Counties, and the health department is expected to see a slight increase in its budget next year. The resolution was passed with a 13-8 vote.

Witt, George Moore of Duplain, said there was considerable discussion on the matter, but the resolution was passed on a voice vote, with only a 13-8 vote.

The resolution was introduced by Supervisor Barks, who said it is the first time that the board has had to vote on such a matter.

The board adjourned their regular session Monday afternoon at 9 a.m. After lunch, a tractor test will be held. By 1 p.m. the, and filing of the model resolution. The fixed millage question came up during the last hour of the regular session, and the board adjourned.

Authority over 4-H buildings resolved

"I want to这两个 buildings to be under the jurisdiction of the County Educational Services Committee," said Junior Extension Agent Derrill Shinabery, "because the county board was under the impression that the committee had already been authorized to act as the building authority." The building committee will use the office for the Youth Opportunity Library Board for a four-year period.

In other business Monday:

• Mrs. Almond Cressman was appointed as the county board chairman, and the chairman and ag committee will be abolished.

• More study will be under­taken to prepare the site for a building.

• The board approved the use of the site for Fall meetings.

The board followed the practice of a county board of approving the minutes of the previous meeting, and the minutes of the previous meeting were read, and the minutes of the previous meeting were adopted.

THE NEWS

The news department will be held in the St. Johns Festival Theatre on Friday night and Saturday night of September 10th and 11th, with special entertainment and music accompanying. For more information, contact the St. Johns Festival Theatre at 989-3131.

MIDLAND, MICH.

"All of the Clinton Chest agencies will be eligible for all of the services of the community," said James White, director of the United Community Chest, during the Clinton County Chest drive.

"I am confident that all sections of the community will be involved in the Clinton County Chest drive," said White, "and we are looking forward to the results." The Clinton County Chest drive is expected to raise more than $20,000,000, with a goal of $23,683.

GRAND RAPIDS, MICH.

"The United Community Chest is designed to meet rising operating costs necessary to accomplish the objectives we have set," said White, "and we are looking forward to the results." The United Community Chest is expected to raise more than $20,000,000, with a goal of $23,683.

4-H Fair time is here

The annual Clinton County 4-H Fair will run from Tuesday, August 16, through Saturday, August 20, at the fairgrounds in St. Johns. The fair will feature a variety of events, including livestock shows, competitions, and demonstrations. The fair is open to the public and is a great way to learn about 4-H and its values. For more information, visit the Clinton County 4-H Fair website or contact the 4-H office.

School furniture bids lower than expected

The Clinton County Board of Education received bids for school furniture recently, and the bids came in lower than expected. This is good news for the county as it will save money and allow the board to purchase more furniture for the schools.

Kodak Instamatic cameras let you choose conveniences that exactly fit your picture-taking needs

Kodak Instamatic cameras offer a range of features to suit your needs. Choose from a variety of models with different features to find the perfect camera for you. Whether you're looking for a simple point-and-shoot or a more advanced model, Kodak has a camera that will fit your needs.

School meals

The St. Johns Public Schools are offering a variety of meals to students during the summer. Breakfast and lunch options are available, and the school is committed to providing healthy and nutritious meals for all students.

4-H sheep project big, small

The Clinton County 4-H Fair offers a variety of 4-H projects for members to participate in, including the sheep project. Members can learn about caring for sheep and raising healthy animals. It's a great way to develop skills in responsibility and care.

Tornadoes stir over area

A tornado watch was issued on August 16th, 1968, for the area around St. Johns, Michigan. The National Weather Service warned that tornadoes were possible, and residents were advised to seek shelter if necessary. The warning was later cancelled, but it serves as a reminder of the importance of being prepared for severe weather.

Kodak Instamatic cameras are the fun cameras...the easy-to-use cameras...and only KODAK makes them!
Next Sunday In Clinton County Churches

All Churches in Clinton County are invited to send their exact announcements to The Clinton County News. They must reach us by 10 a.m. Monday to insure publication in the current weekly issue.

Peace Corps test held August 17

St. Johns teacher will present organ recital

For the past sixteen years. A Pennsylvania. B expected to be completed time for Easter services earlier and lecture-demonstration of the Eastminster Presbyterian, will present a farewell recital and lecture-demonstration of the organ in East Lansing.

