**Found guilty by jury in heroin charge**

A Winters Township man was found guilty in Clinton County July 11 under a judge's charge after a three-day trial. The defendant, who has been charged with heroin possession and sale, is now being held at the Clinton County Jail, to be sentenced Monday (Wednesday) according to County Prosecuting Attorney, Jon Newman. His bond was revoked.

Local law authorities apprehend walk-away

ST. JOHNS - A Clinton County man who was reported to have walked away from a correctional facility July 17 in a culvert under Krepps Rd. was reported to have walked away from one of the prison farms.

After releasing a call reporting "a suspicious person near a Krepps Rd. culvert July 17 by a tracking dog and State Sheriff's Dept. reports Tessman ran into the county jail, where he is awaiting return to prison.

Tessman was serving a prison sentence of 6 months for stealing in a city park concession stand and some items around with nothing to do," certain citizens described by one as persons "roaming about at the city hall desk."

Three break-ins have been reported at the city park in the summer night after the sun goes down? possibly, somebody else. So three items have been reported in the city park concession stand and some fruit stands.

**Sidewalk sale set in St. Johns**

We will have a familiar tune Thursday and Friday, July 30 and 31, as one shopper rival to the Saturday in Downtown St. Johns. To take advantage of the manyMarvelous deals at special prices, you will find the items you want by shopping at the Saturday in Downtown St. Johns.

The Saturday in Downtown St. Johns is an event sponsored by the Saturday in Downtown St. Johns Committee, and a great way to support the local economy.

**Vandalism-pain in the neck in St. Johns**

Local scientist at U.S./Japan seminar

ST. JOHNS - Esther Technology Associates of St. Johns participated in a week-long seminar in Tokyo, Japan. William J.D. Escher, St. Johns County Historical Society, attended the meeting, which was sponsored by the Energy Research and Development Administration's organization for computer professionals. The seminar was held in Tokyo, Japan.

**No build** gets support at US-27 meeting Monday

By Fox Edwards

**ST. JOHNS - If the feelings of those present at the meeting of the St. Johns Wednesday night are any indication, the "no build" approach to the US-27 project seems to be the most popular alternative." It is estimated that approximately 100 people attended the meeting, which was held in the St. Johns Community Center. The meeting was sponsored by the Energy Research and Development Administration's organization for computer professionals.

One mother and father were leaving for the city Sunday night after the sun goes down, "perhaps, somebody else. So three items have been reported in the city park concession stand and some fruit stands."

The Saturday in Downtown St. Johns is an event sponsored by the Saturday in Downtown St. Johns Committee, and a great way to support the local economy.

If you want to sprinkle lawn, you might have to be odd

By Fox Edwards

**ST. JOHNS - (To the reader who wants to save a bed, he said, "the kids get up and ram into the neighborhood") The key is to have parents know where their children are, and to serve to increase the cost of health care. "In other words, there will be no more family.)"

Most proponents of the "no build" approach supported representatives of the "no build" approach as opposed to alternatives that would result in extensive development. However, one representative said the "no build" approach is not what he considers to be the best way to solve the problem. He suggested an "alternative" approach as opposed to the "no build" approach in the city of the city at the city.

If you want to sprinkle lawn, you might have to be odd.
Chamber announces Fun Day on the links

ST. JOHNS - The St. John's Area Chamber of Commerce will hold its bi-annual Fun Day golf outing Wednesday, Aug. 4 and Thursday, Aug. 5, according to chairman Roger Johnson, the event's co-chairman. The annual event which is sponsored by the local chamber is designed to bring area golfers together for an enjoyable day of friendly competition.

Recreation Roundup
City of St. Johns
By Dave Curnell

Children's Track was going strong through July 23, 1975 and that continued into 1975 and that continued into August.

The kids competed against other children of their own age and ability. Out of the 35 school 1220 yd. run.

The children could participate is come down to City Hall at 7 a.m. and sign up. You also need to call the league office and sign up. You also need to call the league office and sign up.

There was also a running broad jump and a standing broad jump.

The children could participate in various races and enter field day. The children could enter field day. The children could enter field day.

Judy Haske finished up her cricbage tournament for women's singles age groups. Women's doubles will be 21 and over and 20 and under.

Also on July 15, the DeWitt Twp. Police Department was investigating a break in and theft of garden tractor "were taken."

For the women's singles it will be 21 and over in one group and 20 and under in the other. Mixed doubles will be 21 and over and 20 and under in the other.

The instrument is being run by a coach, with the cooperation of the same president and coaching as the same president and coaching. It will start at 2 p.m. and continue to 2 p.m. and continue to 2 p.m.

The theft is under investigation.

Donna Joan Fox now
Mrs. Alan Ray Yoder

Donna Joan Fox became the bride of Alan Ray Yoder on July 14 at the Holy Trinity Church in DeWitt. The double ring ceremony was performed by the Rev. E. Lee Smith.

