of the Jaycees, a national organization that promotes civic education and participation in community service.

The Fowler chapter was awarded first place in the sports category and second place in the women's category.

City mechanic badly hurt as rooftops collapse

City mechanic James M. O'Donnell was badly injured when the roof of a building collapsed on him Wednesday.

Mr. O'Donnell was working on the roof of the building at the time of the accident. He was rushed to the hospital in serious condition.

Fowler boys keeping busy

FOWLER — The Fowler Jaycees members have been busy with their last week of activities ready for the first part of the year. The members are scheduled to meet June 1 at the York Hotel to discuss future projects.

The chapter will meet in 105 rooms of the city because of a necessary meeting.

President Dean Allen and Treasurer Dr. James C. Crane were present at the meeting. Treasurer Dr. Crane reminded the members that they were still in debt.

The members were told that they were still in debt.

Episcopal missionary to Zambia here Sunday

Dr. James C. L. Judd, missionary to the Episcopal Diocese of Central Africa from the Episcopal Church in Mississippi, will speak May Sunday morning at 10:30 a.m. at St. James Episcopal Church in Clinton. Dr. Judd is the first of a series of speakers from various denominations who will present a series of lectures and talks throughout the month of May. The series is sponsored by the Clinton-Mendota Community Chest.

Dr. Judd, a native of Oklahoma, has spent the past 10 years in Africa, where he has worked as a medical missionary. He is currently serving as the medical missionary to the Episcopal Diocese of Central Africa, which covers the southern part of the country.

Dr. Judd's lecture will focus on his work in Zambia, a country in southern Africa. He will discuss the challenges of providing medical care in a developing country, as well as the successes and failures of his work.

The lecture is open to the public and admission is free. Donations are encouraged to support the work of the Clinton-Mendota Community Chest.

Charles Lyman's fete on 25th anniversary

Mr. and Mrs. Charles Lyman of 100 E. Walker, St. Johns, are planning a silver anniversary celebration for May 15, which marks their 25th wedding anniversary.

Mrs. Lyman is the former Elizabeth T. Stoddart. The Lymanes have lived in St. Johns for 25 years.

The celebration will be held at their home on Thursday, May 15, with a church service at 2 p.m. followed by a buffet dinner at 6 p.m. The event is open to family and friends.

The couple met while attending Michigan State University.

Charles Lyman is a retired teacher and Mrs. Lyman is a homemaker.

The couple has three children and four grandchildren.

The event is being planned by the Lymanes' children, who are working on decorations and entertainment.

The celebration is expected to be a fun and memorable event for all those who attend.

The Lymanes look forward to celebrating their 25th wedding anniversary with family and friends.

The couple is being generous and hospitable as they celebrate 25 years of marriage.

The celebration is a testament to the enduring love and commitment of the Lymanes, who have lived a life of happiness and fulfillment together.

The couple's love and devotion have set an example for others, and their celebration is a beautiful celebration of their love and commitment.

The couple's silver anniversary celebration is a reminder of the beauty of eternal love and the importance of cherishing those we love.

**Open house Sunday for Lloyd Latchaw**

Open house Sunday for Lloyd Latchaw at 315 S. Main St., St. Johns. He was on the Bath Community Schools administrative staff for the past 10 years. The Latchaw's will be in residence from 5 to 7 p.m. Sunday, May 15, at their new home in St. Johns. They have three children: Saradel, 18, a senior at St. Johns; in 1956 he came to Bath as principal of the Bath High School and an addition to the educational program was initiated during his administration. The Bath High School is now a reality.

Service Personnel

New Arrival: WILSON, B., Jr., 19, of St.
and Mrs. W. J. Wilson of St. Johns, is now stationed
at Fort Polk, La., after recently graduating from
the 82nd Airborne Division at Ft. Bragg, N. C.
As he progresses through the two-year course, he will learn the
principles of aerial navigation, benefice, current and
voltage in AC and DC circuits, and the use of electricity's best
means of testing equipments.

After graduation, he will be
expected to set up, maintain and repair public address systems,
government-processed electrical circuits, gyroscope, and communication equipment.

Senior Chief Electronics Technician CLAYTON, R. W., 31, of St. Johns, is stationed
aboard the world's only nuclear-powered surface
carrier USS Enterprise and the nu-
clear frigate USS Bainbridge for
duty in the Pacific.

Sgt. E. M-21, Special
Equipment Electrician FLINT, C. M., 22, of Park Lake, is now sta-

tioned at Ft. Polk, La., after recently graduating from
the 82nd Airborne Division at Ft. Bragg, N. C.

He has begun the basic Interior
Communications Electrician course, Great Lakes,
Ill., and is expected to set up, maintain and repair public address systems,
government-processed electrical circuits, gyrocompasses and related
equipment.

Sergeant CLAYTON, R. W., 31, of St. Johns, is stationed aboard the world's only nuclear-powered surface
carrier USS Enterprise and the nu-
clear frigate USS Bainbridge for
duty in the Pacific.

