The ‘bugs’ are here!\n\nThe bugs are here! And their arrival could cause more chaos to the people for a while.\n\nIn St. Johns, MI, the city discovered that the bugs are infesting the streets and causing problems for the residents. According to the city officials, the bugs have been reported in the areas of the city, and they are working on finding a solution to the problem.\n\nMeanwhile, in another part of St. Johns, MI, the city discovered that the bugs are infesting the streets and causing problems for the residents. According to the city officials, the bugs have been reported in the areas of the city, and they are working on finding a solution to the problem.\n\n\nBig SICKLES STREETF project starts after city school agreement.\n\nWork will begin next week on a $55,200 project of adding a new letter to the city school's name. The project will be awarded to a local contractor to be completed by the end of the month.\n\nThe school board approved the project at their regular meeting last week, and the contractor will begin work immediately. The project will involve the installation of a new letter to the city school's name and the addition of a new letter to the city school's name. The project will be completed within the next two weeks, and the city school will be open for business as usual.\n\n\nJUNK CARS: going, going...\n\nSchool, too, to borrow— up to $350,000\n\nThe St. Johns School Board approved the bonding of local monies for the next year, making the school district one of the few in the county to do so.\n\nThe Board of Education approved the bonding of local monies for the next year, making the school district one of the few in the county to do so. The Board of Education approved the bonding of local monies for the next year, making the school district one of the few in the county to do so.
Junk cars...  

"I'm trying to get rid of junk cars, rubbish, thistles and weeds?" City Clerk Don Clark asked. "Why should we have to go around and knock on doors and embarrass people in the administrators of the city laws but it's costly too."

The recent formation of a beautification committee has the same sort of conditions to attend with, and not only is it no fun for the troubler and rudeness. Just with Clinton County more class. classified ads—you will, too! his mother and his wife.

"I knew one gentleman who had truckloads and truckloads of stuff," Coffey said the cleanup cases are all necessary.

Sometimes the mere threat of a fine has sometimes the guy got through with the guy, and if I feel satisfied then I report back to him. He didn't want to tell me this.

"WHEN WE GOT THROUGH WITH the guy, I'm go get and took the phone, and when I go get the stuff through, and I respect that since I respect the law."

"THAT IS THE TIME but in having all this stuff taken care of. So I went out and stopped, because I was not injured, nor was the driver."

"I was not injured, nor was the driver."
Fowler soldier tells of rescue

‘The bullet didn’t really hurt at first’

A seriously wounded 9th Platoon L. W. Rademacher, 19, of Fowler was dramatically rescued by a helicopter gunship during a sixth day of intense fighting near the city of Dau to Vietnam June 16. He described the experience in a letter home.

“I still remember everything that happened on this 12th of June just as if it was right there again. I don’t think of it every day, I remember something that happened to me that day, the day before, or the day after.

The medic and the squad leader pulled me out of there and finally the water was all red and everything felt. I will never forget that as long as I live.

The bullet didn’t really hurt at first, in my hand, at the time, I couldn’t even feel it. It felt like a hard rubber ball. My squad mate pulled me by the arm and said there is something in my arm. I told him that it hurt and I needed help. He put me on that and flew me to Saigon right away.

It was just an X-ray, there was nothing wrong with my arm. I just had to lay there. No one could help me because the VC’s were shooting at me again and again. I decided to go, I was the first chance Just for me. I was the first to go, I was the first, I was the first to go.

I would have killed me if it had gone just one inch more. I was the first to go, I was the first, I was the first to go. I was the first to go, I was the first to go.

I just kept yelling for help and watching me. There was nothing I could do, there was no one who could help me. I was told to keep praying that they would send me back.

I know that I will never forget that as long as I live.

Mrs Allison retires, feted

Mrs. Lureta Allison was honored Saturday night at a party to Dr. Q. Whitehouse, town of Michigan. The honoress was assisted by Mrs. Allison and Mrs. Allison. Mrs. Allison received a gift from her friends and guests, marking her 84th birthday as a resident of Eaton County.

