Recreation program will sponsor tennis instruction

ST JOHNS -- Tennis instruction, sponsored by the St. Johns Tennis Association, will be held on Tuesdays and Thursdays from 8 a.m. until noon, May 16, June 6, June 27, July 11, July 25, August 8 and August 15. Intermediate and advanced classes are offered.

Three weeks ago, Jerry Ambroise stepped into his newly created position as assistant tennis director of the Clinton County Tennis Association. Ambroise said his major responsibilities are administering the Compensated Employment Training Act, handling personnel for the Government Employees Personal Development and working on obtaining financial and idea grants for the program.

"The BEAT Act," he said, "diet to say how 11 weeks ago, I was asked to help run the program. Ambroise said his major responsibilities are administering the Compensated Employment Training Act, handling personnel for the Government Employees Personal Development and working on obtaining financial and idea grants for the program. The BEAT Act, he said, "will to say how 11 weeks ago, I was asked to help run the program."

Intermediate Board members re-elected

ST JOHNS -- Two members of the Clinton County Board of Directors were re-elected to serve another term in the 1973 school year meeting of the board. Re-elected were William Fyler, 569 and Woodbury 512.

The district has been the matter of concern for the residents of this legislative area. The most persistent issue that has faced the district is county indebtedness regarding maintenance, road improvements, and other similar matters. Since I have taken office, the questions pertaining to road improvements have been introduced to the House of Representatives. The bill that would establish a new definition for "MVHF" will be voted on in May. The bill will establish a new category for local county road commission. The bill will be defined by law and will be introduced in the House of Representatives. The bill will be voted on in May, which will be published in the Michigan State Register. The bill will be voted on in May, which will be published in the Michigan State Register. The bill will be voted on in May, which will be published in the Michigan State Register. The bill will be voted on in May, which will be published in the Michigan State Register. The bill will be voted on in May, which will be published in the Michigan State Register. Letters to the Editor

To Editor:...
The community wishes to extend their sympathy to Mr. and Mrs. Allen Fendler and family, relatives and friends for the loss and sudden death of their son, Dennis.

Mr. and Mrs. Donald Baugh, Mr. and Mrs. Darrell Baugh and Mr. and Mrs. Tom Baugh, family members of the late Dennis Baugh, of the State College and were greeted by Rev. Perry Allen, clergy of the church. They also went to Abundant Life Church.

Oddfellows and Oddlady's socialized with Mr. and Mrs. Harriet Baur and Mr. and Mrs. Ardelle Collins.

Linda Kay Thelen became the bride of Daniel Joseph Weber at St. Mary's Catholic Church in Ovid on June 11, 1975.

The double ring ceremony was witnessed by their parents and friends. The couple exchanged vows at the altar and the bride walked down the aisle with her mother. The groom was accompanied by his father. The officiant was Rev. Father C. R. Smith.

Linda Kay is the daughter of Mr. and Mrs. Harry Purdy of Carland. Daniel is the son of Mr. and Mrs. Joseph Weber of Pewamo.

The reception was held at the home of the bride's parents, Mrs. Harry Purdy and Mr. Harry Purdy Sr.

The wedding was attended by family and friends.

Linda Kay was given away by her father, and Daniel was given away by his mother.

The couple will reside in Pewamo.

---

DeWitt voters approve millage

With about 3,100 ballots counted, DeWitt School District voters approved a near 3-to-1 margin to renew the school system’s 12.5 operating mills Monday night.

The system, which has been in Decatur for the past 5 years, was re-elected to a 4-year term for the past 5 years.

Altar Society officers

New officers of the St. Joseph’s Altar Society are [from left] Lorraine Kudwa, 1st vice-president; Judy Fox, 2d vice-president; Barbara Thelen, secretary; Sharon Vitek, president; Norma Bauer, treasurer; Arleta Schafer, director at large, and Donna Smith, board member.

