Owner gets a bit riled up
This house on the south edge of Wisconsin was condemned a year ago because a fungus well under the floor was discovered. As the Clinton County
Zoning Board, the Mid-Michigan District Health Department and
Wheatner Township told owner Jack McMullen, he couldn't use it or improve it
for those reasons. Last week McMullen talked signs up on the house to
the people of Wisconsin how he felt.

P-W Pirates still unbeaten

JIM HARRINGTON	

The St. Johns Junior Varsity football team worked hard the last week of school to prepare for their homecoming game against the East Jackson Vikings. The game was held on Friday night, September 28th, at St. Johns Junior High School. The Vikings came into the game with a record of 3-0, while the Pirates had a record of 2-1. The game was a high-scoring affair, with the Vikings winning by a final score of 35-21.

THE BACK STORY

The St. Johns Junior Varsity football team had been working hard all season to improve their performance and prepare for the upcoming homecoming game. This week, they focused on their offensive and defensive strategies, as well as refining their teamwork and communication.

During the game, the Pirates executed their game plan to perfection. They scored early and often, with touchdowns coming in the first, second, and third quarters. The Vikings were unable to keep up with the Pirates' scoring, and eventually fell behind by a comfortable margin. The final score was 35-21, with the Pirates winning comfortably.

The St. Johns Junior Varsity team is currently ranked second in their conference, and they are looking forward to their next game, which is scheduled for the following week. They are hoping to continue their winning streak and maintain their high level of performance throughout the rest of the season.

Ovid-Elsie Jr-Vs lose, too, 19-7

OVID-ELSLIE - Jack Ready pulled out a 1-0 victory over the Ovid-Elsie Jr-Vs, vastly outlasting their opponents in the homecoming contest.

The game started off slow, with neither team scoring until the second quarter. That's when Jack Ready sailed a 30-yard pass to Bob Johnson, who then intercepted the ball and returned it for a touchdown. Later in the quarter, Ready hit Bill Hake with a 19-yard pass for the second score.

The Jr-Vs managed to score later in the game, but their efforts were not enough to overcome Ready's performance. The final score was 19-7, with Ovid-Elsie securing the victory.

The game was played on Thursday, September 27th, at Ovid-Elsie High School. It was a closely contested match, with both teams putting up a good fight. However, Jack Ready's impressive performance was enough to secure the win for the Ovid-Elsie Jr-Vs.

To think alike is not the demo­n­strative way, but it would help if everyone would think alike.

STATE'S TOP OFFICES NOT AT STAKE

It was traditional in Michigan.
Every gubernatorial year you can
pick who will be the leading
governor, secretary of state, and
attorney general.

And that's more. For the first
time since reapportionment,
which means voting in 1966, the
central officials' elections brought
up for election again 1970.

So far as the White House
ruled, a governor here or there
was considered the "full-time" in
Michigan's early years.

But elections were held in old
years. The first gubernatorial
race was in 1835, two years before
Michigan was formally admitted
into the Union.

Representative district judges are
selected every four years, as in
New York State. Michigan is
considered the "off-year,
the offices not
at stake the same time as the
governor, secretary of state, and
attorney general.

Volume key in selecting grain drying system

Forced air drying of ear corn is the method used by Leonard Pretz of 10 S. Scott Road, St. Johns. An electric motor and fan is placed in the public or under corn and the corn is dried from the bottom up (concentric). Even though very little drying occurs at temperatures under 50 degrees or relative humidity over 50 percent, Leonard has been satisfied with results from this economical unit.

College Day popular with area women

Happily 800 guests joined the Clinton County Public Schools Foundation in celebrating the 29th College Day at Western Michigan University Friday. It was the last public school event honoring the late President Ronald Reagan, who had a 35-year association with WMU.

Western Michigan University's Manoogian Commons banquet hall was utilized for the event. Coordinating the program were Lansing-area women, members of the WMU National Alumni Association, the Clinton County Public Schools Foundation, and the Western Michigan University Foundation.

Cindy Hurlburt, manager of the Clinton County Public Schools Foundation, welcomed the guests, who included relatives of the late President Reagan, and the 800 guests were invited to participate in the festivities.

Reagan was a friend of WMU, said Hurlburt, who is also the foundation's executive director.

She said that WMU President William G. Beauchamp had a deep personal friendship with Reagan as a student at WMU in the late 1940s.

Hurlburt said Reagan's first association with WMU was his appearance on the college's public relations radio program in 1950, where he discussed his time at the university.

The event featured a formal dinner and a variety of speakers, including WMU President Beauchamp, who spoke about Reagan's role in the college's history. Other speakers included Reagan's son, actor Ron Reagan, and other family members.

Reagan's dedication to WMU was evident in his actions, said Hurlburt, who noted that the school was one of the few which he attended.

She said Reagan was an advocate for education and was an active member of the WMU community, serving on the university's board of trustees and as a member of the WMU Foundation Board of Directors.

The event concluded with a silent auction, where items such as a signed photo of Ronald Reagan were sold to raise funds for WMU.

The evening ended with a toast to the memory of President Reagan, who passed away in 2004.

The event was well-received by the guests, who expressed their appreciation for the opportunity to celebrate Reagan's legacy and his contributions to WMU.
