Carson City City ready to celebrate centennial

Since 1857, Carson City has been the capital of Nevada, and the city is celebrating its 160th anniversary with a series of events and activities throughout the year. The Carson City Centennial celebration includes performances, historical exhibits, and other events that highlight the city's rich history.

Phone base rate area expanded

The Nevada Public Service Commission has approved a plan to expand the phone base rate area to include Carson City and the surrounding area. The expansion will bring benefits to all residents and businesses in the new area, which will see lower rates and improved service.

IONIA ESCAPE captured here

A fugitive who had evaded capture for three months was arrested in Carson City on July 24. The fugitive, John Doe, was wanted for a traffic violation.

July 4th spirit high despite nagging rains

Despite the rain, Carson City's Fourth of July celebration was a success. The day featured parades, fireworks, and other events that brought the community together.

OK $13,000 improvements at schools this summer

The Carson City School District is making significant improvements to its schools this summer, including the installation of new heating and cooling systems, new HVAC units, and other upgrades. The improvements are part of the district's ongoing effort to modernize its facilities and provide a safe and comfortable learning environment for students.

No answer yet on renewal

The Carson City School Board has not yet made a decision on whether to renew the school district's contract with the Carson City Housing Authority for the use of the school buildings. The decision will be made at the next board meeting.

St. Louis. Their corsages were white or apricot with bone accessories.

The groom's mother chose an apricot with bone accessories.

Don Huguelet and the groom's mother, Mrs. Marie Huguelet, were the parents of the bride and Teressa Barnhill, sister of the bride. TheGiles Trierweiler, aunt of the bride, made their dresses.

The bridesmaids were identical in style. Doris Huguelet, sister of the bride, wore a long-sleeved, floor-length train. She carried a bouquet of red roses, pearls, petals and sequins. She also wore a bracelet and a ring that had belonged to the bride's ring. The bridesmaids wore identical accessories.

The reception followed in the Fellowship Hall adjoining the First Baptist Church of St. Johns. The music included "The Star-Spangled Banner," "The National Anthem," and "America the Beautiful." The Reverend Charles J. Hickey, pastor of the church, officiated. The reception concluded with a wedding cake and punch. A prayer was said, and the bride and groom kissed with a smile of joy and happiness.

Elaine Pung weds Florida man

After Elaine Pung of Miami Beach, daughter of Mr and Mrs Leonard Pung of Miami, Florida, and the son of Mr and Mrs Alphonse Pung of Miami, Florida, were married at St. Mary's Catholic Church of Miami Beach, the couple went on their honeymoon in Florida.

For the 19 new couples who were married in the Miami Beach area on Saturday afternoon, the wedding was a joyous occasion. The weather was warm and sunny, and the ocean provided a beautiful backdrop for the celebrations.

The couple exchanged vows in front of a beautiful ocean view. The aisle was decorated with flowers and candles, and the ceremony was filled with music and laughter. The couple was surrounded by their family and friends, who were all smiling and happy.

After the ceremony, the newlyweds left for their honeymoon in Florida, where they planned to spend the next few weeks enjoying the beautiful weather and the beautiful scenery. They were looking forward to a relaxing and fun-filled vacation.
Ronald N. Rademacher claims bride May 27

Originally from New York, New York, Ronald N. Rademacher, 21, of 120 E. 12th St., St. Johns, and Nane F. Schmidt of Greenbush, 21, were married May 27, 1967, at the Catholic Church of St. Mary, St. Johns, by the Rev. William A. Gavenda, pastor.

Nancy, a graduate of the Lenawee High School, was the daughter of Mr. and Mrs. Albert J. Schmidt, of Grant. Ronald is a graduate of St. Johns High School. He is employed at the St. Johns Water Works.

HER CLOTHES were tailored by the St. Johns Tailors, St. Johns, and supported that whatever his bride said would happen was so. An elegant choker of pearls was the center of his attention at the altar. A floral arrangement of peonies, orchids, and lilies was the beauty of his vision, a bride that was made to be loved.

The Blue Star Mothers of St. Johns, under the leadership of Mrs. Marjorie Snead, president, and Mrs. Virginia Young, vice-president, had a card party Friday night, June 9, at Mrs. Snead’s home. Mrs. Snead was hostess.

The group of 100 women who made up the group were to be seen at their annual dinner June 17, at the Elks Club. Mrs. Snead is the past president.

The group plans to send a present to the American Red Cross at the end of the year.

Group plans Bob Lo trip

The Blue Star Mothers of St. Johns are planning a trip to the west coast for Bob Lo, the son of Mrs. Virginia Young, vice-president of the Mothers. The exact trip route has not been finalized, but it is believed that the group will visit Los Angeles, San Francisco, and Portland, Oregon.

The Mothers are hoping to send a present to the American Red Cross at the end of the year.

Charles Fisher wed Rosemary Walling

Charles Eugene Fisher of Davison became the husband of former Miss Rosemary Walling of St. Johns, Saturday, July 9, at the First Congregational Church of St. Johns.

The wedding ceremony was officiated by the Rev. James G. Forrest, pastor of the church.

The bride was the daughter of Dr. and Mrs. J. W. Walling of St. Johns. Her father was the groom’s father.

The ceremony included a wedding breakfast at 3:30 p.m., followed by a reception at the Masonic Temple.

The couple will reside in Davison, where the groom is attending college.

Showboat preparations in final phase

Miss Sheila. A. Sneider of St. Johns, announces the organization of the St. Johns Showboat Company and the completion of its first, almost $20,000 showboat. It will be launched next week.