In the first weeks of his naval
training April 27 at Fort Knox,
Ky., Pvt. Antes, of 530 Euclid Street, St.
Johns, is stationed as a paratrooper were pinned on by
his classmates and he is expected to join the 82nd Airborne
Division at Ft. Bragg, N. C.

He has been assigned to Fort Leon-
bard, Mo., where he is expected to
begin the 17-week course, he will learn the
principles of aerial navigation, benefice, current and
voltage in AC and DC circuits, and the use of electricity's best
means of testing equipments.

After graduation, he will be
expected to set up, maintain and repair public address systems,
government-processed electrical circuits, gyrocompasses and related
equipment.

Senior Citizen . . . valuable citizen

Mer is Senior Citizen Month! Great opportunities exist for participating in many worthwhile activities. For example, there are clubs, organizations, and events specifically designed for senior citizens. In addition, there are volunteer opportunities for those who have the time and desire to help others. The encouragement of older people is invaluable, and the support of their involvement in community activities is essential. It is important that we recognize and value the contributions of senior citizens to our society.

You'll enjoy the "Head-to-Toe" comfort of Electric Heating

Electric Heating is now available in the homes of many people. It is a safe, efficient, and comfortable way to heat your home. Electric heating systems are becoming more popular because they offer several advantages over traditional heating methods. Here are a few benefits of using electric heating:

1. **Energy Efficiency**: Electric heating systems are often more energy-efficient than traditional systems. They can save you money on your energy bills.

2. **Cost-Effective**: Electric heating systems can be less expensive to install and maintain compared to other types of heating.

3. **Safe and Non-Toxic**: Electric heating systems do not produce harmful byproducts or emissions, making them a safer choice for your home.

4. **Convenience**: Electric heating systems can be easily controlled by thermostats, allowing you to adjust the temperature at your convenience.

5. **Versatility**: Electric heating systems can be used for heating single rooms or entire homes, providing flexibility in design and installation.

It's important to consider factors such as local climate, energy costs, and personal preferences when choosing the right heating system for your home. If you're interested in learning more about electric heating, don't hesitate to consult with a professional or research the options available in your area.

Ovid MPMA plant open house Sunday

Ovid — The grand opening of the plant of the Micamee-Michiana Produce Association was held Sunday for fruits and vegetables from the area.

The plant, a major undertaking in the area, is a vital part of the MPMA marketing effort. The plant is located on the north side of M-28 near the edge of Ovid.

Ovid MPMA members have been issued a special invitation to attend the opening ceremonies.

WALTER REED

Mrs. Stanley Reed died on her way to St. Joseph Hospital, St. Germain, on May 2. She was 92 years old.

Mrs. Reed was born in Lansing on March 28, 1904. She was the daughter of Mr. and Mrs. Frank Fisher. She was a graduate of the St. Germain High School.

Mrs. Reed was a member of the St. Germain Methodist Church and was a member of the St. Germain Women's Club.

She is survived by her husband, Mr. Fishen Reed, and her daughter, Mrs. Marion Reed, both of St. Germain.

Mr. Reed was born in Saginaw on June 24, 1902. He was the son of Mr. and Mrs. Frank Fisher. He was a graduate of the St. Germain High School.

Mr. Reed was a member of the St. Germain Methodist Church and was a member of the St. Germain Women's Club.

He is survived by his wife, Mrs. Marion Reed, and his daughter, Mrs. Marion Reed, both of St. Germain.

The family will hold a memorial service at St. Germain Methodist Church on May 15, at 10:30 a.m. The family will hold a memorial service at St. Germain Methodist Church on May 15, at 10:30 a.m.

News of Interest to Clinton County Farm Bureau Families

Mrs. Babbitt elected chairman of Bureau Committee Women

The Clinton County Farm Bureau meeting of the Farm Bureau Women was held May 11 at the Palace Hotel in St. Johns. Attendees enjoyed refreshments while listening to the various presentations.

Edna Tiedeman, vice-chairman of the Women's Committee, opened the meeting, calling it to order. She discussed the importance of the joint meeting of Farm Bureau and Farm Bureau Women and the need for cooperation between the two groups.

Judy Ruff, the newly elected chairman of the Bureau Committee Women, was introduced and welcomed the audience. She outlined the goals and objectives of the committee and discussed the upcoming events and activities.

The meeting included presentations by Mary Ellen Knight, the farm bureau's secretary, and Robert Fedewa, Sr., the farm bureau's agent. They discussed the importance of the farm bureau and its role in representing the interests of farmers.

The meeting concluded with the election of officers for the upcoming year. The newly elected officers included:

- Chairwoman: Mary Ellen Knight
- Vice-Chairwoman: Judy Ruff
- Secretary: Robert Fedewa, Sr.

The purpose of the joint meeting was to bring together the two groups and discuss ways in which they could work together to promote the interests of farmers.

21 groups joined in joint meetings

During the month of March and April, 21 groups participated in the joint meetings of the Farm Bureau and Farm Bureau Women. These meetings were held in various locations throughout the county, with a total attendance of over 250 people.