The new organ was installed in the Severn School in Severn, Maryland, and most recently in Eastminster. Plowman, organist-director of the Severn School in Severna Park, Maryland,

The program is dedicated to the audience with the installation of the new organ and will offer a variety of music written by Bach and the famous blind

Jens enjoys reading about and studying music. He is interested in putting his skills to use in the Peace Corps and will include works by old and new music written for the organ. His program will be a great surprise.

The concert will be held at 8 p.m. on Sunday, August 18, at St. Lawrence Catholic Church, 8900 Abbott Rd. near Taylorsville Rd., St. Johns.

Jens, father of the Peace Corps, arrived in the U.S. on June 15, near Taylorsville Rd., St. Johns.

Open house to honor E. Carter

The new Mr. and Mrs. Carter Cluster will be honoring their new members at an open house held in celebration of their recent marriage. The open house will be held on Saturday, August 17, from 1 to 5 p.m.

The Carter Cluster will be honoring the new members, including a presentation of the 25th Infantry Division's Medal of Honor. Mrs. Carter has been assigned to the 25th Infantry Division's 9th Infantry, and will be responsible for maintaining the medal.

The open house will be held at 14320 Airport Rd., St. Johns.

In a double ring ceremony performed by Rev. Donald D. Novak, Sharon Fedewa and John Cleveland are united in matrimony. The ceremony was held Aug. 11 at St. John's Church in St. Johns. He was the minister for the occasion.

Sharon Fedewa, new Mrs. Cleveland, is the daughter of Mr. and Mrs. Walter F. Tucker of Portland. She is a graduate of Townsend Road, Fowler and is currently a student at Eastern Michigan University. She is the former Mrs. Hoerner.

John Cleveland is the delegate for the Michigan State Democratic convention, and is employed by the Michigan Department of State, Division of Airplane Inspection. Mr. Rademacher is the son of Mr. and Mrs. James L. Rademacher of Meridian Twp., and is employed at Diamond Reo in Lansing.

The wedding ceremony took place at the City Park in St. Johns on Aug. 18. The prospective bride graduated from Grand Ledge High School in 1967 and is employed by the United States Army stationed in Pennsylvania for a two-week wedding trip. Before leaving on their wedding trip, the couple departed for the Pocono Mountains where they will take a week of their honeymoon at Torch Lake, Mich.

Provisions for the wedding day were furnished with white flowers and plantings. The ceremony opened with a roll call of the required number of persons, and the wedding party made their way to the altar. The bride was accompanied by her parents, her sister, and her maid of honor.

Zelma, Tremblay wed in Owosso ceremony.

Miss Apolita Martin of Owosso became the bride of Mr A1C Franklin R. Tremblay of Owosso. The wedding was held in Owosso City Methodist Church and was officiated by Mrs Alma Fisher. The couple were married by Rev. William B. Converse, pastor of the church.

Miss Fisher, a member of the bridal party, was a bridesmaid. The couple exchanged vows and rings in front of the officiant. They were pronounced husband and wife by the presiding clergyman, who then declared them man and wife.

After the ceremony, the couple left for their honeymoon. They are planning to return to Owosso to begin their married life together.

Our Best Wishes
A sincere thanks to the personnel of Clinton Memorial Hospital, Mrs Russell and Great, Dr. Chandler for her care, and to our many friends who wrote, sent flowers and cards. Mrs Wolf would also like to thank the many people who transported her back to the hospital. Everyone was greatly appreciated - Louis Wolf, (8-15).

We similarly thank Dr. Daniel, Clinton Memorial staff, Mrs. Donald Bangert, Dr. Donald Bangert, Mrs. Krentz of Freeland, Miss Wilson, Miss Osgood Funeral Home for all their kindness, the Methodist Church Women for the lovely dinner, the pallbearers and our many friends who sent cards, gifts and other thoughtful expressions of kindness and sympathy; the employees at Maple Valley Convalescent Home for helping to lighten the load, the Methodist Church Women for the beautiful music, the employees at Memorial Hospital personnel for their kind and good care during my stay at the hospital and Dr. Grost for their kindness and Dr. Foerster for their understanding care and attention; Dr. Foerster for the food, letters and cards brought to the home, especially my father and friends for calls, cards and acts of kindness, during my stay in the hospital and the employees at Memorial Hospital where he had his speedy recovery and all other neighbors and friends who helped in any way possible.

