Donald Stump wed actress Patricia Pohl at Portland.

A double ring ceremony con­ducted by Rev. Dennis Free at St. Peter's Church in Portland united Miss Patricia Ann Pohl and Donald P. Stump, 55 Clinton Street, Portland. The bride is the daughter of Mr. and Mrs. Howard Stump, Portland, and the groom is the son of Mr. and Mrs. Robert P. Pohl, Portland. The Aug. 17 wedding was performed at 5 p.m.

Miss Patricia Pohl was escorted by her brothers, George and John Pohl. The rings were placed on the bride's hands by her brother, John Pohl, and Donald P. Stump, 55 Clinton Street, Portland. The bride wore a dress of white satin and a bouquet of orchids. Her wedding dress was designed by a local bridal shop.

Miss Patricia Pohl was married to Donald P. Stump, 55 Clinton Street, Portland.

William Oglebsbee weds Cynthia Jones

KRAMER- Cynthia Ann Jones and William Forrest Oglebsbee exchanged wedding vows before the Rev. Verne Quinlan in a single ring ceremony at the First Baptist Church, East Lansing. The wedding took place on Aug. 17.

The bride is the daughter of Mr. and Mrs. Forrest Jones, of St. Johns. The groom is the son of Mr. and Mrs. Forrest Oglebsbee, of Portland. The couple were married in the presence of family and friends.

The wedding party included the bride and groom, their parents, and other family members. The ceremony was held in the beautiful setting of the First Baptist Church.

A reception followed the ceremony at the home of the bride's parents. The couple enjoyed a wonderful day surrounded by their loved ones.

Ronald Tomlinson and Vicki Paseka wed Aug. 2

The bride was escorted to the altar by her father, Valentine Paseka. Matron of Honor was Miss Connie McHaffie, and bridesmaids were Miss Barbara Wise and Mrs. Mildred Paseka. The attendants were David Paseka, best man; Richard Paseka, usher; and David and Robert Paseka, junior attendants.

The ceremony was performed by Rev. Edward Konieczca at 5 p.m. in St. Cyril’s Church before an altar arranged with flowers and a chandelier and seated with chamomile, mums, ‘and white gladiolus accents. Mrs. K. Martin Brown, Mrs. John Brown, Mr. and Mrs. Henry D. Paseka, and Mrs. Mary Paseka were the witnesses.

The A-shaped cage covered a recessional arch as the wedding party passed. The bride, who was wearing a yellow dress with yellow accents and a gold and white wedding cake topped with roses and white carnations. The groom attended Central Michigan University and while in the service was stationed at Vandenberg Air Force Base, Calif. The bride is the daughter of Mr. and Mrs. Vernon Snyder of St. Johns. The couple will reside at 405 South Oakland. The couple will reside at 405 South Oakland.

The Charter Township of Bath

As a municipality, the Charter Township of Bath has the authority to enact local ordinances to address issues within its jurisdiction. The document provides information on the Ordinance of 1997, which is related to the structural modifications of buildings within the township. The Ordinance outlines the process for notifying owners or occupants of buildings that need to be repaired or altered, and the consequences for failing to comply with the requirements.

The document also includes a section on the Bath Charter Township Board of Appeals, which is responsible for hearing appeals regarding the enforcement of the Ordinance. The text provides information on the composition of the Board of Appeals, including the names of the members.

The Ordinance is enforced by the Bath Charter Township Building Department, which is responsible for inspecting buildings and ensuring that they comply with the requirements of the Ordinance.

In addition to the Ordinance, the document includes a notice to all property owners and occupants, informing them of the changes and amendments made to the Ordinance and the processes for compliance.

Overall, the document is a comprehensive guide to the Ordinance of 1997 and the processes for enforcement within the Charter Township of Bath.

Rodeo set for Charlotte

The Charlotte Motorcycle Club will sponsor a 4-hour Championship Saturday, 6-7 p.m. at the arena in Charlotte. The club is involved in motorcycle racing and has been in operation since 1967. It is a member of the American Motorcycle Association. The club has a membership of 100. This will be the first event of its kind in Charlotte.

The evening will be divided into four parts: admission of the scalers, round-up of the scalers, round-up of the scalers, and the big auction.

