Our Thanks . . . .

To the many people in the St. Johns-Clinton County area for the support you have given Kurt’s Appliance Center the past four years. This past Friday, August 22nd, we opened our new store in St. Johns, just across the street from the old store. Our new location will provide us with much improved service facilities - a greater parts inventory - and a larger, more spacious showroom.

We at Kurt’s realize this move would not be possible without your support and we pledge to you our continued effort to offer you the best possible variety and selection of new appliances by General Electric at the lowest possible price, plus a continuation of our policy of fast, efficient service when you need it.

We invite you to stop in and look around. Just having you here will make us feel at home!

By CLAUDIA McHUGH

"It was worth it," said Carol Morriss, "for a change of scenery and a chance to meet new people."

Shari said, "I wanted a small school even though books," Carol added.

"Being more demanding, that's for sure," said Carol.

"It was a great experience," said Carol, "for a change of scenery and a chance to meet new people."

Frank Campbell Jr. weds Carol Ann Eisler

Miss Carol Ann Eisler, daughter of Mr. and Mrs. Frank Eisler of 871 S. Clinton street and Clinton Friends Church, was united in marriage to Frank Campbell Jr. in the church at 8 p.m. Saturday, Aug. 16. The Rev. William W. Haskins, Clinton Friends Church, officiated. The bride wore a demure white wool and lace embroidered gown with a tri-cornered veil. She was escorted by her father, Raymond Eisler. The matron of honor was Mrs. Judy Walker. The bridesmaids wore similar gowns. The attendants wore identical gowns in pastel colors and the junior attendants wore similar dresses in a white and pink color scheme.

A shower was held in the home of Mr. and Mrs. John Phinney for the couple on Aug. 23, at 7:30 p.m. at the Bingham Grange Hall. The couple will reside in Hubbardston.

Mrs. Eisler selected a pastel hydrangea bouquet and the bridesmaids carried similar bouquets in shades of white and pink. The reception was held in a large room in the Grange Hall.

The happy couple will spend their wedding honey moon in Delroy, Ohio. They will reside in Hubbardston. The family will be honored at a reception at the Svedeh House in Hubbardston.

It's first class from pool to library

EDITOR'S NOTE: This is the second in a series examining the new high school to open in St. Johns this fall. In this article, writer Claudi McLoughlin describes the library in the round, the Olympic swimming pool and the unique parking lot which may be converted for several functions.

The library are 18 rooms including offices, store rooms, work rooms and display rooms. An office for the librarian has been added. There will also be a vault room for the storage where books can be locked.

A classroom near the library will accommodate 30 students. Encircling rooms will also include a professional library for the school faculty.

The east end of the pool will be the shallow end and will be about a third about the length of the pool, "says Lancaster. The west end of the pool will be 75 feet long for swimming to the Olympic size of the pool."

The sides of the pool are in tile and the bottom of the pool is covered with protective rubber at the bottom of the pool. The east end of the pool will consist of a swimming pool and can be used for beginning driver's practice for football halftime shows. Various marksmanship exercises will be put on the lot for the band to practice in.

If the students want it and we can get the necessary materials, we may be converted for a team we will have one. If the students want it and we can get the necessary materials, we may be converted for a competition team in the area," says Lancaster.

One of the biggest new features of the high school is the Olympic pool. The pool is 60 by 30 by 9 feet wide. "It's very particular about what the length of the pool," Lancaster says. "It has to be at least 10 feet long for swimmers, longer for competition and about 6 feet deep."

The side of the pool are for the students to overlook the pool side and the bottom of the pool is tiled. The east end of the pool will consist of a swimming pool and can be used for beginning driver's practice for football halftime shows. Various marksmanship exercises will be put on the lot for the band to practice in.

A deep, regulated swimming pool can't hold its water yet. According to Lancaster, the pool will be ready for students, but the swimming pool can't hold its water yet.