ASHLEY board retains officers

ASHLEY - The Ashley School Board has reelected Board members for at least another year. Lloyd Young has been reelected president, and Charles Dool head of the board. Positions of the attorney and secretary are vacant. The new and old board members are continuing.

Morning after night before

Four youth caughed in a vehicle in the State Township were unharmed and gained safety because of the quick thinking of a young man who was able to drive the vehicle to safety.

The driver of the vehicle, 15, of the Township, was driving a lift truck when he noticed that the vehicle was in the middle of the street and was unable to control the vehicle. He immediately turned the vehicle and was able to gain safety.

A young man, 16, of the Township, was driving a lift truck when he noticed that the vehicle was in the middle of the street and was unable to control the vehicle. He immediately turned the vehicle and was able to gain safety.

Vehicles were stopped and three were hospitalized due to injuries sustained in the accident. The accident occurred at the intersection of US-31 and 10 Mile Road.

Demonstration of wig set for next week

Mrs. Alice Clark, an authority on wigs, will be in St. Johns Wednesday, Thursday and Friday to demonstrate wig arrangements at the St. Johns College and the First Congregational Church. Those with wigs who wish to have the demonstration arranged must call Mrs. Clark at 212 E. Maple St. She will demonstrated how to wear a wig and answer questions. Please call Mrs. Clark no later than 4 p.m.

Shower for Miss Worrall

Linda Worrall of St. Johns was granted a shower by her friends at 4:30 p.m. Monday evening at the home of Mrs. Donald Worrall. She is the daughter of Mr. and Mrs. Worrall of St. Johns and plans to head to WCU Wednesday to begin her education. The bridal party consisted of Kelly Gonyea, Wendy Slocum, Sondra Vessels and Miss Worrall. The bridal party was accompanied by music from the Sisters of Mercy. Miss Gonyea, who is a former beauty queen, sang a solo at the ceremony. The highighting event of the evening was the presentation of gifts to Miss Worrall, including a beautiful diamond ring. The shower was planned by Mrs. Worrall, who is a former beauty queen, to celebrate her upcoming wedding. The event was filled with joy and love as Miss Worrall was surrounded by her loved ones and showered with gifts and well wishes for her future.

Mrs. Salisbury to head WCU

Mrs. Robert Young was named Wednesday for the position of head of the St. Johns campus of WCU. The announcement was made by the college's president, Mrs. William Stellman, who stated that Mrs. Salisbury had been with the college for five years and had been a member of the faculty for two years. Mrs. Salisbury will be responsible for the academic and administrative operations of the college.

D. R. Springers wed Saturday

FRANK Williams of Washington, D.C., married Miss Gertrude Young of St. Johns Saturday. The wedding was performed by Rev. Gerald Churchill in the First Congregational Church of St. Johns.

The bride is the daughter of Mr. and Mrs. D. W. Young of St. Johns. The groom is the son of Mr. and Mrs. Frank Williams of Washington, D.C. The couple will have a honeymoon in Niagara Falls.

Announcements

Mr. and Mrs. Richard Kimble of 313 W. Pearl Street, St. Johns announce the birth of their son, Richard Kimble, on July 1. The baby, weighing 9 pounds, was born to Mr. and Mrs. Kimble at St. Lawrence Hospital. The baby's mother is the former Wilma Harr.

Vern Wood, of the Extension office in St. Johns, is a candidate for the coming year for the leadership of the Michigan State University Extension in Clinton County. He will be attending the State University Extension Conference in Lansing from 11 a.m. to 9 p.m. Monday and from 9 a.m. to 9 p.m. Tuesday of the Mary Smith Union of WCTU. Vice President Mrs. William Stewart had always expressed the wish to head WCU, but her efforts were not successful.

Need drivers for 4-H trip

There will be 4-H club members from around the county who will leave St. Johns at 9 a.m. Saturday to attend the state 4-H convention in Battle Creek. They will return to St. Johns at 9 a.m. Sunday. Those interested in participating should contact their 4-H club leader.

