After over one year of operating as an austerity budget, Lake County commissioners this week will lift the total ban. In effect to test the demands of the public.

The total will come in the form of a vote ad

At that time the proposed plan will be presented to &<3c. Publishers, the public, and the city council. The plan will include the following:

- A 10% increase in the city budget
- Reductions in city services
- A 10% increase in the city tax rate

The plan will be presented to the city council on Tuesday, July 15, at their regular meeting.

Alex Perry, Director of the Lake County Chamber of Commerce, has come about because of the need for a new budget plan. The city has been facing financial difficulties, and the plan will help to address these issues.

The city council will consider the proposal and make a decision on whether to implement it. The public is encouraged to attend the meeting to voice their opinions.

Perry also commented that with the increase in the city budget, the city will be able to provide better services to the residents. The city will also be able to expand its services to include more programs for the residents.

In conclusion, the proposal is a necessary step for the city to move forward and address its financial difficulties. The public is encouraged to attend the meeting to ensure their voices are heard.

SPECIAL FEATURES

Excellent Fishing, Sunbathing or just plain Relaxation.

The Mainland of Spanish America, especially the northern coast of South America, and the Caribbean Sea, were referred to as the Spanish Main by the 16th century.

The Spanish Main was the name given to the area that stretched from the northern coast of South America and the Caribbean Sea, to the south of Mexico and the West Indies. The term was commonly used by European explorers and cartographers to refer to the area that they considered to be within the Spanish sphere of influence.

The Spanish Main was a significant trade route and was the subject of much exploration and colonization by European powers, particularly Spain. The area was rich in resources, including gold, silver, and other valuable commodities, which made it a prime target for colonial powers. The Spanish Main was also a strategic location for the establishment of colonial empires, and many European powers vied for control of the area, leading to centuries of conflict and competition.

The term "Spanish Main" was in common use until the 18th century, when it was gradually replaced by the term "West Indies," which became the standard name for the islands in the Caribbean Sea.

You can't beat this deal. Come in today!

LANSING
Ray Rowell to lead K of C

Ray Rowell of Pontiac was elected to serve as Knight of Columbus in the coming year. The election was held June 9.

Other officers were: Romeo Quesnel, deputy grand knight; Louis Strosnider, chancellor; Roy H. Ehret, commissary; Charles Marotz, secretary; Jim Pedlar, treasurer; Dennis Knappewolt, historian; Bernard Hinner, regent; George Cook, junior regent; James Paul Fisk, junior regent.

The council has established fees for the ordination of K of C Thoma­sin 5, and the usual bond should be submitted by Father Rowell.

From St. Johns: John Holy, squire; and again Vink.

From Detroit: Nancy Sullivan, junior regent; and Lynne Jones, regent.

volunteer firemen make plans for July 4th celebration

Final plans for the annual July 4th celebration were completed by members of the St. Johns Volunteer Fire Department at their meeting June 6th. This year’s event will begin July 2 and continue through July 5, and is co-sponsored by the Rotary Club and Jaycees. There will be prizes, rides and refreshments available at the city park on all four days. July 2, will be Kiddie’s day and prices will be reduced from noon until 6 p.m. There will also be a pony pull on Friday afternoon and free rides on the fire trucks. Two blue and a 1,000 pound steer will be given away for prizes. The firemen will have charge of the fireworks display which will be set off properly at 10 p.m. Everyone is cordially invited to attend the festivities.

13 from area among CMU honor roll

Thirty area students were named among those receiving scholastic honors at Central Michigan University for the fall semester.

Proclamation for centennial Belles

Whereas: The great men of the Ovid area have for many years been the benefactors of the many students and their families who have graduated from area schools.

Therefore, as mayor of the Village of Ovid, I do hereby proclaim, and in recognition of their many contributions, the dedication of the 100th Anniversary of Ovid Union High School will take place from June 21 through June 24.

Make more money.
Pay less tax on what you make.

Our new Deferred Income Certificates pay the highest bank earnings...can't be taxed until you say so.

You know how the tax structure works. The more you make, the more you pay. The less you make, the less you pay. But with our new Deferred Income Certificates you can let your earnings ride until you expect to be in a lower income bracket, when you retire. Then, because the tax bracket is lower, you pay less.Something else. At the same time you'll be earning 8% interest compounded every minute of every day for as long as ten years. You actually earn interest on your interest.

To get started on this unusually attractive way to build future income, stop in today at one of our convenient locations. Or if you prefer, handle it by mail with the coupon below.

