McNeill’s farm awarded centennial landmark status

A farm owned by Claire E. and Roy McNeill, located on Constitution Road, was designated as a Michigan historical landmark on Saturday, Sept. 26th, by the Michigan Historical Commission. The farm was recognized as an important example of agricultural history in the state of Michigan. The designation recognizes the farm’s significance in the history of agriculture and its role in shaping the local community.

O-E board approves contracts, maintains married student rule

The Ovid-Elsie Board of Education approved a new contract for the high school principal and maintained the married student rule. The decision was made at their meeting on September 26th. The new contract includes a 3% salary increase for the principal, reflecting the increasing cost of living and the need to attract and retain top talent. The married student rule remains in place, ensuring that students who are married are eligible for in-state tuition benefits.

THAT MAKE UP 4-H...

There's a lot of "scare" talk about America's youth these days. Every paper you read. Every time you swit a dial. You worry. Then, you start thinking about a great bunch of kids,who make up 4-H. The kids who make up America. They've dedicated their growing-up years so lovingly and helping. Developed skills and put them to work—at home, in their communities. They're "hip" on strong bodies and strong character. They care about the world. Suddenly, the "scare" talk turns into "care" talk. And you relax. It's bright and hopeful again. Thanks, all you 4-H'ers. America's future belongs to you. You put them to work—at home, in their communities. They're "hip" to make a difference. New trailer ordinance passed by Elsie council

A new ordinance establishing a trailer parking and storage area in the Village of Elsie was passed by village council at their meeting last week. The ordinance is designed to establish a certain level of enforcement of permanent establishments thereby reducing illegal parking.

The new ordinance applies to all trailers parked within the village limits, and contains provisions that require the trailer to be kept clean and in good repair. The ordinance also requires that trailers be moved from public view at night.

The new ordinance is intended to address the issue of illegal parking, which has become a problem in the past. It is hoped that the new ordinance will help to reduce the amount of illegal parking and improve the appearance of the village.

Steve Mead (64) rumbles for a few yards on the way to his re- cord total of 104 yards for the night against Lakewood, Mead picked up those 104 yards on just 13 carries. (Queen Photo by Tom McClenny)

St. John's began their first touchdown drive on their own 28 yard line. Larry Shuey reached the running power to get down to the Vikings 15 yard line when this time the Vikings were able to stop the advance. The Redwings moved the ball across the field changing formation and were able to get down to the Vikings 3 yard line. Larry Hayes took a pitch over the middle from Ken Schueller late in the game Friday. The toss unfortunately was not successful and St. John's was forced to kick off.

This was the second score for St. John's in the game. The first came in the first half. The Vikings of Lakewood. The Redwings won 30-14. with the rest of the St. John's football team as and Jeff Smith (hands on hips) look on intently quarterback Ken Schueller late in the game Friday. The toss unfortunately

Fighting Bees crush Pirates in 26-8 romp

It's a fumble! And a happy Panther is about to spring from the mob with the ball during second quarter action at Laingsburg Friday night, DeWitt squeezed past the Wolf Pack, 20-18.

There's not much doubt that DeWitt's Ron Wilcox has just crashed into the end zone on an official notes the achievement as done by Jim Ashley (21).

DEWITT CATHOLIC COMMUNITY CHURCH

More than 550 people attended the First Anniversary Mass of the DeWitt Catholic Community Church. Mass was celebrated in the new gym of DeWitt Middle School Sunday morning at 9 a.m. The new name of the fielding party was announced at the Mass as the "Community of St. Jude." A reception was held after the Mass in the school cafeteria where milk and coffee were served to the group. Choir members from many DeWitt churches joined together to lead the singing during the Mass.

DeWitt students ride again

Class members ride up for some official picture-taking ceremonies during the outing.

Physical education instructors Anne Johnson and Gary Roberts join the fun. Besides horseback riding, the two teachers plan swimming, bowling, volleyball, badminton, ice-skating and tobogganing for future events for their "coed" gym class.

Class members ride again

All of the DeWitt "coed" gym class students learned the fine art of saddling a horse, or pony as the case may be. Most of the days last week there were at least 12 horses available for the class.

Blues and rock at MSU Saturday

A driving underground blues and rock group with a reputation to be rising to the background will be brought to Michigan State University by the students of Michigan State University (ASMSU). Billed as Sweetwater, described as a "party" group with "vivacious, fast beat music," the young group of performers are playing at 9 p.m. Saturday in the Student Center. Tickets for the concert are on sale at Anderson's Music Store and Marshall Music Company in East Lansing, Challenger Music at the Frandor and the MSU Union. Opening are an acoustic group entitled "Dakota" on Oct. 24 and Sessions "Tell Us" on Oct. 26.