Announce reception

Mr. and Mrs. William Dush announce a wedding celebration for their son, Jerry Dush, and Dawn Lewis, to be held Tuesday, June 15 at 2 p.m. All families and friends are invited.

Dear Editor:

Our fifth grade class has been studying ecology lately. In our study, we have discovered that there are some things we can do to help protect our planet. Here are some things we have discovered.

1. Care for the Earth
   People drive their cars even when they could just as easily walk or ride bikes, causing us to suffer from air pollution. We have discovered that there are many good things being done for the earth in our town. For example, there are two new recycling centers for people to put their recyclables in.

2. Care for the Air
   We have discovered that there are many good things being done for the earth in our town. For example, there are two new recycling centers for people to put their recyclables in.

3. Care for the Water
   We have discovered that there are many good things being done for the earth in our town. For example, there are two new recycling centers for people to put their recyclables in.

4. Care for the Soil
   We have discovered that there are many good things being done for the earth in our town. For example, there are two new recycling centers for people to put their recyclables in.

5. Care for the Animals
   We have discovered that there are many good things being done for the earth in our town. For example, there are two new recycling centers for people to put their recyclables in.

In summary, we have discovered that there are many good things being done for the earth in our town. For example, there are two new recycling centers for people to put their recyclables in.

Sincerely yours,

Karin Valentine

For Health’s Sake—Take It Easy, Dad!

Dad’s a great guy—he works hard to give his family the best and never has to listen to a problem about the best play hockey center during practice at school.

But in a, sweeping life that may be the most important thing to his family—his health.

More than half of the adult smokers of the United States would like to quit smoking but can’t. Many others have tried and failed.

One cardiologist expert reported that smoking was not the only thing contributing to heart disease. He said: “It’s more than just the cigarettes. It’s also about the stress and the lack of exercise.”

One simple form of exercise that many smokers are already doing is walking. Walking is a great form of exercise for everyone who wants to improve their health. It doesn’t require any special equipment and can be done almost anywhere.

A regular walking program can help reduce stress and improve heart health. It’s a great way to get some exercise without having to join a gym or buy expensive equipment.

For Dad’s Day, consider giving him a gift that will last all year. A gift certificate for Father’s Day can be a great way to show him how much you appreciate all he does for the family. It’s a thoughtful and practical gift that he can use whenever he wants.

By Jim Fitzgerald

Valmet, a Finnish company, has announced plans to significantly expand its North American headquarters and manufacturing facility in Clinton County. The expansion is expected to create 100 new jobs and increase the company's investment in the area to $100 million. The announcement comes as the company celebrates its 100th anniversary and underscores its commitment to innovation and growth in the U.S.

The expansion will include the construction of a new 150,000 square foot manufacturing facility and the renovation of an existing 50,000 square foot office building. The project is set to begin in the first quarter of 2022 and is expected to be completed by the end of 2023. During construction, the company will work closely with local officials to ensure minimal disruption to the surrounding community and environment.

"This expansion is a testament to our confidence in the long-term growth potential of the North American market," said Valmet President and CEO Jarno Syrjanen. "With this investment, we are positioned to meet the increasing demand for our products and services, and to provide our customers with the highest levels of quality and service."
St. Johns girls' painting hangs in state capital

An appealing painting of a rabbit by Gina McMillan, 9, of St. Johns, was judged first place winner in the 3rd-grade category in the elementary school art contest sponsored by the State Department of Education. Gina is a 3rd grade student at Swegles Street School. The painting was done on newsprint with an oil base and colored pencil. She chose the rabbit for the summer months to St. Johns. "

First prize in the crafts was awarded to Jo Ann Bliss of Charlotte, for her "Michigan Bean Company" painting. She's a 6th grader at Washington Elementary in St. Johns.

The winners were selected from about 180 entries submitted by students in Clinton, Ingham, Eaton, Shiawassee, Gratiot and Bay counties. The art contest exceeded my expectations in both participation and quality," said State Senator Dick Allen. "Now that the contest has become institutionalized, we hope more students in this area will continue to participate."