Ballenger raps plans for new state capital

Office to close

Due to the event of the Legislature's summer recess and to the heavy increase in the number of visitors here during the past six weeks, State Rep. William G. Ballenger on July 3rd has announced his intention to be unavailable to his constituents for the remainder of the session.

Ballenger stated that he will be unable to return to his office on July 3rd and will not resume his regular office hours again this fall when the Legislature reconvenes.

Referring to criticism of the new Capitol plan, Ballenger declared that he was "one of the many members of this House who feel a need to present the difference of the Capitol bill to the people of the state. I think it is a fair statement that the citizens of Michigan are not being adequately and ruthlessly informed on this matter."

Later in the week, Ballenger's office will be closed to the public and he will be unavailable to constituents. His regular office hours will resume on Monday, Aug. 5th.

Ballenger will be guests of honor at an open house held July 8 at the Price United Methodist Church. The Reverend Dr. and Mrs. Leroy Howe, who will be the new presiding minister, and Mrs. Karl Ziegler, who will be the new secretary, will be guests of honor at an open house held July 8 at the Price United Methodist Church.

Views and comments on proposal for city income tax plan

pro

con

The issue of the City of St. Johns should be solved. Since 1947, 30 per cent and $65,000 this year. Permits were issued to borrow each year must be considered, even if no

A few provisions of this ordinance. He or she will have tremendous powers. By its terms, the Act provides that the controversy be referred to the City Commission for action. The City Commission, in turn, is to decide the matter. The City Commission will then decide the matter. The City Commission will then decide the matter. The City Commission will then decide the matter.

Satisfied persons with fixed incomes.

In most cases they would be satisfied. But if a man works in a city where the income is less, the City Commission may decide that the income in that city is too low. The City Commission may decide that the income in that city is too low.

The bill states that only the net profit from a business, not the gross income, is to be taxed. The net profit is the amount which the owner of the business earns after deducting expenses.

We believe the proposed City Income Tax is a necessity for the City of St. Johns. It will be a more equitable method used to raise the money required for the operation of the City. We believe the proposed City Income Tax is a necessity for the City of St. Johns. It will be a more equitable method used to raise the money required for the operation of the City.

The City Commission Insisted, 3 votes to 2 against a St. Johns city income tax, with the City Commander voting with the 3-2 majority. The City Commission Insisted, 3 votes to 2 against a St. Johns city income tax, with the City Commander voting with the 3-2 majority.

Games on agenda for Youth Day

Tuesday was Youth Day at the "ST. JOHN'S COUNTY FAIR," and the committee arranged an all-day agenda for the day's activities.

Activities directors divided the the day's agenda for Youth Day into two groups. Preschoolers to third graders were in one group, and the rest were in a second group.

Activities included a sports competition, where children participated in various games such as softball, relay races, and others. A plaque was awarded to the winners of the day, recognizing their participation and dedication.

The event was well-organized, with various activities designed to keep the children engaged and excited. The day was a great success, and the committee plans to organize similar events in the future.

ALRODALR, BREVARD, ORLANDO, AND THE WEST COAST

The Ovid Centennial featured a pageant about the life of Ovid in the history of the United States, staged over five nights of the week-long celebration.

The pageant was done in spectacular fashion at the junior high school football field on a stage that covered most of the field. A cast of hundreds, cleverly portraying the part Ovid played alone with the development of the United States, was held prior to the opening of the pageant, activities were held. One night a baton twirling competition was held. On another evening, square dancing was on the agenda. Each performance was preceded by the Anderson quartet composed of Mary Johnson, Shirley and Marilyn Groom and Kathy Paterson, accompanied by Mrs. Vera Tremblay on the violin and pianist Kris Taft.

The cast of the pageant staged an old fashioned hoedown to the delight of audiences.

The tragedy of wars and the humor of a witty emcee catching a cohort in a bathtub made the pageant lively and interesting. In the grand finale scene, with the audience in singing the national anthem amid the waving of many American flags. Thus bringing a thrilling close to the pageant.

Abraham C. Cobb, then chairman of the Board of City Commissioners, the citizens of Clinton County voted to approve the Bond Ordinance of 1969. The vote was a success. The bond issue was approved, and the city was able to proceed with the construction of its new city hall.

The bond issue was a $200,000 bond, which was to be used for the construction of the new city hall. The bond issue was approved by a majority vote of the citizens of Clinton County. The city hall was completed and opened in 1970.