Decoration that's so easy, it almost goes up by itself! PRE-PASTED VINYL WALLCOVERING

Just cut a strip to fit your wall, wet it and apply for beautiful new stain-resistant decoration. It's easy because Fabrique is pre-pasted vinyl on Dacron® reinforced non-woven fabric. Stains wipe away in a wink on washable Fabrique. When you redecorate just pull it off the wall in full strips — it's dry-strippable.

Pornography report

The report of the president's commission on pornography has been released and amid that report, four support suggestions which are two recommendations by the commission which seem objective. The two are creating an organization and it has been enforced effectively and the inception of a meaningful sex education program which would work within the areas.

If there is anything on which to hang hope, it is to make sure that we can't take up all of our time in the country these proposals are to.

We find it difficult to accept many of the, reported findings of the commission, for traffic in pornography has become a dangerous growth which poses a threat to our society more eroding than unrest and more perilous than war.

It is hard to accept that pornography does not lay the foundation for sex crimes or that distribution of smut is not an activity of organized crime. We have long listed these elements to have the be dispelled with the wave of a commission report.

However, the proposals mentioned in the report have much merit, in most any human endeavor education is the keynote to success and generating a wholesome and secure society. Morality cannot be legislated, but a society desiring order cannot attain that goal with loosely worded restrictions which, in themselves, merely confuse the question that is objectionable. This type guideline is not only difficult to enforce, but even the best-intentioned are baffled, particularly in today's growing understanding.

We have no reason to believe the commission did not work diligently and objectively but much of their report seems to be in conflict with traditional values.

Perhaps a strong educational program supported with vigorous legal guidelines is just what we need, to bring us to accepting some of the more reasonable proposals the commission has advanced.

Benefit auction

March 17 on your calendar and plan to spend the day at the little league benefit auction.

Beginning at 10 a.m., on that day you'll have an opportunity to bid on hundreds of items of merchandise — some new, some old and many which would not be produced being directed toward payment of lights and installation charges at the little league diamond.

The auction is being sponsored by members of the St. Johns Rotary, Lions, Exchange and Boys Clubs and auctioneering services are being donated by Al Callaway.

Aside from bidding on the merchandise, you can even further the cause by making contributions.

Either way, help brighten the little league's future.

Bath board okays budget, Ministers protest license

St. Johns' Boys' Home and Smith's new office was opened last week. The office was closed during the period of time that the license was been granted. The 1970-71 school year is the seventh year of the State Legislature.

TEN YEARS AGO
Oct. 5, 1960

Colonel J. Soileau, who established the new hospital for the city, opened the hospital last week. The hospital is located at the corner of the streets, the address is on the 10th floor.

The St. Johns County Commission and the community revere the new hospital being opened, to the new hospital. The commission and the community revere the new hospital being opened, in the new hospital.

Mac's Moments "What am I bidding?"

By Tom McInerney

Mac was bidding on something he wasn't sure he wanted. He finally decided to bid, and the auctioneer announced, "You have $1,500 and you have 10 minutes to decide what you want to bid on.

The auctioneer counted down from 10 to 0, and Mac decided he wanted to bid on something else. He called out, "I'll bid $1,500, but I want to bid on something else."

The auctioneer asked, "What else do you want to bid on?"

Mac replied, "I want to bid on the license to be a minister."

The auctioneer said, "You can't bid on that."

Mac said, "But I want to be a minister."

The auctioneer said, "You have to be ordained to be a minister."

Mac said, "I'm not ordained, but I want to be."

The auctioneer said, "You can't bid on that."

is now open on Tuesdays and Thursdays, from noon to 5 p.m.

UAW organizer, Bill Cross, will be in the office on those days to talk to workers interested in possible organization of their plants. He is particularly interested in seeing employees of Federal-Mogul and Sealed Power, Cross also can be contacted at the UAW Owosso Office, Ph. 723-5186.

IT'S JUST GOOD BUSINESS TO JOIN THE UAW

The Rev. Bernard J. Shill Catholic Bishop once said "If a Non-Union worker in a partially organized industry is receiving a good income, it is quite probably because his Non-Union employer, in order to keep the Union out, or needing the high wages and hours standard of Union establishments. Clearly such Non-Union employees are eating the fruits of others sacrifices. The men of the Union are the workers who have sacrificed and worked to make this Union strong and powerful. And that's what it takes to get their Unions organized, and to keep them organized, and to monthly dues to keep it going. It is a categorical injustice for Non-Union employees, eating the common benefits, to refuse to carry their share of the common burden."