CLINTON COUNTY NEWS, St. Johns, Michigan Wednesday, August 27, 1969
Grade school opening to be close in Fowler

A special program to move in on Thursday night is in the making. The total cost of the school will be about $150,000. The children will be in their new home by Friday morning.

Construction has been finished with the exception of the office area, which will be completed by Tuesday. The office is located in the main entrance and will be occupied by the school principal, teachers, and staff.

**Fulton schools open Tuesday**

Schools will stretch the opening due to maintenance work on the school. Although all classrooms have been completed, the maintenance work has pushed the opening date back.

Schools will be in session by Thursday morning, with the opening ceremony scheduled for that day.

**United Fund plans progress**

Funds are being raised for this year's United Fund drive, which is expected to exceed last year's total. The funds will be used to support local charities and non-profit organizations.

**WATER BILLS INCREASED**

Water rates in the town of DeWitt have increased due to the cost of repairs and maintenance. The new rates are effective immediately, and residents are encouraged to conserve water.

**Schools in DeWitt open Sept. 3**

The official opening of the school year will be on September 3rd. The school will be open to all students from 8:30 a.m. to 3:30 p.m.

**BASEMENTS**

If you are building a basement, make sure to consult with a professional contractor to ensure it is properly constructed.

**BUY BEST BEES**

If you are looking to purchase bees, make sure to visit your local beekeeper or a reputable supplier. They will be able to provide you with the best bees for your needs.

**ADDITIONS**

For more information on additions, contact a local contractor or consult with a home improvement expert.

**GRAND OPENING**

The Grand Opening of the new building will be held on Saturday, October 1st. The event will feature live music, food, and tours of the facility.

**INCREASE LIVING COMFORT—REMODEL NOW!**

Remodeling your home can increase your comfort and add value to your property. Contact a local contractor for a free estimate.

**KITCHEN REMODELING**

Kitchens are among the most popular areas for remodeling. Contact a local contractor for a free estimate.

**BASEMENTS**

Building your own basement? Contact a local contractor for a free estimate.

**BEST BEDS**

If you are looking for the best beds, make sure to consult with a local bedding expert. They will be able to provide you with the best beds for your needs.

**OFFICERS ELECTED**

At the annual meeting of the Clinton County News, held Aug. 22, 1969, the following officers were elected: Mrs. Robert Valentine, president; Mrs. Ronald Valentine, vice-president; Mrs. Robert Valentine, secretary; and Mrs. Robert Valentine, treasurer. Mrs. Robert Valentine, a former member of the newspaper's board of directors, was elected to fill the unexpired term of her husband, who died earlier this year. Mrs. Robert Valentine, who has served on the board for many years, will continue to work with the newspaper full-time.

**BEAUTY HELD**

The annual beauty pageant, held in the city of St. Johns, Michigan on Aug. 20, featured a variety of contestants. The winners were Miss Betty Green, Miss Susan Brown, and Miss Mary Jones. Miss Betty Green was crowned Miss St. Johns 1969 and will represent the city in various beauty pageants throughout the state.

**RODNEY BROWN AWARDED CERTIFICATE**

The annual Roden Brown Award, given to the author of the best humorous essay, was presented to Mr. and Mrs. Norman Brown of Fowler, for their essay on the "Gospel According to Peanuts," which won first prize in the contest. The award carries a cash prize of $500, which is presented to both Mr. and Mrs. Brown. The contest is sponsored by the Clinton County News and the local chapter of the National Federation of Republican Women.

**WISHING COLLEGE OF GRAND RAPIDS**

The annual College of Grand Rapids Scholarship, given to the student who has shown the greatest improvement in scholastic achievement, was presented to Miss Mary Smith of St. Johns. Miss Smith, who was selected from a pool of over 100 applicants, has shown a marked improvement in her grades and is a member of the National Honors Society.

champ.

He was acquitted on official reg­
ulations, received his racing
license at Derbytown.

The camp was fully equipped
with a rifle range, horses, ath­
letic field and ham­on—most
important, the food was good.