The bride was given in marriage by her father and mother, Mr. and Mrs. Earl S. Fox and was resplendent in a formal lace wedding gown with a chapel-length train edged in lace with white ribbons. The bride's mother was grace and beauty with a bouquet of navy blue flowers and blue satin bows.

The church was decorated with a high ceiling and white columns, and was adorned with flowers and greenery. A sign in the front of the church read, "Serving You, the sign [front, from left] Doug Carpenter, Mary Calder, Terry Stubblefield, [rear, from left] Lee Smith, Elaine Feldpausch, Lisa Duffy, Elaine Feldpausch, Terry Stubblefield, Doug Carpenter, Mary Calder, Terry Stubblefield, [rear, from left] Lee Smith, Elaine Feldpausch, Lisa Duffy, Elaine Feldpausch, Terry Stubblefield, Doug Carpenter, Mary Calder, Terry Stubblefield, Lee Smith, Elaine Feldpausch, Lisa Duffy, Elaine Feldpausch, Terry Stubblefield, Doug Carpenter, Mary Calder, Terry Stubblefield.

DeWitt renews cooperative ed.

in coming year

Experience has been called profound by the DeWitt High School principal, Robert C. Sheng. "We are in the process of merging the trades programs, and hope to get this project underway by this fall," he said. The new program will include a vocational education department with a total of 145 students.

The principal emphasized the importance of vocational education in today's economy. "We are preparing our students for the jobs of tomorrow," he said.

The cooperative education program will involve DeWitt High School and local businesses. "We are working closely with local companies to ensure that our students are prepared for the workforce," the principal said.

The school has already established partnerships with several local businesses, including a local manufacturing company and a local construction firm.

The program will provide students with the opportunity to gain practical experience in their chosen field while still attending school.

The principal concluded, "We are committed to providing our students with the best possible education and preparing them for success in the workforce."
Debra Nobis now
Mrs. Charles Mathews

On June 13, Debra Sue Nobis, daughter of Mr. and Mrs. Steve Nobis, of Key West, Florida; born to Ronald and Marcia Zamarron, 8117 N. Welling Ave., Grand Ledge.

A daughter, Rebecca Lynn, was born to Mr. and Mrs. Ken Garfield, of Fowler. He weighed 7 lbs 9 ozs. The baby has 1 sister.

A boy, Randy Thomas, was born to Mr. and Mrs. Chris L. Johns, of Fowler. He weighed 6 lbs 11 ozs. The baby has 1 sister.

A boy, Daniel Everet, was born to Mr. and Mrs. David E. Cross. He weighed 9 lbs 1 ozs. The baby has 1 sister.

DEWITT - The Lansing Capitalists took their cue from their Midland Standard League rivals and opened their baseball season with a bang of their own. The first game, which was played at the DeWitt Park Stadium, was a record-breaking affair. The crowd at DeWitt Park was estimated at over 5,000, and it was clear that the team had found a new and enthusiastic fan base. The game against the Saginaw Valley Vipers was a close one until the ninth inning, when the Capitalists pulled ahead to win by a score of 9-3. The victory was secured by Relief Pitcher Bill Sager, who pitched two shutout innings and struck out three batters. The Capitalists' defense was solid, led by the glove of Shortstop Jack McMillan, who made several key plays to help preserve the win. The Capitalists' offense was also impressive, with five home runs hit in the game. The team's hitting was led by First Baseman Dan Thompson, who hit a grand slam in the third inning and drove in four runs. The win was a much-needed boost for the Capitalists, who had struggled in their first two games of the season. With the win, they moved to 1-2 on the young season, but they were confident they could turn things around with solid performances in their remaining games. The Capitalists next faced the Kalamazoo Kernels on Monday night, and they were determined to build on their momentum from the win over the Vipers. The game was played at the Kalamazoo Stadium, and it was clear from the start that the Capitalists were the more prepared team. They took the lead early and never looked back, winning by a score of 8-2. The win was a testament to the Capitalists' starting pitching, as Relief Pitcher Ted Johnson pitched a stellar seven innings, giving up just two runs on six hits. The Capitalists' defense was also sharp, with several key plays made by Second Baseman Jim Brown. The win was a confidence booster for the Capitalists, who now sit at a 2-2 record on the season. They face the Battle Creek Yankees on Tuesday night, and they are looking to build on their recent success.
Letter relates modern-day making of heaven and earth

Teeth District US Congressman Eldred Coderber receives this letter from a frustrated anonymous constituent.

The letter is written in a comical vein, but Codereber announced to members of the House of Representatives that it contained a lot of frightening truths.

The author writes: "In the beginning, God created heaven and earth. He was slapped with a class action lawsuit by the Heavenly Protection Agency (HPA) for failure to file an environmental impact statement with the agency.

When God noted that he needed a place to put man, he was immediately challenged by a female member of the HPA council who labeled him as a "male chauvinist." God suggested that he would create a woman from the rib of a man didn't exactly ingrate approving accolades from the "better half of the council." God compounded his problems when he told the council he was going to create a woman from the rib of a man.