Mrs. Andrew Kempt graduated from college recently and Dr. Geraldine Turner in Lansing on Saturday.

Our community extends sympathy to Mr and Mrs Francis Wensel, Mr and Mrs Francis Wensel of Owosso. A ham and roast beef dinner will be served at the dining room of the Congregational Church. All members of the St. John's Club are urged to be present.

Mrs. Scott Miller and her family have returned home after spending two weeks with her sister Mrs Helen Weston. Mrs Helen Weston is also spending two weeks with her son, Mr and Mrs Merriel Balcom of Owosso. A ham and roast beef dinner will be served at the dining room of the Congregational Church. All members of the St. John's Club are urged to be present.

**Kincad District**

**By ROXLEY PAPPS, Correspondent**

For the Bannister United Methodist Church, a church rich in tradition and history, every gathering is a celebration of faith and community. This past week, the church welcomed visitors and friends from near and far, as a testament to its enduring spirit.

**Middletown**

**By Mrs. Warren Wende**

This week, the community of Middletown came together to celebrate a special event, reflecting the close-knit nature of the town.

**Southeast Eagle**

**By Mrs. Harold Sullivan**

The neighborhood of Southeast Eagle was abuzz with activity, as residents gathered for a joyous occasion.

**Westphalia**

**By Mrs. JOSIE FRENCH, Correspondent**

In the heart of Westphalia, the community thrives, fostered by the strong bonds that unite its members.

---

**Another 4-H Activity**

**By Mrs. Denise Bower**

The 4-H program at the Green Clover Community Club, a vital hub for young enthusiasts, flourishes with the dedication of its members. This week, the club hosted another exciting event, showcasing the boundless potential of youth.

4-H Leadermeme time of fun, learning for local club leaders

by Louisa Fritzsche

Founder Daily News

Every year the Clinton County 4-H has a Leadermeme which is designed to enable young people to show their leadership abilities. The contest is held in the homes of members and judged by a panel of judges who are familiar with the abilities of the individual. The contest is open to all 4-H leaders and youth who have completed at least one year of the program. The contest is open to all 4-H leaders and youth who have completed at least one year of the program. The contest is open to all 4-H leaders and youth who have completed at least one year of the program.

4-H dairy project has many rewards

BY SANDY MCQUEEN

4-H Clubs, HEAD, HEART, HANDS

There are many more bangs/bragging rights for the rabbit project that you can work with. As a result, it gives that incentive to those who work hard to develop their projects. There are eyes on this project, it is a good idea to keep this up with a bit of brainstorming and adding a bit of self or a small crowd. Ever thought about the benefits of raising a calf or a lamb, indeed, the amount of effort that goes into raising a calf or a lamb, you’d be surprised. You, yourself, have a calf or a lamb would. You’d be surprised how many markets are available. You’d be surprised how many markets are available. You’d be surprised how many markets are available. Action taken to ease handling of 1967-crop loan corn, says

John Dunkel, vice president of the Commodity Credit Corp., says action has been taken to ease handling of 1967-crop loan corn. He spoke at a meeting of the board of directors of the Federal Land Bank of Grand Rapids, Lansing, St. Johns, and DeWitt.

Ovid Park on Sunday

The John Nelson family met at Ovid Park on Sunday.

End of summer harvest

The end of the summer harvest is expected to begin this month. At the business meeting of the Department of Agriculture and Commerce for the area, the following members were elected: John Nelson, chairman; and Doris Wadwell, secretary-treasurer.

The meeting will be held at the newly constructed building.

The person who has no fixed address but is a member of the club was among the 4-H Teenage Club members who were present.

Kroger snack bar

The Kroger snack bar will be open on Saturday.

The turkey is a very beautiful and expensive animal that is often the focus of family gatherings. Its meat is often roasted and served as a main dish. It is a popular choice for Thanksgiving and Christmas meals.

There are many different ways to prepare a turkey, including roasting, boiling, or stewing. Each method requires different cooking times and temperatures. It is important to follow the instructions carefully to ensure that the turkey is cooked to the right temperature and texture.

Turkey should be cooked to an internal temperature of 165°F (74°C) to ensure that it is safe to eat. It is important to use a meat thermometer to check the temperature of the turkey in several different places to ensure that it is cooked evenly.

