Common Ground Center expands weekly hours

The center is designed to help people with related problems and personal problems, and it offers a place where people suffering from mental and physical problems, loneliness and depression.

CENTER EMPHASIZES That the premise of the center is to help people in need of attention, whether they are on drugs or not. The center focuses on providing a place where people can receive support and guidance, helping them to navigate their lives and find solutions.

There are two plans being considered for the center. First, if a group of 10 or more people request it, the center will create a section for them. Second, if a group of 10 or more people request it, a group will be formed.

Dear friends,

It is with great pleasure that I announce the opening of the new Middlebary High School, located on the site of the old Middlebary School, which was destroyed by fire in 1962. The new school has been built in the same spirit of dedication and hard work that characterized the old school. It is a fitting tribute to the efforts of the community in making Middlebary a better place to live.

Sincerely,

Panthers pounce on Vikings for 12-6 win

St Johns defender Bob Hunter crouches in preparation to call Mt Pleasant quarterback Richard Dietz. Hunter was among the six high school players in contention for the COUNTY NEWS "Player of the Week" honor for his fine defensive effort Friday night. Other Redwings pursuing the ball carrier are Ray Schueller (19), Bruce Cameron (22) and Bruce Irish (71).

Speedy DeWitt running back Al Brown sweeps right end behind his blockers for a good gain in Friday night's 12-6 win over Potterville. The junior ball carrier rushed for 80 yards in 2 carries to pace his team in that department; and help set up the 2 DeWitt touchdowns. For his effort, Brown was nominated for the COUNTY NEWS "Player of the Week" honor.

Cutlass. It's two new cars.

**Delta 88—with a new grille that swings out of harm's way.**

And you can feel the difference. It's standard. So is full carpeting. And the lowest priced of all Omega is a compact. It's nearly 500 pounds more car than some smaller compacts. And all the new ones are rated U.S. News & World Report's "Best of the Year." The only door style to choose in the business is to get the new Delta 88.

**Omegat. The new compact Olds at a compact price.**

Delta 88 starts at $1,720 and goes up to $2,077. That's $607 less than the Delta 88 sedan. And with the Sedan, you get 70 more cubic inches of engine. So it's really a lot of car for the price. For the very compact car buyer, the Omega is truly a new one. A new one that you can feel on the road.

Bonanza seeks funds for 4-H

By Elmer H. Hartman

LATE NEWS-Lansing-the presidents of Michigan State University and the Michigan Agricultural Experiment Station, the University of Michigan and Michigan State College have signed a cooperative agreement to establish a new minor degree in agricultural studies. The agreement is expected to benefit agricultural students in both institutions.

Parks program, a mobile environmental education, the International Farm Youth Exchange, a mobile trailer that travels to small towns and school districts, and a nationwide systems development program, are all part of the Michigan 4-H program development.

In addition to financial assistance, the program includes an extensive list of educational opportunities for over 200,000 Michigan youth.

The Michigan 4-H Foundation will continue to administer the program which has been in operation for 50 years. It has been responsible for the development of the 4-H program in Michigan, and for the success of the Michigan 4-H Foundation.

We applaud the effort among Clinton County educators to develop a county-wide vocational training center. Such a program is long overdue, particularly in a county where education centered on the majority of students—those seeking vocational training.

Too often parents "push" their children into college for 4 years instead of a 2-year engineering program which will likely land him a white collar job and he'll never get a chance on Olympics were trained in the same way in car engines and working is his "bag". He would be unhappy in any other role.

Plymouth is a difficult task for future success. Take the boy who likes tinkering with cars. His parents may push him into a 4-year engineering program which will likely land him a white collar job and he'll never get a chance on Olympics were trained in the same way, in car engines and working is his "bag". He would be unhappy in any other role.

Employment figures reveal a limited job market for college graduates, especially for skilled workers. This trend points out the lack of need for vocational training in lime is in order. It's good to see Clinton County educators moving into an area with more local interest and more attention. Hopefully, when voters are eventually asked to tax money for finance this program, they'll also see the merit of vocational training.

We're not ready, sick. That's the way most of the world feels today. The cruelty of the Arab terrorists to make the Olympic Games almost like a boxing ring. And their terrible methods of terror have been used. It's considered a status symbol and a sure-fire way of obtaining a license for, say, a bowling alley or a restaurant.

Ron Trayer bags a 400-lb black bear

By LEE PETERSEN, News Writer

DeWIT TOWNSHIP — A 28-year-old rural DeWitt resident had the thrill of his life, when he shot a black bear Saturday morning.