Fowler issues 17-0 playoff win

St. John’s Little League tournament winners gathered last week after their 17-0 victory. In back from left are Manager Rick Wood, Hubert Worsack, Tom French, Charlie Thelen, Terry Tucker, Mark Deventer, Len Helmholdt and Manager Stan Thelen. In front left are Paul Nordbys, Mark Kamper, Jeff Livingston, Scott Downing, Mark Rudy, Lynn Thelen and Pat Thelen.

Steve Riley is a Westphalia boy, Steve Riley, while in Akron, the champs, smoked their way into the other playoffs.

The tournament was the first regular season in a three-way tie for place.

The tournament was the first regular season in a three-way tie for place.

**CHECK GUARANTEE CARD**

A.C. KENDALL

**506-0-9**

**for people who want money when they want it**

Check-mate lets you write a check bigger than your balance. It also provides you with a Check Guarantee Card.

It's a new banking service that adds a line of credit to your checking account. If you qualify, we establish a cash reserve in your name. Then, whenever you write a check bigger than your balance, we automatically transfer money (in multiples of $500) into your checking account.

It's an automatic loan whenever you need it. Just write a check for the amount you need. You could be writing a check or a loan, only your banker knows for sure. You pay nothing until you start using your reserve funds. It gives you a check guarantee card that helps you cash a check anywhere, anytime. Use your Check Guarantee Card and you can look like a million dollars when you write a check.

- **State Police helpplads**

A guidance program for teenage drivers, while enjoying the sporting events during the 1969 Michigan State Fair will be provided by the Michigan State Police. Young people alone will be of great help.

I was greatly heartened that work by President Nixon's Commission for reform of our incredibly bloated public assistance system — "welfare" — program led.

The non-partisan, non-profit
by the Michigan Legislature in
of General Assistance Program
for the State of Ohio, the
of our "welfare" system.

Michiganders had an
years of full employment
and protection for the poor
now it is, these years have
of a leveling-off period, if it is to
it be. The recent increase in
prices of public newsletters
will continue to show a rapid
reduction in the years to come.
Moreover, Michigan's welfare
enjoyed an ever-sharper edge of
that rising price. The federal government,
which now loses about $47 of
our welfare costs, has prepared a
ruling on aid to Quinquincentine Children (DCP-240).

The Illinois Experience: From
Washington for any who may
be interested in seeing the
results of such a system. The
Illinois Experience shows us
what is possible when
welfare programs are
planed. In Illinois, the
clearly defined rights and
responsibilities of the
recipient and the
provider are
fully understood. This
results in self-sufficiency
for the welfare recipient.

In the federal government,
specifically the
Social Security Administration,
which is responsible for
welfare programs, there is
a clear division of
responsibilities. The
Social Security Administration
is responsible for the
administration of the
welfare programs, while
the states are
responsible for the provision
of services. This system
works well and
benefits the welfare
recipient.

In Michigan, the
trends are not so
good. The Department of
Social Services is
responsible for both
administration and
provision of services,
which leads to
confusion and inefficiency.

The Illinois Experience shows us
that by clearly defining
rights and responsibilities,
we can ensure self-sufficiency
for the welfare recipient.

In conclusion, the
Illinois Experience
provides a
model for Michigan to
follow. By clearly
defining rights and
responsibilities, we can
ensure self-sufficiency
for the welfare recipient.

Vets should convert policies
Robert M. Finfer, a
American Federation of
State, County, and
Municipal Employees (AFSCME)
officer in the Northeast Regional
Office in Detroit, says this
to the 185,000 Michigan veterans
today. Finfer notes that
veterans who have not
recently served in the Armed
Forces may be
eligible for veterans
benefits, but they need
to check with the local
veterans service officer
for more information.

"Most veterans in Michigan
have not received benefits
in a long time," Finfer says.
"But they may be
currently eligible for benefits.
Veterans should check with
their local veterans service
officer to see if they are
eligible.

Finfer notes that veterans

What makes them happy?

In our experience they’re our place where you can be sure of being happy forever. It isn’t the bank—though certainly we have great respect for our bankers. These people look intent, busy, serious with the financial responsibilities of life. No, it isn’t in that ball game. There we are in our joy in Monticello when Major Capacity met us.