Turkey can be served with a variety of sides, such as stuffing, gravy, and vegetables. It is also common to serve cranberry sauce and other fruit-based condiments with turkey.

In some cultures, turkey is a symbol of abundance and good fortune. It is often associated with Thanksgiving and Christmas, but it can also be served on other occasions, such as birthdays and holidays.

Turkey is a good source of protein, iron, and vitamin B12, making it a healthy addition to a balanced diet. It is also a good source of other nutrients, such as tryptophan, which is believed to have mood-enhancing properties.

Overall, turkey is a versatile and delicious dish that is enjoyed by people of all ages and backgrounds. It is a popular choice for special occasions and can be prepared in a variety of ways to suit individual tastes and preferences.
**Clothing projects have far-reaching benefits**

By JUDY WHITLOCK

Fashion's Corner 4-H Club

With next weekend’s 4-H Fair beginning, America’s future is safe. America is a very impressive country, so we can be pretty proud of ourselves. As our children grow, we need to teach them the importance of good values and good citizenship. Light horse project becoming a favorite for 4-H’ers of all ages

By BYRNE JOHNSON

Double M Horse Bureau

The 4-H Light Horse project is rapidly becoming a favorite with 4-H boys and girls of all ages. It is a field in which bacon and eggs is needed. The problem is that 4-H members are responsible for doing almost all the work. This includes grooming, feeding, and cleaning equipment and supplies. 4-H members need to learn how to feed their horses properly. On-farm growing, and on the farm, does not mean that 4-H members can just feed their horses anything they want. The results you get are the same factors. The knowledge gained in the farm is carried on into the real world. Other than that, it is not to be used in the other classes. In 4-H, you are taught to use the correct materials for the job.

**Pledge of the 4-H Club**

I PLEDGE MY

HEAD to Clear Thinking for Better Judgment Tomorrow

HEART to Cleaer Loyalty to the United States and the Flag of Life

HANDS to Larger Service and for the Necessary Skill to Meet the Tasks That Are in the Future

HEALTH to Better Living and Greater Service

Here's Why We at Farmers' Mutual Are Behind 4-H Club Work and the Young Citizens of Clinton County:

- Through working together they learn the spirit of cooperation and teamwork.
- By demonstrating they gain valuable experience in public speaking and learning better ways to serve their community by informing others of improved methods.
- The 4-H members point the way to better citizenship and happier ways of life.
- The fine training provided the young people better prepare them for all phases of life.
- Through 4-H projects they acquire skills and knowledge of better methods for better living.
- They gain a better knowledge of today's problems and through their efforts develop pride in their accomplishments.

SDC directors hold picnic, discuss stream pollution

District directors of the Clinton County Soil Conservation District held their annual picnic and meeting at St. Johns Thursday July 28 and wound it up with a long discussion on pollution.

Junior directors, Junior members and friends attended the event, eating, fishing, playing and boating among the surrounding streams of the city.

Verne M. Bathurst, state conservationist with the U.S. Soil Conservation Service, spoke about the importance of clean water as an inheritance for the future. He stressed the need to conserve water and to treat it properly. Bathurst stated that the discussion on pollution will be continuing at their next meeting.

Everyone is concerned about the phosphates that are in our streams, but the phosphates that are in the soil are waste products that are being used as fertilizer. It is the phosphates that are in our streams that are a serious problem.

Bathing, fishing, junior directors and families at the pond in Lebanon Township July 28 and wound it up with a long discussion on pollution.

Clinton County Soil Conservation District directors and visitors talk over pollution problems at the recent SCD picnic. Clockwise around the table are Stan Bird, Don Brewbaker, Keith Wright, Clarence Manning, Russell Stilley, George Raitz, Bill Parker, Andy Collins, Bill Moyers, Robert Moore, Vem Southwell and Sue MacKiey.

Upward trend in state traffic death slows

The Michigan death rate in traffic accidents slowed slightly in July, with 199 in 121 lives, down to 1.64. This is the lowest rate of the year so far. The death rate, in turn, is slightly down to 1.64. This is the lowest rate of the year so far. The death rate, in turn, is slightly down to 1.64.

The six-month, toll was only 12 less than the 1,044 who were killed in the same month a year ago, and continues somewhat the July count.

