County may join airport authority to halt Lansing annexation bid

by The TOOMAN

ST. JOHNS—By a unanimous vote Friday, the St. Johns City Commissioners agreed to accept a federal funding grant of almost $1.3 million for an airport access road. The project is scheduled for late 1974 or 1975.

ST. JOHNS—A man who was arrested Friday, was convicted of second-degree murder in Eaton County Circuit Court. The defendant, who was 25 years old, was sentenced to 15 to 30 years in prison.

Joey and pal friendship saved

ST. JOHNS—Joey loves Corky. Joey, a Lansing native, and graduate of Eastern High School, is an assistant personnel manager at Federal-Mogul Corp. of Everett High School, is assistant personnel manager at Federal-Mogul Corp.

Harrison named to chamber post

ST. JOHNS—A week before the beginning of the 1971-1972 school year, Keith Harrison was elected to the Board of Education of the St. Johns Area School District.

ST. JOHNS-The St. Johns City Council has kicked off its new session by hearing from the supervisors of the township of St. Johns. The city council has also decided to study the effects of Lansing's annexation bid on the city's finances.

Love for Joey Mantia is affection for his dog Corky. Love was possible because someone took the time to donate the 12 pints of blood used by Joey when he had open heart surgery last February. On Thursday you can show your love for people like Joey. You can give a pint of blood at the bloodmobile.

Street gift tabbed by commission

ST. JOHNS—The St. Johns City Council has decided to accept a federal funding grant of almost $1.3 million for an airport access road. The project is scheduled for late 1974 or 1975.

Garver Shepard, head chairman, said that the city would like to see more of the grant money go towards improving the city's infrastructure, such as roadways and sidewalks, rather than just the airport.

The commission also decided to study the effects of Lansing's annexation bid on the city's finances.

Mrs. Humphrey wins Elk Rapids golf tourney

ELK RAPIDS- Mrs. Helen Humphrey won the Elk Rapids Golf Club Championship for the second consecutive year.

South Christian defeated all other schools in the city six to three in the junior varsity golf tournament, staged by the Junior Girls Club.

The program figures released last week showed a high average in performance of local pupils.

In rating students, the program figures would show the percentile rank in the top 25 percent of all schools. The program figures were made public at S. S. Reynolds, who headed the study.

No. of students meeting the requirements of the program figures is 3,300.

In the performance on attitude toward school, St. Johns fourth graders ranked 42 statewide and 39 against like communities.

Area student is assistant at GVSC

ALLENDALE-Oyer 1,000 entering freshmen and approximately 500 transfer students are participating in one and two day orientation programs at Grand Valley State College this summer.

Developed by GVSC's student services, the programs provide an introduction to the college; tours of campus facilities; participation in placement testing; course schedule planning and pre-registration. Entering freshmen arrive on campus in groups of about 100 each Sunday evening and remain until Tuesday afternoon.

Transfer students take part in one-day orientation sessions during which time they are assisted in planning their future courses of study.

GVSC student assistants, in the orientation program meet the groups to discuss college life from their point of view, and serve during the sessions and throughout the upcoming year as aides to freshmen in their adjustment to college life.

The Grand Champion steer at the 1971 Clinton County 4-H Youth Fair was raised by Mark Walsh, of the Englewood Club. The animal, a Charolais Cross, weighed 900 pounds and sold for 60 cents a pound and was purchased by the Production Credit Association and the Federal Land Bank. Representing PCA is manager Bernard Miller and representing the Federal Land Bank is Jim Boton, manager at Ithaca.

MSU students training in ghetto

RAnn Lowensohn-Michigan artists, when awarded a grant by Michigan State University, will be offered one workshop in the ghetto.

"The ghetto is the arena in which the artists will be trained," in social and political action and the media to reveal the social and health problems of the ghetto, said Dr. John Brass, chairman of the Department of Anthropology.

The course, conducted by the MSU Department of Criminology and the Department of Anthropology, are available from the Michigan Tuberculosis and Respiratory Disease Association to the artist of the 1973 Christmas Seal.

The Jaycee-sponsored event features 12 entries during the preliminary round and the semi-final round 8-10, 7-5, 4-2. The other 4 rounds are 8-4, 9-7, 7-5 and 4-2.

The Misses Diane Mulder and Janet Stanton recently left by their granddaughter, Mrs. Sally A. Conklin of Ovid (left), and Miss Sharon Derby (right), both of St. Johns, join the Eaglelites Club. The animal, a Charlois Cross, and was purchased by the Production Credit Association located 1/2 west of Elmlra, Mich., on M-32.

The bride-elect is the granddaughter of Mr. and Mrs. Frederick Rasmussen of Owosso and assisting as maid of honor and bridesmaid, Miss Cella Remus, both sisters of the bride. The attendants wore identical yellow and peach-floral style of the dresses matched the hemline of the gown. An embroidered lace headpiece with peach ribbon accented the front and the lace of the dresses matched the hemline. The bridesmaid held a bouquet of white carnations accented with a circle of pink mums. "One Hand, One Heart" and "The Wedding Prayer" were sung by the choir. A recessional of "United We Stand" and "America the Beautiful" was sung by the choir. Following the ceremonies a reception was held in the church hall.

The bride is a 1970 graduate of St. Johns High School and the groom is the son of Mr. and Mrs. Bud Church of Spring Lake. The wedding is set for the fall of this year. Cucumber yields increasing

ST. CROIX — Farm administrators at the St. Croix County Agricultural Experiment Station in Chippewa Falls are examining the cause of a notable increase in cucumber yields this year.

The experiment station has been performing cucumber research for several years, but this year's yields have been particularly high. According to Dr. Jim Ritter, a research scientist at the station, the increase can be attributed to several factors.

Firstly, the weather conditions this year have been ideal for cucumber growth, with plenty of sunshine and adequate rainfall. Secondly, the use of new, genetically modified cucumber varieties has contributed to the higher yields. These varieties are resistant to certain pests and diseases, allowing for better crop production.

Ritter also mentioned that this year's yields are not just a one-time increase. "We are seeing consistent yields year after year with these new varieties," he said. "These are promising results that could potentially lead to increased cucumber production in the future."

Bloodmobile drive

ST. JOHNS BLOODBLOODMOBILE AUGUST 26, 1971
Tom Haverty, long time Clston
County resident, has received
300 pints of blood.

Some years ago an article was
printed in this newspaper about
Tom. At that time he had re
ceived 46 pints of blood.
The number of local people who
need and use blood is increasing.
By using the Bloodmobile we
are able to get the additional
blood that is necessary.

Institutional lag

By. SEN. WILLIAM S. BALLENGER

As I pointed out in my column last week, many Americans have come to regard our nation's governmental system as either inefficient or corrupt. This impression is particularly true of the national government, but it is also shared by a significant number of state and local officials.

In this era of technological advancement, it is easy to overlook the importance of government and the services it provides to the people. Yet, as we all know, government is essential to the smooth functioning of our society. It is responsible for maintaining law and order, providing public services, and regulating commerce.

In the past, our government has been criticized for being slow and bureaucratic. However, I believe that this criticism is unwarranted. While it may take time to complete certain tasks, the government is working hard to improve its efficiency and effectiveness.

Overall, I believe that our government is doing an excellent job. It is important that we continue to support and strengthen our governmental system, so that it can continue to serve the needs of our citizens.
