Lighting program for little league heads into final (financing) stage

If all goes according to plan, the next few weeks should provide the St. Johns Little Leaguers and Little League fans with a bright new baseball diamond in the near future. The project, which was started a year ago, will come to fruition with the installation of lights for the baseball field. The lighting project, spearheaded by Dale Schiller of the Lions Club, has been in the works for several months and is expected to be completed in time for the upcoming season.

The project was initiated to enhance the playing conditions for the Little League teams and to provide a better environment for the players and spectators. The installation of lights will allow games to be played at night, which will help increase attendance and improve the overall experience for those who support the Little League.

The Little League organization has been working closely with local businesses and organizations to secure funding for the project. They have received contributions from various groups, including the Lions Club, Exchange Club, and the Jaycees, among others.

The project is expected to cost around $5,600, and the Little League organization is seeking donations from the community to help cover the remaining expenses. Any contributions will be greatly appreciated and will help ensure the success of the project.

In addition to securing funding, the Little League organization is also working on other initiatives to improve the facility. They are planning to install new bleachers and improve the seating area for spectators. These improvements will further enhance the overall experience for those who enjoy the Little League games.

The Little League organization thanks the community for their support and looks forward to a successful season with improved facilities. They encourage everyone to come out and support the Little League players and enjoy a night of baseball under the lights.

NORTH BANGLADESH

The annual Independence Day celebration was held in the Parade Grounds, Cumilla, Bangladesh, to mark the 34th anniversary of Bangladesh's independence from Pakistan. The parade was led by the Bangladesh National Army, followed by the Bangladesh Police, and ended with a procession of children and students. The event was attended by thousands of people, who enthusiastically participated in the festivities. The celebration included traditional music, dance, and food, with a strong emphasis on national pride and unity. The day was marked by a sense of joy and progress in the small nation of Bangladesh, which has made significant strides since gaining its independence. The event was a testament to the strength of Bangladesh's people and their commitment to a brighter future. Are you getting engaged this fall?
Here is a little help:

**DIAMOND PRICE FACTS:**
Don't spend more than you can afford. A good rule to follow: Spend about a month of your salary on the engagement ring. But make sure you get the most for your money, in the ring style that pleases her most.

**DIAMOND BUYING FACTS:**
About half of all engagement rings are chosen by boy and girl together. But in many cases the young man buys the diamond alone. Or he talks it over with us first and then brings his girl in for final selection. It's up to you!

**DIAMOND STYLING FACTS:**
Modern girls are individualists. Some want an absolutely perfect diamond even if it is smaller. Others want the largest stone possible even if it has slight flaws. Some want ultra-modern, others traditional styling. These are the things to talk over with us.

Come in soon as possible! We have helped so many young couples. We can help you to come to the right decision. Let your wishes and our experience be the guide. For a lifetime of happiness with your diamond. We have any credit terms to suit you and if you wish, we do have a private Diamond Room to display and service you.

As the leaves begin to fall and the days grow shorter, the Rimples continue to enjoy their life in the countryside. They have recently moved into a new home on the outskirts of town, and the children are all excited about having their own rooms. In the evenings, the family gathers around the fireplace to warm up and share stories.

The Rimples have also taken up gardening, and the children are helping to plant flowers and vegetables in the backyard. They are looking forward to picking their own produce and enjoying the fruits of their labor.

Despite the changes, the Rimples remain a close-knit family, and they are grateful for the peace and quiet of their new home. They are excited to see what the future holds for them and their family.

Airport plan

The county board of commissioners last week voted to support a proposed tri-county airport authority which would provide for development in Clinton, Eaton and Ingham Counties to direct operations of a regional airport.

We understand the airport authority's actions as being far-sighted and realistically we are also supporting the petitions currently being circulated to bring the question to county voters in November.

Formation of the airport authority initially calls for a one-mill levy and this should be approved by taxpayers.

A major drawback of a regional airport may not be distinct, but such a facility enhances not only business development but personal activities as well. There can be little question that air travel will continue to play a prominent part in our daily activities.

We believe the airport plan to be beneficial to Clinton County and in these times of rising taxes observers feel a relief to voters will mean death of the plan. Nevertheless that's the principle upon which our system functions and, win or lose, the proposal should be decided by those who will pay the tab.

They cared

It may sound to be some, but democracy still works. Proof of this is the statement of St. John’s Mayor, Bertram Bennett, who was calling themselves "People Who Care," who set out to do a job—and supported by local government—to that job does.

There were no demonstrations, bombings, rock throwings or foul names. There were, however, several letters from individuals who had practiced many years in some capacity or other. As a result, the word was carried to another source in a letter written in the name of the Peoria Journal Star. The editor of the newspaper was sent a copy of the letter through the Peoria Press, which had been opened and written to the sustainers in authority as well as generating citizens support through what some have lost a taste for—leg work.

As a result of this group's efforts St. John's will have a traffic light erected at the intersection of U.S. 27 and Sturgis St., the a round with echoes that local governments which have practiced our form of government for nearly two centuries. These price, demonstrated personal and written contacts to persons in authority as well as generating citizens support through what some have lost a taste for—leg work.

Bath recall petitions withdrawn, 500,000th phone, Sealed Power announces plant for St. Johns

By W. E. Dobson

One year ago

Petitions circulated in August to Bath townspeople for a recall petition. Mayor Dobson disclosed that a total of 700 signatures was reached last week. Dunn, deputy auditor, said he was unaware of the recall proceeding.

The circulated signatures were to recall Mayor Dobson, one of the petitioners' testing points for recall. Mayor Dobson said he had been instructed by the state auditor to see that the signatures on the petition were not false. He said he intended to see that the signatures were not false. He said he intended to see that the signatures were verified by the state auditor.

The petitioners were instructed to submit the 700 signatures within 10 days.

Thanks to Tom Mauro DeWitt has new parks recreation program

The City of DeWitt officially expressed its gratitude to Tom Mauro DeWitt for his outstanding work in the park and recreation section.

DeWitt said he was "absolutely thrilled" at the commitment turned in by the city's parks. "It was a way of giving something back to the city that has given me so much." Mauro noted DeWitt's contributions.

The city's new parks recreation program includes a new park on the north side of the city.

DeWitt also announced that the "Watch for Children" sign will be installed soon on the north side of the city.