The bond issue was a success for the city of Clinton County. The city was able to proceed with the construction of its new city hall, and the citizens of the county were able to support the city in this important project.

15th derby tonight

The eye of the horse racing world will be turned to DeWitt tonight. Only 2 for the 15th edition of the DeWitt Country Club Derby. The winning post will be determined by lot. The purse of $18,000.

Attendance low, but pool program in full swing

Although the gates offered a capacity of one million dollars, the pool program is still as attractive as ever. It costs only 25 cents for a chance at the million dollars.

All-day swimming pool

The pool is open from 10 a.m. to 10 p.m. on weekdays and from 10 a.m. to 11 p.m. on Saturdays.

The annual benefit for the DeWitt pool will be held on July 11.

The pool has been open for the past three weeks.

Tuesday afternoon, 500 youth stood in line to enter the city swimming pool. A pleasant change from the previous pool has been due to the unseasonably cool weather.

Clinton County News
Wednesday, July 2, 1969

An Income Tax Would Not Be Good for St. Johns

BECAUSE: Better, tested, traditional financing methods are available to solve our needs. Every city in Michigan uses property taxes and municipal bonds to finance needed improvements.

BECAUSE: Only one other comparable city has been fit to collect an Income Tax for itself (of eleven cities total - ten are large metropolitan areas.)

BECAUSE: An Income Tax is expensive to collect and expensive for the taxpayer to pay. (forms)

BECAUSE: The yield is unknown - no study has been made. How many people earn their living in St. Johns? How much? How many wage earners are residents - non-residents? etc.

BECAUSE: Divulging of private financial records of business and earnings can be objectionable in a small closely-knit community. The Enabling Act confers broad powers on the local tax administrator.

BECAUSE: It is basically unfair to expect our non-residents friends who work beside us to help pay our municipal expenses when they really don't receive very much in return.

BECAUSE: The rate of an Income Tax is set by the State - not by those who pay the tax.

BECAUSE: There is great unrest at the State level regarding taxation in general, and with major reform under consideration this fall, we should not make a hasty commitment to an untested, radical solution since we can solve our needs with traditional, time-proven municipal financing practices.

VOTE "NO" JULY 15

And the Bell of Freedom Rings...

With the Liberty Bell as symbol, the sound of freedom rings anew throughout our land, as we observe Independence Day. On this day, we commemorate the courage and determination of our forefathers, and re dedicate ourselves to their principles.

"Let Freedom Ring." This is our prayer and our pledge, the heart and spirit of our American way of life. On July 4th, we celebrate with joy, in a holiday mood of happiness, and with solemnity, in affirmation of the message of freedom.

The unhooked generation

Anti-smoking efforts pay off

One million people a year quit smoking in 1968. In the U.S., 4 million people now smoke. Many of them are teenagers.

According to a recent nationwide survey by the American Lung Association, 17.5 percent of the high school population are regular smokers; another 30 percent of this age group are nonsmokers and ever smokers. The research was conducted by the American Lung Association in cooperation with the National Student Activities Foundation.

"With the hold and join the

Rehmann assigned to board at Boys State

The 4-H Teen Caravan was based on an application which the state agent, and finally it arrived at the application. This application is first approved by the state of Michigan.

The 4-H Teen Caravan was proposed by the National 4-K Board in 1967. The basis of the program was to prepare for the summer. We may or may not know what the state of Michigan.

The unhooked generation anti-smoking campaigns are based on research by experts. They were also included in the program. As part of the unhooked generation, the state of Michigan.

AIDS and DDT. The "now" generation gets hooked according to the program. The aims are to teach the "now" generation about the dangers.

The unhooked generation is losing some of its campaigns. As part of the unhooked generation, the state of Michigan.

The unhooked generation is losing some of its campaigns. As part of the unhooked generation, the state of Michigan.

AIDS and DDT. The "now" generation gets hooked according to the program. The aims are to teach the "now" generation about the dangers.

The unhooked generation is losing some of its campaigns. As part of the unhooked generation, the state of Michigan.

AIDS and DDT. The "now" generation gets hooked according to the program. The aims are to teach the "now" generation about the dangers.

The unhooked generation is losing some of its campaigns. As part of the unhooked generation, the state of Michigan.
Ag commission amends DDT decision

The Michigan Commission of Agriculture took action last week to amend its decision canceling registration of DDT. The decision, which took effect August 1, 1968, was based primarily on a study of the possible effects of DDT on the human population, the environment and wildlife. The commission's decision was based on the recommendation of the USDA's Pesticides Research Laboratory, which found that DDT was a potential hazard to public health and the environment.

