Landowner: _____

Address: _____ City: _____ State: _____ Zip Code: _____

Email: _____ Phone: _____

Designated Agent Information:

Landowner **info. above* Builder / Contractor: _____

Address: _____ City: _____ State: _____ Zip Code: _____

Email: _____ Phone: _____

Primary On-Site Contact: *(responsible for installing / maintaining SESC measures)* _____

Email: _____ Phone: _____

SESC Plan Designer Information:

Name of Professional Engineer: _____ Company Name: _____

Email: _____ Phone: _____

Project Information:

Type of Construction: Site Development Mining Operations Utilities Only

Area of Proposed Improvement: *(building footprint)* _____ *sq.ft.* Total Excavated Area: _____ *sq.ft.*

Date of Construction Commencement: _____ Date of Final Stabilization: _____

Proposed Final Stabilization Method: Sod Seed / Mulch Hydroseed Other: _____

Check all features that apply to the site below:

County Drain – Name: _____ Lake – Name: _____
 Stream Street Storm Sewer Wetland / Swamp Other: _____

Soil Type(s): _____

Provide information from the Heath Department Perk Test or USDA Soil Survey, if available. If not, list known soil types.

- 1. Will there be any work within, or disruption of, a 100-year floodplain or wetland? Yes No
- 2. Will there be any work within the cross-section of, or discharge into a lake, stream, or wetland? Yes No
- 3. Is (are) the proposed site(s) for earth disturbance five acres or larger? Yes No

If YES to any one of the 3 questions above, contact the Dept. of Environment, Great Lakes, & Energy (EGLE) for permitting.

General Conditions & Responsibilities:

- *This application must include a minimum of one (1) digital signed & sealed SESC plan prepared under the direction of a professional engineer certified in the State of Michigan that meet or exceed SESC plan requirements, unless waived in writing by the County Enforcing Agency (CEA). – Please email all materials to the Building Department.*
- *Plan requirements include: legal description of the property & site location; proximity to bodies of water; land features; contour intervals/slope description; physical limits of earth change; location of existing & proposed on-site drainage/dewatering facilities; location & description for installing & removing proposed temporary SESC measures; & the location & description of all proposed permanent SESC measures.*
- *Temporary SESC measures must be maintained until permanent stabilization measures are in place. The CEA may require additional control measures if a site inspection indicates the original measures are not sufficient.*
- *All disturbed areas must be seeded/sodded no more than 5 days after final grade is established.*
- *Issuance of the SESC Permit does not waive the necessity of obtaining other federal, state, & local permits.*
- *This application serves as written consent for the Clinton County Community Development Office to enter onto the site for the purpose of inspection.*
- *The original permittee is responsible for maintaining the validity of the permit bond throughout the duration of construction & ultimate stabilization of the site.*
- *If a change in ownership of the property occurs prior to the closure of the permit, a Permit Transfer to the new owner is required. If the permit is not transferred, the original permittee will remain the responsible party for any fines, fees, or enforcement action.*
- *Notify within one week of final stabilization or one week prior to the expiration date – whichever comes first.*

Statement of Understanding & Agreement:

IMPORTANT: My (our) signatures below certify that the information provided on this application is accurate; that I (we) have read, understand, & will comply with: the “General Conditions & Responsibilities” (outlined above); the requirements of Part 91 & its corresponding rules; the Clinton County SESC Ordinance & stipulations resulting from this plan review; & applicable local ordinances.

Landowner Signature: _____ Date: _____
