Redwings sharp at Waverly, hoping for Hastings this Friday.

The St. Johns Redwings were looking for their eighth straight win rolling into a vital district victory over Michigan's Waverly. The Redwings' conference opener was against St. Johns, a team that had just won its first six games of the season.

The Redwings' victory was hardly second-guess in the district, and they had plenty of reasons to be confident heading into the conference.

Waverly was held to just 10 points. The Redwings were able to control the game from the beginning, leading 7-0 at halftime.

In the second half, Waverly was able to cut the lead to 7-3, but the Redwings responded with a strong third quarter, scoring 10 unanswered points to put the game out of reach.

Waverly was held to just 10 points in the game, while the Redwings scored 40 points. The Redwings' defense was impressive, holding Waverly to just 37 rushing yards and 119 passing yards.

The Redwings scored on a 13-yard rush by Dave Gaffney, who then ran for the extra point. When the quarter ended, the Redwings led 14-2.

The Redwings' next touchdown came on a 45-yard run by Egan Ford Sales, Inc.

The Redwings' victory was an important one for the team, as they look to build on their early season success.

Stats:
- Waverly: 10 points, 132 rushing yards, 119 passing yards
- St. Johns: 40 points, 61 rushing yards, 259 passing yards
Mrs Townsend 91 next Thursday

Mrs Townsend Townsend, who will celebrate her birthday Sept. 17, has been looking forward to it for years, especially since the Betty Ford Clinic came along, and a new challenge to her neighbors, she does her shopping and errands, and enjoys a good meal. She was good to me to go into the store and buy me a gift for my birthday and also the birthday of Mr Clyde Morrill, who passed away a few months ago.

As the birthday of Mr Perry Sept. 17, she will send her greetings to him, and wishes him a happy birthday. She is looking forward to seeing him at the party on Saturday.

Many members of the Maple Rapids Woman's Club spent an entire day at the Grand Rapids Museum last week. Original paintings of landscapes, flowers, and figurines were displayed and sold to raise funds for the Club's Christmas parties, which will be held later this month.

Standing illustrations appeal to mysteries as well as dozens of magazines, but the most popular items were on display and being serviced by Mrs. W. S. Schmidt, Mrs. Marjorie Rumsey and Mrs. Dorothy Schmidt.

Corn drying field day on Oct. 10

By GEORGE MUIRKEN

Early harvest with properly adjusted picker cuts corn losses

Most Clinton County farmers have been working hard to get their crops in before the first frost. The chances are good that this year's crops are in fairly good shape. Now that the frost is over, the police can be on the lookout for the first indications of frost damage. This year, during the past few weeks, the conditions have been more favorable for the development of frost than in previous years. The frost has been more widespread and more intense than in previous years. The frost has been more widespread and more intense than in previous years.

More grain to dry:

As the number of grain to be harvested increases, so the farm operator's headaches, concerns, and costs increase. Clinton County farmers are now in the process of drying corn, which is the most expensive part of harvesting. Corn drying costs are on the rise due to the high cost of fuel and labor. The cost of drying corn has increased by about 50% in the past year.

THE WORLD'S STRONGEST MAN

The day little Jimmie admired my muscles I was the strongest man in the whole world. And so I retrained until the next morning when I got into an argument with that big kid in the next block. Then a humiliating retreat seemed preferable to a bloody nose.

Life hasn't changed much since I grew up. Sometimes on Sunday I am so confident of my human might that I boldly pass up the spiritual resources my neighbors are finding in church. And by Sunday I'm wondering why I turn for help in such insurmountable difficulty.

Experience is forever teaching me that my own self-confidence is merely self-delusion. The man who admires seems absurdly honest about his own limitations, and absolutely certain about God's strength.

One Sunday I sat in a pew and watched others retraining denomination this thought struck me: Among those who least retrained before an altar today is undoubtedly the world's strongest man.

THINK ON THESE THINGS

A devotional meditation within each week by a pastor of a Clinton County church

This week's topic is: "When I was a child, I spoke as a child, thought as a child, reasoned as a child; when I became a man, I gave up childish ways. For now we see in a mirror a dim reflection. But then we shall see face to face. Now I know in part; then I shall know fully, even as I am fully known. Now I have known in part; now I know in full. When the perfect comes, the imperfect will cease to be. When I was a child, I spoke as a child, thought as a child, reasoned as a child. I have therefore abandoned these childish ways."

THINK ON THESE THINGS

The Reverend Dr. James F. Bearden

Clinton County Church

A Kid's got a right to some privacy too.

If you'd been a kid in the '60s, you'd probably recognize some of the things young people did back then. And if you were around kids who lived in the suburbs, you might have witnessed some of their wilder escapades. Now, if you ever were a kid in the '60s, you might have thought about how you'd handled certain situations differently. And if you were a parent, you might have found yourself wondering how you'd handled certain situations differently.

Ode to October

BY M.L. DUGGER

October, a golden month in a golden year.
Nature paints with more cheer, And colors all the world in red, With crimson, orange and gold.

The morning with its warmth breathes, Light coffee enters the kitchen. The place is filled with the colors of harvest. White snow falls from the trees.

The seeds we planted in the spring Look like our hope of success. The summer with its torrid breath, And the iron of our optimism.