Can we measure up

Space exploration is an awesome mystery to most of us. While it may sound far... What is this thing called 4-H? We all know from past contacts and from news... A look into the past.

Happiness is... logical spending

Your dollar will probably buy a little less next year than it did this year. The planned federal deficit for fiscal '69 will be around $3 billion-$5 billion more than expected. Despite the inflation and higher Viet Nam war costs are blamed. The red ink outlook would be a good deals less grim if our public officials could do a lot better job of planning. We have not done so. Many unbelievable projects pop to the surface of the federal budget and another one or two billion here and there. It seems the U. S. Public Health Service, as part of a $245,000 research project, published the surprising report that a... and so forth. It is not surprising that they discovered people were happy if they were healthy, had money, were educated and were young.

This thing called 4-H

News is providing space for 4-H members and leaders to show and tell a little bit about what this thing called 4-H is really about. 4-H is a happy blend of past and present activities. The 4-H school... produced for the commercial market. He is W. F. Rockwell Jr., chairman of the board of the North American Rockwell Corp.

As one who speaks from firsthand experience, Rockwell observes that technology... the running of the nation's moral and spiritual capacity. Be believes technology is acceler... try to make sense of change will come to be accepted... The question about progress will be 'how good?' rather than 'how much.'

Measured by sheer technical accomplishments, the space effort is bringing benefits... for outweighing dollars and cents costs. Again in Rockwell's words: "The nation's space program has brought more about than 50 other products and techniques that did not exist just 10 years ago. Coupled with military applications... It has paved the way for the fight against such diseases as cancer and malaria and for the population explosion, and the depletion of natural resources." Yes, the big question... by the technology to allow it to happen... But, in This Area We're Moving Up!

Michigan Mirror

Police role changing, Milliken tells chiefs' group

By the Observer

AMID the turmoil of violence in American cities, where the deep-seated racial tension in the nation's metropolises must recognize the role of state and federal police forces, the Michigan Association of Chiefs of Police is taking a leading role in determining the course of the turbulent period.

There is no doubt that the role of the police officer in America has changed in recent years. The police officer, who in the past was primarily a law enforcement officer, is now expected to perform many other functions.

For example, in the city of Detroit, the police department has established a special unit to deal with community problems. This unit includes social workers, psychologists, and other professionals who work with the police to solve problems.

The Michigan Association of Chiefs of Police has also been active in this area. For instance, the organization has been involved in the development of a program to train police officers in community relations. The program is designed to help officers understand the needs of the communities they serve and to develop effective strategies for dealing with community problems.

In conclusion, the role of the police officer in America is changing. The police officer is now expected to perform many other functions beyond law enforcement. The Michigan Association of Chiefs of Police is playing a leading role in this change. Continued efforts are needed to ensure that the police officer is equipped to perform these new roles effectively.
Conservation digest
A summary of Conservation Department activity, news around Michigan

Great Lakes Fisheries Commission. Work is under contract to the Department of Conservation for a 1968-69 control program of the Great Lakes Tributary Fishery Protection. Chemical treatment of Penthwater tributary to Lakes Superior, Michigan, and adjacent areas will be treated during the month marked, beginning of the next month. The control program is aimed at improving fishing prospects.

Thermals. Fishing prospects would come from a severe storm in late July. Thermals are doing well in the northern range, but wildfowl shooting is expected to be better than normal.

Alewive. A 1968 alewife dleoff has been forecast. People are asking about the bond issues which will appear on the November 5 election ballot. Results will not be available until mid-August. The Tourist Council is surveying tourist business so far this year and industry leaders look hopeful the upcoming hunting season will have the answer about mid-August.

Bear hunting. Open deer hunting in 1968: 27 per cent. L, P. Expected antlersless deer kill: 46,115—1968-69, 10,848 in the northern and 2,470 in southern counties. Total area open to hunting, 39,949 square miles—15,683 in the Upper Peninsula. Total area protected for the past three years. Department game and law enforcement officials would expect legislation to permit all antlerless deer, and regulations to be in effect 15 days after the season.

Wild turkeys. Wild turkeys are doing well in the northern range, but woodcock shooting is expected to be better than normal. People are asking about the bond issues which will appear on the November 5 election ballot. Results will not be available until mid-August.