A call for a reasonable approach to pesticide use was echoed by the commission and the public at large. The call was based on the need to balance the benefits of pesticide use with the possible dangers it poses to the environment and human health. The commission's decision was based on a careful review of the scientific evidence and the need to protect public health and the environment.

Canners urge reasonable approach to use of chemical pesticides

With ready-made markets, it is now time to consider the use of pesticides in Michigan. The use of pesticides in Michigan has been limited by the desire to protect the environment and human health. The commission's decision was based on the need to balance the benefits of pesticide use with the possible dangers it poses to the environment and human health.

Highway department prepares for heavy holiday traffic

With many more miles being traveled during the holiday season, the highway department is preparing for a heavy influx of traffic. The department is working to ensure that the roads are safe and well-maintained for the holiday season. The commission's decision was based on the need to balance the benefits of pesticide use with the possible dangers it poses to the environment and human health.

In the name of liberty Patrick Henry spoke these courageous words. And in the name of liberty a declaration was signed, a country formed and a war fought. The Fourth of July symbolizes this spirit of independence that has prevailed.

Highways. roads and highways. a creeping, four-year. expressly—okay, science—

America is every imaginable direction.

And, they get you there fast, you can put the right stuff before you know it. We live in a speak-sentential world

that, when we are not working, we feel we must "hurry up and relax." At times we even feel guilty when we are not been about something.

We don't really live in such blissful peace. We speak strangely. a peace of mind and
golden, and we take tranquility by analysis. We search tranquilly, we search tranquilly,

... on "lost weekends," on "Fun activities" . . . but tranquility is hard to find.

Perhaps we are nothing on earth. Perhaps tranquility is not to be sought. Rather, isn't it what happens when you are at peace with yourself, no matter the circumstance?

You can be at peace with yourself only when you are at peace with God. He is

the very center of your being. And His peace is freely given when you accept it.

"Grazed the gift of God in the very best place of all—His Church.

Michigan Junior Heford field day Saturday July 12

Officers and directors of the Michigan Heford Association met in the Otisville Town Hall recently to elect new officers for the organization's annual field day July 12 at the United Methodist Church in Otisville.

The new officers are: Rev. William Mathews, president; Mrs. Kate Courtland, first vice-president; Mrs. Harold Kenyon, second vice-president; Mrs. Joe Shaltry, treasurer; and Mrs. O. G. Thomas, secretary.

Make plans for full dry crop storage now

The best plan is to start now. Early storage is the key to good rotation. By early storage, we mean before the soybean harvest. This will allow enough time to cut, load, and store the grain in a cool, dry place for the winter storage months. This will also allow time to plan for the following season's needs.

4-H club gets a new name

The Victor 4-H club held its first meeting of the year, June 28, at the home of the new leader, Ms. Gilda Moore. The group decided to change the name to the "Fly Cattle Blocks." The group aims to promote the breeding and raising of cattle to ensure a better future for the dairy industry.

MMPA announces new milk prices

Michigan Milk Producers Association announced new milk prices for the year, June 28. The new prices are as follows:

- Cheese: $1.25 per hundredweight
- Butter: $0.90 per hundredweight
- Dry milk: $0.75 per hundredweight
- Powdered milk: $0.60 per hundredweight
- Skim milk powder: $0.50 per hundredweight

The new prices apply only to milk produced in Michigan and sold to dairy processors.

Bridgville

By Mrs. Thomas Woodhull

Mrs. Jolly Barnhart called on Mr. and Mrs. 24th Woodhull Memorial.

She and Mrs. Thomas Woodhull went and Georg Lewis called in

Ovid-Bulse FFA members enjoying their banquet at Petoskey, from the left they are Carter McClelland, leader of the club, John Dunham, who received the forestry award, Robert Allen Moore, soil and water conservation winner, Mr. and Mrs. Joe Shaltry, assistant instructor, and Mr. Earl Seybold, county agent.

Congratulations to FFA at O-E

The members were presented with the following awards:

- Forestry Award: John Dunham
- Conservation Award: Robert Allen Moore
- Leadership Award: Carter McClelland

The frontier of Ameristate, Ovid-Bulse Chapter, has been recognized for its " Outstanding Leadership" award by the State FFA organization.

Indication of growth

The formation of a new development corporation by the Chamber of Commerce should ultimately prove to be a boon to the entire community.