SHADES OF ARIZONA!

Mr and Mrs Richard DePaul of 180 S. Emmans St., St. Johns, have a piece of Arizona next to their house. In the back yard, DePaul grows a number of all kinds which have bloomed out on its prickly pear cactus plant this spring and which have been blooming for over a week. The cactus has been flowering for five years, but this is the first year it bloomed except for two small, indeterminate blooms last summer.

The House of Representatives

Last week the Legislature gave final approval to the budget which will have such great effects on schools during the next fiscal year. This bill was passed by a vote of 65 to 11 with the Democrats voting aye and the Republicans no.

The total amount of the budget was $1.2 billion, the newly formed House of Representatives reached agreement on a $1.3 billion budget last week.

The Senate had attached a 131.4 million for mental health program to the draft of the budget, which would have sent to final adjournment the first week of August.

THE PEOPLE here are very friendly and very interested in their communities. My family speaks English and Norwegian, and I can put simple sentences together without too much effort. I would like to become a construction worker in the next three years, and become a farmer in the next three years. I have seen some of the camps that are in very nice

Through customs, this marked the beginning of the official start of the trip. The party was greeted by many Norwegian who were happy to see the American students. The trip continued through the country, and we arrived in Copenhagen, a city of 1.5 million people. The city is the largest in Denmark, and it has a very nice harbor. It is also the center of the Danish automotive industry. In the city, we stayed at a hotel called the "Scandic Hotel," which is located near the harbor. The hotel has a very nice restaurant and a bar.

We drove to Odense and took a boat trip on a bay in the sea. We saw many houses and boats, and it was a very nice day. We went to the town of Odense, which is a very old town. It is also the birthplace of Hans Christian Andersen, who was a famous writer. We visited the Andersen Museum, which is located in the town.

The next day we went to Jutland, which is the northern part of Denmark. We saw many farms, and it was a very nice day. We stayed in a hotel called the "Jutland Hotel," which is located near the harbor. The hotel has a very nice restaurant and a bar.

The next day we went to the town of Aarhus, which is a very old town. It is also the birthplace of Soren Kierkegaard, who was a famous writer. We visited the Kierkegaard Museum, which is located in the town.

After that day, we drove north to the town of Copenhagen, which is the capital of Denmark. We saw many houses and boats, and it was a very nice day. We stayed in a hotel called the "Copenhagen Hotel," which is located near the harbor. The hotel has a very nice restaurant and a bar.

During my stay, I have seen some of the camps that are in very nice.

Sewer grant hopes fade

Arnold Pohl to head K of C

The village council met at 7:30 Thursday evening with a federal grant for a proposed sewer system in the village. The council heard from S. W. Petrie, attorney for the Plumbing Contractors Association, and G. E. Smith, president. Smith said that a member of other contractors are not able to provide work on the project.

When the project was completed, several members of the council were present, including the chairman and members of the board. The council went with a design for the project, which would cost about $100,000. Smith said that if the council was able to approve the project, it would be submitted to the council for approval.

Leggi Ponti was invited to speak to the council. He promised to provide estimates for the project.

If it weren't for this grant, Mr. Pohl said, "we would correct the grammar and spelling."
How to figure new state income tax

The driver of this sandaled truck was hospitalized briefly as the result of injuries he sustained when he veered off the truck into a tree on US-27 in St. Johns. James F. Gallagher, 26, of Palo, told police he pulled the truck to the left to avoid a auto with a child in it which rolled off a driveway. The boy was John Scott Furry, 5, son of Mr. and Mrs. John Furry of 255 S. Whitmore, whom he had climbed into the car and released the brake. He wasn’t hurt, though, although the truck hit the rear of the car before breaking down a tree, pulled the truck to the left to avoid an auto with a child in it which

Michigan’s new $100-a-year license fee for buses, with the additional sales credits and personal exemptions, deplete that allowed on federal incomes only $75. The highly complicated it is extremely expensive and will be even harder to administer and understand. The exemptions are complex and you cannot compute the tax anything like that.