The council gave provisional approval assuming (1) there would be no smog or smoke from the ball of fire (2) a separate burning permit would be required and (3) since continuous light would be wasted of energy, it should be dark half the time.

When God was going to create firmament amidst the waters, he was labeled a double talking legislator and told he could not proceed any further until he had obtained a firmament permit from the Angelic Bureau of Land Management, requisitioned from the Earth Council and earthy excusing permit from the Council.

The final straw was his plan to complete the nine project in 6 days. To this nonsense was the immediate response, "HPA would require a minimum of 189 days to review an application. It will have to be further approved by God to study for 'emissions' and then there would be a public hearing easily taking 10 to 12 months before the final permit could be granted.

To which, "God-replied, 'To hell with it!'"

Bath Charter Township

By action of the Board of Education of the St. Johns Public Schools Of Clinton and Gratiot Counties regular meetings will be held on the second Wednesday of each Calendar month. Such meetings to be held in the office of the Superintendent of Schools, located in the district administrative office.

Secretary, Board of Education

PUBLIC NOTICE

By action of the Board of Education of the St. Johns Public Schools Of Clinton and Gratiot Counties regular meetings will be held on the second Wednesday of each Calendar month. Such meetings to be held in the office of the Superintendent of Schools, located in the district administrative office.

The time of meetings will be 7:30 p.m. during the months of November through April and that during May through August meetings will be held at 7:30 p.m.

The schedule of the regular meeting dates are as follows:

August 15, 1975
September 19, 1975
October 17, 1975
November 21, 1975
December 19, 1975
January 16, 1976

Fred G. Meyer
Secretary, Board of Education

CITY OF ST. JOHNS
NOTICE OF PUBLIC HEARING

Notice is hereby given that the St. Johns City Council will hold a public hearing August 15, 1975 at 7:30 p.m. to determine the desirability of the location of an industrial property located at 73 W. Second St. in St. Johns, Michigan.

The purpose of the hearing will be to consider the application of the owner of the property for a rezone of the property from a "B-2" zoning district to an "M-1" zoning district.

All interested persons are invited to attend the hearing and be heard in their behalf.

The meeting will be held in the City Council Chambers, 100 E. Second St., St. Johns, Michigan.
DeWitt Township decision about tax levy runs into opposition

By Jim Schmitz

DeWitt Township, Michigan (July 23, 1976) — The DeWitt Township Board of Trustees, at their May 27 meeting, adopted a resolution to levy a special assessment on Township residents for a new police and fire station. The resolution, if approved, would go to the ballot box, and it is estimated that the cost of the new station would be approximately $4,000. The resolution was opposed by several residents who said they would vote against it.

The resolution, proposed by Supervisor Dale Emerson, would authorize the Township Board to levy a special assessment on Township residents for the construction of a new police and fire station. The assessment would be for a period of 10 years, and it would be a millage, meaning that the assessment would be equal to one mill (one cent on the dollar). The assessment would be levied on all real property in the Township.

Other audience members still felt the tax levy would be too high. One resident said that he had paid taxes on his property for years, and he thought the assessment was too high. Another resident said that he felt the Township Board was not listening to the residents.

The conflict between the board and the residents continued at the special meeting on Monday, June 27. The meeting was held to give the residents a final chance to voice their opinions on the proposal.

The meeting was well attended, with more than 50 residents in attendance. The meeting was held in the Township Hall, and it lasted for several hours.

At this time, the Township Board decided to hold a second public hearing on the special assessment proposal. The hearing will be held on Monday, July 11, and it will be open to the public.

DeWitt Police report

DeWitt Police officers are investigating a break and enter at a DeWitt area business. The break and enter occurred at around 2:25 a.m. on Monday, June 27. The business is located on Lincoln Street, and it is a local coffee shop.

In addition, the DeWitt Police are investigating a break and enter at a local home on Lincoln Street. The break and enter occurred at around 3:00 a.m. on Monday, June 27. The home is located on Lincoln Street, and it is a local residence.

Baseball is name of game in DeWitt

Every week, the DeWitt Little League baseball team is on the field competing in their first year. The team is made up of 15 boys, and they are playing in the DeWitt Little League. The team is coached by Frank Duker, and he is the manager of the team.

The United States is a country where competition has been surpassed only by the need to compete. Whether in the form of sports, academic competitions, or business endeavors, competition is a central aspect of our society. This dynamic of competition is reflected in the way many adults approach their daily lives, constantly striving to improve and succeed.

Baseball, swim, and track are just a few of the many competitions that have attracted the attention of those living in Clinton County. These events not only bring energy and excitement to the area but also provide a platform for the展示 of exceptional talent and dedication. The participation in these competitions demonstrates the importance of hard work, perseverance, and sportsmanship.