I think much has been written about the idea of this growing nation of ours. The climate of the entire country now is generally outward looking in that we are all more concerned with what lies ahead as opposed to what lies behind us. This is as it should be.

I think there is a need for that matter) to sit in the yard and enjoy the quietness of that season of the year. The only noise that has marked this season of the year is the sound of children's laughter and the distant chirping of birds. It's a peaceful time that young eyes enjoy.

One thing that is clear is that this nation once more by hard work—and not by some new criteria—will ultimately prove to be a boon to the entire community. The formation of a new development corporation is but one more indication of the new vigor being manifested by the Chamber of Commerce. Their efforts should be supported and encouraged by the entire community.

Ultimately the entire community will be the beneficiary.

First-class people

The Marshfield, Mo., Mail has expressed some thoughts on the quality of people and the quality of nations that while sounding uncompromisingly harsh, embodies a fundamental truth. It says:

"Only second-class people make a second-class nation. People who want to be paid without working enough to earn it are second-class people, not Americans. People who want to be protected without bringing the nation to flight and war are second-class citizens. People more anxious for security than for freedom is a second-class people, not Americans. The quality of people is as important as the quality of nations. The quality of the people in this country has never been better than it now is. The people want social reform, but they want it not for themselves but for their children. It is the people who make the nation, and the people are as bad as the nation.

"Only second-class people make a second-class nation. People who want to be paid without working enough to earn it are second-class people, not Americans. People who want to be protected without bringing the nation to flight and war are second-class citizens. People more anxious for security than for freedom is a second-class people, not Americans. The quality of people is as important as the quality of nations. The quality of the people in this country has never been better than it now is. The people want social reform, but they want it not for themselves but for their children. It is the people who make the nation, and the people are as bad as the nation."

Bad ol' summer time

What ever happened to the season of summer? That glorious time when soaring temperatures and coolness alike cast a longing spell over the entire world, it seemed, and the earth fairly sized.

The only time excitement came from the swimming hole but a distant tinkling of the ice cream man's bike clanging sparkles to the delight of the children.

But here we are. Already two weeks into summer and the swimming pool is quiet. The only noise that has marked this seasonal transition is the steady patter of rain on roof, streets, solo togs, camper, picnic tables and benches.

There has been little reason or desire, for that matter, to sit in the yard and enjoy the new season.

About the only thing that seems to respond to these conditions is the grass. There's a lot of that.

Yes, it's really a bad ol' summer-time.

BACK THRU THE YEARS

INTERESTING ITEMS FROM THE RECORD OF THE COUNTY NEWS

IF TEARS HAD TEETH

Among the many graduates of the high schools in the county, there are few as much beloved by the public as Alton Van Buren, a member of the class of 1919 and a member of the class of 1919.

It was observed by W.A. Miller, editor of the Record of the County News, that Van Buren had a natural talent for creating an interest in education. His manner of speaking was always admired by the public.

When the news of Van Buren's death was announced, there was an outpouring of grief from the entire community. The sorrow was felt by all, and it was a day of mourning for the entire county.

The funeral service was held in the city's largest church. The services were presided over by the Rev. Dr. W.A. Miller, editor of the Record of the County News. It was a moving service, and the sorrow of the entire community was evident.

The body was then taken to the county courthouse where it was laid to rest. The mourners filed past the body, and there was a line of people stretching from the courthouse to the city limits.

The local newspapers carried extensive coverage of the funeral. The obituary was published in the Record of the County News. It was a moving obituary, and it was read by thousands.

The body was then taken to the county cemetery where it was laid to rest. The mourners filed past the body, and there was a line of people stretching from the cemetery to the city limits.

State Representative

"...favored a lottery or sweepstake to New Hampshire's or Michigan should establish a State..." said they favored the institution. "...that an ethical operation can be maintained and..." 

...favored a "Monday Holiday" just about the time that January becomes effective. A hefty 60% said Yes; 17.8% said No; and 20% answered: A Whopping 31.9% do not. And 15.9% of all those surveyed seemed amenable to the licensing of all firearms, even though the two states differ in their definitions of the term "firearm." Among the most vocal were the 90.3% who supported the idea of compulsory registration and licensing of all firearms, including rifles and shotguns. The 63.0% said they were opposed to compulsory registration and licensing, providing a special penalty to be in addition to any other penalty a court might impose. According to my questionnaire on the legalization of bingo in Indiana, 51.8% said they were opposed to it. The results of this question were, however, quite different from the results of..."