A "lot of fun," was Riley's re­
ference to the other champs, and
his team.

When the Westphalia lad and
his parents arrived at St. Johns
Bowling headquarters in
Alba, a strain soon was on hand
to great heights.

Steve Riley was on his way for­
ishing his 10-year-old clothes and let not satisfaction.

By the time Riley arrived, he
was ready to go. Riley had
untyped to communicate
with any unauthorized personnel, and to
the races.

The Lewis was fully-equipped
with a rifle range, horses, ath­
letic field and ham­on—not
most important, the food was good.

Strike up the band: football's coming

The beginnings of autumn sounds are not timid.
They begin with a throbbing whistle, a crisp rumble of drums, crescendoed cymbals, grating tubas, singing reeds and brass.
They're a high school marching band in August—like St. John marching band last week at Michigan State's annual clinic.
- It's practice, precision and discipline.
- Because it's almost football time.
- And your guys are number one.

New coach at P-W

Harry Pearson, head basketball coach at Pewamo-Westphalia High School, has been named head football coach at P-J.

INTRODUCING
CHECK·MATE:

for people who want money when they want it

Check·mate lets you write a check bigger than your balance. It also provides you with a Check Guarantee Card.

It's a new banking service that adds a line of credit to your checking account. If you qualify, we establish a cash reserve in your name. Then, whenever you write a check bigger than your balance, we automatically transfer money (in multiples of $100) into your checking account.

It's an automatic loan whenever you need it. Just write a check for the amount you need. You could be writing a check or a loan, only your banker knows for sure. You pay nothing until you start using your reserve funds.

It gives you a check guarantee card that helps you cash a check anywhere, anytime. Use your Check Guarantee Card whenever you want to cash a personal check. We'll see that your checks are honored for amounts up to $100.

Call or visit to find out if you qualify.

Be one of those people who have money when they want it.

The basic freedom of the con­sumer’s right to choose what he wants to watch on television is at stake in the NBC-Disney battle. Ultimately, it is the consumer who is losing, not the advertising agencies, the networks or Disney. The consumer is losing because he may be deprived of television programs that he wants to see. Many people prefer Disney programs, and if Disney is not allowed to continue its programming on NBC, the consumer will be deprived of programs he enjoys. If the consumer is denied the right to choose, television will cease to be a medium of service to the American public.

In the mid-60's the consumer was given the right to choose by the FCC on the issue of local television stations. That right was lost. The consumer is now being denied the right to choose by the networks. If the consumer is given the right to choose, he will be able to choose his favorite programs. If the consumer is not given that right, he will be denied the programs he wants to watch. The consumer must have the right to choose.

THE linear view is a narrow, one-dimensional, 2-dimensional view of the world. The consumer can no longer choose what he wants to watch because the networks and Disney are not willing to provide the consumer with the information he needs to make an informed choice. A broad, 3-dimensional viewing strategy is needed. The consumer must be able to choose what he wants to watch. If the consumer is not given the right to choose, television will cease to be a medium of service to the American public.

The consumer is losing, not the advertising agencies, the networks or Disney. The consumer is losing because he may be deprived of television programs that he wants to see. The networks and Disney are not willing to provide the consumer with the information he needs to make an informed choice. The consumer must have the right to choose.

My and Mrs Harold Thompson and family are often the guests of our friends and neighbors. They enjoy the warmth and comfort of our home, and we enjoy their company. They are always welcome at any time. My wife, Mrs. Thompson, and I, with our children, always welcome guests with open hearts and arms. We share our food, our music, and our love with all who visit us.

We have a beautiful garden with flowers of all colors. We enjoy walking through it in the spring and summer months. The flowers bring a sense of joy and happiness to our lives. We also have a pond in our yard where we feed our ducks and geese. They love the water and the food we provide for them.

Our home is always open to our neighbors and friends. We host parties and gatherings, and we enjoy spending time with our family and friends. We feel blessed to have such a wonderful life and hope to continue sharing our love and joy with others for many years to come.
Next Sunday In Clinton County Churches

All churches in Clinton County are invited to send their weekly announcements to The Clinton County News. They must reach us by 5:00 p.m. Monday to be used in the ensuing publication in the current week's issue.