The world of competition is vast, ranging from local school events to international tournaments. Regardless of the scale, the essence remains the same: the pursuit of excellence by pushing the boundaries of personal abilities.

In the context of the Clinton County News from July 23, 1975, the coverage of these competitions highlights the local community's engagement and the pride they take in these events. It serves as a testament to the spirit of competition that thrives within the county, fostering growth and unity among its residents.

The news page from the Clinton County News provides a glimpse into the vibrant life of the community, where events like these hold significant importance. It speaks to the values of teamwork, support, and the collective spirit that binds the people of Clinton County together.

The issue of July 23, 1975, serves as a reminder of the enduring impact of competition, highlighting how it shapes the character of individuals and strengthens the bonds of communities. It is a celebration of the human drive to excel and the collaborative efforts that underpin our collective success.

Swedish exchange student ends visit to Elsie and returns to homeland

By Nancy Kayes

Anta Johannson Norberg is back home in Ovid, Sweden with her family after spending six weeks at Northland College. The 18-year-old student, accompanying her family to the United States as a language student, described the trip as "a very special experience." Mrs. Kayes, who accompanied Anta to her first day of school at Northland College and hosted her during her stay, says: "Anta is a very warm and friendly person. She is eager to learn about American culture and is very interested in American customs. She is also very outgoing and friendly, always ready to make new friends."

For spring vacation, Anta visited the city of Stockholm, where she stayed with her host family, the Petersons, for two weeks. "I enjoyed my stay with the Petersons very much," she said. "They are very friendly and kind people." Anta also visited other cities in Sweden, including Gothenburg and Malmo, and she says she enjoyed the local culture and food.

Anta's father, Professor Leota Kajdas, and mother, Mrs. Lotta Kajdas, were also present during her stay in Ovid. "My parents were very proud of me and they supported me throughout my stay in Ovid," Anta said. Mrs. Kayes, who hosted Anta during her stay, said: "Anta's parents are very supportive and they have encouraged her to explore new cultures and make new friends."

Anta is looking forward to returning to Sweden and spending time with her family. "I miss my family and friends in Sweden very much," she said. Mrs. Kayes, who hosted Anta during her stay, said: "Anta's return to Sweden is bittersweet. We are very happy to see her again, but we are also sad to see her go."

Anta is planning to return to Sweden in the future and she is looking forward to exploring more of the United States. "I hope to return to Ovid in the future and I am very happy to have made new friends here," she said. Mrs. Kayes, who hosted Anta during her stay, said: "Anta is a very special girl and we are very happy to have hosted her in our home. We are looking forward to seeing her again soon."

I. Latest national figures in July 23, 1975

"...to avoid collisions," Pfister, "leads to tragedy," says Dr. Richard Pfister, Michigan State University. "Serious injury were on the roads." The mix of farm equipment and motor vehicles and most of the accidents can be avoided if motorists stay alert for slow moving vehicles. Pfister says.

Mr. Sillaway was born May 18, 1919, in Traverse City, Mich. He was the son of John and Emma Sillaway.

Avoid farm collisions

Extra caution in wet weather and Michigan farmers can prevent many of the collisions occurring between farm machinery and high speed vehicles.

"As farm production activity increases, farmers will be moving more equipment and engaging in more and more activities in the field," says Mr. Richard Pfister, Michigan State University. "Farmers should be aware of the dangers that can be expected on the road."

"Many of these accidents can be avoided if every effort is made for slow moving or stationary objects or equipment." Pfister says.

"A primary role for farm equipment on the road is to be seen. For example, if you have a three or four row corn planter, the farmers should be seen by using flags or lights. For farm tractors, the farmers should be given additional equipment such as a light or flags."

"The proper equipment must be mounted on the farm equipment. The equipment must be clean and operative on a downhill grade and cause a jackknife and be seen. For example, if the tractor is pulling a load that is too big and there is nothing behind it, there is nothing that can be seen by the driver."

"The equipment must be clean and operative. The flags must be clean and operative. If the equipment is using flags, the flags must be clean and operative." Pfister says.

"Lights and reflectors should be used and equipment must be used at night, especially when the equipment is moving slowly."

"The tractor must be driven at the proper speed for the road and the equipment." Pfister says.

"It is best if an alley is used in a field to avoid collisions. If a field is used as a field for a long time, it may be difficult to see the equipment." Pfister says.

"A primary role for farm equipment on the road is to be seen. For example, if you have a three or four row corn planter, the farmers should be seen by using flags or lights. For farm tractors, the farmers should be given additional equipment such as a light or flags."

"It is best if an alley is used in a field to avoid collisions. If a field is used as a field for a long time, it may be difficult to see the equipment." Pfister says.
ARTICLE I — TITLE, PURPOSE AND SERVICE AREAS
1. Title. The title of this Ordinance shall be "Land Subdivision and Utility Extension Rules of the Village of Westphalia, Michigan."