October's magic once again Takes its place in the world. But it's hard to beat October With other days of glory.

There are other days of glory, Other days when we're rioting, But in the autumn glow brightening The heart, we're glad to see.

October is the time we receive The harvest of our year's work. There are other days of glory, But in the autumn glow brightening The heart, we're glad to see.

There are other days of glory, Other days when we're rioting, But in the autumn glow brightening The heart, we're glad to see.

October, a golden month in a golden year. Nature paints with more cheer, And colors all the world in red, With crimson, orange and gold.

The morning with its warmth breathes, Light coffee enters the kitchen. The place is filled with the colors of harvest. White snow falls from the trees.

The seeds we planted in the spring Look like our hope of success. The summer with its torrid breath, And the iron of our optimism.

October's magic once again Takes its place in the world. But it's hard to beat October With other days of glory.

There are other days of glory, Other days when we're rioting, But in the autumn glow brightening The heart, we're glad to see.

October is the time we receive The harvest of our year's work. There are other days of glory, But in the autumn glow brightening The heart, we're glad to see.

There are other days of glory, Other days when we're rioting, But in the autumn glow brightening The heart, we're glad to see.

October is the time we receive The harvest of our year's work. There are other days of glory, Other days when we're rioting, But in the autumn glow brightening The heart, we're glad to see.

Ford
It's the going thing!
LTD by FORD
& FORD XL

How Ford stands in 1969.
And alone in its class.

21 totally new '69 Fords. Headed by the luxurious LTD's and sleek, sporty XL's. All hug the road with as wide a track as a Cadillac. All smooth your ride with a longer 121-inch wheelbase. The '69 Fords also have more driver headroom than an Imperial. More legroom than a Chrysler. LTD by Ford is designed to ride quieter than the LTD that was quieter than a Rolls-Royce. Never has more been done to bring you such superb value in driving.

Choose from three distinctive LTD's: 2-Door Hardtop, 4-Door Hardtop, 4-Door Sedan. Two action-packed XL's: new SportsRoof and Convertible. Standard interiors are sumptuous. With impec­cably tailored rich cloth-and-vinyl and vinyl trims. A front pas­sen­ger seat that reclines at a touch is available. Woodlike accents grace doors and instrument panel. Loop-pile carpeting is plush. LTD and XL offer luxury uncommon in Ford's class.

Also exclusive: Ford's spacious Front Room. A better idea that groups all controls and gauges in a new, coved Flight-Cockpit Instrument Panel...leaving room to spare for front passengers. A better visibility idea like Full Park wiper blades which park below the windshield. And the widest array of better idea options...
that lets you personalize your Ford to any luxurious degree you wish. Niceties like the silk-smooth SelectShift—the transmission you can shift manually or automatically... power front disc brakes, Comfortweave trim—a vinyl knit with a cool new twist.

Facts about 1969 LTD and XL STANDARD FEATURES include:

BETTER IDEA OPTIONS... make the going great

You'll enjoy Ford's better ideas every mile you drive in your favorite model. With over 270 better idea options to choose from, you can tailor your car to your own personal taste. Shown here are just a few of many, many available.

Some better ideas provide a luxurious comfort that means arriving refreshed—like SelectAire Conditioner. Cools in summer, heats in winter, dehumidifies comfortably, and helps filter out dust and pollen.

Tilt-Away Steering Wheel (Thunderbird, Mustang). As you leave, wheel swings out of way. You can adjust wheel to most comfortable driving position. Tilt Steering, 7-position adjustment, available on Ford, New Rim-Blow Steering Wheel has built-in, full-circle horn switch.

AM/FM Stereo Radio, Stereo-Sonic Tape/AM Radio System. The stereo radio (shown below) has five push buttons for preselecting five AM and five FM stations. Or choose the Stereo-Sonic Tape/AM Radio System. Simply insert a cartridge and play over 70 minutes of your favorite music without interruption. Balanced speakers reproduce superb stereo sound. Also available—a push-button AM radio. All sound systems fully transistorized for instant warm-up, trouble-free operation.

Automatic Speed Control (Ford, Thunderbird), a better idea for freeway driving. Preset speed. Cruise with foot off accelerator. Mustang version is called FingerTip Speed Control.

While cruising, the front seat passenger can relax, even take a nap, if you specify the optional Reclining Seat. Especially restful on long trips.

While the information shown herein was correct when approved for printing, Ford Division reserves the right to discontinue, or change at any time, specifications or designs without incurring any obligations. Some features shown or described are optional at extra cost.
Ford better ideas serve you best

Ford better ideas keep winning wider acceptance with owners who know real value. Ideas like the luxurious LTD with features that costlier cars offer but at a more modest price. Dashing Mustang, which started it all, now all-new, sportier than ever. With racy new Mach I and luxurious Grande models added to the lineup.

More excitement. All-new Cobra in Hiss and Hers models. Ford’s new Front Room—spacious—with Flight-Cockpit Instrument Panel. And V-8 power galore from a 302 to the sizzling 428 Cobra Jet and 429 Thunder Jet versions.

A new 3-way Magic Doorgate and an optional adjustable deluxe luggage rack with air deflector to help keep the rear window clean—typical touches that say, “Wagonmaster.” And Thunderbird caps Ford ingenuity with the optional new Electric Sunroof.
