Denise Arnold candidate for Michigan House seat

LANSING - Denise Arnold, 31, Mill Hall Chair, Lansing Club, has called for a public debate with Rep. Nels Cowan, D-Midland, in a bid to attract more women to the Michigan Legislature and to provide more effective representation on the 52nd district's major issues.

Arnold, a 1974 graduate of Michigan State University, said she's ready to face the challenge. In a recent poll, she's identified as the most popular candidate in the 52nd district.

Arnold also believes that the debates should be held at the Lansing School of Science and Technology. She said a debate is needed to attract more women to the Legislature and to provide more effective representation on the 52nd district's major issues.

Out of her perspective, when asked about the importance of the debates, she said: "I believe the debates are necessary to ensure fair and equal representation."

Lynn Schmitt weds Thomas O'Rourke

POWERFUL -- On June 1, Lynn Marie Schmitt, daughter of Mr and Mrs Thomas O'Rourke, St. Ignace, and Thomas Clement O'Rourke, son of Mr and Mrs Marie Schmitt, daughter of Mr and Mrs Herman Schmitt, lit a new chapter in her life when she exchanged vows with her fiancé Thomas Clement O'Rourke, son of Mr and Mrs Marie Schmitt, daughter of Mr and Mrs Herman Schmitt, in a ceremony held at St. Joseph's Catholic Church, St. Ignace.

The couple selected a traditional wedding style, with the bride wearing an empire waist A-line gown with short puffed sleeves and a chapel length train. She wore a chantilly lace, lace cuffs and a shawl made up of lace and mums made up her bouquet.

The attendants, also in pink mums, made up their corsages. Formal portraits of the newlyweds were taken in the chapel, and a reception was held at the parish hall for 325 guests.

The couple plans to reside in Fowler.

CHERRY PICKUP OWNERS, HERE ARE 8 GOOD REASONS WHY YOU SHOULD BUY DODGE:

1. Dodge pickups have the money-saving Electronic Ignition System, standard. (Chevy doesn't even offer it.)

2. Our Dodge half-ton pickup models have a higher standard payload capacity than the light-duty Chevy.

3. Dodge offers you a choice of 52 pickup models. (That's more than Chevy has.)

4. Dodge has the Club Cab pickup with 34 extra cubic feet of storage space, inside the cab, behind the seat.

5. Dodge has the smallest standard six-cylinder engine of any American-built pickup (it's still gets the job done).

6. Dodge pickups have a larger standard fuel capacity than Chevrolet pickups, as well.

7. Only Dodge pickups offer you optional automatic speed control. (It's great for long-distance runs.)

8. And, best, but not least, Dodge has never repaired bad steering while you are out on the road. A little extra trouble free steering will be the difference between doing work without having to do it the hard way.

Medicare premium rates go up starting July 1

Medicare patients can expect a slight increase in their premiums starting July 1, but the impact of the increase will vary based on individual circumstances.

The basic premium rate will rise by about 10%, meaning that a basic payment of $97 will go up by about $10, to $107 a month.

The medical insurance part of Medicare will go up starting July 1, with the premium rate going from $6.30 to $6.70 a month. This increase is expected to have a minimal impact on the overall cost of Medicare for most enrollees.

The insurance part of Medicare helps pay doctor bills and other medical expenses and is funded by individual premiums and federal general revenues. The Federal government's share is determined by the number of Medicare patients who have the protection of Social Security Disability Insurance or Medicare's Medical Insurance Program.

The hospital insurance part of Medicare covers hospital insurance for patients who have the protection of Social Security Disability Insurance or Medicare's Hospital Insurance Program. The basic premium rate is based on the number of Medicare hospital insurance patients who have the protection of Social Security Disability Insurance or Medicare's Hospital Insurance Program.

The basic premium rate must also be increased by the amount necessary to pay the cost of the annual adjustment of the basic premium rates to cover the estimated medical expenses of Medicare patients, without premium charge.

The hospital insurance basic premium rate will go up starting July 1, by 10 cents a month, to $97 a month.

Medicare patients can expect a slight increase in their premiums starting July 1, but the impact of the increase will vary based on individual circumstances.

Despite a busy evening of serving as hosts for the Clinton County Country Club Hawaiian Night Dance, Mrs. Conrad Seim offered:

"People 65 and over who aren't eligible for Social Security benefits can get Medicare hospital insurance by signing up for Medicare in their local Social Security Office. If you are 65 or over, you are automatically entitled to Social Security Disability Benefits for individuals who become disabled before age 65. If you are 65 or over and aren't entitled to Social Security Disability Benefits for individuals who become disabled before age 65, you must sign up for Medicare at your local Social Security Office."

Crutches join the list of endangered species

LAWRENCE — This is not a story about endangered species, but it is a story that is worth telling.

The WLUR radio station has donated a set of crutches to the Lawrence Hospital, in Lawrence, Kansas.

The crutches cost $4.71 per pair, and the station is hoping to sell them to new patients, donors will become patients again. That's the money ought to be spent.

Bath's Kerry Zorb is All-Conference

Kerry Zorb's Bath has been named to the All-Conference football team of the Upper Peninsula.June 20, 1974

Vernon Sugar, director

The well-balanced honors, which include all-state honors in the boys' Division IV and All-Conference honors in the boys' Division II classes, are a fitting tribute to the 1973 Bath football team.

Bath's season was marked by a strong defense and an offense that was able to score points in every game. The team finished the season with a record of 6-2-0, including a victory in the championship game against Houghton to win the MHSAA Class D championship.

The team's success can be attributed to the leadership of quarterback John Smith, who threw for 1,200 yards and 14 touchdowns, and running back Mike Latimer, who rushed for 1,000 yards and 12 touchdowns.

Coach Sugar is quick to point out that the team's success was due to the hard work and dedication of the players, as well as the support of the coaching staff and the entire community.

The All-Conference team was named based on the performance of the players during the regular season and the playoffs. The coaches in the Upper Peninsula were asked to submit their selections for the All-Conference team, and the results were tabulated by the Upper Peninsula Athletic Conference.

The All-Conference team is a testament to the success of the Bath football team and is a fitting tribute to the players and coaches who worked so hard to achieve such a significant accomplishment.

Watch out weather, here we come!

The good citizens of Clinton County are not doing their share in solving the present weather crisis. For the past 2 to 5 weeks, the difference between rain and shine can be 6 to 8 inches.

If it clouds up, but doesn’t rain, it clears up and a few minutes later, it starts to rain. It rains a cloud and a big splash.

These things can be coordinated.

If the clouds refuse to come in with an honest to goodness, rain, there are remedies that we can do in Clinton County.

First, if the cloud is not raining, but without letting out a drop, at least 1 percent of the county’s population should wash their cars. Another 1 percent could wash their lawn and the final 1 percent could head for the golf course. It should work every time.

The theory can also be put to use in reverse. If, after several days of heavy rain, the clouds threaten to break and go away, but don’t quite do it, it’s time for teamwork again.

Run out like a flash and lug all the lawn furniture into the garage or basement. Or, in the middle of garlic, a steak, look up in the sky, grab the steak and head for the garage. And the clincher; promise the kids to take them out to dinner and a show because it’s going to be too wet to go to the garden.

The strategy will work, and it’ll take teamwork from everybody in the county. After all, together, put our shoulders to the grindstone, heft that bale etc and we can lick this weather crisis.