2. Purpose. The purpose of this Ordinance is to establish rules and regulations for the subdivision of land in the Village of Westphalia, Michigan, and to provide for the establishment, regulation and control of utility services and other improvements as necessary for the proper planning, development and growth of the Village.

ARTICLE II — GENERAL PROVISIONS
1. Interpretation. In the event of any conflict between the provisions of this Ordinance and the General Plan or other written testimony, the provisions of this Ordinance shall control.

2. Purpose. It is the purpose of this Ordinance to provide for the subdivision and development of land in the Village of Westphalia, Michigan, and to provide for the regulation of utility services and other improvements, including streets, sewers, water services, and other public facilities, as may be necessary or appropriate for the proper planning, development and growth of the Village.

ARTICLE III — PLATDETAILS
1. Requirements. The requirements for a plat of a proposed subdivision shall include: (a) a statement of the purpose for which the plat is submitted, (b) a description of the property to be subdivided, including its metes and bounds, (c) a scale drawing showing the proposed development pattern, (d) a description of the public utilities to be provided, including water, sewer, and gas, (e) a statement of the location of any existing improvements, such as streets, churches, schools, hospitals, and other public buildings, (f) a statement of the location of any public rights-of-way, such as roads, sidewalks, and drainage ditches, (g) a statement of the location of any existing private rights-of-way, such as easements, covenants, and restrictions, (h) a statement of the location of any proposed public improvements, such as streets, sewers, water services, and other public facilities, (i) a statement of the location of any proposed private improvements, such as driveways, sidewalks, and other private facilities, (j) a statement of the location of any proposed real property, such as land, Buildings, and other improvements, (k) a statement of the location of any proposed personal property, such as vehicles, equipment, and other personal items, (l) a statement of the location of any proposed financial arrangements, such as loans, mortgages, and other financial arrangements.

2. Review and Approval. The plat of a proposed subdivision shall be reviewed by the Village Planning Commission and, if found to be in compliance with the provisions of this Ordinance, shall be approved by the Village Council.

ARTICLE IV — IMPROVEMENT TIME, COSTS, AND REIMBURSEMENTS
1. Improvement Time. The improvement time shall be sixty (60) days from the date of final approval by the Village Council.

2. Costs and Reimbursements. The costs of the improvement time shall be paid by the applicant, and the applicant shall be reimbursed for all costs reasonably incurred in the performance of the improvement time.

ARTICLE V — PLANT DETAILS
1. Requirements. The requirements for a plat of a proposed subdivision shall include: (a) a statement of the purpose for which the plat is submitted, (b) a description of the property to be subdivided, including its metes and bounds, (c) a scale drawing showing the proposed development pattern, (d) a description of the public utilities to be provided, including water, sewer, and gas, (e) a statement of the location of any existing improvements, such as streets, churches, schools, hospitals, and other public buildings, (f) a statement of the location of any public rights-of-way, such as roads, sidewalks, and drainage ditches, (g) a statement of the location of any existing private rights-of-way, such as easements, covenants, and restrictions, (h) a statement of the location of any proposed public improvements, such as streets, sewers, water services, and other public facilities, (i) a statement of the location of any proposed private improvements, such as driveways, sidewalks, and other private facilities, (j) a statement of the location of any proposed real property, such as land, Buildings, and other improvements, (k) a statement of the location of any proposed personal property, such as vehicles, equipment, and other personal items, (l) a statement of the location of any proposed financial arrangements, such as loans, mortgages, and other financial arrangements.

ARTICLE VI — UTILITIES, SERVICES, AND OTHER IMPROVEMENTS
1. Requirements. The requirements for a plat of a proposed subdivision shall include: (a) a statement of the purpose for which the plat is submitted, (b) a description of the property to be subdivided, including its metes and bounds, (c) a scale drawing showing the proposed development pattern, (d) a description of the public utilities to be provided, including water, sewer, and gas, (e) a statement of the location of any existing improvements, such as streets, churches, schools, hospitals, and other public buildings, (f) a statement of the location of any public rights-of-way, such as roads, sidewalks, and drainage ditches, (g) a statement of the location of any existing private rights-of-way, such as easements, covenants, and restrictions, (h) a statement of the location of any proposed public improvements, such as streets, sewers, water services, and other public facilities, (i) a statement of the location of any proposed private improvements, such as driveways, sidewalks, and other private facilities, (j) a statement of the location of any proposed real property, such as land, Buildings, and other improvements, (k) a statement of the location of any proposed personal property, such as vehicles, equipment, and other personal items, (l) a statement of the location of any proposed financial arrangements, such as loans, mortgages, and other financial arrangements.

