We're ready to vote

Clinton County Clerk Ernest Carter, center, has received primary election ballots this week for the August primary exam. They will be opened here in the county clerk's office. Carter received the ballots Thursday, a few hours after the deadline arrived by mail time. The elections this week were the same as many other primary in the state, but they were the last of the primaries in the state.

Two developments about the complexity of printing ballots.

A total of 8,350 ballots were rotated at the Clinton County News. The ballots were printed by the Clinton County News. The printing process was complicated. The ballots were printed by the Clinton County News. The printing process was complicated.

Another success story

First Consideration Account for Family Security... A Savings Account at Clinton National Bank & Trust

In spite of all you hear and read these days about fancy savings plans, there is NO SUBSTITUTE for the Security, Convenience and Flexibility provided by an old-fashioned PASSBOOK SAVINGS ACCOUNT at Clinton National.

With a Passbook Savings Account you can be assured of funds immediately available when you want them. Deposits of each of our customers are protected up to $15,000 by the Federal Deposit Insurance Corporation.

The earnings on Savings Accounts at Clinton National are pegged at the Federal maximum of 4% with interest computed and compounded quarterly.

A Passbook Savings Account is the recommended first consideration for family security... but for the fortunate few who have possible emergency needs adequately covered by passbook savings, there are available Clinton National Certificate of Deposits paying higher interest rates.

Ask any of our officers or savings tellers about these Special Savings Certificates... Protect Your Future with a Clinton National Savings Account

Who keeps the roof on...
*(when everyone is raising it?)*

With all the theological ferment these days there is more unrest in our churches. Thus we have leisure in many years. Issues divide the congregation and sometimes the whole debate seems endless. It would be easier to stay home is bed on Sunday mornings.

But through it all, the heart of the Lord, because regular churchgoers that men are insensitive, that they are subject to current temptations and fashions. They also know that God is omnipresent, is omnipotent. His ears are centered. His creative spirit continually sanctifies the earth, and His love is always sincere to the plight of man.

It is not easy to be a Christian; it is wrong. Houses of God stand because there are those who are willing to be obstacles of God’s care—their responsibility for church order, teaching, social justice, and—oh yes—that roof.

Economist makes projections on dairy farming in Michigan

The following article was written by C. R. Hoglund, Michigan Agricultural Economist:

By C. R. HOGLUND

North Agricultural Economist

Today: Michigan dairy farming has been no exception. The number of dairy cows was reduced by 127,000 and the number of dairymen by 10,000 from 1965 to June, 1966, when we lost 18,000 dairy farmers with 40,000 cows or an average of 37 per farm. Milkproduction per cow will average about 1,800 pounds this year, but it will still be low because of the weather and economic problems.

Western Meadow hay, one of the principal ingredients in dairy feeding, has been effective this year. The average dairyman indicates that his hay is better than hay available five years ago.

Wheat payment average is $345 for each farm

Michigan viewed farmers will begin getting income-boosting wheat payments starting July 15. Farmers signing up since April 15 will receive 74% of the $345 per each farm payment for the 1967 crop. More than 65,000 Michigan farmers were signed up to participate in the 1968 wheat payments program, and who planted wheat during the 1966-67 season. These payments will encourage farmers to get into wheat farming, a trend that has been increasing in recent years.

All surveyors were asked a few times in the past on this program, wheat farmers will get a payment ranging from their 1966 crop of wheat. On a national scale, the wheat program and who planted wheat will average out to $345 per each farm signed up.

Perish index up slightly

The index of prices paid by farmers for livestock, milk, and feed rose slightly in the latest statistics, according to the Michigan Crop Reporting Service. The index of prices paid by farmers for commodities, including interest, services, and labor, also rose slightly. These payments will average out to $345 per each farm signed up.

ASC PROGRAM

W. V. SMITH

Crop Manager

The ASC program is intended to help farmers who planted wheat on all your allotment, earn diversion payments for each farm signed up. On the other hand, the wheat program has been evened out to a degree and plant wheat on all your allotted acres.

A friend in need

A phone rang from out of the past, surprisingly the voice I never heard. It seemed like the voice of the one I never thought would call. 

"Did you ever have a friend who was always there for you, no matter what happened?"

I nodded, remembering the days when we were inseparable. "He was always there to listen, no matter how I felt."

"He was like a rock, always dependable."

I smiled, remembering the times when we would spend hours talking about anything and everything. "He was my best friend, the one I could count on."

"And now he's gone, leaving a空 hole in my life."

I sighed, feeling the weight of my loss. "I wish I could talk to him one more time."

"But life is short, and we never know when it might be the last time."

I nodded, understanding the gravity of our current situation. "But I know that he's always watching over me, guiding me through life."

"And I hope that someday, we can meet again."

I looked up, seeing the sky above me. "Until then, I'll hold onto the memories we shared."

"And I'll always remember the friend who was there for me, no matter what."

I smiled, feeling the warmth of my friend's presence. "I'll miss him more than words can say."
We wish to express our Sincere Appreciation to the people of St. Johns and Clinton County for assuring us a successful 4th of July Celebration.