On April 30, the last meeting of the month, a presentation was made on the importance of water conservation in agriculture. The presenter discussed the need for water management and the benefits of using efficient irrigation systems.

The Key Parson

The Key Parson, a farm bureau member, shared his experiences with the group. He discussed the challenges he faced as a farmer and how he overcame them. He also shared his plans for the upcoming season.

The Michigan Week

The Michigan Week is an annual event that allows farmers to network and share information about their farms. This year's event was held on May 15-21, and it featured a variety of activities, including farm tours, workshops, and seminars.

Let's stick to the issues!

We have watched with a certain amount of regret in the last month or so the development of a couple of controversies that have gotten out of hand. A lot is being said in public for people to chew on once in a while is a good thing. It awakens their interest in their community, their state and in the lives of people in their own little corner of it. Most people come out of participation with a greater understanding of the values of life itself. The real issues are being overlooked and personalities are being dragged into it. It could be called character assassination. In both cases, the character of the people involved is being slandered. Their right to believe in a cause is being slandered. This is called mud-slinging, and it's a sad state of affairs.

It's not fun to be the receiving end, and it's not much fun to watch, either. A man's character is a man's life. Killing a man's character little by little. And, finally, those who attack a man's character reveal their own character.

Let's stop this type of wrangling and get back to the real issues, which you may feel are already solving themselves.

from the HOPPER

BY STEVE HORDON

To many of you for far past that I am writing, I am tiring to be headed to a position of leadership, to a leadership position in this area I believe I have been fully prepared for this position by your help and by working for the group on up.

Please consider the fact that I have been in the field of education forever, and I have been fully prepared for this position by some of the best people.

Dad's had a little controversy over the years.

To many who voted for this, it will mean a sacrifice. But--they are to be fulfilled the destiny of our area.

Type of education they know they will need previously used is against the law. By wise decision.

People of the St. Johns school district the best way to do it. The raffle method in like they have been, firemen believe they could have a better show than last year.

Providing their children and future generations will get back to the real issues, which you have progressed a bit too far already for

MICHIGAN WEEK

MAY 15-21

michigan...dynamic in world progress.

RAMBLIN' with Rink

BY LOWELL G. HINKER

There are, considered using you, a high percentage of people who are interested in the world of the world. Jesus Christ is a man's character, and the world has a significant role in it. We all have a character.

I have stepped forward and taken advantage of the situation to bring something new to the world. I have an opportunity to be a leader in the world of the world. I have some great ideas and I want to bring them to the world.

I have stepped forward and taken advantage of the situation to bring something new to the world. I have an opportunity to be a leader in the world of the world. I have some great ideas and I want to bring them to the world.

Michigan is one of the nation's major cities, with a population of over 17,000 people. It is a center of culture, education, and industry. The city is known for its beautiful parks, lakes, and beaches, and for its rich history.

Lake Superior is the world's largest freshwater lake, covering an area of 23,000 square miles. It is the second largest lake in the world and is a major shipping route.

Fireworks display on Independence Day is a tradition in Michigan. The Michigan State Fireworks Festival is one of the largest in the country, attracting thousands of visitors each year.

Virginia Chile in Michigan is a popular activity for people of all ages. It is a festive celebration that takes place in various locations throughout the state. The event features food, music, and fireworks, and is a fun way to enjoy the summer.

The Michigan State Fair is a major event held in August each year. It features exhibits, competitions, and entertainment, and is a popular destination for visitors from all over the world.

As we enjoy the summer, we at the Michigan State Fair are working hard to ensure that the fair is a fun and safe experience for everyone. We hope to see you there!
The low-priced high-price car.

The Pontiac Catalina for $2495. By far the most powerful Pontiac for less than $3000. (And, of course, standard safety items like a padded dashboard, glove compartment, etc.) It still has the same finesse in its handling, comfort, and economy that has made it a favorite of Pontiac buyers for a decade.

But how can a car be so low-priced? The answer is this: Pontiac has spent millions of dollars to develop a new compact engine that produces tremendous power with low fuel consumption. This engine, called the "V6," produces 100 more horsepower than those low-priced cars offer. And it's within reach of a lot of low-priced car buyers.

The Pontiac Catalina is a car that man labels may the measure of success. It is said, "Figures don't lie, it is said." But figures are not the measure of success. There is a more important measure - the figure of the man who chooses to drive it - the figure of the man who makes the difference.

The Pontiac Catalina is a car that has the power to make a difference. It is a car that can make a difference in your life. It is a car that can make a difference in the life of another. It is a car that can make a difference in the world. It is a car that can make a difference in the way you see the world.

The Pontiac Catalina is a car that is made for people who want to make a difference. It is a car that is made for people who want to be different. It is a car that is made for people who want to be leaders.

And that is why the Pontiac Catalina is a car that is made for people who want to be different. It is a car that is made for people who want to be leaders. It is a car that is made for people who want to be more.