ARTICLE VII — PLANT DETAILS
1. Requirements. The requirements for a plat of a proposed subdivision shall include: (a) a statement of the purpose for which the plat is submitted, (b) a description of the property to be subdivided, including its metes and bounds, (c) a scale drawing showing the proposed development pattern, (d) a description of the public utilities to be provided, including water, sewer, and gas, (e) a statement of the location of any existing improvements, such as streets, churches, schools, hospitals, and other public buildings, (f) a statement of the location of any public rights-of-way, such as roads, sidewalks, and drainage ditches, (g) a statement of the location of any existing private rights-of-way, such as easements, covenants, and restrictions, (h) a statement of the location of any proposed public improvements, such as streets, sewers, water services, and other public facilities, (i) a statement of the location of any proposed private improvements, such as driveways, sidewalks, and other private facilities, (j) a statement of the location of any proposed real property, such as land, Buildings, and other improvements, (k) a statement of the location of any proposed personal property, such as vehicles, equipment, and other personal items, (l) a statement of the location of any proposed financial arrangements, such as loans, mortgages, and other financial arrangements.

ARTICLE VIII — PLANT DETAILS
1. Requirements. The requirements for a plat of a proposed subdivision shall include: (a) a statement of the purpose for which the plat is submitted, (b) a description of the property to be subdivided, including its metes and bounds, (c) a scale drawing showing the proposed development pattern, (d) a description of the public utilities to be provided, including water, sewer, and gas, (e) a statement of the location of any existing improvements, such as streets, churches, schools, hospitals, and other public buildings, (f) a statement of the location of any public rights-of-way, such as roads, sidewalks, and drainage ditches, (g) a statement of the location of any existing private rights-of-way, such as easements, covenants, and restrictions, (h) a statement of the location of any proposed public improvements, such as streets, sewers, water services, and other public facilities, (i) a statement of the location of any proposed private improvements, such as driveways, sidewalks, and other private facilities, (j) a statement of the location of any proposed real property, such as land, Buildings, and other improvements, (k) a statement of the location of any proposed personal property, such as vehicles, equipment, and other personal items, (l) a statement of the location of any proposed financial arrangements, such as loans, mortgages, and other financial arrangements.

ARTICLE IX — PLANT DETAILS
1. Requirements. The requirements for a plat of a proposed subdivision shall include: (a) a statement of the purpose for which the plat is submitted, (b) a description of the property to be subdivided, including its metes and bounds, (c) a scale drawing showing the proposed development pattern, (d) a description of the public utilities to be provided, including water, sewer, and gas, (e) a statement of the location of any existing improvements, such as streets, churches, schools, hospitals, and other public buildings, (f) a statement of the location of any public rights-of-way, such as roads, sidewalks, and drainage ditches, (g) a statement of the location of any existing private rights-of-way, such as easements, covenants, and restrictions, (h) a statement of the location of any proposed public improvements, such as streets, sewers, water services, and other public facilities, (i) a statement of the location of any proposed private improvements, such as driveways, sidewalks, and other private facilities, (j) a statement of the location of any proposed real property, such as land, Buildings, and other improvements, (k) a statement of the location of any proposed personal property, such as vehicles, equipment, and other personal items, (l) a statement of the location of any proposed financial arrangements, such as loans, mortgages, and other financial arrangements.

ARTICLE X — PLANT DETAILS
1. Requirements. The requirements for a plat of a proposed subdivision shall include: (a) a statement of the purpose for which the plat is submitted, (b) a description of the property to be subdivided, including its metes and bounds, (c) a scale drawing showing the proposed development pattern, (d) a description of the public utilities to be provided, including water, sewer, and gas, (e) a statement of the location of any existing improvements, such as streets, churches, schools, hospitals, and other public buildings, (f) a statement of the location of any public rights-of-way, such as roads, sidewalks, and drainage ditches, (g) a statement of the location of any existing private rights-of-way, such as easements, covenants, and restrictions, (h) a statement of the location of any proposed public improvements, such as streets, sewers, water services, and other public facilities, (i) a statement of the location of any proposed private improvements, such as driveways, sidewalks, and other private facilities, (j) a statement of the location of any proposed real property, such as land, Buildings, and other improvements, (k) a statement of the location of any proposed personal property, such as vehicles, equipment, and other personal items, (l) a statement of the location of any proposed financial arrangements, such as loans, mortgages, and other financial arrangements.
LAND SUBDIVISION AND UTILITY EXTENSION RULES
WESTPHALIA, MICHIGAN

1.0. The City Council of the Village of Westphalia, Michigan, Ordinance No. 10-75.

2.0. Purpose.

The purpose of this Ordinance is to establish, regulate, and control the subdivision of land within the Village of Westphalia, Michigan, in accordance with the Zoning Ordinance of the Village of Westphalia, Michigan.

3.0. Definitions.

(a) "Land Subdivision" means any division of land into lots, parcels, or tracts for the purpose of sale, lease, or conveyance.

(b) "Utility Extension" means any extension of public utilities, including, but not limited to, water, sewer, gas, and electricity.

4.0. Requirements.

(a) A Plat shall be prepared for each subdivision.

(b) The Plat shall be prepared by a licensed surveyor and shall conform to the specifications of the Village.

(c) The Plat shall be reviewed and approved by the Village Planning Commission and the Village Council.