This week, your Dodge Dealer proudly invites you to see the new 1971 CHARGER · CHALLENGER · DEMON · DART · CORONET · POLARA · MONACO
Dodge's new Demon brings out the devil in you.

Here comes Dodge's all-new spunky little saver that will really turn you on. It works like a demon... plays like a demon... and is devilish fun to drive. It's five-people big on the inside. Yet it's compact enough to tool around town and park in just about any parking place you can get into with any other car. And Demon works magic, too, the way both its Six and standard V8 make the miles disappear on regular gas... the way it surrounds you with comfort. So, if you'd like to add a little spice to your life, drop down to your nearby Dodge Dealer's and ask to take a Demon-stration drive. New Dodge Demon for 1971. That's the spirit.
Almost anybody can save you money on a car you don't want—now Dodge sets out to save you money on one you do. Challenger. Any kid can spot one a hundred yards away. The clean shape is a dead giveaway. Challenger. It's actually comfortable inside... and the back seat is more than a conversation piece. Challenger. The one that gives you the wide stance and those nice extras like torsion-bar suspension and unitized construction. Challenger. Only now it's not a car... it's a whole line of cars. One of them is called a Coupe. It has a thrifty Six that runs on regular, cleanly styled vinyl bucket seats, carpets, floor-mounted shift lever, and a price sticker that will have you doing more than just dreaming. YOU CAN'T AFFORD NOT TO BE DODGE MATERIAL.
Reach for your title, mister. Dodge has priced Charger right down with intermediate two-door hardtops. No kidding. For about the same price as those plain old everyday two-door intermediates everybody's running around in, a new 1971 Charger. The once-in-a-lifetime shape...now at everyday prices. That's it above. Who'd ever think a money saver would look like that? Charger, now on a taut new wheelbase with the big choice in engines, accessories, interiors. Charger, with or without hidden headlights.

Charger, with or without bucket seats. Family-sized room, standard. Charger, the one-of-a-kind personal car that's just been priced where you personally want it. The shape is back, and looking better than ever. With ventless glass, concealed wipers, tor-sion-bar suspension, full instrumentation, and six great models to choose from. 1971 Dodge Charger. A great personal car, a great family car, a great economy car. Just what did you have in mind? YOU CAN'T AFFORD NOT TO BE DODGE MATERIAL.
Even the suggested price on Dart is easy to take. America's best-selling compact hardtop.

Imagine the nerve of Dart. Setting new sales records every year on the same old proposition. What's that? Just this. A little more room. A little more style. And a price that means you can move up to a hardtop and still save money. If that's not enough reason for giving one a try, here are a few added attractions for 1971. A deluxe interior with full carpeting, a touch of simulated wood-grained trim on dash and door panels. Not bad for an economy car that has one of the highest resale values in the business. You have a nice choice of Six and V8 engines to choose from and accessories that include power brakes, power steering and air conditioning. Before you settle for something less, make sure it doesn't cost you more. Try a Dart... America's best-selling compact hardtop.
For people who put quiet, comfort, and quality first.
The Dodge Polara.

Polara people come from many walks of life. But they have one thing in common. The desire for peace and quiet, with a touch of luxury to go along with it. They look for it in the car they drive. And the Dodge Polara for 1971 comes through. Luxury-car roominess and comfort. Torsion-Quiet Ride that reduces road and engine noise in the passenger compartment by means of strategically placed rubber isolators and a front “stub frame” that insulates against noise. Distinctive styling without being ostentatious. And what never ceases to amaze these Polara people is the modest price. Polara competes with the traditional low-priced field. If Polara people sound as if they’re your kind of people, join ‘em.

YOU CAN’T AFFORD NOT TO BE DODGE MATERIAL.
Coronet Station Wagon.
The mid-size wagon with all the luxury features of big wagons. For less money.

The Coronet wagon has a subtle new allure. It doesn't look like, handle like, or cost like the average wagon. Inside, it looks and feels like a fine car.

Yet, nestled on that maneuverable 118-inch wheelbase is room for a four-by-eight-foot sheet of plywood in back. On three-seat wagons, a special new electronic safety device for the rear tailgate automatically keeps the kids in without locking them in. What a great solution for a man who wants a wagon on weekends and just a great-looking car the rest of the week. What a great solution for the man who wants full-sized carrying capacity and a new low price. What a great solution.

Tailgate swings down...
or swings open even with window up.