The state allows a $1,000 exemption for each household, a $200 allowed under federal law, a $100 for dependent losses, $100 for dependents who are not living in the household.

The TAXPAYER would compute his total income and subtract his exemptions to get a taxable income which, multiplied by the percentage, would be the tax.

From the tax table, the taxpayer would then add the property tax credit, and his net state tax would be the tax he would deduct $32.50 plus $6,000 if subtracting the personal exemption of $4,800. There is no personal exemption. A blind person over 64 or anyone over 64 will also get a $400 tax credit if he is paying a city property tax.

The percentage in effect for the property tax is 40 per cent. It is computed on the following formula (renters should figure 20 percent):

Income of $7,500 paying $300 or non-resident tax.

Income of $6,000 in basic exemptions but it does not mean Michigan is the 36th state to enact a personal income tax. Although voters will have a chance to decide between flat-rate and graduated taxes in the November general election. Part of the new state tax law will go into effect immediately and give them immediate effect. This is based on the same formula as the property tax credit. The legislature, after passing the tax bill, would be given fifteen days to file a revenue bill for tax credit.

THE LEGISLATION, after passing the tax bill, would be given fifteen days to file a revenue bill for tax credit. THE TAXPAYER would multiply his taxable income which, multiplied by the percentage, would be the tax. Twenty per cent of a property tax of $1,000 comes to $200, the same tax be the property tax rate. The deduction (or credit) for this year would be for state purposes.

Twenty per cent of his state tax would be $32.50. The state income tax (plus the state personal exemption) would bring his net state tax to $70.20 plus 90.00 or $80.20. He has to file a state tax return now, though, to get this.

The property tax is computed on the following formula:

They will return home after their wedding in Michigan in the 28th state to enact a personal income tax.

Eureka

Mrs. Gerald Wagner

Mrs. and Mrs. Max Taylor of Eureka and Mrs. and Mrs. E. E. Edsall of Owosso drove to Detroit for the wedding of their daughter, Mrs. Gerald Wagner to Mr. and Mrs. Taylor of Owosso.

Music was given in the church and the couple were married at the First Parish Church by Rev. Arthur W. Smith, pastor of the church.

The wedding was followed by a dinner at the Detroit Country Club. The couple will make their home in Owosso.

The couple are the children of Mrs. and Mrs. Charles E. Taylor and Mr. and Mrs. Edsall. The wedding was followed by a dinner at the Detroit Country Club.

How to avoid two plants that can poison Ivy and poison oak. You can treat ordinary cuts with some welcome relief from the pain of a snake-bite. Snake-bite is a case of food-borne poisoning if not treated.

Several remedial drugs are available; however, such treatment is only effective if begun as soon as possible, it may be, even if the snake has been removed. The sooner treatment is started, the better your chances of recovery.

If you are going to avoid them.

What type of Checking Account best meets your needs?

Clinton National provides a choice of personal checking account services to meet the specific needs of the many customers we serve. Feel free to come in and discuss your individual situation with us. We’ll be glad to advise you on the type of checking account which will give you the service you want at the lowest possible cost. For instance—

1. **If You Maintain a Minimum $300 Balance, Checking Service is FREE**

   If you can conveniently keep a checking account balance that does not fall below $300 each month, this is the most advantageous type of account for you. If the balance falls below $300 minimum, checks paid against the account for that month are charged at 10¢ each.

2. **A ThriftyCheck Account Requires No Minimum Balance**

   A book of 20 checks, printed with your name, costs only $1.00. There are no additional charges for checking services. A statement of your account is sent to you each three months.

3. **FREE Checking Service for Persons Over 65 Years of Age**

   Clinton National makes no checking service charge on accounts for persons over 65. Just notify us that you’re 65 or over and we’ll extend this FREE service to you.
Mrs. Pease

Handmade rug ready for use

Mr. and Mrs. Raymond Pease, former St. Johns residents, who are presently living in Cincinnati, recently visited their grandchildren, Mrs. John P. Lower, of St. Johns, but recently completed a room-sized rag rug for them. Mrs. Raymond Pease, the owner of the post-carded rug, said she is a member of the Clipper Country Wives magazine and from Pease's View of Cincinnati.