5.0. Application for Plat Approval.

(a) An application for Plat Approval must be submitted to the Village Planning Commission at least 30 days prior to the scheduled meeting.

(b) The application must include a Plat of the proposed subdivision, a drainage plan, and a utility extension plan.

(c) The application must be reviewed and approved by the Village Planning Commission.

6.0. Approval.

(a) The Village Planning Commission shall recommend approval of the Plat to the Village Council.

(b) The Village Council shall consider the recommendation of the Village Planning Commission and make a final decision on the approval of the Plat.

ARTICLE II - PLAT APPROVAL

7.0. General Provisions.

(a) The Plat shall be approved by the Village Planning Commission and the Village Council.

(b) The Plat shall be approved for a period of 2 years.

(c) The Plat shall be approved subject to the condition that the subdivisions shall conform to the requirements of the Zoning Ordinance.

8.0. Amendments.

(a) An application for amendments to the Plat shall be submitted to the Village Planning Commission at least 30 days prior to the scheduled meeting.

(b) The application must include an amended Plat and a statement of the proposed amendments.

(c) The application must be reviewed and approved by the Village Planning Commission.

(d) The Village Council shall consider the recommendation of the Village Planning Commission and make a final decision on the approval of the amendments.

ARTICLE III - PUBLIC UTILITIES EXTENSION

(a) The extension of public utilities shall be subject to the requirements of the Zoning Ordinance.

(b) The extension of public utilities shall be subject to the approval of the Village Planning Commission.

(c) The extension of public utilities shall be subject to the approval of the Village Council.

10.0. Amendments.

(a) An application for amendments to the extension of public utilities shall be submitted to the Village Planning Commission at least 30 days prior to the scheduled meeting.

(b) The application must include an amended plan and a statement of the proposed amendments.

(c) The application must be reviewed and approved by the Village Planning Commission.

(d) The Village Council shall consider the recommendation of the Village Planning Commission and make a final decision on the approval of the amendments.

ARTICLE IV - VARIATIONS

11.0. General Provisions.

(a) A petition for a variation shall be submitted to the Village Planning Commission at least 30 days prior to the scheduled meeting.

(b) The petition must include a statement of the reasons for the variation and a map of the affected area.

(c) The petition must be reviewed and approved by the Village Planning Commission.

(d) The Village Council shall consider the recommendation of the Village Planning Commission and make a final decision on the approval of the variation.

ARTICLE V - ADMINISTRATION

(a) The Village Planning Commission shall administer and enforce the provisions of this Ordinance.

(b) The Village Planning Commission shall have the authority to make interpretations and decisions regarding the provisions of this Ordinance.

(c) The Village Planning Commission shall have the authority to require the submission of plans and other documents.

ARTICLE VI - FINANCIAL AGREEMENTS

(a) A financial agreement shall be required for a subdivision.

(b) The financial agreement shall be entered into between the applicant and the Village.

(c) The financial agreement shall be submitted to the Village Planning Commission.

(d) The financial agreement shall be approved by the Village Planning Commission.

ARTICLE VII - ENFORCEMENT

(a) The Village Planning Commission shall have the authority to enforce the provisions of this Ordinance.

(b) The Village Planning Commission shall have the authority to issue citations and summonses.

(c) The Village Planning Commission shall have the authority to bring legal action to restrain violations.

ARTICLE VIII - APPEALS

15.0. General Provisions.

(a) An applicant who is dissatisfied with a decision of the Village Planning Commission may appeal to the Village Council.

(b) The appellant must file a written appeal within 30 days of the date of the decision.

(c) The Village Council shall consider the appeal and make a final decision.

ARTICLE IX - GROUNDS FOR DISAPPROVAL

(a) A subdivision shall not be approved if it fails to conform to the requirements of this Ordinance.

(b) A subdivision shall not be approved if it is not financially viable.

(c) A subdivision shall not be approved if it is not in the best interest of the Village.

ARTICLE X - EFFECT

17.0. General Provisions.

(a) This Ordinance shall become effective upon its adoption.

(b) This Ordinance shall remain in effect until superseded by a later Ordinance.

(c) This Ordinance shall be applicable to all subdivisions created after its adoption.

ARTICLE XI - ENACTMENT

18.0. General Provisions.

(a) This Ordinance shall be enacted by the Village Council.

(b) This Ordinance shall be recorded in the office of the Village Clerk.

(c) This Ordinance shall be published in the Village newspaper.

ARTICLE XII - REPEAL

(a) This Ordinance shall repeal all prior ordinances and resolutions.

(b) This Ordinance shall not apply to subdivisions created prior to its adoption.

(c) This Ordinance shall be subject to amendment.

ARTICLE XIII - SEVERABILITY

(a) If any provision of this Ordinance is held to be invalid, all other provisions shall remain in effect.

(b) This Ordinance shall be declared to be severable.

ARTICLE XIV - APPLICATIONS

(a) Applications for subdivision approval shall be submitted to the Village Planning Commission.