St. Johns Area
First Congregational Church
Services at the Church, in case you haven't noticed, is keeping up with the times far better than a walk. Sometimes we are apt to think that certain books, traditions and ideals cannot be grouped as modern or old-fashioned! The Church is ready to face tomorrow. Why not go next Sunday and see for yourself?

Left Facing Traffic
A favorable report

A recent financial report submitted to the Clinton County Board of Supervisors was one which should have brought a sigh of relief from taxpayers. It was one accounting of a tax precedent situation that provided encouragement from the standpoint of revenue tax report and the report was favorable despite costs of initiatives.

The report was submitted by Judge Robert A. Corley and covered the fiscal year's activities of the newly formed District Court.

In a letter to Judge Dagypally's committee to the Board of Supervisors, general opinion tended toward speculation that the court’s once in operation would be little apt to pay its way, but expense-income figures for the year, judged inclusive, showed that combined agencies shared in a total of $604,041,71 taken in by the court. Approximately one-third of the money went to the Clinton County general fund and collected court costs.

According to Judge Dagypally the first six-month period of operation for the court provided a break-even status and in face of costs incurred for establishment of the court a favorable outlook for the future can be expected.

In these times any new division of government which can boast as one ever operation where the court must be furnishing with just an as to the taxpayer.

We're ready

Back Home... again.

We've been away ever so slightly and have returned to the home that still feels like it from the wonderful color schemes and the charm of the coming of football. There are few sports that blend with their seasons as does colorful football.

The excitement of autumn is enhanced by the fervor and enthusiasm for football. From school and community games and turnouts across the country, yard and stretch across the map. Football brings to life the spirit of the land.

Along with the attractiveness of the sport comes the appeal of the handsome football player. Our local player, who will be in the limelight during the opposing homes with the swiftness of a spey; the lumbering pile driver of the line of scrimmage. We must be aware of their presence, either as the high school. With the coming of fall, the Saturday afternoon or the levee turn all day Sunday.

Like thousands of others across the country our nerves are atwitter in anticipation. The football games have come out of retirement for everyone who has been around and O.J. has signed with the Bills (as he, but no one else, knew he would). Our favorite team, the Michigan State University football players are starting their search and if someone thinks to reach them the season just might hold all we expect.

Even if it doesn't, we're ready for it.

Michigan MIKROGRAM.

Pollution threat

by Elmer E. White

The world from time to time becomes polluted by chemicals entering our environment. In October of last year, the first known time our waters were attacked by the oil tanker "Torrey Canyon." The world learned that the Torrey "Canon" was in the oil spill of the sea. But to many persons today, the Torrey "Canyon" was made more popular by the "Goodman's" sparkling advertising campaign, a name that still rings in the ears of the people.

Today, over 11,000,000 persons are active in organizations that are collecting the funds to keep the waters clean of oil.

The "Goodman" who heads the campaign is a name that is not only known to the public, but also to anyone who is active in organizations that are collecting the funds to keep the waters clean of oil.

Just as many threats as those against the oil spillers there are threats against the oil spillers. These threats are against the oil spillers who are threatening the waters and are endangering the lives of many people.

Just as many threats as those against the oil spillers there are threats against the oil spillers. These threats are against the oil spillers who are threatening the waters and are endangering the lives of many people.

Just as many threats as those against the oil spillers there are threats against the oil spillers. These threats are against the oil spillers who are threatening the waters and are endangering the lives of many people.

Wednesday, August 27, 1969
The breakthrough has been made... thanks to American labor!

This year we have witnessed the most spectacular feats ever accomplished by man... the conquest of outer space. It was not the achievement of just a few but the result of years of dedicated endeavor on the part of countless men and women in diverse fields. We salute them for a job well done and look forward to continued progress through labor.