The rug was 8 feet by 10 feet with rag rugs over 4 pounds and has just about every color. A rag rug is a lot of work to complete it started about a week ago.

Miss Harriet, home economics teacher at Rodney S. Wilson High School in 1941, instructs four pupils in the art of good home cooking. They are Vern Snyder, Martin Vitke Jr., Carl Matter, and Otto Thurston.

Plentiful foods burden budgets less

By HILDEGARD B. SNELL

Miss Harriet, home economics teacher, has found that many schools have been cooking during the past fall months, and none had the experience of teaching during the past fall months. She was asked if her husband, Otto, ever still liked the rugs in the kitchen. Her husband was one of many women who completed a course in home economics, Mrs. Pease was a participant in the program to instruct home making in the kitchen.

Plentiful foods burden budgets less

While the boys were in the kitchen cooking all sorts of dishes, the girls were busy in the shop learning those little things that would later make them handy around the house. Here, shop teacher Russell Steffens gives some pointers.

Exciting Wig Styles

Made of 100% Human Hair

Excitely Created for Sears by a Famous Hair Stylist.

Here's your chance to see yourself as an exciting blonde, ravishing red head or a beautiful brunette.

Come in and meet our well trained consultant and let her give you a free, personalized hair styling consultation. She will advise you what hair style and color is best for you. Any wig you select will be custom-fitted for perfect fit and personal comfort.

**Newspaper Bingo**

This week win as much as $5000

In BINGO BUCKS

"Bingo Bucks" Spend Like Cash at Participating Merchants Below

It's fun!

Look for the Bugs.

They look like this only smaller with numbers.

Bingo Numbers in this issue!

**Pick up cards now at participating firms** — The more cards you play the better your chances to win.

**HERE'S HOW IT WORKS:**

Pick up Free Bingo Cards: Each week (adults only), please pick up your Free Bingo cards from any of the sponsoring merchants listed below. Before you leave their store, they may ask you to fill in a form on each store visit. However, you may make as many visits as you wish each day of the week. The more cards you play the better are your chances of winning.

How to Play: To play, check the ad at each week's issue of the Clinton County News. The ads at the sponsoring merchants' store will list the merchants' names, store addresses and phone numbers. Each store may display the Bugs only shown. Occasionally, the Bugs may be hand-delivered to the newspaper. If you can see the Bugs listed, you may hand-deliver your Nixon to the newspaper. If your Nixon is correct, you will find that the contestant will have won. If there are more than one winner, all winners will share the prize.

All numbers for each week's game will appear in each week's issue. A new set of Bingo numbers will be available at the participating merchants each week. The color of the cards for each week's game are drawn at random from a revolving Bingo number dispensing cage at the office of this newspaper.

Check each ad in the Clinton County News for details of each week's game. The ads at the sponsoring merchants' store will list the merchants' names, store addresses and phone numbers. Each store may display the Bugs only shown. Occasionally, the Bugs may be hand-delivered to the newspaper. If you can see the Bugs listed, you may hand-deliver your Nixon to the newspaper. If your Nixon is correct, you will find that the contestant will have won. If there are more than one winner, all winners will share the prize.

Bingo Numbers in this issue!

**Rules of the Game**

No obligation or purchase necessary! There is no obligation or purchase necessary. A copy of the paper, in exchange for playing the game, is also available at any public libraries. You may play as many cards as you wish—they are free. Get additional cards from the sponsoring merchants each week. To play, check the ad at each week's issue of the Clinton County News, write your name, address, phone number, and the name of the store where you got your winning card on the back of your card and mail to the office of this newspaper. If your Nixon is correct, you will find that the contestant will have won. The winning card is published each week in the sponsoring merchants' ads and possibly elsewhere in the paper. Employees of this newspaper and their families are not eligible to win any of the prizes.

Differing colored cards each week: The color of the card changes each week. The more cards you play, the better your chances to win.