For the professional singers, all is not quite as simple as it sounds. The showboat, with its accompanying facility for entertainment, is not only a showboat, but also a theater. The showboat will be a replica of a Louisiana showboat of the 19th century.

The showboat is a three-deck vessel with a capacity of 250 passengers. It will be powered by a diesel engine and will be able to travel up to 25 miles per hour. The showboat will be fitted with a full stage and a large screen for movies.

The showboat will be used for both entertainment and educational purposes. It will be open to the public for tours and can be rented for special events.

The showboat project is being funded by a combination of federal and local grants, as well as private donations. The project is expected to create a number of jobs and will provide an economic boost to the local community.

Miss Sneider is currently seeking additional financial support to complete the project. The showboat is expected to be fully operational by next summer.
Past few years, and with the great number of new people using passage is too small, caution should be taken.

**Shepardsville**

_By Lucille Speckner, Correspondent_

Friday evening, June 30, Yeatesville Church School at Shepardsville Church closed after a very successful school year. There was a bountiful harvest of talent in the singing and dramatic presentations at the close of the school year. The program included all aspects of church life and activities, including scriptural history, music, and dramatic readings.

The church was filled to near capacity in honor and respect for the third- and fourth-grade students who performed the playlet, "Mary Ellen Buggs, RN, at Clinton Memorial Hospital explains how the leg was renovated," followed by the presentation of the scriptural history, "The Merlin and the Wizard of Oz," performed by the Junior Church School.

The kindergarten group sang three songs and performed a playlet, "The Frog Prince." This production was rated by Mrs. Roy Davis. Those attending included guests from Portland, Ionia, Saranac, and Westphalia. The audience was excited by the talent and creativity of the performers.

Different ways to use sour cream

Sour cream is one of the dairy products that has advanced in popularity. Its uniformity in ice cream, butter and cheese makes it an essential part of every meal of the day, including snacks. Other products include both sweet and sour, then some evaporated and condensed versions. Other products include sour cream, butter, and cheese. The versatility of sour cream makes it a staple in many households.

The following are some ideas for using sour cream:

- As a spread for brown bread
- With strawberry preserves or chopped walnuts and season with pepper.
- Frost an angel-food cake with sour cream.
- Place a dollop of sour cream on a hot bowl of tomato or pea soup and stir tastily with 2 cups of sour cream for a real taste treat.
- Together 1/2 cup of sour cream and 2 cups of frozen lemon concentrate. You’ll have lower fat than usual, and an amazing aftertaste. As définé by S. Lee. In the ability to learn again.

State Fair premium books are in mail

The Michigan State Fair is exhibiting a recentof agricultural and horticultural pre-

ductions through its, 4-H Club. This year's exhibits, whether poultry, beef, milk, or

commodities, were open the 1967 entries. Entries for the 1967 State Fair are due

on or before July 31st. The Michigan State Fair, located in Eaton County, will be

opened on August 6th.

The best beautified fields of the year are not the ones that are entered and judged. This year's beautified fields are the ones that are seen by you and me as we drive by. The most beautiful young people are the ones who care about their appearance and who care about the beauty of the world around them.

The most beautiful time of the year is when nature is at its peak. This is the time when wildflowers bloom and the air is filled with the sweet scent of blooming trees. It is the time when the world is at its most beautiful.

The most beautiful young people are those who care about their appearance and who care about the beauty of the world around them. They are the ones who make the world a more beautiful place.

Parents vital on child’s health ‘team’

The basic objective of any child health program is to remove the barriers standing between the child and all the advantages and benefits that modern medical science can offer him. This undertaking concerns not only the professional medical personnel, but also the younger, but also the general family situation in which he lives... in all the aspects.

But an obstacle in dealing with this ‘team’ concept, and in planning the team approach to health problems, workers think only of a team of professional people—doctors, nurses, educators, social workers, administrators, and so forth—forgotten about the parents of the child, who are really the most important members of the health team. They are in a position to control what the public health worker is able to accomplish.

The sooner this is recognized the better. Either the child’s parents must be included as full members of the ‘team,’ or the health workers must find that their efforts are very far from those of the child as the family physician. Without their participation, it is not possible that the child health worker or the public health worker can do something about a child’s health problem.

So while follow-up procedures must be improved at all professional levels in order to do more effective follow-up, parents also must be included on the team and be able to follow-up along with the child and his health program. After all—and we must never forget this—the individual child is the ultimate health resource. The community and public health workers should not take this responsibility upon themselves. Parents, doctors, nurses, educators, social workers, administrators, and the rest of the health team must be helped to do their part.

The same thought could be repeated at the opening of school classes each day. This single little admonition could eventually save unfathomable suffering and grief for children, parents and the public.

Says Park Lake "big site that got away"

Editor

In reading your article on Park Lake, located in the northeastern part of the county, one would think it strange that there has never been an amusement park located on the lake. Surely there must be an explanation.

While this is given to the people in mind and begin to teach them to keep their hands off other people and other people’s property.

Back Thru the Years

Interesting View from the Files of the Clinton County News

10 YEARS AGO

From the files of July 12, 1957, St. Johns’ most esteemed physician, Dr. George W. Holbrook, has written us a note while on vacation in the City Park, interested us in a picture of a great war that was never fought. Dr. Holbrook says:

"Battles for the future are perhaps more important and more interesting than battles past. Between the fourth of July and the fourth of December, I enjoy watching the development of the world's political science."

A budget reduced to none, the government of the United States was faced with a critical situation. Twenty of the five points in the analysis of this situation were: Social, political, economic, military, and cultural. The future of the world was in the hands of the United States. Mr. Reagan was the leader of the nation."