But where do you go to church? You are so many happy hours! It is truly through people had left their troubles behind them... they dear... their worries... their little sadness and great sorrows.

Yet we know that we are can really love those behind them. They are part of our life—and our life goes with us wherever we go.

But church in a place where we can come to share their burdens with someone else... someone who cares... who helps... who strengthens.

And this kind of sharing—between man and God—has always been the root of true happiness.
**Agriculture Action**

New Holstein bull, boy-1410017, becomes effective Jan. 1, 1968, as a sire for registered Holstein breeders. This information was used by the Gold Medal Sire ranks after having achieved a certain level of body conformation and production performance. USDA calculated the information three times each year. These facts are used by the Holstein Association, in cooperation with USDA, evaluators to determine the performance of Holsters. The most recent issue of Registered Holstein Association, Inc., appoints John Hecker Jr., sire analyst, for Michigan Animal Breeders Cooperative, Inc., for the last year. The bull, KierdalelndaButterfly, was permanently joined at DeWitt Lumber Co. (Albi!)

**State Holstein gold medal sire**

Recognition is a Gold Medal Sire by the National Holstein Association. A Gold Medal Sire has been awarded to the Michigan State University's Holstein farm in Menominee. The bull, KierdalelndaButterfly, is figured. USDA calculates the average type scores for age and body conformation. The reward is annual. The Gold Medal Sire ranks its cows by giving them a higher score for their type and production. The bull, KierdalelndaButterfly, has been an outstanding source for Holstein breeders. The Gold Medal Sire ranks have an excellent performance in the U.S. and the world. The bull, KierdalelndaButterfly, has been a key player in the Holstein breed's performance in the U.S. and the world.

**Fair Ag Day explores eating habits**

The 1,170-year production and the 9,100-year production by the Michigan State Fair. The Michigan Holstein Association appoints John Hecker Jr., sire analyst, for Michigan Animal Breeders Cooperative, Inc., for the last year. The bull, KierdalelndaButterfly, was permanently joined at DeWitt Lumber Co. (Albi!)

**Now on Display**

Candle Carpets are being displayed at DeWitt Lumber Co. Bristol Carpet Mills, Inc. *Outdoor* "Shing" Bedding is being displayed at DeWitt Lumber Co. The new Holstein bull, KierdalelndaButterfly, has been an outstanding source for Holstein breeders. The Gold Medal Sire ranks have an excellent performance in the U.S. and the world. The bull, KierdalelndaButterfly, has been a key player in the Holstein breed's performance in the U.S. and the world.

**1970 Prices Have Increased**

The latest figures show that the population was more than 30 million. We require fewer and fewer workers to man them. In 1930, the farm population was about 43 pounds. We require fewer and fewer workers to man them. In 1930, the farm population was about 43 pounds.

**Simplicity is on the way**

The occasion was the first 120th Michigan State Fair. The Michigan Holstein Association appoints John Hecker Jr., sire analyst, for Michigan Animal Breeders Cooperative, Inc., for the last year. The bull, KierdalelndaButterfly, was permanently joined at DeWitt Lumber Co. (Albi!)

**Lawn & Garden Headquarters**

GRASS SEEDS LAMP TILLERS

Rules and entry blanks will be distributed at the State Fair which ends Sept. 1. They liked best. Other prizes for second and third place were also awarded. The winners were announced at the State Fair which ended Sept. 1.

ACCOUNTING...increased loyalty to the business. This results in a significant increase in the number of people who choose to work there. It also helps employees feel more comfortable asking for raises or promotions, knowing that their efforts will be recognized and rewarded.

To improve this level of accountability, a new system of tracking and monitoring performance metrics has been implemented. By identifying key performance indicators (KPIs) such as customer satisfaction scores or sales growth, managers can measure progress against goals and make adjustments as needed.

Employees are now required to set quarterly objectives that align with these KPIs. Regular one-on-one meetings between managers and team members allow for transparent communication and ongoing feedback on performance.

In addition, a performance management program has been launched. This includes quarterly reviews, 360-degree feedback, and ongoing training opportunities. These measures help ensure that everyone has the skills and resources needed to contribute to the company's success.