This is how a winning card looks.

**First Game Blue Cards**

Starts today thru Mon.

**St. Johns**

PARTNERS IN GROWTH...
During 1968 Michigan farmers harvested record sugarcane crops. You can help make the next year's crop even bigger by supporting the sugarbeet industry. Michigan is the home of the nation's sugarbeet industry. The sugarbeet crop is an important part of Michigan's agricultural economy. It is a major source of income for farmers and their families. Your support of the sugarbeet industry helps to ensure a bright future for Michigan farmers and their families. Each year, the sugarbeet crop provides jobs and income for thousands of Michigan families. You can help to make this year's crop even bigger by supporting the sugarbeet industry. Thursday was moving day for the Frank Ver Planck family. Boy, oh boy, what huge hanger. They took everything, including the proverbial kitchen sink. Actually, the house will be the same only the location and scenery will change. Ver Planck had his house moved from a location a half-mile north of Clark Road on US-27 to a site a half-mile north of Price Road on US-27.

**Ovid-Elsie settles down to school routine**

**Seek 5 new teachers**

OVID-ELSIE—with a $2.8 million gliding of new buildings, the three-year-old school district in Elsie, ready to undertake its first full academic year of "togetherness."

The building program is one of all old buildings, and the high school students will all be attending their new high school. All the new classroom buildings will be added to a splendid panorama of school buildings in Ovid, Elsie and Ionia.

New teachers hired this year include Terri Hubert of Highland Heights Elementary School, Elsie; and Elizabeth Ruckert, Ionia.
Ovid OKs funds for planning

OVID—The village council ap­proved $15,000 for a swimming pool project that will be submitted to the Village Planning Commission in the near future. The $15,000 is considered this year. The pool director, who has taught at Corunna and Livonia for two years each, has a bachelor's degree from MSU.

Elise to seek bids for water treating planning

ELSIE—Elise Village Manager Robert S. Thompson presented a proposal to the Village Planning Commission for the replacement of the village water system. The proposal was approved by the village council members, who voted unanimously for the recommendation of the process.

The new system would include a new reservoir, the replacement facility, and a new water tower located high above the water and natural light from windows opening into an enclosed courtyard. The pool director, who has taught at Corunna and Livonia for two years each, has a bachelor's degree from Michigan State University and a master's degree from Lawrence Woodworth.

A value of $120 per bushel was justified by the Department of Agriculture for the 1967-crop wheat marketing certificates. The decision was made to eliminate the present program of the 600-stone wheat which some farmers believe it is expected that the USDA will announce farm prices and changes to the 1967 wheat crop. Over 14 per cent of the 1967 wheat crop is expected to be represented on the participating farms.

**THE CERTIFICATE** is based on the difference between July 1, 1967, wheat parity price and the July 1, 1967, national average loan rate of $2.61 per bushel and the 1967-per cent of the national allotment the 1967 wheat crop. Over 84 per cent of the 1967 program will be slight certificates. Certificate payments to participants in the 1967 program can determine the total return per bushel.

**Nitrogen Vital to Crop Growth**

Hormones in the soil are available for high grade yields, for increased reproductive growth, and in relation with increasing yield potential. Hormones in the soil are dangerous to be used from the soil.

Green Meadow Farm on management tour

State's largest dairy unit 1 of 4 stops in Clinton

ELIZABETH CITY, North Carolina — The arrangements for the program at Elizabeth City’s largest dairy farm will be featured noon-day on Thursday, July 20, 1967.

Vernon B. Green has been the featured operator of Merle Green Meadow Farm for the past five years.

The arrangements for the program include the operation of Merle Green Meadow Farm. An equal to the Colorado State Fair and Corn Belt Dairy Association will be featured on television and radio stations.

Green Meadow Farm is one of the largest dairy farms in the United States. Merle Green, Mr. and Mrs. Donald Green and their son, Mr. and Mrs. Jesse Perkins, will be featured on television and radio stations.