Trayer, a student at Michigan State University, had been hunting in the early hours of the morning. He fired three shots from a .410 shotgun, wounding the bear.  The bear then dropped into the bushes and Trayer and his guide, Ken Poliak, searched for it. They found it dead just before noon.

Trayer said he was surprised to find the bear so close. "I was just hoping to get a shot at a bear," he said. "I didn't expect to actually get one." The bear, a 400-lb black bear, was found dead just before noon.

OPELS • Manta • GT • Wagon • 1900 Sedans

FUNCTIONAL VENTURA HATCHBACK — The new Ventura Hatchback Coupe features a folding rear seat and a rear hatchback panel with a telescopic spring-loaded lift mechanism. Included is a space saver spare tire with an aerosol canister stowed under the floor. The compact economy Ventura is also offered as a two-door coupe, four-door sedan, in a new Custom series, and as an optional Sprint.
1973 CHEVROLET FLEETSIDE CHEYENNE SUPER PICKUP—Completely restyled and with extensive chassis redesign, the 1973 Chevrolet pickup line features many improvements in appearance, durability, and comfort for both commercial and personal transportation. Highlights are curved side windows, powered cab ventilation, new leaf-spring rear suspension, increased cargo-carrying capacity, a larger available engine, outside fuel tank, easier servicing, and highly styled interiors.

ELEGANT NEW CUTLASS — The popular Cutlass Supreme again tops the intermediate lineup from Oldsmobile in 1973. Completely redesigned, the Cutlass Supreme is available in a colonnade hardtop coupe (shown) and a four-door sedan. Standard engine is the 350 cubic-inch V-8 four-barrel with the 455 cubic-inch V-8 four-barrel available as an option.

AND

Plymouth

LUXURIOUS, QUIET, & COMFORTABLE — 1973 Chrysler New Yorker two and four-door hardtops and four-door sedans are restyled front and rear. Engineering refinements include quieter ride, safety bumpers, cleaner engines. Standard: automatic transmission, power steering, power front disc brakes, electronic ignition. Options from Electronic Security Alarm System to Chronometer digital clock.

“CHIRP” TRANSPORTATION — Easy to maneuver, easy to park, Plymouth’s 1973 Cricket sedans and wagons provide ideal transportation and many features usually found in larger cars. Wheelbase: 98”. Wagon cargo space: 60 cu. ft. Sedan trunk: 12.2 cu. ft. Power front disc brakes and 4-speed manual transmission standard.

A QUIET PLUS — Plymouth’s Solara Plus two-door hardtop offers a fresh, sophisticated styling theme for 1973 and the quietest ride ever for this intermediatesized car. Standard are electronic ignition system and front disc brakes. Options include “halo”-style vinyl roof and factory-installed, metal sliding roof.

VALIANT — VERSATILITY AND VALUE — Plymouth’s 1973 compact Duster combines versatility and value. Ride is quiet. Styling is distinctive. Standard: electronic ignition system and front disc brakes. Options: “Spacemaker Pak” — fold-down rear seat for 6’6” ft. of carpeted cargo area for such items as skiing or camping equipment; metal manually-operated sun roof and electric rear window defogger.

ALL IN THE FAMILY of Dodge Coronets for 1973 are the Coronet Custom, shown here, and Coronet 4-door sedans and two and three-seat station wagons. Some features these intermediate models have in common are a new Torsion Quiet ride, refinements in side-body styling, grilles and taillamps, and electronic ignition. Powerplants vary from 225 CID 6-cylinder to 8-cylinder engines from 318 to 440.

A DELIGHT TO DRIVE, the intermediate-size 1973 Dodge Charger combines clean styling and new Torsion Quiet ride because of suspension changes and sound isolation, particularly in the Charger SE, identifiable by the lowered quarter panel windows. Features include standard electronic ignition, latest in emissions control engineering, and 5 mph front and 2 1/2 mph rear barrier impact protection system.

A LOT OF CAR, the sub-compact Dodge Colt is available in four models: 2-door hardtop, coupe, 4-door sedan and 2-seat wagon. These models will continue to be available through the 1972 calendar year. New models will be introduced after January 1, 1973.

WITH IT or without the optional Rallye package, the 1973 Dodge Challenger presents sporty up-to-date style in a two-door hardtop model. Base engine is the 318 CID V8; 340 V8 is Rallye engine. Among new '73 features are barrier impact protection system and emissions control refinements, electronic ignition.