(b) Applications for subdivision approval shall be reviewed and approved by the Village Planning Commission.

(c) Applications for subdivision approval shall be approved by the Village Council.

ARTICLE XV - ENFORCEMENT

22.0. General Provisions.

(a) The Village Planning Commission shall have the authority to enforce the provisions of this Ordinance.

(b) The Village Planning Commission shall have the authority to issue citations and summonses.

(c) The Village Planning Commission shall have the authority to bring legal action to restrain violations.

ARTICLE XVI - APPEALS

23.0. General Provisions.

(a) An applicant who is dissatisfied with a decision of the Village Planning Commission may appeal to the Village Council.

(b) The appellant must file a written appeal within 30 days of the date of the decision.

(c) The Village Council shall consider the appeal and make a final decision.

ARTICLE XVII - EFFECT

(a) This Ordinance shall become effective upon its adoption.

(b) This Ordinance shall remain in effect until superseded by a later Ordinance.

(c) This Ordinance shall be applicable to all subdivisions created after its adoption.

ARTICLE XVIII - ENACTMENT

25.0. General Provisions.

(a) This Ordinance shall be enacted by the Village Council.

(b) This Ordinance shall be recorded in the office of the Village Clerk.

(c) This Ordinance shall be published in the Village newspaper.

ARTICLE XIX - REPEAL

(a) This Ordinance shall repeal all prior ordinances and resolutions.

(b) This Ordinance shall not apply to subdivisions created prior to its adoption.

(c) This Ordinance shall be subject to amendment.

ARTICLE XX - SEVERABILITY

27.0. General Provisions.

(a) If any provision of this Ordinance is held to be invalid, all other provisions shall remain in effect.

(b) This Ordinance shall be declared to be severable.

ARTICLE XXI - APPLICATIONS

(a) Applications for subdivision approval shall be submitted to the Village Planning Commission.

(b) Applications for subdivision approval shall be reviewed and approved by the Village Planning Commission.

(c) Applications for subdivision approval shall be approved by the Village Council.

ARTICLE XXII - ENFORCEMENT

29.0. General Provisions.

(a) The Village Planning Commission shall have the authority to enforce the provisions of this Ordinance.

(b) The Village Planning Commission shall have the authority to issue citations and summonses.

(c) The Village Planning Commission shall have the authority to bring legal action to restrain violations.

ARTICLE XXIII - APPEALS

30.0. General Provisions.

(a) An applicant who is dissatisfied with a decision of the Village Planning Commission may appeal to the Village Council.

(b) The appellant must file a written appeal within 30 days of the date of the decision.

(c) The Village Council shall consider the appeal and make a final decision.

ARTICLE XXIV - EFFECT

31.0. General Provisions.

(a) This Ordinance shall become effective upon its adoption.

(b) This Ordinance shall remain in effect until superseded by a later Ordinance.

(c) This Ordinance shall be applicable to all subdivisions created after its adoption.

ARTICLE XXV - ENACTMENT

32.0. General Provisions.

(a) This Ordinance shall be enacted by the Village Council.

(b) This Ordinance shall be recorded in the office of the Village Clerk.

(c) This Ordinance shall be published in the Village newspaper.

ARTICLE XXVI - REPEAL

33.0. General Provisions.

(a) This Ordinance shall repeal all prior ordinances and resolutions.

(b) This Ordinance shall not apply to subdivisions created prior to its adoption.

(c) This Ordinance shall be subject to amendment.

ARTICLE XXVII - SEVERABILITY

34.0. General Provisions.

(a) If any provision of this Ordinance is held to be invalid, all other provisions shall remain in effect.

(b) This Ordinance shall be declared to be severable.

ARTICLE XXVIII - APPLICATIONS

35.0. General Provisions.

(a) Applications for subdivision approval shall be submitted to the Village Planning Commission.

(b) Applications for subdivision approval shall be reviewed and approved by the Village Planning Commission.

(c) Applications for subdivision approval shall be approved by the Village Council.

ARTICLE XXIX - ENFORCEMENT

36.0. General Provisions.

(a) The Village Planning Commission shall have the authority to enforce the provisions of this Ordinance.

(b) The Village Planning Commission shall have the authority to issue citations and summonses.

(c) The Village Planning Commission shall have the authority to bring legal action to restrain violations.

ARTICLE XXX - APPEALS

37.0. General Provisions.

(a) An applicant who is dissatisfied with a decision of the Village Planning Commission may appeal to the Village Council.

(b) The appellant must file a written appeal within 30 days of the date of the decision.

(c) The Village Council shall consider the appeal and make a final decision.

ARTICLE XXXI - EFFECT

38.0. General Provisions.

(a) This Ordinance shall become effective upon its adoption.

(b) This Ordinance shall remain in effect until superseded by a later Ordinance.

(c) This Ordinance shall be applicable to all subdivisions created after its adoption.