Overall, these changes have led to a culture of increased accountability and responsibility throughout the organization. As a result, teams feel more empowered to make decisions, and individuals take ownership of their work. This has not only improved customer satisfaction but also contributed to higher levels of engagement and retention.
Fieldwork makes good progress

Fieldwork made good progress during the first full week of fall sown wheat and oat crop reporting. A special meeting of the American Society of Agronomy was held at the Grand Hotel, Madison, Wis.

Dr. Martin J. Bukovac, Director of the Ag Statistics Reporting Service, reported on this date. About 15 percent of the crop is in the head and one-third is ripe. Wheat harvest reached 20 percent complete by this date. Harvest progress was continued for about three days behind last year. About 15 percent of the crop was harvested last year during this period.

By applying the experimental chemical 2-chloroethylphosphonic acid, soil moisture supplies were generalized to all fieldwork, ranging from alfalfa to sweet cherries. Reporting Service. Almost five additional benefit of allowing a grower to program his harvest.

Tart cherry harvest reached about 10 percent complete in the central area of the State. Soil moisture supplies were generalized to all fieldwork, ranging from alfalfa to sweet cherries. Reporting Service. Almost five additional benefit of allowing a grower to program his harvest.

The new look in clothes. Come in soon and see how Buster Brown's shoes complete the new look in clothes. By applying the experimental chemical 2-chloroethylphosphonic acid, soil moisture supplies were generalized to all fieldwork, ranging from alfalfa to sweet cherries. Reporting Service. Almost five additional benefit of allowing a grower to program his harvest.

A pilot system for sewage and water treatment was in operation in St. Johns recently and city officials were given a first hand introduction into It operation. The system was brought to the city to exhibit its ability to separate water from sludge at the city sewage plant so that effluent would be pollution free. The equipment also can be employed to separate line from the city's water supply. According to City Clerk Tom Hundley no official action is planned to acquire the equipment pending further discussion and consideration of the pilot program's findings.

Fowler schools plan opening

Preliminary planning continues for the opening of the school year in Fowler, for the planting and school facilities. School will be in full-time opera-

tion on Sept. 2. Fowler schools plan opening.

Residents of DeWitt Township will have much soul searching to do in the months before November's general election. Voters there will have the chance to decide on two issues which will have great bearing on the growth and development of their area as well as the rest of the county.

Recent weeks have brought forth the fact that a group of local residents among Lansing officials for the relocation of the Diamond Bee plant at a site which will require a portion of their property.

This development comes in the face of earlier this year which will bring about residents voting to become incorporated as a city.

In the light of a Reo relocation, the vote this November will be most important for a dent to become a city would open the door toward accomplish the possibilities of the plant relocation. To affect such a change adequate sewage and water facilities must be present and currently such service can be provided only through existing Lansing utilities. If DeWitt Township residents vote in favor of becoming a city, the sanitation and extension of utility lines cannot be accomplished. If a vote indicates a lack of desire to become a city there is a strong possibility that at least a portion of the township may ultimately be annexed into Lansing.

A tax dilemma and residents of the area should think deeply on the implications of both possibilities and the long range effects on the future. Political and social developments in DeWitt will greatly extend regardless of the choice.

Cigarette smoking has more and more come into the limelight and sufficient evidence exists to support claims that the practice is harmful to health. However, we fail to see the necessity for deeper moral or advertising campaigns to discourage smoking.

In our opinion the role played by government should not surpass that of measurements of findings relative to tobacco as they relate to the health of citizens. Promotional or advertising campaigns to discourage smoking seems to be the most acceptable method to legislators to direct efforts toward passage of laws and directives banning smoking or manufacturers' promotion of cigarettes seems to be treading legal toes on moral soil. A combination which already has caused many of our statutes to lack effective foundation.

At present, despite its obvious harmful effects, smoking is a practice pursued by many of all ages and understanding to all levels of government. Activities are designed to discourage smoking. In our opinion the role played by government should not surpass that of measurements of findings relative to tobacco as they relate to the health of citizens. Promotional or advertising campaigns to discourage smoking seems to be the most acceptable method to legislators to direct efforts toward passage of laws and directives banning smoking or manufacturers' promotion of cigarettes seems to be treading legal toes on moral soil. A combination which already has caused many of our statutes to lack effective foundation.

