RESIDENTIAL SESC PERMIT APPLICATION

In accordance with Part 91 of PA 451, as amended and its corresponding General Rules, the undersigned makes application for a Soil Erosion & Sedimentation Control (SESC) Permit for the following:

Location Information:

Site Address: _____ City: _____ Zip Code: _____
 Parcel ID: _____ Township: _____
 Subdivision: _____ Lot Number: _____
 Nearest Crossroads: _____ & _____

Landowner (Permittee) Information:

Landowner: _____
 Address: _____ City: _____ State: _____ Zip Code: _____
 Email: _____ Phone: _____

Designated Agent Information:

Landowner **info. above* Builder / Contractor: _____
 Address: _____ City: _____ State: _____ Zip Code: _____
 Email: _____ Phone: _____
 Primary On-Site Contact: *(responsible for installing / maintaining SESC measures)* _____
 Email: _____ Phone: _____

Project Information:

Check the proposed construction below: *(Permit Duration: 12 months)*
 New Home - \$300 Addition - \$180 Accessory Building - \$90 Pond - \$90
 In-Ground Pool - \$90 Seawall - \$90 Other: _____
 Area of Proposed Improvement: *(building footprint)* _____ sq.ft. Total Excavated Area: _____ sq.ft.
 Date of Construction Commencement: _____ Date of Final Stabilization: _____
 Proposed Final Stabilization Method: Sod Seed / Mulch Hydroseed Other: _____
 Soil Type(s): _____

Provide information from the Heath Department Perk Test or USDA Soil Survey, if available. If not, list known soil types.

Check all features below that the project is located within 500 feet of:

Stream – Name: _____ Lake – Name: _____ Regulated Wetland

Check all features below that the project is located within 100 feet of:

County Drain – Name: _____ Municipal Drain – Name: _____

Does this project include any work within, or disruption of, a 100-year floodplain or wetland? Yes No

If YES, please contact the Department of Environment, Great Lakes, and Energy (EGLE) for permitting.

General Conditions & Responsibilities:

- Issuance of the SESC Permit does not waive the necessity of obtaining other federal, state, & local permits.
- This application must include a site plan.
- This application serves as written consent for the Clinton County Community Development Office to enter onto the site for the purpose of inspection.
- If a change in ownership of the property occurs prior to the closure of the permit, a Permit Transfer to the new owner is required. If the permit is not transferred, the original permittee will remain the responsible party for any fines, fees, or enforcement action.
- Temporary SESC measures must remain until permanent stabilization measures are in place.
- Notify within one week of final stabilization or one week prior to the expiration date – whichever comes first.

Statement of Understanding & Agreement:

IMPORTANT: My (our) signatures below certify that the information provided on this application is accurate; that I (we) have read, understand, & will comply with: the “General Conditions & Responsibilities” (outlined above); the requirements of Part 91 & its corresponding rules; the Clinton County SESC Ordinance & stipulations resulting from this plan review; & applicable local ordinances.

Landowner Signature: _____ Date: _____
The Landowner’s signature can only be omitted by submittal of a Letter of Authorization.

Designated Agent Signature: _____ Date: _____

OFFICE REVIEW:

Stipulations:	Additional Stipulations / Comments:
<input type="checkbox"/> Install temporary measures prior to excavation.	_____

- Exempt** (Earth change is either not one (1) or more acres or within 500 feet of a lake, stream, regulated wetland under Part 303 of Act 451, Public Acts of 1994 or not within 100 feet of a County or Municipal Drain.)
- Special Waiver:** _____

Application Reviewed By: _____ Date: _____

PLEASE EMAIL ALL APPLICATIONS AND PLANS TO THE BUILDING DEPARTMENT.

SITE PLAN

(or attach a separate sheet)

Scale:

1 inch = _____ ft.

Site Plan Key:

Property Line:

Existing
Drainage/Slope:

Finished
Drainage/Slope:

Limits of Grading:

Silt Fence:

Stone Access Drive:

Stock Piled Topsoil:

STONE ACCESS DRIVE

INFORMATIVE NOTES:

- Install the stone access drive prior to construction activities.
- Prevent material movement into adjacent wetlands/waterbodies.
- Maintain existing roadside drainage via culvert installation with a sediment sump placed down-flow of culvert.

SITE PLAN REQUIREMENTS:

- Northern direction.
- Surface water and its distance from the project.
- Land features and existing vegetation.
- Contour and slope descriptions.
- Limits of grading.
- Existing and proposed drainage patterns.
- Drainage facilities/structures (i.e. storm inlets / culverts / catch basins / ditches).
- Silt fence, stone access drive, tracking mats, etc.

SILT FENCE

ROLL JOINT:
FABRIC TO BE WRAPPED AROUND FENCE POST

GEOTEXTILE FILTER FABRIC FASTENED ON UPHILL SIDE - TOWARD EARTH CHANGE

RIDGE OF COMPACTED EARTH ON UPHILL SIDE OF FILTER FABRIC

SHEET FLOW

UNDISTURBED VEGETATION

1' MINIMUM

6" X 6" ANCHOR TRENCH