Senator Richard Allen displays painting submitted in contest.

DeWitt council meeting calm

By Jim Schmitz

DeWitt City Council meetings, once the旋 of Council members, popular in assessing an ex of evils and relative welfare.

At the close of last meeting, the Council continued with the adoption of the City's first budget for the fiscal year 1975-76. The adoption of the budget was unanimous. The Council members were elected for the term of office in the last municipal election.

The Council did not approve the adoption of the current budget for the fiscal year beginning July 1, 1975. The adoption of the budget was deferred until the general election Tuesday.

If anybody tells you there's no way to buy a good new car for only $2,945...

TELL'EM TO GO TO DODGE!

The Dodge Boys will sell you a Colt coupe that gets 30 mpg for only $2,945.

How did Dodge Colt put so much in such a little car? And give it such great gas mileage? Colt's standard 1975 82-hp engine and 30-mpg rating in the Highway cycle and 25 mpg in the city cycle are recent EPA tests. And Colt's got fully equipped, fast-action transmissions - United drives, - unitizing brake units - Convenience - Locking gas cap - Adjustable steering column - Four-way seat adjustments - standard salt-prepared durability - oil change every 3,000 miles - tire change in a pinch - the new 205 passenger tire warranty. So if anybody tells you there's no way to buy a good new car for only $2,945... all you've got to do is go to Dodge and give the '75 Colt a try.

To the '75 Dodge Boys come, rate your own price and make some noise, known for the brand that's second to none! St. John's Comprehensive Dodge Sales, 200 W. Higham, St. Johns.

Bean insect control

The following is a list of the most common bean vegetables and their pests, along with tips for control:

- **Thrips**
- **Mite**
- **Aphids**
- **Leafhoppers**
- **Cucumber beetles**
- **Cutworms**
- **Cutworms**

**Thrips**

Thrips are small, soft-bodied insects that feed on the surface of the bean leaves. They excrete a sticky honeydew, which often attracts other pests. Control methods include handpicking or using insecticides such as Sevin, malathion, or Guthion.

**Mite**

Mites are small, hard-bodied insects that can be a problem in bean fields. They feed on the leaves, causing a yellowing effect. Control methods include using insecticides such as miticides or by handpicking the mites.

**Aphids**

Aphids are small, greenish insects that feed on the sap of plants. They can cause leaves to curl and stunt plant growth. Control methods include using insecticides such as Sevin, malathion, or Guthion.

**Leafhoppers**

Leafhoppers are small, flat insects that feed on the leaves, causing a skeletonized appearance. They can transmit diseases to plants. Control methods include using insecticides such as Sevin, malathion, or Guthion.

**Cucumber beetles**

Cucumber beetles are small, brown insects that feed on the leaves and stems of plants. They can transmit diseases to plants. Control methods include using insecticides such as Sevin, malathion, or Guthion.

**Cutworms**

Cutworms are small, brownish insects that feed on the stems of plants. They can cause the plants to wilt and die. Control methods include using insecticides such as Sevin, malathion, or Guthion.

**Control Tips**

- **Thrips**
  - Handpick them from the leaves.
  - Use insecticides such as Sevin, malathion, or Guthion.
- **Mite**
  - Handpick them from the leaves.
  - Use miticides or insecticides such as Sevin, malathion, or Guthion.
- **Aphids**
  - Handpick them from the leaves.
  - Use insecticides such as Sevin, malathion, or Guthion.
- **Leafhoppers**
  - Handpick them from the leaves.
  - Use insecticides such as Sevin, malathion, or Guthion.
- **Cucumber beetles**
  - Handpick them from the leaves.
  - Use insecticides such as Sevin, malathion, or Guthion.
- **Cutworms**
  - Handpick them from the leaves.
  - Use insecticides such as Sevin, malathion, or Guthion.