What is the most common activity for the month of August?

The "GOO OLD DAYS"

(Do you remember?)

This Chamber of Commerce Stork Race was held on the opening day of classes 66 years ago and at that time the half-mile track was considered the best in Michigan. Forgrounds were located on the corner of 5 Mile, Livernois and Townsend Road and long-time residents of the area can recall some exciting races held there. The race was won by George Briggs (inset) who rode Tommy G to victory. This photo was contributed by Clinton County Record Clarion, no date available.

Mom assails court action on her son

Dear Editor:

My son is 17 years old and has spent three years in the Clinton County Jail. He has just been sentenced to a total of 28 years in prison. The sentence was based on a prior record of delinquency.

I am very disappointed with the action of the judge. How can a juvenile be treated as an adult?

Do you have the information to help me? I would like to appeal this conviction. I can be reached at the address below.

Sincerely yours,

Mrs. Robert D. Smoker

AUG. 17, 1944

Visiting in Detroit. Robbed at gunpoint while returning home from bowling with questions like that? I am not surprised or disappointed. As a Negro I have been in many situations that led to this imprisonment. I have served as the origin for myCRY.

These shoes hurt! I'd say, and then there was a silence. I'd then look on at the hands covering the foot when they became heavy leather, moccasin-shod. There would come a short, quick intake of air and a quick shift of the foot to the other side. The foot which had been, while being covered by the shoe, would become limp and unmanageable, and when the shoe was taken on the other side, it would become firm. There was always a cry.

It was 11:56 when we entered the court. It was 11.30 when we left. We had been there three hours and the case was not even mentioned. It was 11:56 when we entered the court. It was 11.30 when we left. We had been there three hours and the case was not even mentioned. 

And I am not surprised or disappointed. As a Negro I have been in many situations that led to this imprisonment. I have served as the origin for my CRY.

These shoes hurt! I'd say, and then there was a silence. I'd then look on at the hands covering the foot when they became heavy leather, moccasin-shod. There would come a short, quick intake of air and a quick shift of the foot to the other side. The foot which had been, while being covered by the shoe, would become limp and unmanageable, and when the shoe was taken on the other side, it would become firm. There was always a cry.

These shoes hurt! I had just spent the last 11 years in the sun and sky, the sea and sand on the beaches of Jeju Island, and the winds and rains of the tropics. But the shoes hurt! I thought to myself, "This is not the life for me."

Naturally there's always a dislike for cats. I can't say I was ever a big fan of cats, but I can't say I wasn't interested in them. I always liked the way they moved, the way they purred, the way they looked at me. But the shoes hurt! I thought to myself, "This is not the life for me."

There are, in fact, a growing number of St. Johns people who were spent in Saginaw and, for the regimen of education, the opening day of classes. For the first time in many years I went home for the opening day of classes. For the first time in many years I went home for the opening day of classes. It was like going home, except that the shoes hurt! I thought to myself, "This is not the life for me."

The fact that back to school does to the foot be bought. There .

Rural on-job training, education program set

Nearly 450 rural residents of nine states will be enrolled in an on-the-job training program under the auspices of the Cooperative League of America, Inc., according to George P. Sharp, league president. A full-written purchase agreement has been signed by the league and the Federal government for training of 370 rural and semi-rural persons in 11 States, not including Montana, where 100 workers will be expended for administration of recreation areas.

The Cooperative League will manage the project. The league is a group of 1,200 local organizations in the United States. It functions on a voluntary basis and is concerned with rural improvement of privately owned or publicly owned properties in rural areas in 11 States, not including Montana. The league will provide an additional $66,000.

Under the new agreement, Federal funds amounting to $35,895 will be expended for administration of the program at the national level; the rest of the funds will be expended for administration of the program in the States. In addition to the $35,895, the league will provide $30,000 and the States will contribute the balance.

The Cooperative League will train at least 60 persons in each rural area in the United States on the job to train others. The league is expected to train 60 persons in each of the States and provide the trained persons with employment in the States.

The current bill for the first of the projects is for $10,000. The program will be started in 1969 and will be completed by 1970.

Garden City, a subdivision of the Cooperative League, will provide the funds for the program.
