Near fire at Swegles School

ST. JOHNS—Fire was reported to be a result of a Douglas Elementary School playground fire on Wednesday. The fire was extinguished with no injuries or damage.

Substance Abuse Center attacks drugs and alcohol problems in County

About 40 persons in Clinton County are getting help in their personal battle against drugs and alcohol.

Most are seeking the aid of groups which have been formed specifically for this purpose.

The center has been in operation for about 4 months.

The program is not restricted to those who have criminal records, but rather to people who have a personal or family problem. A person can seek help from the center without being involved in any legal proceedings or treatment.

The center focuses on providing a safe and comfortable environment where people can discuss their problems and receive support.

Debra Sue Hill weds Dennis R. Oakley

It was a day of celebration and love as Debra Sue Hill and Dennis R. Oakley exchanged vows in a ceremony at the Clinton County Courthouse on July 11, 1976. The couple was united in marriage by her father. The groom's mother wore a long white gown with matching lace roses and a sheer bodice and sleeves.

The bride wore a long white gown with a flowered bodice and sleeves, and her hair was styled in an elegant updo. A bouquet of blue and white flowers was carried by the bride, and a corsage of primroses was given to the bride's mother.

The wedding was held at the Clinton County Courthouse, and the couple was blessed with the presence of family and friends. The wedding ceremony was followed by a reception at the DeWitt Community Center, where the couple enjoyed the company of their guests.

The couple is planning to begin their life together in their new home in St. Johns, and they express their gratitude to all who have supported them on this special day.

**News from Elsie**

Elise "painting the town" red, white and blue" as the Red and Blue Days in Elsie continued through July. July 26 through 28 is the official red, white and blue week in Elsie with patriotic games and events planned to appropriately greet the nation’s birthday.

Every day one could see red, white and blue banners of all kinds decorating downtown streets, homes, cars, trucks and tractors. The all-state marching band paraded through the streets wearing red, white and blue flags. That Saturday day was set aside as a special tribute to the people who serve the country and the community.

On July 26, the annual red, white and blue day parade was held. The parade started at the church parking lot and proceeded to the high school parking lot, the parade was composed of floats, beauty queens, and many walking entries including the American Legion, the Lions, the Kiwanis, the Masons, the auxiliaries, the church groups, the American Legion Auxiliary, Elsie High School and its Band, the Elsie Blue Knights, the Elsie High School Band, the Elsie American Legion Auxiliary Unit and many others. The parade was led by the Elsie High School Band, the Elsie American Legion Auxiliary Unit, the Elsie Blue Knights, and the Elsie Community Church and Elsie High School Band.

Recreation Round-up

With Dick Buggs

St. Johns City Recreation Director

It's August! For the recreation department, that means one more month of activities and then back to school fall. This is normally a very busy time with many participants and attractions.

If you enjoy young athletes and outdoor activities, come to the St. Johns Recreation Center. We have a wonderful variety of activities for everyone.

Whether it's a softball game, a basketball game, or a sports match, we have something for everyone. You can also sign up for a variety of recreational activities, such as swimming, dancing, or painting.

If you're interested in joining an activity or would like more information about the monthly activities, please contact the St. Johns City Recreation Department at 123-4567.

Fall alfalfa cutting

Fall cutting or green chopping in September or early October gives livestock producers flexibility in fattening or grazing the alfalfa. When it is cut green and in the proper condition, it is possible to feed cut alfalfa for a minimum of 60-70 percent quality while using a good quality hay or pasture as the balance of the ration.

Farms listed in the Iowa-Nebraska-Hoover directory are listed as N.I. UNI. EQUIP. and have a UNI. SYSTEM. It is hoped that all N.I. UNI. EQUIP. farmers will complete a copy of the directory and mail to the N.I. UNI. EQUIP. for processing.

Fall cutting or green chopping is a technique often used in the Clinton County area. Farmers who expect good results from fall cutting should have the alfalfa cut when the dew is gone and the temperature is warm. Alfalfa cut in the early morning hours is likely to have enough food in the field for 1-1/2 weeks of feeding. Cutting in September or early October is the best time for fall cutting in this district because the amount of available alfalfa in the fall is limited.

Fall cutting or green chopping is also used in other areas of the state where alfalfa is grown. In the northern part of the state, fall cutting or green chopping is used for the same reasons as in the Clinton County area.

Pranks are destruction

The above photograph may represent to you merely a "pain in the neck," a kind ever miserable.

However, it's more than just a "pain in the neck" to area police agencies who are spending considerable time answering complaints of vandalism in the St. Johns area.

As Lyle French, St. Johns police chief, tersely, it most of the damage is caused by "pure destruction".

"A week goes by in St. Johns, without persons causing damage through complete disregard for the properties of others."

We don't intend to pick on our youth, but the fact is most of the damage seems to be caused by young people.

We marvel most parents strive to teach their children respect others' properties.

However, in some cases, that message is failing on deaf ears.

We urge parents to view the situation objectively. It's always the "other parent's" kids. If you find that the situation in your household, it's time for action.

We might add, the mailbox destruction illustrated in the photographed is a federal offense, which is nothing to laugh about.

Bills that are not itemized can delay Medicare payment

"It's not just a matter of being able to read your bill, but whether you can make sense of it," said Medicare official William P. Hunt, head of the Department of Health and Human Services.

"The patient sends in a claim form, and the doctor sends in a medical record. The patient may be billed for services that were not given, or the doctor may be billed for services that were not given."

"We have better intentions than we can afford. Or at least, we have better intentions than the government can afford."

"The doctor's fee is a matter of negotiation, and the patient pays what the doctor thinks he's worth."

"The insurance company pays what the doctor thinks it's worth."

"If the patient used the right medical procedure, he can get Medicare to pay. If he didn't, he has to pay."

"We have become used to paying for our medical care, and that's the way it should be."

"We have become used to paying for our medical care, and that's the way it should be."

"We have become used to paying for our medical care, and that's the way it should be."
In answer to your question ....

Yes, we pay 5% daily interest on savings.

Our new Statement Savings Plan pays 5% per year computed daily, compounded quarterly. That means your money earns interest from the day you put it in until the day you take it out. So you can withdraw whenever you want without losing interest.

You can open your new Statement Savings Account at any Central National Bank office.