The farm is located in Clinton County, Michigan, and is owned by Merle, Duane, and Velmar Green. Merle has four sons of his own, Velmar, Duane, and Velmar Green.

The farm has a capacity to produce 2,000 milkings annually, and milks five hours and spends two milking stalls and milking goes on around the clock.

The farm is a DHIA testing and regional fair where they have won top honors. Cattle were selected the family to represent the Michigan State Fair grand championship.

The Manhattan Rockets from Grangeville, Idaho, will be featured in the entertainment.

ECONOMY IS NOT—REPEAT, NOT!—A BAD WORD

All over the nation, states are struggling with the problem of bringing their budgets within their income. The alternative is more debt unless higher taxes are to be levied. But every state is economically oppressing increasing taxes. During boom years, tax receipts have been high and have given the state the illusion of a surplus. Now, as the boom has been "cooled," it becomes a case of debt, economy or higher taxes.

The federal government is in the same position, but according to official statement, there will be little or no easing of domestic social expenditures in the face of war costs. So, get ready for more debt, higher taxes or both, and more inflation.

It has been said about what will happen when the tax consumers outnumber the tax earners. With economy out the window one wonders if the countries we aided will have a foreign aid program for us.

IT'S TIME WE TAUGHT SOME UNITED STATESMEN TO KIDS

According to a newspaper report from Portland, Ore., a U.S. Communist party organizer, in speaking to a group of college students, said: "Americans eventually will adopt communism because it is the only way to save the educational system. Communism will not fail. It has been tried and proven in the United States."

He said that every college that is not under the control of the United Statesism in our educational system is non-existent, and then supplemented that income by a successful merchant business, but the government approved of the State Board of Education, and then added: "The bugs are alternately called 'Etaoin and Shrdlu' by many people, but like anything you get used to, they'll sneak away at times when you least expect them."

The arrival of newspapers began to beat the child in the teeth of the nation. It was as if every student had to read newspapers and was being taught about them in every class. As a result, the bugs have been driven, but like anything else, they've been driven, but "Etaoin and Shrdlu" are still a menace. The bugs are alternately called 'Etaoin and Shrdlu' by many people, but like anything you get used to, they'll sneak away at times when you least expect them.

LettERS FROM THE EDITOR

SPEAKING OF people drop­ ing by the office on the same night, I had a pleasant surprise. The former newspaper editor, Johnny Loux, paid a visit to the office. He said that the newspaper had been running for over a year, and that he still wanted to see the newspaper. Well, he said, he had some suggestions to make. He said that the newspaper had been running for over a year, and that he still wanted to see the newspaper. He said that the newspaper had been running for over a year, and that he still wanted to see the newspaper.

Johnny Loux was a great friend of the newspaper and was always ready to give us a hand. He said that he was now working for a newspaper in a neighboring state, and that he was always ready to give us a hand. He said that he was now working for a newspaper in a neighboring state, and that he was always ready to give us a hand. He said that he was now working for a newspaper in a neighboring state, and that he was always ready to give us a hand.

Since our great grand-dad's day,

ST. JOHNS SEMI-PRO CHAMPS IN 1915

Former baseball star Rex Sirrine of St. Johns contributed this picture of the St. Johns semi-pro baseball team, which won the semi-final championship in 1915.

The motorist who drives a car is usually the one who is at risk in a crash.
Promotions, profits show tourism big business here

Over a billion dollars was spent by tourists in Michigan during 1967. Using tourism as the basis for the development of new industries, the state has set an all-time record for the amount of tourism revenue generated. Michigan's tourism industry has the potential to double its revenue over the next five years. The state's tourism industry has been on the rise for the past three years, and it is expected to continue growing into the future.

In the past, the state has relied on tourism to support its economy, but now it is starting to look to other industries as well. The state's tourism industry is expected to reach a level of $2 billion by 2020, which would make it one of the largest in the country.

In Michigan, the tourism industry is expected to contribute $2 billion to the state's economy by 2020, which would make it one of the largest in the country. The state's tourism industry is expected to reach a level of $2 billion by 2020, which would make it one of the largest in the country.
